

AGREEMENT REACHED IN EXPRESS EMPLOYEES CASE

Demands of Timmins, Cobalt and St. John Engineers are Met After Consideration by Board

The following from The Ottawa Journal last Thursday will be of interest:—

"The Department of Labor yesterday gave out the report of the Conciliation Board which investigated a dispute between the Canadian National Express Company and certain of its employes, arising out of appointments made to the company's agencies at Timmins and Cobalt, Ont., and St. John, N.B. The employes involved in the dispute were members of the Canadian Brotherhood of Railway Employes."

"The Conciliation Board reports that agreement on the points in dispute was reached by the representatives of the company and of the employes. Under this agreement, the three positions in Timmins, Cobalt and St. John will be bulletined in the same manner as if they were now vacant, and the appointments to them shall be selected from the applications made for each vacancy. It is also provided that the applications and data bearing upon each will be made available to a representative of the general committee before appointments are made in case he should desire to co-operate with the company's officer in arriving at a decision in respect to the appointments to be made."

"The agreement reached between the disputing parties provides the method to be followed generally in making appointments. Vacancies shall be advertised, and from the applications received the company shall make its selection 'based on ability, merit and seniority.'"

"Senior employes are allowed five days to submit any grievance which they may have because of the appointment, but if none are received, the appointment is confirmed. If a grievance or grievances should be received, the superintendent must place them before the employes' general committee, who will have them investigated. If, in the opinion of the committee's investigator, there are no merits in the grievance, the company's appointee will retain the position. But if, on the other hand, the grievance is well founded, the aggrieved applicant must be given a trial in the position, and if he qualifies properly within 30 days, he must be appointed."

"The Board of Conciliation was made up of E. McG. Quirk, chairman; U. E. Gillen and David Campbell, K. C."

BEARDMORE SYNDICATE WILL START DRILLING

Beardmore, Ont., Sept. 10—A diamond drill outfit has arrived here, and is being made ready to begin work on the claims of the Beardmore Syndicate, known as the Powers group. This will be the first real test of veins in the Beardmore section, and the results are being awaited with a great deal of interest by mining men in this part of the province.

The property on which the drilling is to be done consists of 22 claims, which were staked by Powers last summer. The group comprises in all about 850 acres, and is being operated by the Beardmore Syndicate, composed mostly of Toronto and Detroit capital. A large amount of surface work has been done, and in addition a shaft was started which has been put down 26 feet. Assays of channel samples across vein over an average width of four feet, taken every 700 feet have returned values up to an average of \$20 a ton, it is stated. In the shaft, the vein has been found to widen out to a width of five and a half feet, and average assays across the whole width returned \$55.60, it is asserted.

F. S. Sutherland, of Toronto, is syndicate manager, and the promising results on the surface work have caused the members of the syndicate to feel very optimistic as regards the diamond drilling. It is the intention to drill a series of holes to intersect the ore body at different depths along the length of the deposit, so as to give the vein a thorough test, and if the results are satisfactory, a company will be formed to further develop the property, it is understood.

Outside the fact that there were two other names on the ballot papers, Northwest Toronto gave T. L. Church a deserved acclamation.—Toronto Telegram.

D. WATSON'S ALE & STOUT

The medical profession declares that three parts of the suffering amongst females is brought on by drinking too much tea. This tonic ale or stout meets a daily want. It suits the most delicate stomachs. The packet makes 24 gallons.

TEA AND SALE OF COOKING AID OF ST. MATTHEW'S W.A.

A Tea and Sale of Home Cooking, in aid of St. Matthew's Sr. W. A., is announced to be held at the home of Mrs. W. H. Pritchard, northwest corner of Sixth avenue and Hemlock street on Saturday, Sept. 25th, from 3 to 6 p.m. Events by the St. Matthew's Sr. W. A. are always pleasing and successful, and the event on Saturday will be up to the usual high standards.

