Pure, uncolored, delicious. Ask for it.

## Water Problems Considered at Tisdale Council Meeting

Election Returns Given Out at South Porcupine Theatre. Band in Attendance. Other Items of News of Interest from Correspondent at South Porcupine.

"Water, water everywhere!" So it seemed to be when the Tisdale Township Council met on Monday evening, with Reeve Kerr and all the Councillors in their places. Some wanted more water but had not applied in time. Some wanted to get rid of the water with which they were being supplied via sewers where sewers cannot yet be placed. Some wanted service taps; some had rock where their water pipes came in and some had sand, and many did not want to pay the rates that were perforce being charged. A local owner of a bottling works plant demanded a meter or Timmins water rate. The Reeve explained that there were as many consumers here as in Timmins we could have Timmins rates but not at present. He was given permission to get a meter if he wished. A man close to the Lake on Golden avenue wanted sewer connection but it was thought there was not grade enough there to make it satisfactory. The Engineer was instructed to again look over the ground and see if any method could be devised to give this man a sewer. Costa Fedeorae, who has built a fine new home and a large dairy barn on Smith St., Connaught Hill, wanted water but this application was too late coming in to be granted this year in view of the long extension required. As it will cost too much to put in the full line on Strachan avenue for the few houses to be served, a service tap for the time being is to be installed as these applications had been in early. Nick Bodlavik had applied a year ago for water for his property but owing to the distance from other houses wanting same this had not yet been granted. Schumacher people's main trouble seemed to be a diversity of charges. There had been a dearth of tenders to put in the water system at Schu-

macher, owing to the formation of the ground there. The lowest tender had been accepted on the basis of so much per foot for sand; any rock up to 50% rock was figured at the 50% rock basis; anything over 50% rock was figured at the 100% rock basis. Some ratio had to be struck to get the work done at all. This was deemed the most satisfactory. However the man with only 2% rock does not now think he should pay the same rate as the man with 48%. Another owner of several properties in Schumacher claims he should have been charged on a sand basis as the contractors had no rock work at all in getting to his property. Nature had been kind (more kind than the township, he thought) and there had been a natural opening in the rock where it had shelved away leaving a space about 18 inches square through which the contractors had run their pipe not having to do rock work at all. Councillors Barron and Harris upheld him in this. Another man on Railroad street complained that his pipes froze last year, but this has been remedied. He thought he should not be charged for rock as there was only a "little bit," but as the Reeve stated he had worked for the contractor he surely knew the arrangements made. Another Schumacher resident had a complaint in regard to the charges where trenching had been used for two who had made application together and another single application. This case caused considerable discussion with some rather heated words used during the progress of the discussion. It is said that there were many who were not present at the council meeting who do not understand the basis of charge, and it will likely be necessary for the council to make further explanation before there is general satisfaction. Those who have carefully gone into the question are agreed that the Council made the best arrangement that they could and have used all fairly, and that all will be satisfied of this when the matter is carefully considered. Mr. Geo. Helmer asked for Powell street to be opened so that he might give registered deeds for the lots on his townsite. This matter is to be taken up with the School Board as it is this part of the High School grounds that stands in the way. On behalf of the School Board Mr. Max Smith asked for the Council's help in getting possession of certain property that was needed to give them their acreage required to obtain the full government grant. As the owner of said lots is holding same at what is considered an exorbitant figure, an expropriation was suggested, whereby

## "GRAND FALL OPENING" KIWANIS CLUB BIG SUCCESS

Rev. J. D. Parks Gives Interesting Review of International Gathering.

What the Kiwanis Club termed their "Grand Fall Opening" was held in the Empire Hotel Grill Room on Monday of this week, and the luncheon proved a most attractive one. The principal speaker was Rev. J. D. Parks, who gave a most interesting account of the meeting of the International at Montreal this summer. He paid special compliment to the kindness of the Kiwanis Club of Montreal and the delightful hospitality they had shown all the delegates. He commented feelingly on their particular thoughtfulness for him when he was ill in the city, not a day passing but the President of the Club visited him and cheered him. Rev. Mr. Parks, as usual, spoke with wit and humour and effectiveness. He gave a clear picture of the big work of the convention, and he promised further to speak at more length on some future occasion on Boys' Vocational Work and other topics dealt with at the big convention.

