Pres. Sec.-Treas.

HENRY E. SPENCER
He has again been nominated as
Progressive candidate for Battle
River, Alberta. He represented that
constituency in the last parliament
and was Progressive Whip in the
House.

MISS S. TILLEY HONOURED BEFORE LEAVING HERE

Miss S. Tilley left on Monday of
this week for Brantford General Hos-
pital, where she will take up a career
in the nursing profession. Previous
to leaving here the high esteem in
which this young lady is held by wide
circles was shown by the number of
presentations and the showers of good
wishes from societies, circles and in-
dividuals. St. Matthew's Choir, Al-
tar Guild and Sunday School, in all
of which Miss Tilley took active and
helpful part, showed their apprecia-
tion and good wishes by presentations,
among the gifts being a hat box, writ-
ing case and mounted umbrella. For
Miss Tilley and Miss Rosina Mair, of
Schumacher, both of whom have been
valued members of the Rebekahs, the
lodge gave a shower. The two young
ladies are entering the Brantford
General Hospital as nurses and will
be followed by hosts of good wishes.
Miss Tilley, whose parents reside at
70 Balsam street, has been a resident
of Timmins for six years. Before
leaving for Brantford on Monday she
expressed her sincere thanks to all the
organizations and individuals for the
many beautiful gifts received and
still more for the friendly spirit
prompting them and the many kind-
nesses received in Timmins.

An item in the last issue to hand
of The Red Lake Lookout will have a
sad interest for the late Neh Faul-
kenham's many friends. This item
says:—"Business is looking up at
Red Lake. Mr. Neh. Faulkenham
took in approximately \$500.00 on
August 1st." Under other circum-
stances all would have been delighted
to know that Neh was doing so fine
a business, but before the issue was
in the mails, he had lost his life in
the explosion of powder that occur-
red near his store.

REPORTS BIG EXPLOSION IN SOUTHERN PART CAMP

Correspondent Thinks It May Have
Been Dynamite. Asks for In-
formation in the Matter.

A correspondent of The Advance
wrote last week asking if this paper
could give any information relative
to a big explosion occurring in this
district somewhere, on August 3rd.
The Advance has received no infor-
mation further than that now given by
the correspondent. Possibly some
reader may be able to give particu-
lars or an explanation.

According to the correspondent re-
ferred to, who writes from Fort Ma-
tatchewan, the fire rangers there, Steve
Lafriean, the Hudson Bay man who
has lived in the district for 48 years,
the Northern Canada Power Co. em-
ployees and others, report that there
was a terrific explosion in the dis-
trict on the evening of August 3rd,
about 9.20. It shook the country for
miles around, they say. The tremors
lasted for eight or ten seconds and
then suddenly there came a sound like
mountains of rock falling down. It
is claimed that the noise of the ex-
plosion seemed to come from the di-
rection of McNeil or Hineks Town-
ship. The correspondent says that if
it was dynamite, it would take a
couple of tons to make such a trem-
bling and roar as occurred. The ex-
plosion (and the correspondent seems
satisfied it was an explosion) was not
felt at Elk Lake, but there were many
who did feel and hear it. The cor-
respondent who wrote to The Advance
about the matter says:—"If there is
anyone missing and he was known to
be south of Porcupine on August 3rd
it would be well to investigate,
especially around McNeil and Hineks
townships. Do you know of any party
in any of the southern townships like-
ly to have a large quantity of dynamite
stored? The explosion certainly
seemed to be in McNeil or Hineks
township. If there has been no ex-
plosion, then there has been an erup-
tion underground in that vicinity.
Certainly something startling occur-
ed on the evening of August 3rd, and
the date should be kept in mind, so
that when the truth is known there
will be information to go upon. We
have been telephoning around every
day in hopes of learning the reason
for the disturbance on August 3rd.

Any reader of The Advance who
knows anything about the matter
should come forward and give the in-
formation, so that anxiety may be
relieved.
No doubt some noodle-headed idiot
may think of some smart alec idea to
spill about this, but it is information
that is desired not the cleverness of
the scanty-minded.

First Stenog.: I don't believe half
I see in print.
Second Stenog.: Judging from
your spelling that must include what
you see in the dictionary.

AUGUST GUEST NIGHT AT RAMBLERS CLUB MONDAY

Best of Music, Artistically Decorated
Hall and Unusually Pleasant
Evening.

