**WATCH DATE OF DELIVERY ON ASSESSMENT NOTICES.**

The plan of delivery of assessment notices adopted this year has disadvantages as well as advantages. One of the biggest disadvantages to the people is the fact that they are not accustomed to the time limit for appeals falling on such varied dates. As a matter of fact in previous years it was seldom that a man did not have his notice several days before the fourteen days previous to the limit of date for appeal. This year if a house happens to be closed when the messenger calls, there may apparently be delay in the receipt of the notice.

One ratepayer told of enquiring more than once for his notice on a house property. Eventually he secured the notice this week from the assessment office, and, fortunately he took the matter up at once. He noticed that the date of delivery was marked as back in August though he had not actually received the notice until well on in September. This meant that his time for appeal had expired. He called the attention of the assessment department to the injustice and the date was promptly changed to the day the notice was actually received, thus giving him the necessary fourteen days for appeal.

There may be other similar cases. It would be well for all to check up on the dates of delivery of their notices, so that they will not be debarred from appeal. The assessment department seems to be quite ready to be fair and friendly in the matter, and all should see that no slips prevent them from exercising the right to appeal if they desire to do so.

His many friends in Timmins will extend sincere sympathy to Mr. E. H. Bridger, now of Toronto, in the recent death of his father in England. Mr. Bridger was on a visit to his native land, called there by the illness of his father, and was able to spend a week or so with his father before he passed away.

**INTO THE FEDERAL ARENA**

Hon. P. J. Veniot, former premier of New Brunswick who on Tuesday was elected as a Liberal member for Gloucester, N.B. This constituency was the only Liberal riding in New Brunswick after the Dominion Elections last October.

**SUDDEN DEATH OF MR. HUGH McLEAN, SATURDAY**

For Five Years a Resident of Timmins, Three Years in Employ of Municipality as Truck Driver

Many friends will learn with very deep regret of the sudden death of Mr. Hugh McLean on Saturday evening at his home at 107 Balsam street north, Timmins. He had been around on Saturday apparently in his usual health. Indeed, he seemed to be better than recently. In the evening, however, he was taken with a hemorrhage and despite all that could be done for him he passed away in a short time. For the last three weeks the late Mr. McLean had been off work on account of his health. He had intended to go to Gravenhurst for the benefit of his health, the x-ray examination conducted recently showing that one lung was affected. He was not suffering particularly, however, and his sudden death came as a decided shock to all.

