DEATH OF MRS. ANGUS SINCLAIR AT SCHUMACHER

Had Been Highly Esteemed Resident of This District for Over Two Years. One of Largest Funerals Ever Held in District.

The funeral of the late Mrs. Angus Sinclair on Tuesday morning of last week was one of the most largely attended ever held in this district, the large number at the last sad rites indicating the high esteem in which the late Mrs. Sinclair was held and the sincere sympathy felt for the bereaved family. The funeral took place from her late residence in Schumacher to the United Church in that town, the services being conducted by Rev. Ivan Kennedy, pastor of the Schumacher United Church. The pallbearers were Messrs John Shearer, Josiah White, Herman Hall, Clyde Miller, John Sanford, and Alfred Hanna,—all of them,—with an exception being from the native province of the late Mrs. Sinclair—Nova Scotia.

There was a very large number of beautiful floral tributes, speaking of the affection in which the deceased was held. These included floral offerings from the staff of the March Gold Mines, McIntyre Mine Steel Shops employees, Mr. and Mrs. Hall and family, Mr. and Mrs. Harry Leng, Mr. Chas. McGraw, Clifford McGraw, the family, Mr. and Mrs. R. S. Brown, Mr. and Mrs. G. Elliott, Mr. and Mrs. Miller, Mrs. Carver and Mrs. Shireff, Mr. and Mrs. Gloster, Arthur Olson and Harry Campbell, Mr. and Mrs. Eddie Keyser, Mr. and Mrs. John Shearer, Leland Andrews and others. Interment was made in the Timmins cemetery.

The late Mrs. Sinclair was only ill from Thursday to Saturday, passing away on Saturday, Sept. 25th, 1926. Death was due to pneumonia and complications.

The late Mrs. Sinclair was born in Port Hillford, Guysboro County, Nova Scotia. For over two years she had been a resident of Schumacher, and during that time had made wide circles of friends by her high character and pleasant disposition. She is survived by the bereaved husband and a son and three daughters. The son is Mr. Abner Sinclair, of Schumacher, and the daughters are Misses Ada and Edith, of Schumacher, and Mrs. Fred Redmond, of Nova Scotia. To these and to all other relatives and near friends the true sympathy of all will be extended.

World's Finest Music for Radio Enthusiasts

The programme makers of the Canadian National Railways Radio Department have achieved distinction in several features which are to be offered to the listeners-in during the autumn and winter season, one such feature being the engagement of the Hart House String Quartette for a series of ten recitals to be broadcast over the radio chain from Moncton, N.B., to Vancouver, B.C. The first programme will be given at the studio of CNRT, in Toronto, and others will follow at Montreal, Ottawa, Winnipeg, Calgary, Regina and the Coast Stations as the organization tours the Dominion. At each radio concert there will be one complete quartette composition of the classical school, the balance of the programme being made up of quartette music from the most noted of the old and new composers. For example, the quartette on the first programme is that of Beethoven in C Minor, opus 18, No. 4, while, by way of contrast, the musicians will follow with a group of folk songs specially arranged for string quartette.

Hart House is the recreational centre of the University of Toronto and the Syndics have given special permission for broadcasting only to the Radio Department of the Canadian National Railways.

The Quartette is composed of Geza de Kresz, first violin; Harry Adaskin, second violin; Milton Blackstone, viola; and Boris Hambourg, 'cello.

ANOTHER MODEL TOWN TO BE BUILT AT KAPUSKASING

The Mail & Empire last Friday says:— "Creation of a model town at Kapuskasing in the neighborhood of which his interests are committed to an expenditure of no less than \$25,000,000, is to be one of the offshoots of pulp, paper mill and power developments there, stated Adolph S. Ochs, proprietor of the New York Times to the Mail and Empire yesterday.

"Mr. Ochs was in the city for a few hours on his way back to New York, after spending two or three days at Kapuskasing making himself personally acquainted with the big prospects that were put underway a few months ago, when the contemplated purchase of the Spruce Falls Pulp and Paper Company was first announced.

"Extensive timber limits have been secured for the Times interests, and Mr. Ochs stated that the newsprint supply of his paper was now assured. About 70,000 tons of newsprint are used in a year, but the mills which are now being built will be capable of an output of 550 tons a day. In addition 75,000 h.p. of electrical energy will be developed at Smoky Falls. Mr. Ochs stated that construction work is being pushed ahead rapidly, and production would be commenced within two years.

"The New York newspaper proprietor however, seemed to be as much interested in the establishment of a model community in the district, as in the more material aspects of the venture, and intimated that plans were being developed that will make the small town which will inevitably spring up in the district a credit to the promoters of the enterprise.

"Lack of time precluded Mr. Ochs from giving an extended interview, but he stated that League of Nations sentiment was undoubtedly becoming stronger in the United States, having gained considerable in the past few months."

VICTORIAN ORDER NURSE TO START HERE, NOV 1

Miss M. E. Stevenson, District Supervisor, Well Pleased with Progress Made Here

Miss M. E. Stevenson, District Supervisor of the Victorian Order of Nurses, was a visitor to Timmins this week, and a meeting of the executive was called for Monday afternoon of this week at the Empire Hotel to meet with Miss Stevenson. The meeting was largely attended and proved very interesting. Mr. P. Dougall, President of the local V.O.N., occupied the chair. Miss Stevenson gave a brief but helpful address on matters relative to the Victorian Order of Nurses and the work carried on. Miss Stevenson expressed herself as well pleased with the good progress made in Timmins in establishing the work here.

