**PROGRAMME OF HIGH MERIT
AT FIRST BAND CONCERT**

Opening Event for the Season Much Appreciated by Large Crowd On Sunday Evening.

The first of the series of indoor band concerts for the season was held in the Goldfields Theatre after the church services on Sunday, and drew a large house. The programme was one of special merit and met with hearty appreciation. The Timmins Citizen's Band, under the leadership of Bandmaster F. J. Wolno, made a decidedly creditable showing, while the other numbers on the programme were of a very high order of musical

merit. This opening concert set a very high standard for the following band events of the season. The next band concert will be one of the "National and County Nights," so popular last season. It will be "Cornish Night," on Sunday evening, Oct. 10th, after the church services. The big success of "Cornish Night" last year is full guarantee that the second band concert will be an excellent one. Bandsman Stan Johns is again looking after the programme and so all may be assured that it will be the very best.

On Sunday evening the band played with special talent and effectiveness and won very sincere and merited appreciation. Among the selections given by the band were:—march, "Our Chaplain"; selection "Highland Memories," selection, "The Wanderer," the test piece at the Toronto Exhibition band contest this year; and the selection, "Sullivan's Operatic Gems," the test number at the Ottawa Exhibition band contest this season. The skill with which the band played these selections showed the high standing of the Timmins band.

The opening special number on the programme, a pianoforte solo by Mrs. Gauthier, set a high standard of musical excellence that was maintained throughout the evening. Mrs. Gauthier's talented first number was enthusiastically encored, and her selection in response was equally pleasing.

The vocal solo by Mrs. Emile Everard was a very attractive one given effectively and in pleasing voice. This number was heartily encored, and Mrs. Everard was heard to advantage in the selection given in response to the well-merited recall.

Master Jack Neilson's talented interpretation of "Liebesleid," (Fritz Kreisler) was a genuine treat to all music lovers. This thirteen-year-old lad has a wonderful mastery of the violin, and the selection was given with a talent that delighted all. There was a most enthusiastic demand for an encore, and the second number, "Rondino," was given with equal skill and effect. Master Jack Neilson has recently returned from a special course at the Hamburg Conservatory of Music, and the value of the special training was apparent in the finished work of the young man on the violin Sunday. The chairman took occasion to urge a crowded house for the Hart House String Quartet on Tuesday evening for three reasons; because the Quartet was the greatest of its kind on the continent and all music lovers would be delighted with the music given; because the proceeds would be given to that worthy patriotic cause, the Children's Aid Society; and because Mr. Hambourg, of the Quartet, and Mrs. Hambourg has shown so much personal kindness to the gifted young violinist who had just played, when he was taking the special course this summer.

Another very popular number on the programme was the vocal solo by Miss Cotcher, of Schumacher. The fine voice, the expressive singing and the musical talent of this young lady were warmly welcomed by the audience. Two very pleasing solos were given by Miss Cotcher in very effective way and the numbers were very highly appreciated and applauded.

The violin duet by Messrs Jack Neilson and Burton Holland delighted the crowd and it was heartily encored, the second number being equally popular. The violins blended well and the two attractive selections were very effectively played.

Mr. Jones, tenor soloist, of Schumacher, made a very decided impression on this, his first appearance before a Goldfields theatre audience. He has a rich tenor voice, a noteworthy gift of expression, and a special musical talent. His numbers were much appreciated and enjoyed and he won the heartiest encore and applause.

**ONTARIO DENTAL HEALTH
DAY HERE ON OCTOBER 20**

Free Dental Examination and Advice. Local Dentists Giving Full Support to Health Dept. Plan.

The Ontario Dental Health Day to be held on Wednesday, October 20th, will include among its activities an undertaking never yet attempted in connection with a campaign of this kind.

This new feature is the free dental examination and advice to be given by the dentists to all who request it at this time. The importance of this service cannot be over estimated. There are many people who find great difficulty in appropriating and applying knowledge given in a general way, they get scant benefit from the public lecture or the printed page. They need individual advice and instruction. The personal free service to be given by the profession will prove of great benefit to all such people. The dentists are making this contribution at the request of the Ontario Department of Health. The dentists of the Timmins district are giving the most earnest co-operation.

Other activities being organized by the Department are the showing of special dental health films in the theatres, the broadcasting of mouth health messages from the various radio stations, dental health plays and newspaper publicity. Addresses on mouth hygiene will be delivered before service clubs and other organizations and mass meetings of school children will be held.