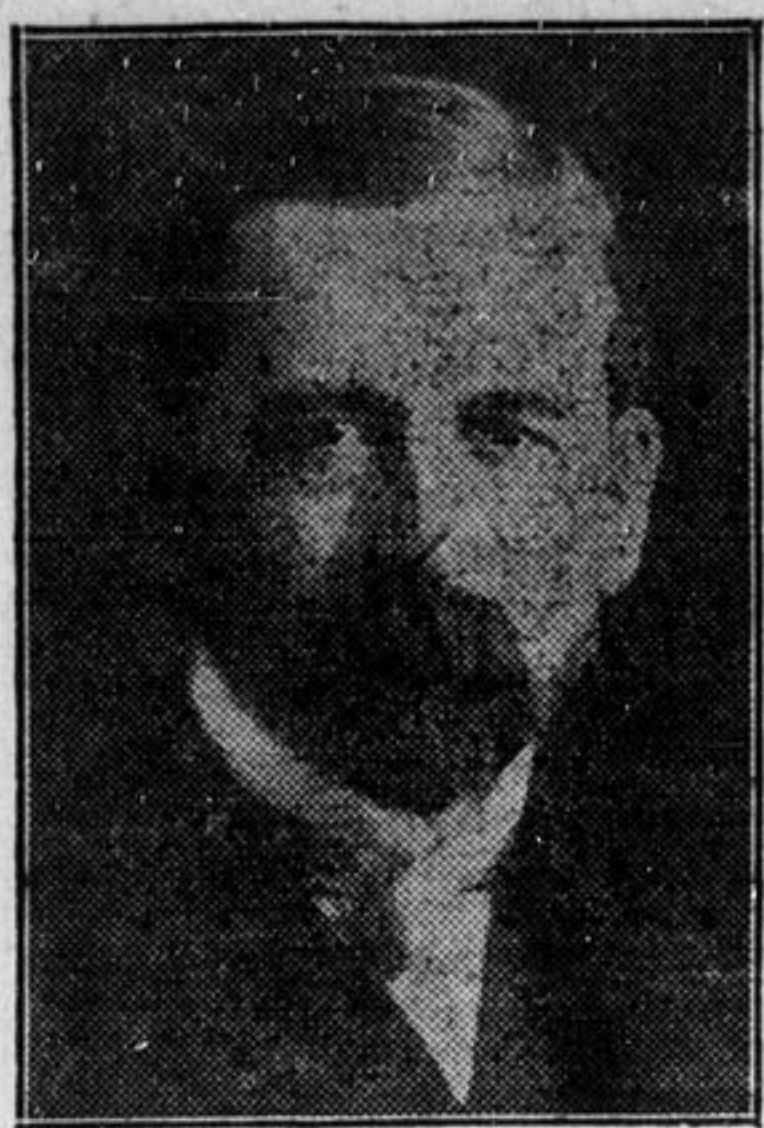

The late Hugh McLean was born in Colorado, and was 53 years at the time of death. He had worked for many years as a coal miner at Superior Colorado, later going to Nova Scotia, where he was also employed in the mines there. Some five years ago he came to Timmins and for a couple of years was a worker underground at the Hollinger. Finding his health was not benefiting from work underground he left the Hollinger, securing a position as driver of the town works department truck. This position he held for the three years preceding his death. Among his fellow employees he was very popular, and he was highly respected by all who knew him. Quiet, friendly, kindly and honorable, he was a good type of citizen and his death is sincerely regretted.

A widow and three children survive. A son, nineteen years of age, took his father's place on the truck three weeks ago when Mr. McLean's health began to cause a little anxiety. There are two daughters, one aged 17 and the other 11 years of age. To the bereaved family and near friends the deepest sympathy of all will be extended in their sad loss.

The funeral took place on Monday afternoon at 3 o'clock to St. Anthony's R. C. church and cemetery. The funeral was conducted with K. of C. honours, the deceased having been a member of the Order. On Monday morning at 8 o'clock requiem high mass was said at the St. Anthony's church. The funeral on Tuesday was attended by the assistant town engineer, Mr. J. D. McLean, and many of the fellow employees of the town departments, as well as by members of the K. of C. and numerous other friends and acquaintances.

**FOSTER CUP FINAL AT THE DOME ON SATURDAY**

The Foster Cup final will be played at the Dome grounds on Saturday, September 18th, the game to start at 5:30 p.m. sharp. The Timmins and Dome teams are the contenders in this final and the match will be a good one. Everybody interested in good football will find the games well worth attending.

**SIR GEORGE PERLEY**

Secretary of State for Canada, and formerly High Commissioner at London who was again elected from Argenteuil, Quebec as a Conservative in Tuesday's Federal Elections.

**SHOWER IN HONOUR OF MISS DELIA LACARTE**

On Sunday evening, Sept. 12th, a miscellaneous shower was given at the home of Mrs. T. J. Lawlor, 3 Elm street, the event being in honour of Miss Delia Lacarte. There were about thirty couples present and in the hospitable home of Mrs. Lawlor a very happy evening was enjoyed by all. A pleasing musical programme was furnished by the Strollers and A. S. D. orchestras. Toasts were proposed by Messrs A. F. Kenning and H. Charlebois, and Mrs. Lawlor, and responded to by Mr. S. P. Seeley. Miss Lacarte, who was honoured on the occasion in view of her approaching marriage, was the recipient of a large number of beautiful and valuable presents, as well as showered with good wishes from her hosts of friends.

**SALVATION ARMY LAUNCH 1926 HOME SERVICE APPEAL**

Again the citizens of Timmins and district will have an opportunity of contributing to a very worthy object namely the Salvation Army Home Service Fund. The Army is recognized as The Army of the Helping Hand, irrespective of creed or nationality. Fifty per cent of the total amount raised is reserved for local purposes such as winter relief, assistance to needy cases, etc. The Salvation Army is kept up by voluntary subscription. Adjutant Crowe is arranging a house to house canvass. An envelope will be left and official collector will call for the same. Let the response be as liberal as possible, thus helping to bring cheer and blessing to those who may be in need.

