Interesting Football Match at Schumacher Last Week

McIntyre and Hollinger Recreation Play to a Draw. Spectators Should Not Interfere in the Game. Other Items of News from Correspondent at Schumacher.

Schumacher, Aug. 25th. Special to The Advance.

The Tuxis boys returned on Saturday last from their week in camp at Squaw Island, and report a good time. Douglas Sullivan had the misfortune to cut his hand, but otherwise the boys are all in fine trim.

The McIntyre Football Club sent a floral tribute to the funeral of Mr. Frank Curnow, late secretary of the Cornish Football Club, and Mr. Jas. Bown represented the McIntyre boys at the funeral in Timmins on Monday.

Mr. Norman McDonald left on Saturday last for hospital treatment at Weston. Many of his friends saw him off at the station and we hope it will not be long before we have Mac well and strong amongst us again.

The McIntyre and Hollinger Recreation football match was played last Wednesday night before the biggest crowd of the season and ended in a draw of 2 goals each. Unfortunately the match was marred by some of the players losing their tempers, and, also, some of the spectators. In fact, one gentleman from Timmins went on the field at half time and tried to arrange boxing bouts amongst the players. This sort of conduct the majority of spectators strongly resent, and Referee Buck, who, by the way, handled a good game, would have acted within his rights if this individual had been ordered from the ground, and it is to be hoped that the McIntyre officials and the referee report this incident to the P.D.F.L.

Johnny Martin scored both goals for the McIntyre and Shaw both goals for the Rees. Elrick and Parker, the respective goalies, both played a great game, for their clubs.

Mr. J. McFarlane returned to town at the week-end from the Red Lake district.

Mr. Leslie H. Ellis invited his friends, Messrs J. Watson and D. McKie, and Misses Jean Roxborough and Peggie McWhaw, to a motor run and picnic to Iroquois Falls on Sunday last, to celebrate his birthday. Unfortunately the motor run was not quite a success as both on the outward and the homeward journey their car gave them lots of trouble, but all were agreed that the picnic was A.1.

Thanks for the buggy ride. Mr. W. Collier has returned to work after being on the sick list for a week.

Mr. L. Andrews left town to-day for a six weeks' vacation at his home in Nova Scotia.

Mrs. J. A. Hawkins has arrived back in town after spending a month's vacation at various points.

Mrs. Newlands and daughter, Sada, have been spending the summer at Cayuga, Ont. Mr. Newlands travelled to meet them and accompanied them home on their return journey on Sunday.

Miss Wardley arrived from the Old Country to take up residence in our town.

Mr. Jack Bell arrived in town yesterday, after spending a two weeks' vacation at his home, Burks Falls.

We are sorry to hear of the death of the infant child of Mr. and Mrs. Walker Hayward, Second avenue. The baby was born on Saturday, and only lived twenty-four hours. The interment was at Timmins on Monday.

Born—To Mr. and Mrs. T. Campbell, 2nd avenue, on Wednesday last,—a baby boy.

Born—To Mr. and Mrs. James Prentice, Second avenue, on Sunday,—a baby boy.

Miss May Tinsley, First avenue, arrived home on Saturday after spending her vacation at Cobalt.

It is not what a man stands for—it's what he falls for.

ATTENTION HOUSEHOLDERS

Wrap all Garbage in paper.

Keep your Garbage can covered.

Use plenty of Chloride of Lime which can be procured at the Town Hall, free.

Householders using well water must boil it for at least 20 minutes.

All outside toilets must be made fly proof.

By Order of THE BOARD OF HEALTH

Various Matters Dealt With by Tisdale Township Council

Sanitary Inspector Reports General Conditions in Good Shape: Township Engineer's Report Shows Work Well Advanced. Many Routine Matters Before Tisdale Council Meeting.

South Porcupine, Aug. 25th. Special to The Advance.

The Township of Tisdale Council met on Monday, August 23rd, with the Reeve and Councillors Deacon, Russell, and Harris present.

Considerable correspondence was read, among it, a report from the Sanitary Inspector reporting conditions much more favorable throughout the township. There was still room for improvement at some of the milk vendors' places but these too, were being put in better shape. Attention was called to the need of sewerage and water at the jail but the township fathers had already planned for this. There was a petition from residents on Bloor avenue and vicinity asking that Mr. Huhta, a Finlander, be restrained from building a cow-stable in their midst on the corner of Moore street and Bloor. The Health Officer had been consulted but he had no power to stop it, he could just see that it was kept according to regulations. The Council were not sure that they could prevent it either, if the man complied with all regulations, but would refer the matter to their solicitor. There is no by-law to prohibit such building, as yet.

The township engineer's report showed the work well advanced throughout the district that had been planned for this summer.

R. Mansfield was present to ask for a water-line on O'Brien Ave. This was somewhat late in the year for consideration of new lines but as it was only a short street and would supply five houses the Engineer was to be asked for an estimate of the cost of such.

M. Clarke asked what arrangements could be made for water for the new rink and it was decided that the line to the jail would supply this.

A man from Bartleman townsite on Lot 44, Hemlock street, objected to the price charged for his water connections. As there had only been some half-dozen houses or so to supply there, the work had been done by a footage rate instead of the usual contract. As this man thought his footage was no more than some of the others, the engineer was to be directed to re-measure it.

A plea was made for a small loan

on behalf of a woman whose husband was not properly supporting her so that she could get established at something by which she could support herself and children. As the husband is an able-bodied man, well able to properly keep his own family, the Council thought that the authorities should force him to do so, or else put him in jail and make him work there.

Mr. Briggs, of Curran and Briggs, who were the contractors for the fire and sewer mains, was present and asked for some money on their contract. The Reeve asked how was the work standing up. Mr. Briggs stated that the sewer and domestic lines were now O.K., and it was their intention to have the job completed to their satisfaction. \$1000 had already been spent on this work this spring. Mr. Briggs thought that a 36 hour test of 150 lb. pressure was a somewhat extended test. As the Engineer in charge had not yet passed this account for payment, the Reeve stated that the required advances could not be made till such was done but that Mr. Sutcliffe would be up himself in a few days and that they could arrange matters then. Mr. Briggs arranged that Mr. Sutcliffe had referred them to the Council. As they had made practically nothing out of this contract, it was stated to be a considerable inconvenience to have the payment thereof so long delayed, but there seemed no other way out of it but to wait until the Engineer came to pass the account in due form.

The Police auto which has put in three seasons of hard usage was stated to be badly in need of considerable attention to make it a dependable quantity in time of need.

The usual routine of accounts, etc. were passed before the Council adjourned.

Mr. Matt Allen and family are moved this week to Kirkland Lake. Their departure will be regretted by hosts of friends in Timmins, where they have been excellent citizens, useful and popular. Mr. Allen, who conducted a successful dairy business here for years, is conducting a similar business in Kirkland.

DOMINION STORES LIMITED

Canada's Largest Retail Grocers

(OPPOSITE POST OFFICE)

"Where Quality Counts"

We wish to announce the opening of our New Store at 16 Pine St. North, Timmins, on Saturday next August 28th at 8 a.m. This store will be in line with our other 416 branches throughout Ontario and Quebec, and will be equipped with a clean, fresh stock of High Quality Merchandise at Lowest Possible Prices with service and satisfaction guaranteed.
