BAGPIPE COMPETITION AT THE TORONTO FAIR

Announcement is made by the Canadian Bureau for the Advancement of Music that there will be a bagpipe competition at the Toronto Exhibition, open to amateurs only. Amateurs are defined as those who have not received more than \$150.00 during any year, for playing. The contest will be held on Music Day, Thursday, September 2nd. Any information in the matter can be secured on application to J. S. Atkinson, director, 407 Ryrie building, Toronto.

In view of the splendid music, so well given by the Schumacher Pipe Band, there are many who would like to see the Schumacher pipers enter one or other of the classes of the Bagpipe competition.

INTERESTING FOOTBALL MATCHES IN P.O.F.L. SERIES

Three Games Played Last Few Days. Dome and Holly Rees. Draw. Cornish and Town Winners

During the past week three matches have been played in the P.O.F.L. The first took place last Thursday when the Holly Rees, were at home to the Dome and a merry battle ensued from beginning to end. The Dome were at full strength and were not long in taking the lead on a nice shot. The ball went from end to end continually and fine defence was shown by the backs and goalkeeper of both teams. After about thirty minutes of play the Dome increased their lead on a gift shot, when a Holly Ree player back heeled the leather across the goalmouth for a Dome man to put it into the net. The Rees put on an extra spurt and pressed the Dome back and just before half time McLatchie beat Sharp with a nice shot. The change-over was made with the Dome leading 2-1.

The second half was just as good as the first. The backs held solid and cleared well. Elrick was called on to make one fine save which he cleared. Sharp at the other end played a great game between the sticks. There was only one goal scored in this half, the Holly Rees getting this, thus equalizing the score.

The teams:—
Holly Rees:—Elrick, goal; Liddell and Stephenson, backs; Rankin, Morris and Woods, half backs; Dougall, McKenzie, Shaw, Jackson and McLatchie, forwards.
Dome:—Sharp, goal; Fell and Ewart, backs; Wallace, A. Harrower, and Jago, half backs; Rudkin, Hitt, Richmond, Murray and Fidoek, forwards. J. Moore, referee.

The second match was played on Saturday between the Cornish and the Lanes. These two rivals fought a good battle. The score was 2 to 1 in favour of the Cornish. The latter were the stronger team; their defence was strong; while the Lanes, were weak, but Jackson worked hard with Winder goal-clearing all kinds of shots. Only for these two the score would have been bigger. The forwards of both teams worked well, but the defence counted. The Cornish won the match in the last minute of the game when Tomkin broke away and sent a long pass over to the wing which was uncovered. Toms had no difficulty in beating Winder with a fine shot.

The teams
Cornish:—Tucker, goal; Street and Hooper, backs; Strong, West and Pethick, half backs; Tomkin, Taylor, Harris, Howe and Toms, forwards.
Lanes:—Winder, goal; Jackson and Uttley, backs; Moore, Trenouth and Wilkinson, half backs; Roberts, Baekhouse, Higginson, Jones and Daniels, forwards. H. Buck, referee.

The third match took place on Tuesday when the Town took another match from the Lanes by a 7-1 score. The match was a poor one. The Town could only muster up nine men while the Lanes could only get six regular players and made up eleven with subs. One of their regular players was ordered off the field, making it 10 men against 9.

PLEASE DISCOVERY OF RICH ORE AT WEST DOME LAKE

A correspondent writing from South Porcupine says:—
"While drifting east about 1,100 feet from the shaft a discovery of ore was made at the Consolidated West Dome Mine which later work has opened up as an entirely new shoot of good grade ore. At time of writing the ore has been opened up for about 45 feet and shows an average value of over \$10 per ton across a width of five feet. The discovery was made at the 1050 ft. level and the ore as shown at present is described by officials as the best that has been made in the mine during the last two years.

"No. 2 vein, in which the lense was discovered, has already produced two good shoots of ore, but the grade, though fairly high, has been found across such narrow widths that to work them profitably has been difficult. The new lense, which will be known as No. 3 shoot, was found about 150 feet east of No. 2 shoot and from present indications is the best of the lot. If it proves up under development it will be sought elsewhere by lengthening the crosscuts eastward on the upper levels.

"Out of a blue sky, as it were, has come the news which brightens considerably the outlook for the Consolidated West Dome. Observers who a week ago could see little more than six months ago ahead of the mine are now of the opinion that if the new lense proves up as it promises, a new lease of life will be provided which should tie the mine over such a period as is needed to push development eastward into what is considered the most promising section of the property from a geological standpoint. Officials at the mine however, flatly refuse to discuss estimates of the outlook for ore. "We never estimate anything here any more, except ore that is actually broken," said Manager McPhail.

"The mill, under Superintendent Carl Frank, is working steadily on the basis of about 110 tons per day."

EVERYBODY PLEASED WITH SCHUMACHER PIPE BAND

One of the specially pleasing features of the football match between Dome and Holly Rees last Thursday was the attendance of the Schumacher Pipe Band. The pipers marched down Pine street to the athletic grounds and the music attracted a good crowd. The pipe band played unusually well and received many compliments from the crowd. Although the pipe band was organized only a short time ago, and most of the pipers and drummers are new at the work, they acquitted themselves very creditably, and all who heard them thoroughly enjoyed the good music. Drum-Major Cotcher and Piper Philaban are old-timers at the work, having played in the best pipe bands in the Old Land for many years and having had the widest experience and success in pipe band work. Schumacher Pipe Band promises to be one of the leading pipe bands in Ontario.

TIMMINS MARKET OPENS ON SATURDAY THIS WEEK

The Timmins Market will open for this season on Saturday of this week, August 7th, at the Timmins Skating Rink. The Market will be continued during the season on every Tuesday and Saturday until further notice. The fine weather of the past couple of weeks has brought on produce in great shape, and it is likely that there will be a noteworthy display of fresh vegetables, etc., at the opening market on Saturday. The past few years the Market has been largely patronized by the general public and it is probable that it will be equally popular and successful this year.