Among the guests at the luncheon were Mr. Guest, of Toronto, and Rev. Father O'Gorman, formerly of Cobalt, and now in charge of the new R.C. church being established in Timmins.

Announcement was made that reserved seats for the Hart House String Quartet recital to be held at the Goldfields Theatre on Tuesday evening, Sept. 28th, would be available at Meyers Drug Store. Tickets may be obtained now from any member of the Club, to be exchanged, without further charge, for the reserved seats. All are advised not to delay securing their seats for this noteworthy event.

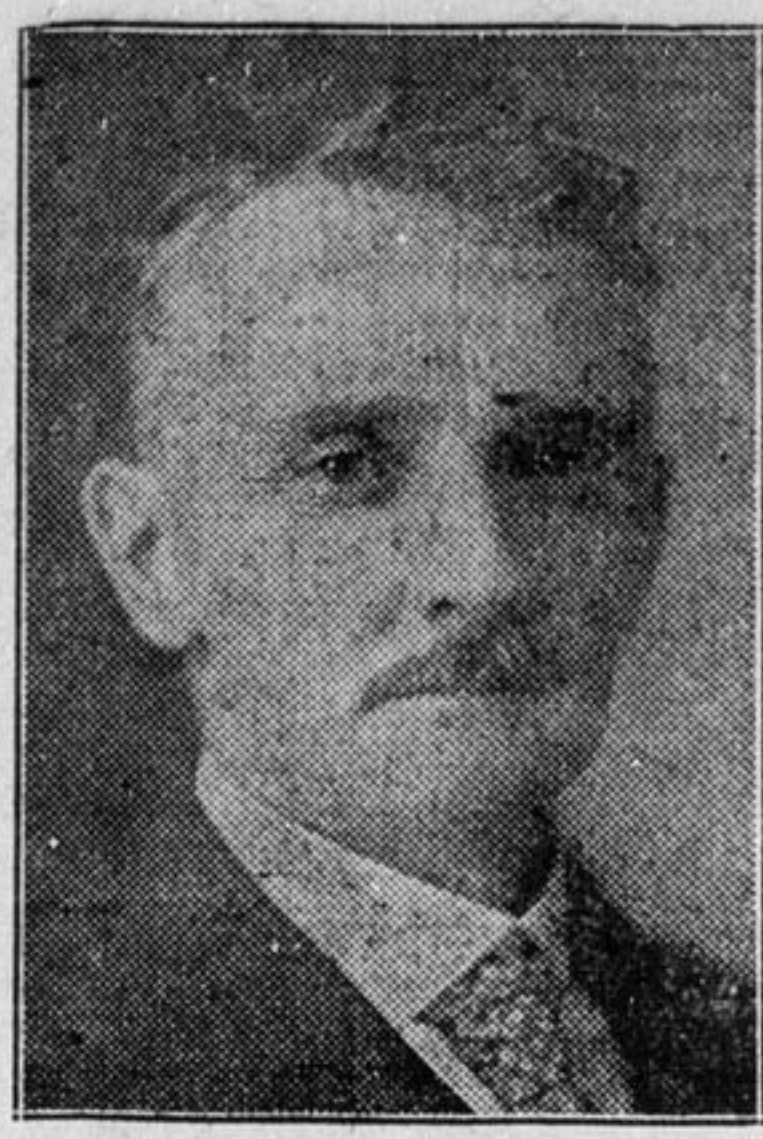

The Judge would be the one to set the price on the land required by the School Board. R. Skelly, of Schumacher, was appointed to the vacancy on the Board of Health. It was decided to dispense with the "water-wagon" at the end of this month, there not being enough taking water from it to guarantee its continuance. It was decided that in all charity cases the credit at stores, etc., was to be cut off at the end of this month and if any of the parties receiving same really need further help they are to apply at the Council meeting, and have their case examined.

Mr. Nat Huytan returned Monday evening from a visit to his home in Lancashire, England.

On Sunday, September 26th, the Anglicans are holding their annual Harvest Festival services. The Rev. H. J. Tomkins, B.A., of Cochrane, will be the minister to speak at these services.