**COLLECTING FOR SAILORS' HOMES, LIBRARIES, ETC.**

Miss Lillian Kellett, Deaconess, of the Upper Canada Tract Society, is in Timmins on her annual visit of collection of funds for the good work of the Society with which she is connected. Miss Kellett is well known and highly regarded all through the North Land and is always sure to receive noteworthy donations for the good work she represents. The Tract Society's work includes the establishment of libraries for sailors, bush workers and those in places where the ordinary public library facilities are not available. The Society has libraries in this district at places like Smooth Rock Falls, the Dome Mines, Kirkland Lake, etc., and these are both very useful and much appreciated. In addition the Society provides homes for sailors at lake ports together with other comforts and conveniences supplied. Sailors and bushmen speak in superlative words of the good work of the Society. The cause, accordingly, may be set down as a most worthy one and one that merits the fullest support. Miss Kellett should receive the heartiest welcome and support from all not only on account of her own personality but also as the representative of so excellent a cause.

**OLYMPIAD TO BE FEATURE A.S.D. EVENT NEXT WEEK**

Members to Attend Arrayed in the Garb of Their Favourite Sport or Athletics

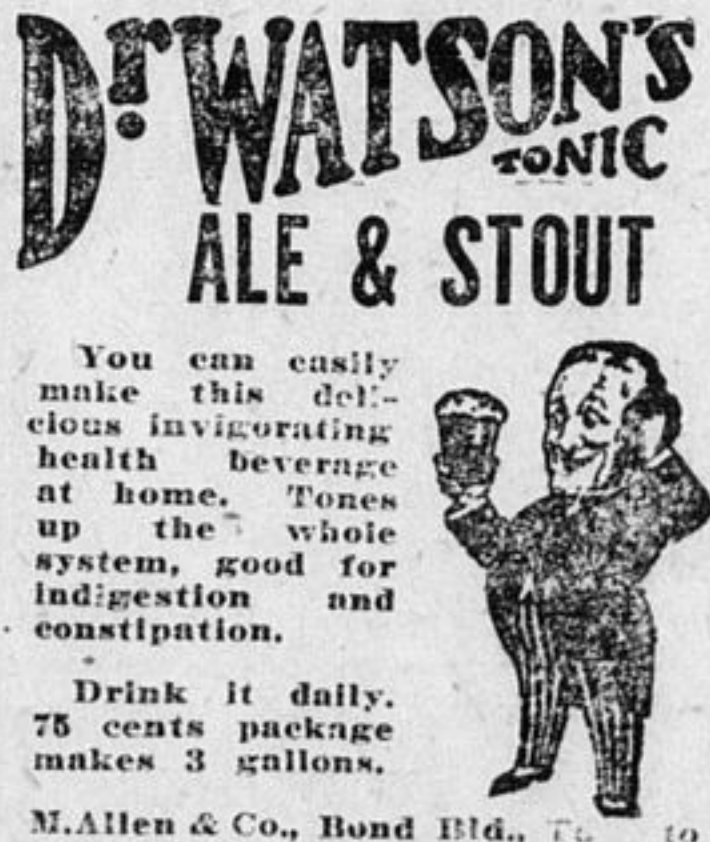

Next Wednesday evening the A.S. D. Club are holding as a novelty feature a dance to be known as the Olympiad. The idea of the dance is for the members of the Club to come arrayed in the garb of their favourite sport, and carrying some implement used in this game. A special programme will be drawn up for the occasion. Announcement of the meeting for the 29th of September will be made later. On October 6th the Club will hold another Open Night. The members are asked to turn in the names of any they want invited for this event, and invitations will be sent out. Further announcement will be made on this later.

The A.S.D. are out to make this a record year as far as good times at the Club are concerned. The larger hall which the Club now has gives the A.S.D. a chance to increase their membership to at least twenty-five gentlemen and a like number of ladies. The question of admitting the young married people of the town is again being discussed, the Executive feeling that with the larger quarters the Club can accommodate a larger number. The Club are to vote on the proposed change to the constitution on Wednesday next, Mr. F. Lehan giving notice of motion at the Corn Roast last night to this effect.