The best of music, an artistically
decorated hall, and an attendance the
best yet all tended to make the Au-
gust Guest Night of the Ramblers'
Club, held on Monday in the Hollinger
Recreation Hall, one of the most
successful of a long list of successful
events held by this Club.

The A. S. D. Orchestra augmented
and under the leadership of Ted
Whaley, provided the best of music
for the dancing, the repeated de-
mands for encores being evidence of
the appreciation of the dancers.

The Hollinger Recreation Hall was
decorated in an artistic manner, Mrs.
Kenneth Blow, assisted by Misses
Adeline Jackson and Joyce Manhire,
having looked after this. The large
crowd present had many favourable
comments on the attractiveness of the
decorations.

The programme of dances for the
evening consisted of the usual fox-
trots and waltzes. A moonlight waltz
run in as a special made a very de-
cided hit. Another special number
which won favour with the crowd was
the lucky number fox-trot. The hold-
ers of the lucky number were Mr. and
Mrs. Jos. Stewart.

A very enjoyable luncheon was
served during the evening by the
young ladies and gentlemen of the
club. Mrs. H. Chittenden and Mr.
H. Thomson had charge of this part
of the evening's programme.

One of the best, if not the best of
the Ramblers' Guest Nights was
closed at half past two o'clock, with
everyone still "going strong," and
ready for several more dance num-
bers.

Next Monday evening the usual
weekly dance will be held. The lady
members of the Club who are initial-
led A to L, bring the lunch. A large
turnout of the members of the Club
is requested.

ABOUT SIX THOUSAND NAMES ON VOTERS LIST

The registration of voters for the
Dominion election closed on Saturday
evening last. For the town of Tim-
mins there were four registrars—
Messrs J. Jardine, T. H. Torrance, W.
S. Macpherson and Geo. A. D. Mur-
ray. The municipal list for 1925 was
used as a basis for the lists, and in
addition between a thousand and fif-
teen hundred names not on that list,
but entitled to vote at Dominion
elections, were added. The total
number of names on the list as com-
pleted is approximately 6,000 for the
Town of Timmins.

Most of us need incentive to bestir
ourselves to the extent of our capa-
bilities.

INTO THE FEDERAL ARENA
Hon. P. J. Veniot, former Premier
of New Brunswick will resign as
Liberal leader in that province and
contest the Gloucester constituency
in the coming Federal election.

NINETY PER CENT. FOREST FIRES DUE TO CARELESSNESS

Enclosed with the booklet sent out
by the Canadian National Railways
to advertise the mineral and power
resources of the northern portions of
Quebec and Ontario is a message from
Cyril T. Young, Director of the Cana-
dian Forestry Association, urging the
use of more care and thought in re-
gard to forest fires. The message
says:—

"Ninety per cent. of our forest
fires are caused by carelessness in
throwing down lighted cigarettes and
by not putting out camp fires. Please
try to get your camp fire adjacent to
the shore of a lake or river, and
water it dead out, when leaving camp.

"We must save our forest—pro-
tect our mining timber—our pulp-
wood, and the jobs of Canadian
woodsmen and mill men—our wild
animals—their forest preserves—and
the sporty fish which seek the shady
waters. Above all, Northern expe-
rience cautions us to make human
life safe throughout the Northland."

"Lumbermen, as well as Govern-
ments, have heavy increased costs of
fire prevention, and Canadian mining
men and all other consumers will help
"Save our Forests" when they pur-
chase home-grown forest products."

The evening lesson was from the
Book of Job, and the minister had
just read, "Yes, the light of the wicked
shall be put out," when immedi-
ately the church was in total dark-
ness.

"Brethren," said the minister,
with scarcely a moment's pause,
"in view of the sudden and startling
fulfillment of this prophecy, we will
spend a few minutes in silent prayer
for the electric lighting company."
—The Broke Hustler.

Quick Relief for Rheumatics

If you suffer from torturing rheu-
matic pains, swollen, twisted joints,
and suffer intensely because your sys-
tem is full of that dangerous poison
that makes thousands helpless and
kills thousands years before their
time, then you need Rheuma, and
need it now.

Start taking it to-day. Rheuma
acts at once on kidneys, liver, stom-
ach and blood, and you can sincerely
exclaim: "Good riddance to bad rub-
bish."