MOOSE LODGE HAS LEASED ST. CHARLES BASEMENT

Mr. K. A. Eyre, Dictator, Timmins Lodge, L.O.O.M., has written The Advance to the effect that the dance mentioned last week in these columns as an "Opening dance" for the new hall in the St. Charles Hotel basement was in reality a farewell dance given by Mr. Robillard, the owner of the building, before he leaves for Rouyn. Mr. Eyre says that the basement of the St. Charles Hotel has been leased by the Loyal Order of Moose for a term of two years from October 1st, as lodge and club rooms. "The new floor and the decorating that is being done is for the Moose Lodge, and the basement will not be used as a dance hall," says Mr. Eyre's letter.

DAMAGE DONE BY UNKNOWN MOTORIST AT HAILEYBURY

The menace of the motor car does not seem to be decreasing. During the past few months there have been all too many accidents in this North Land, and it would appear that stern measures will be necessary to cure the evil. The idea of some policemen that it helps to lay charges, even though they have to be faked, for piecemeal breaches of the motor laws is not assisting matters. Both the police and the public should realize the seriousness of the matter. Motorists, for instance, too often display an indifference that is worse than criminal. They will knock over some youngster, as happened recently in Toronto, and then fail to return to the scene of the accident, or they will damage another car and hurry away in the hopes of escaping responsibility. In regard to the latter, there is a noteworthy instance from Haileybury last week. In describing the case, The Haileyburian says:—

"A. P. Dunbar had his car badly damaged on Saturday night, when he was struck by another motorist on the road about two miles this side of New Liskeard. The driver of the car which was responsible for the accident failed to stop and Mr. Dunbar was unable to get his number, but the police have the matter in hand and are endeavoring to discover his identity. Mr. Dunbar's car is badly damaged. The body was stove in, the running board smashed and the rear fender almost completely demolished. He was driving along on the right side of the road and saw the other car approaching, but did not expect any trouble as he was well to the side of the road. The driver of the other car came along at a fast rate of speed, apparently kept right to the middle of the road and the collision was the result. No explanation of the affair is offered, except that the unknown driver must have been under the influence of liquor. There was no reason for the collision."

TIMMINS DOGS WIN HIGH HONOURS AT BIG SHOWS

Animals Owned by Messrs Massie, Levine and Scobell Recognized for Merit at Several Big Shows

The merit of the pedigreed dogs owned in Timmins is shown by the high standing taken this year at the big dog shows in the South.

At Peterborough, Ont., where there was a total of 300 or 400 entries, Northwood Sandy, owned by Mr. John Massie, won first in open, and winners, in a large class of spaniels. Northern Bluebell, another of Mr. Massie's spaniels, won first in open, and winners, and as best parti-coloured dog in the show. -J. N. Levine, of Timmins, also won four firsts for collies.

At the Toronto National Exhibition, where about a thousand dog aristocrats were on exhibition, the Timmins dogs again showed their high standing. Mr. Massie's spaniels won two firsts, and Mr. Levine's collies won two firsts.

London had about 500 dogs in its dog show this year. Mr. Massie's Northern Bluebell won two firsts, and winners, and Northwood Sandy received two seconds. Levine's collie won first, and Col. S. B. Scobell's springer spaniels won three firsts and three seconds.

Hamilton's show had 300 or 400 dogs on exhibit. Northwood Sandy won one first and two seconds. Northern Bluebell walked away with first, second and third, reserve winner. Col. Scobell's dogs took first, second and third. Levine's collies won two seconds.

The showing made by these prize dogs at the big outside shows indicate the standing achieved by Timmins as a centre for high-class canines.

FIRST MASQUERADE BALL AT THE MCINTYRE HALL

The first Masquerade Ball of the season will be held on Friday, Sept. 24th, in the McIntyre Recreation Hall, Schumacher. The prizes will include:—best fancy dressed couple, best gentleman's comic. Ted Emery's 7-piece orchestra will furnish the music. Dancing will be from 9.30 to 2.30 a.m. Refreshments will be served during the evening. Like all Recreation Hall events it will be a very pleasing event, and one that none should miss.

TO EXTEND NIPISSING CENTRAL INTO ROUYN

Application to be Made by Ontario Government After the Election.