**MAY BE INTERESTING NEWS SOON ABOUT RED LAKE**

Mr. J. Hammill has been in the Camp during the past week or two, and though there has been no official announcement of any kind, rumours have been busy enough and some of the newspaper representatives of outside papers seem to have been shadowing Mr. Hammill as closely as if he were the Prince of Wales or a movie star. They have traced him to conferences at the Dome; they have shadowed him to interviews at the McIntyre; they have seen him look at Mr. Bickell and speak to Mr. Ennis. The result has been whispered stories to the effect that the Dome was re-suming its option on the Howey Red Lake; that the McIntyre had taken over the claims; that Mr. Bickell personally was interested; and everything else that a lively imagination could picture. Officially, of course, there is nothing known as to what may be doing, or if anything is in progress relative to the Howey-Red Lake property. It is recognized that the dropping of the Howey has handicapped the progress of the Red Lake Camp. There is a general hope for the sake of the new camp that the Howey will be able to go on again immediately under some auspices or another. In the meantime, officials an announcement will be awaited with much but nothing is to be gained by imaginative guessers as to what may occur.

Most of the fall fairs in this North Land are over for this year, though Cochran's fair is on to-day, and Englehart will have its fair Friday and Saturday of this week.

**DR. WATSON'S TONIC ALE & STOUT**

You can easily make this delicious invigorating health beverage at home. Tones up the whole system, good for indigestion and constipation.

Drink it daily. 75 cents package makes 3 gallons.

M. Allen & Co., Bond Bldg., T.L. 10

**NEXT THING THEY'LL TRY TO SWIM THE ATLANTIC.**

Mr. J. Shewan, of Schumacher, affected to be very interested last week in speaking to The Advance about two brothers who had just accomplished the feat of swimming across the English Channel.

"Didn't you see it on the bulletin?" he asked.

"That makes practically every nationality successful now in swimming the Channel," he continued.

"What nationality were the brothers you speak of?" he was asked.

"Oh, they were Scottish," he replied, "they wanted to save the boat fare!"

The Cochrane News last week says: "The first sign of approaching winter was seen here yesterday in a large triangle of wild geese that passed over the town late yesterday afternoon, flying southward."

Mrs. Lawrence, of Montreal, is visiting her sister, Mrs. F. J. Wolno.