The purpose of the undertaking is to inform the general public in regard to the danger of allowing infection to remain in the mouth and to give instruction in connection with the prevention of dental diseases. That many systemic diseases are caused by infection at root ends and Pyorrhoea pockets cannot be denied and it is just as true that many of these conditions can be prevented by sufficient care at the proper time. It has been well established that regular inspection and proper treatment, a balanced diet and sufficient mastication of the food will do much to prevent decay and Pyorrhoea.

The application of this programme to the daily routine of life will be a lesson to be taught on the Ontario Dental Health Day.

**SUDBURY PAPER SARCASTIC
AT ATTITUDE OF O.B.A.A.**

In its column of sporting comment last week the Sudbury Star is inclined to be sarcastic in reference to the O.B.A.A., and the way that organization is holding off the baseball finals. The case is not at all much different to the play for the Ontario Football Cup some years ago. Delay in the finals worked a very distinct handicap on the Northern teams. Same with baseball! The Star says:—

Northern Ontario baseball teams have been granted a bye into the O. B. A. A. finals, despite the impressions which emanated from Toronto last week that the Nickel Belters would be in action before the beginning of October. In this connection, the O. B. A. A. may be accused of displaying favouritism. Not every team is issued a pass to the crowning event of the series. And while the Autumn breezes chill Mondville Juniors and Flynnville Seniors, the two clubs should not overlook the kindness of the Toronto tainted provincial moguls. Last year, Cliff Seniors won the championship from Niagara Falls amid falling snow, and in the blizzard one thought egged the Northerners on to the rosy tinted mountain tops of success. On that bleak afternoon, they were undaunted. Snow, hail or lightning, could not dismay them, so greatly were they impregnated with a spirit of appreciation to the O. B. A. A. powers that be, or were at that time, for "byeing" them into the finals.

**MR. HUCKABONE HAD NO
PART IN POLL TAX SCHEME**

At the famous session of the town council last Thursday, the mayor left the impression that Mr. W. H. Huckabone, paymaster at the Hollinger, was to receive a commission on the poll tax collected at the mine. This was not according to the facts and Mr. Huckabone last week took immediate steps to disabuse the minds of the people in regard to any such idea. Mr. Huckabone called the attention of the mayor to the misconception, and pointed out that the impression left was an entirely unfair and unwarranted one. To The Advance Mr. Huckabone said:—"I did not know anything of the plan until it was decided upon by the council. I had never been offered any commission in the matter. I had no dealings in any way in this respect,—had never been promised anything, asked for anything, or even considered or discussed the question in any way." In view of the impression left by the Mayor, and in fairness to Mr. Huckabone, it is only right to point out that all he was getting out of the poll tax collection, or expected to get out of it, was a lot of extra work and annoyance, and that he was in no way expecting any commission or other remuneration in connection with the matter, and had absolutely no connection in any way with the scheme.

RED ROSE TEA

And because you like good things you'll like Red Rose.

**SPECIAL SUNDAY DINNER
AT THE EMPIRE HOTEL.**

During the fall and winter months it is the intention of the Empire Hotel to give special Sunday dinners, with music. Dinner will be served from 5.30 to 7.30. There will be a first-class orchestra in attendance. Tables will be reserved on request. The service should be of particular advantage to residents of the town. The menus, service, etc., in this beautiful and well-appointed hotel being of the very finest.

FATHER GOOSE RHYMES

One, two,
What to do?
Three four,
Lock the door;
Five, six,
Let me mix;
Seven, eight,
Mine is straight;
Nine, ten,
Say when!

**SEVERE FROST LAST WEEK
DID DAMAGE IN COCHRANE.**

There was a rather severe frost in Timmins this week, but apparently Cochrane had the same thing about four or five days earlier. In any event, The Cochrane Post last week says:—

"The severe frost on Wednesday night played havoc with the gardens in town. For this season the flowers are done for, only in very protected places is there still a semblance of bloom. With the thermometer showing six degrees of frost, nothing else could be expected. Still we are not as badly off here as they are in the West. Calgary reported 14 degrees of frost with a layer of snow covering everything. Here at least the cabbages and beets still shine out even if potatoes and other vegetables are totally black. After all, we are close to October, and summer cannot last forever."

Someone remarked: "If wives only knew that stenographers really think of their husbands, they would cease to worry."

BAD NEWS

Mike was working diligently on his potato patch when he saw the postman coming up the road, bearing for him a black-edged envelope.
Mike became uneasy, and showed it.
"Hope it's not bad news," said the postman.
"It is that," said Mike, glancing at the address. "It's upset Oj an entirely. Me brother Pat's dead. Oj can tell by his handwriting!"