A correspondent of one of the daily newspapers interviewed Hon. G. Howard Ferguson during his visit to the North in regard to the Rouyn railway question and the result of the interview is given in the following paragraph:—

"As soon as the turmoil and uncertainty of the present election period is over the Ontario government will apply to the Federal government for an order validating the entry of the Nipissing Central Railway into Quebec. That this matter will be given consideration very shortly was intimated to your correspondent by Hon. G. Howard Ferguson, Premier of Ontario, in the course of an interview during the Premier's visit to Timmins. The Rouyn railway impasse has been a long drawn out affair and wearisome, particularly from the standpoint of the Rouyn mine operators, who have been forced into a condition of comparative inactivity owing to the failure of the railways to provide adequate transportation for mine machinery."

CALEDONIANS TO RE-OPEN MEETINGS FRIDAY NIGHT

The usual annual "At Home" and Social Evening will be held to-morrow (Friday) night in the Hollinger Recreation Hall to open up the regular meetings of the Caledonian Society of Timmins for the fall and winter season. All Scots and Scotswomen and their friends are cordially invited to the meeting Friday of this week, and a pleasant time is confidently expected. The programme is expected to include musical and literary numbers, dancing, etc., and the usual pleasant refreshments. It has been the custom to re-open the meetings of the Caledonians by this September social, the first meeting in October being the annual meeting for the election of officers, etc. The October meeting this year will be on Friday evening, Oct. 8th, in the Hollinger Hall.

CHILDREN'S AID GIVEN \$9.85 FROM FOOTBALL GAME

Through the kindness of the Cornish football teams playing for a chicken supper on Saturday evening, the proceeds of the game for the event went to the Children's Aid Society. The rain spoiled the attendance, the weather being so bad that it was a wonder that anybody showed up at all. However, the few that did turn out for the match were generous, the C. A. S. netting \$9.85 from the gate, this being a very fine showing in view of the kind of weather encountered. Mr. R. LeHeup, Inspector for the District C. A. S., took the collection at the gate, and expresses his appreciation of the kindness of the Cornish football teams and those attending the match.

Stops BLEEDING

Instantly, then its soothing influence heals the wound. Egyptian Liniment is an all-round remedy that every household should have for the prompt treatment of Cuts, Scalds, Burns, Frost Bites, Chilblains, Sore Throat and Chest, Neuralgia, etc.

Left Penniless to fight it out alone

THE savings of many years eaten up by Tom's long and fatal illness, Mrs. L. finds herself penniless.

Frail and sorrowful she faces the future with despair.

What work can a woman of sixty do to eke out a precarious living?

If there had only been some insurance—

But Tom had said they'd have enough laid by to tide them through old age without spending money on life insurance.

If Tom could have foreseen the future would he not have carried life insurance? We think so, don't you?

How clearly can you foresee the future? Might not your widow be left as Mrs. L. was?

Why take a chance?—especially when the profits earned by Mutual Life Policies make the cost of insurance so very reasonable.

It looks creamy It tastes creamy It is creamy

PURE ECONOMICAL CONVENIENT

HERE'S what is in every familiar red and white labelled can of Carnation Milk:

1. Perfect Purity—Clean, fresh, milk, scrupulously guarded until the hermetically sealed cans are sterilized.
2. High food value—Carnation contains all the food value of full cream milk, concentrated to double richness.
3. Creamy Smoothness—Carnation's creamy double-richness improves the texture of foods cooked with this milk.
4. Economy—Carnation cuts milk bills. Goes farther than ordinary milk, with less spoilage and wastage. When used, undiluted and double-rich, in place of cream, it reduces cream bills approximately two-thirds.

These virtues Carnation promises you in every can you buy. Prove them to yourself. Get Carnation next time.

FROZEN SALAD—½ cup mayonnaise, 1 cup Carnation Milk, 1 cup whipping cream, ¾ cup chopped black walnuts, 1 cup chopped pineapple, 1 cup chopped cherries, 1 cup apricots or peaches, 1 orange, 1 grapefruit. Combine Carnation milk and cream, chill and whip. Chop fruit and add to whipped cream mixed with mayonnaise. Omit fruit juice from this mixture. Pack in baking powder tins or round molds. Place in a 1 to 3 salt-ice mixture for three hours. Unmold and serve in one-inch slices on a bed of lettuce leaves.

Send for free copy of Mary Blake's Cook Book. Address Carnation Milk Products Company, Limited, Aylmer, Ontario.