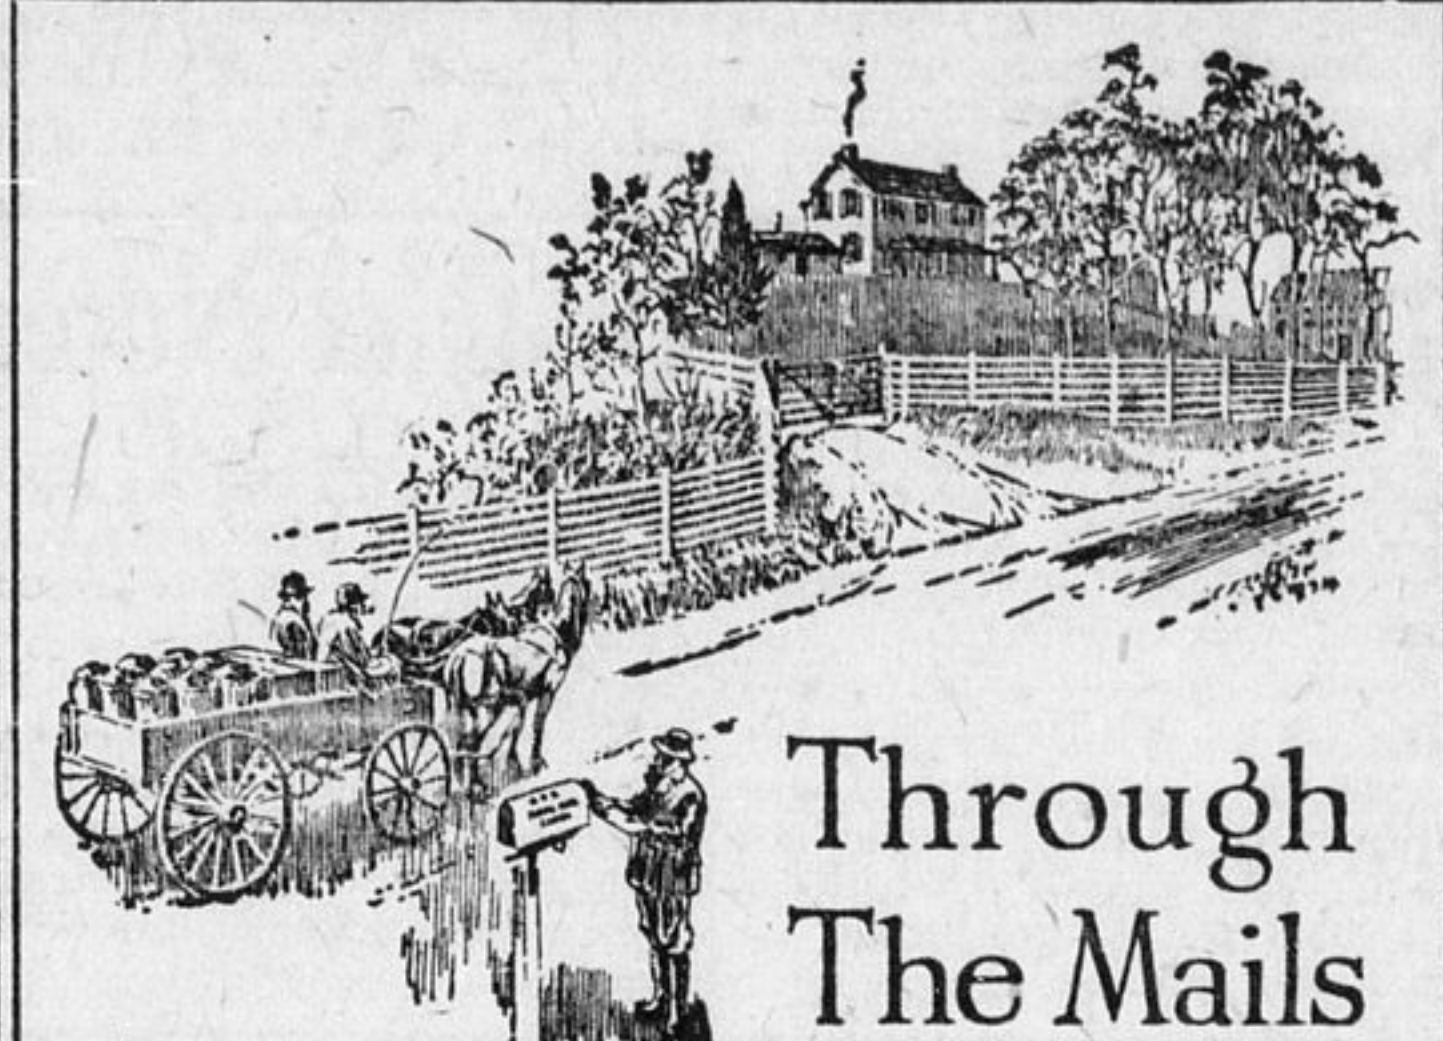

**RELIEVES RHEUMATISM**

Mrs. R. Medd, Sr., after years of suffering found that Egyptian Liniment gave her speedy relief from rheumatism. The most torturing pains of man and beast depart under treatment with Egyptian Liniment, which is also the best household remedy known for Cuts, Scalds, Frost Bites, Chilblains, Neuralgia, etc.

WHEN BETTER AUTOMOBILES ARE BUILT McLAUGHLIN-BUICK WILL BUILD THEM

a completely cushioned engine

The McLaughlin-Buick Valve-in-Head engine now has "rubber heels." Here is an engine completely insulated and isolated from all metallic contact with its chassis. Thick rubber cushions, fore and aft, absorb noise, and save the engine from road shocks and strains.

Never, in all its successful years of motor car manufacture, has McLaughlin-Buick ever produced a car so far ahead of its field in performance and value as the 1927 McLaughlin-Buick.

Money can buy no finer performance, no matter how much you are prepared to spend. MF-716