Next Sunday, Sept. 19th, Rev. F. Baine will preach at the Harvest Home services in the United Church, Schumacher, and Rev. Kennedy will take his place in the South Porcupine pulpit.

There was scarcely standing room at the Majestic Theatre to-night where the election returns were being given. The T. & N.O. gave splendid service. Mr. Geo. Cole was chairman in charge of the announcements, or, as he stated, "taking the place of the comedian in the show." In the early part of the evening the Porcupine Band gave a real musical treat to all who were waiting, playing many of their fine selections outside the theatre while people were gathering. During the evening Mr. Ray O'Neill came on to the platform to thank the electors of South Porcupine and district for the splendid support they had given him.

HON. DONALD SUTHERLAND  
Minister without Portfolio and defeated Conservative candidate for Oxford South in the Federal election on Tuesday. T. M. Cayley, Liberal, was the choice of the electors.

## TOM HEFFERNAN DROWNED ON MONDAY AT ROUJN

Well Known Old Timer of the North Meets Death While on Work for Power Company

Word was received in town this week of the sad death of Mr. Thos. Heffernan at Roujn. From the meagre details at the time of writing it would appear that Mr. Heffernan fell into the water from the boat just as it was approaching the wharf. On account of the swift water the body was carried away before help could be given.

The late Thomas Heffernan was 45 years of age at the time of death, and had been well known and well liked all through the North for many years. He was in the Cobalt camp in the early days, and has been in the Timmins camp since 1910. For some time he was line foreman for the Northern Canada Power Co., holding a similar position with the Great Northern Power Company. Recently he has been in charge of a construction gang for the Power Corporation of Canada, which company is building the Roujn-Quinze transmission line for the Northern Canada Power Co.

The news of the death will be received with the deepest regret in Timmins and district.

At the time of writing this paragraph no particulars are to hand as to the funeral arrangements or other details.

## PLEASANT SEPTEMBER GUEST NIGHT AT RAMBLERS

Regular Weekly Dance to be the Club's Event on Monday Evening Next.

Another great evening's fun was had by those attending the September guest night of the Ramblers Club held on Monday evening in the Hollinger Recreation Hall here. The attendance was not as large as that usually had at the monthly guest nights of the Ramblers, this no doubt being due to the political meetings held in Timmins and Schumacher the same evening. But if the crowd was small one of the most enjoyable of any of the dances held was had by those attending.

The A.S.D. Orchestra furnished the best of music for the dancing, and an interesting programme consisting of the usual waltzes and foxtrots was run off. A specialty feature was the Lucky Number Dance. The holders of the lucky ticket were Miss Hilda Godin and Mr. Doug. Brown. The hall was decorated for the occasion. Mrs. H. Blow being the member of the Club to whom credit for the tastefully arranged decorations is due.

The usual good refreshments were served, these as usual being a contributing factor to the success of the evening.

On Monday evening the Ramblers will hold their regular weekly dance. A large attendance of the members is requested.

## THE ARIZONA SWEEPSTAKES AT OLD EMPIRE THEATRE.

A cowpuncher's experience in a big city, life on a big ranch in Arizona and a thrilling cross-country race with a girl's home and future as the prize feature "The Arizona Sweepstakes," Universal-Jewel production to be shown in the Old Empire Theatre on Wednesday and Thursday of next week, with Hoot Gibson, the "ridin' kid" of the screen in the leading role. "The Arizona Sweepstakes" was produced under the direction of Clifford Smith, whose intimate knowledge of ranch life and the happy-go-lucky existence of the cowpuncher, has been surrounded by an excellent cast which includes many of the screen fan's favourites.

## McCoy's Cod Liver Extract Tablets Fine For Thin Underdeveloped Kids

Children Love Them Because They Are Sugar Coated and as Easy to Take as Candy.

It's your duty, Mother to see that the frail, peaked, sickly youngster grows up to be strong in body, keen in mind and robust in health.

Extracted from the livers of the lowly codfish are the health, weight and strength producing vitamins that are found in McCoy's Cod Liver Extract Tablets, which are sold by pharmacists all over North and South America.