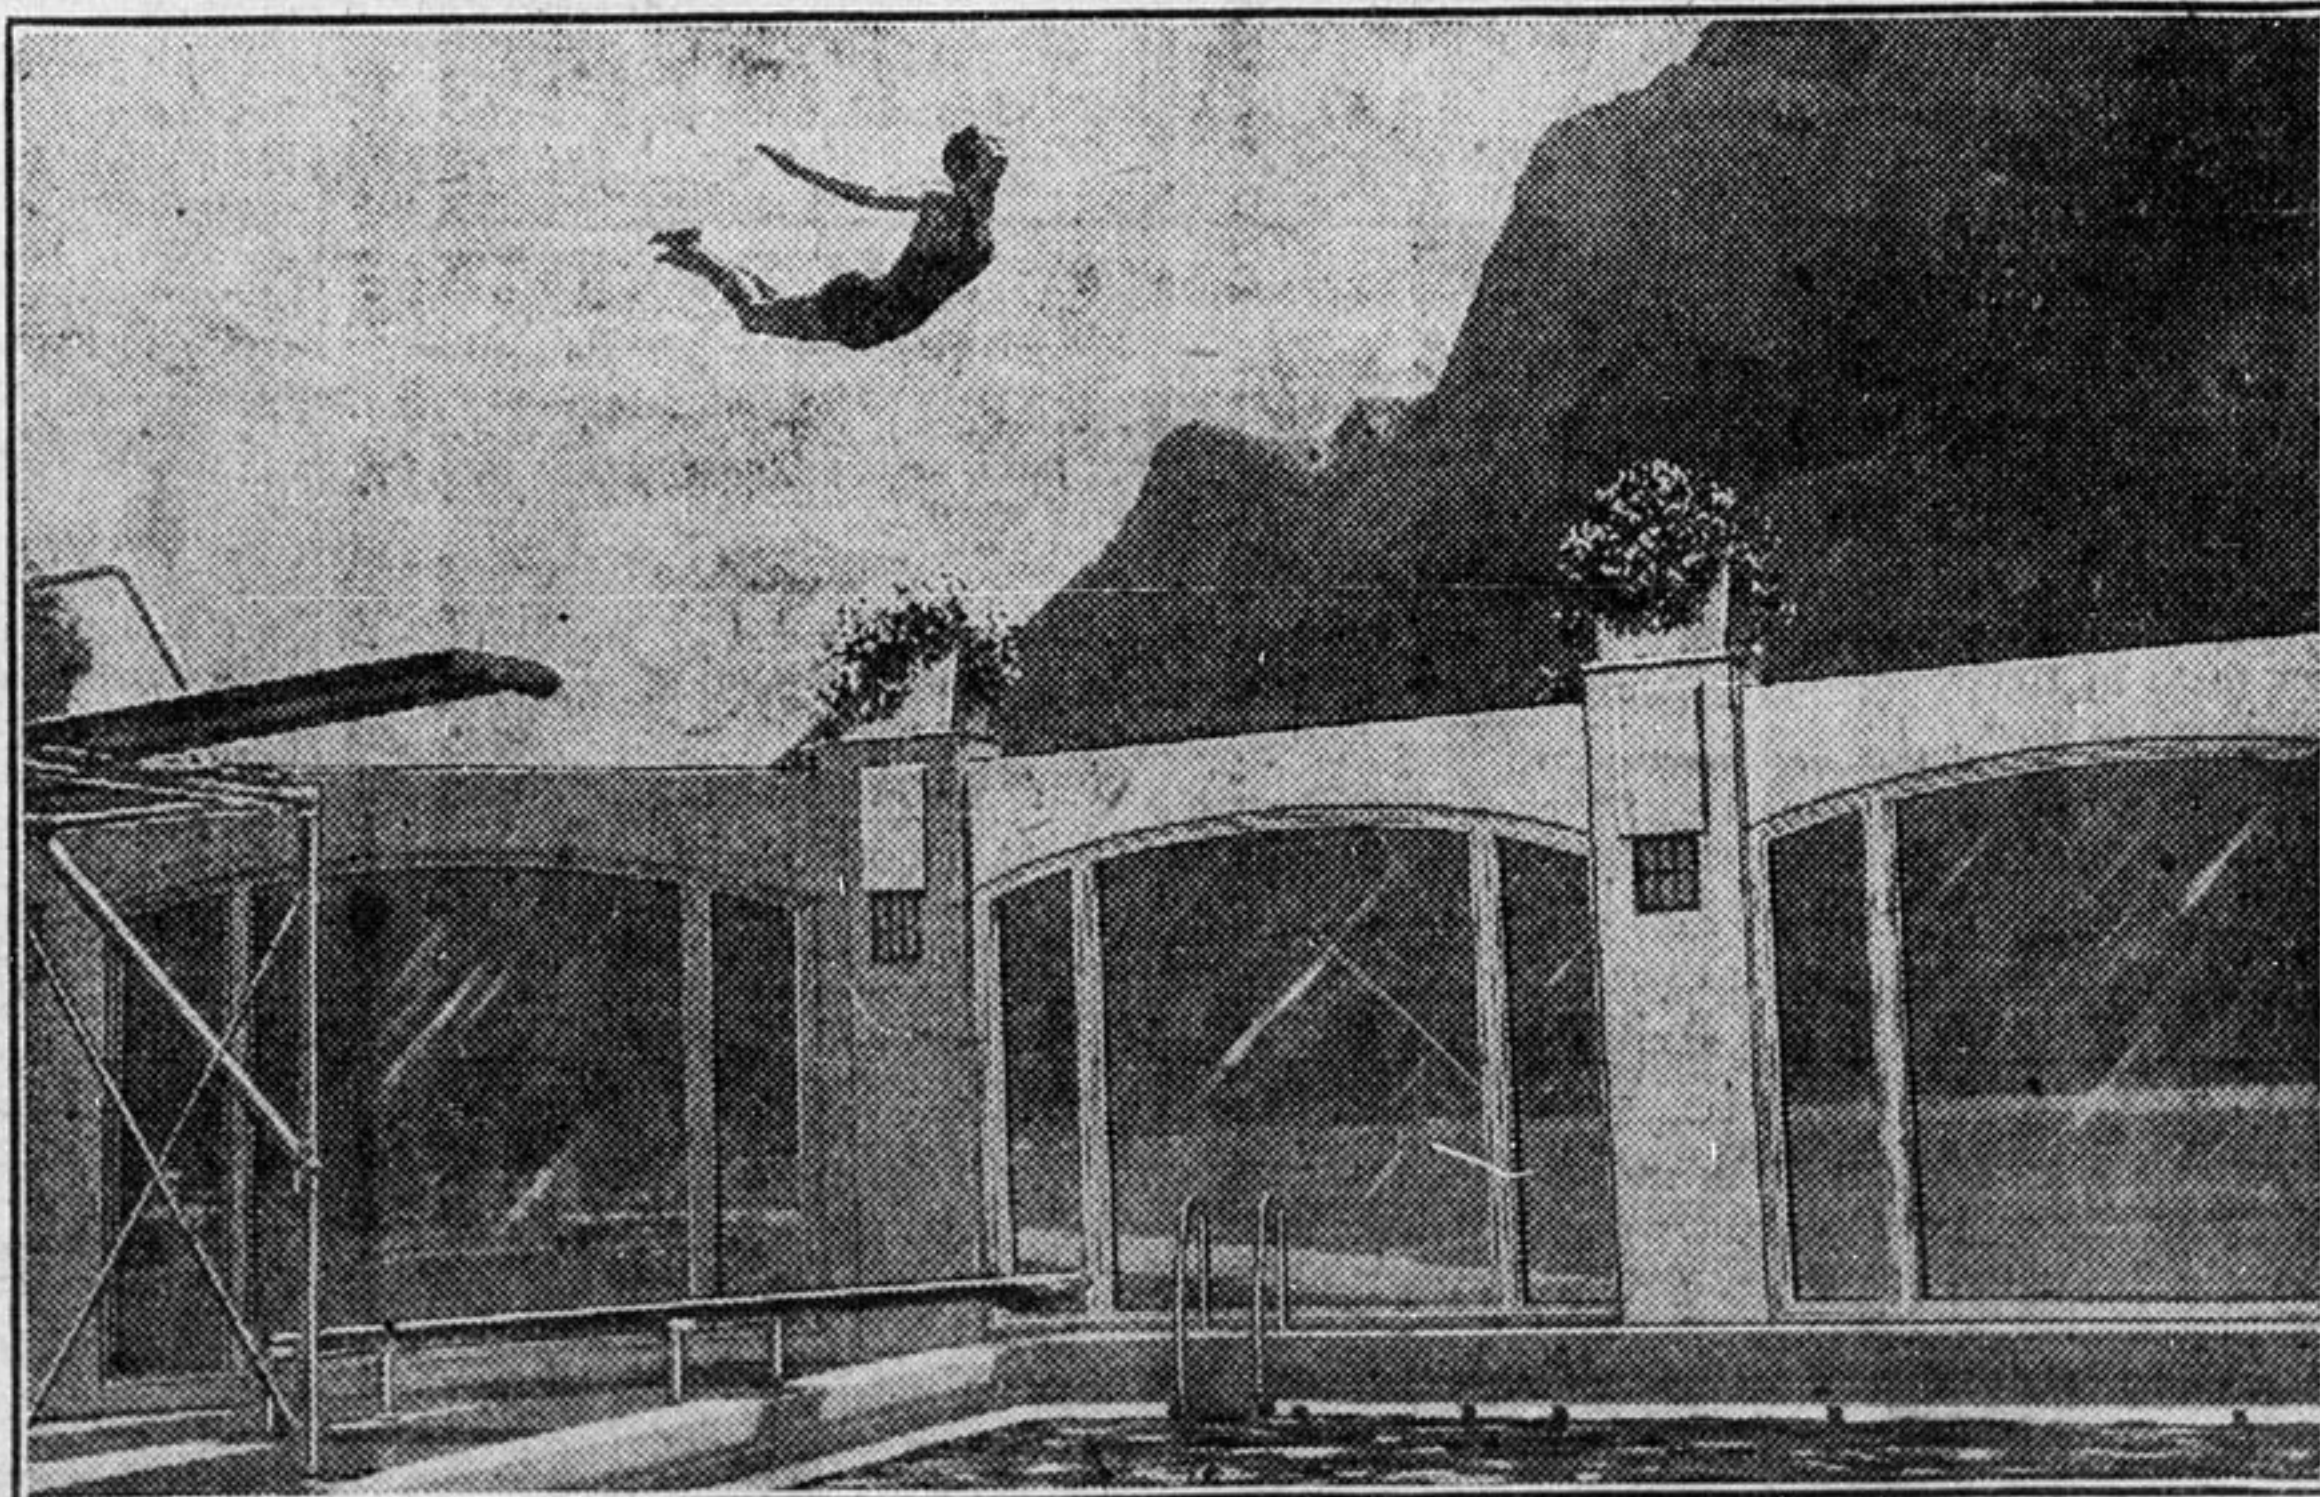

Many people, the most skeptical of
skeptics right in this city and in the
country hereabouts, bless the day
when Moisesley & Ball and other drug-
gists offered Rheuma to the afflicted
at a small price and guaranteed
money refunded if not satisfied. If
you have rheumatism get a bottle of
Rheuma to-day.

A Superb Dive Against Superb Scenery

One of the most remarkable photo-
graphs ever taken in the Cana-
dian Rockies, a work of art that
blends in equal proportions beauty,
grace, poise, in one unique effect
against a background of noble moun-
tain scenery, is shown here where
Miss Lydia Fulcher, fancy diver, is
portrayed high in air poised like a
bird as though flying over Saddle-
back Mountain in the infinitesimal
fraction of a second before she sinks
to cleave the waters of the pool.

The swimming pool where she is
staging her great art is the newly
constructed one of Lake Louise,
about 90 feet long and 8 feet deep.
There are springboards at different
heights to suit the expert or amateur
diver and the water is warm enough
to attract those who are chary of
attempting the cooler swimming in
Lake Louise itself.

Miss Fulcher champion of the Cal-
gary Swimming Club is a true mer-
maid of the Canadian West. She
learned to swim in the Canadian Gov-
ernment's great pool, "The Cave and
Basin", at Banff when she was a
mere child. She became a champion
last year at the Banff Winter Car-
nival when swimmers were diving
into the Cave and Basin filled with
hot sulphur water from Sulphur
Mountain, when the temperature out-
side was hovering around the zero
mark, while the water of the pool
was well within summer tempera-
tures.