Doctor's know about them and so do all druggists and if your children need building up ask for these tablets to-day if you want to give your loved ones a good appetite and put pounds of good healthy flesh on their bones. But be sure and get McCoy's.

They are not expensive—60 tablets—60 cents and if you are not pleased with the improvement after 30 days—your money back.

A very sickly child, age 9, gained 12 pounds in seven months and is strong and healthy.

One skinny woman gained 9 pounds in 24 days.

## TREASURER'S SALE OF LAND FOR TAXES

TOWNSHIP OF CALVERT  
District of Cochrane, Province of Ontario

TO WIT:  
By virtue of a warrant issued by the warden, Reeve of the Township of Calvert bearing date of the Tenth day of August, A.D. 1926, sale of lands in arrears for taxes in the Township of Calvert will be held in the Municipal Hall of Ansonville, Ont. at the hour of ten o'clock in the forenoon on the 22nd day of November, A.D. 1926, unless the taxes and costs are sooner paid. Notice is hereby given that the list of lands for sale for arrears of taxes is being published in the Ontario Gazette on the 14th day of August, 1926, and that copies of the said list may be had at my office.

Treasurer's Office,  
This 14th day of August, A.D. 1926  
PAUL DUBE,  
-33-45  
Treasurer.

## ONTARIO'S MINING LANDS

An attractive field is offered to the prospector in Northern Ontario. Seventy per cent. of the entire northland is underlain with pre-Cambrian rocks, in which occur the nickel mines of Sudbury, the silver deposits of Cobalt, South Lorrain and Gowganda, the gold of Porcupine and Kirkland Lake, copper on the north shore of Lake Huron, and iron in Michipicoten and other areas.

Ontario is now one of the leading sources of gold, being unranked only by the Transvaal and United States. In 1925 the production was valued at \$30,207,545 over 83 per cent. of the entire output of Canada. The nickel mines of Sudbury produce 90 per cent. of the world's requirements of that metal. The silver output in 1925 had a value of \$7,084,864. Dividends and bonuses paid by gold and silver mining companies to the end of 1924 amounted to \$140,289,729.

Assistance is rendered by the Government in the way of cutting trails, cleaning streams and building roads, in order to afford access to mining claims or areas, and where a district proves its ore deposits to be of sufficient value and extent to warrant the expenditure, it is provided with railway communication. The Temiskaming Testing Laboratories at Cobalt are equipped to sample ores, and provision has been made for the purchase of gold ore.

For lists of publications, geological maps and reports, copies of the mining laws, and other information apply to

THOS. W. GIBSON,  
Deputy Minister of Mines  
HONOURABLE CHAS. McCREA,  
Minister of Mines  
Toronto Ontario.

HON. ANDRE FAUTEUX  
Solicitor-General for Canada who was defeated in Tuesday's elections in Bagot, Quebec. G. D. Morin, the Liberal candidate returned in the by-election held on Dec. 7th, of last year again won the seat. Hon. Mr. Fauteux has been defeated in Bagot three times in one year.

## A NEW & BETTER FURNACE at a Sensational Price

Gilson's of Guelph now offer you a perfected furnace—pipeless or pipe style—at a sensational price. The first revolutionary improvement in home heating in half a century—low priced, efficient, quickly installed in any home, school or church.

**Costs Less to Buy—Less to Use**

The new Gilson "Magic" is built of Tungsten Plate. Transmits heat THREE TIMES faster. Patented air-blast burns all the gas and smoke. New type cone-shaped grate gets more heat units out of fuel. Electric arc welding seals the furnace tight as an egg against leaks of gas, dust or smoke.

**Burns Hard or Soft Coal, Coke or Wood**

You are not dependent upon hard coal alone as you get excellent results from any kind of fuel—soft coal, coke, oil or gas. You enjoy an extra saving by using low cost fuels.

**Write for Easy Payment Plan**

A moderate payment down installs the new Gilson "Magic." Learn all the features of this new sensationally-priced heating system. We will welcome your inquiry. Catalogue, sketch plan forms, estimates and full information, gladly supplied without obligating you in any way. Act at once—this is the time to make plans for heating your home properly.