A Victorian Order Nurse will take up her duties at Timmins on November 1st. This nurse will likely be from Toronto, but in any event will be a competent and fully qualified graduate nurse. There is a great field for the work here, and judging by the success of the V.O.N. elsewhere, the need here will be well filled by the Victorian Order Nurse.

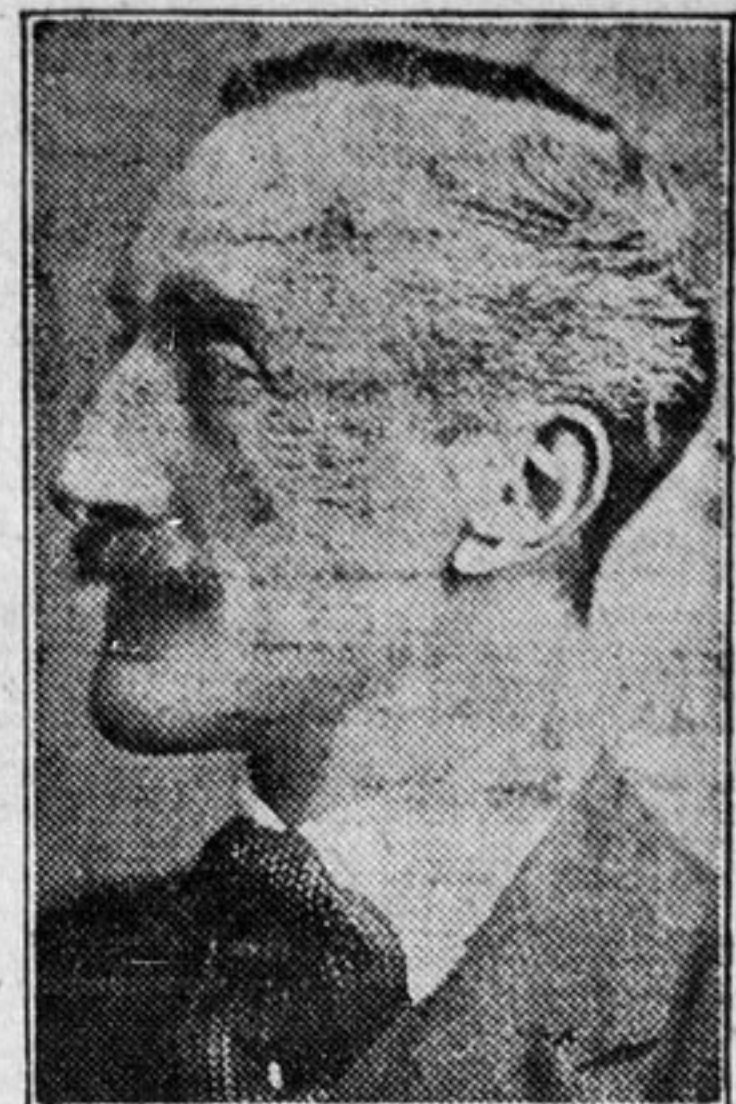

MAKES COFFEE TRULY DELICIOUS

Much coffee is spoiled in the making, but it is safe to say more is spoiled in serving. This is because comparatively few people use real cream, figuring, perhaps, that its daily use is rather a luxury. Of course, one can rob the milk bottle by taking off the top milk, but even that is not calculated to give one the rich, golden, appetizing cup of coffee that makes this beverage truly a nectar. More and more housewives are serving Eagle Brand Condensed Milk with coffee, for the reason that it is so economical and because it ensures a beautiful flavor, being so rich and creamy. There is the further advantage that it saves sugar, for condensed milk and sugar are so perfectly blended that the proportions are absolutely right. Usually, the condensed milk is placed right on the table, being served from the can, which, if desirable, may be set in a marmalade jar.

EVENT BY MISSIONARY CIRCLE BAPTIST CHURCH

Pleasant Programme to be held on Friday evening of This Week

The Women's Missionary Circle of the Baptist Church, Timmins, extend a cordial invitation to all to attend the Missionary Rally to be held to-morrow (Friday) evening at 8 o'clock in the church. The programme for the occasion is an attractive one, being as follows:—

Opening hymn, "O, India." Prayer.

Hymn, "Advance, Ye Hosts!" by the Women's Choir.

Bible reading and short missionary address, by the President, Mrs. M. R. Hall.

Solo, "What Doest Thou Here?" Miss Olga Bucknam.

Reading, "Robert of Sicily," Mrs. G. A. Macdonald.

Hymn, "Beautiful Isles of the Sea," by Women's Choir.

Reading, selected, by Miss Johnson. Offering.

Congregational hymn. "God's Word and the World," a one-act missionary play, in costume.

Hymn, "Send Us the Gospel Fast," by the Women's Choir.

Closing hymn, "Coming, Coming!" There will be a social half-hour at the close of the programme, to which all are cordially invited.

DOMES MINES TO DRAW ON ASSURANCE FUND.

A correspondent writing from South Porcupine to The Mail & Empire says:—"In order to disburse the quarterly dividend of 50 cents a share declared payable Oct. 20 the Dome Mines Company will have to draw upon its dividend assurance fund to a limited extent. The dividend calls for the disbursement of some \$476,000, making a total of \$1,906,668 so far this year.

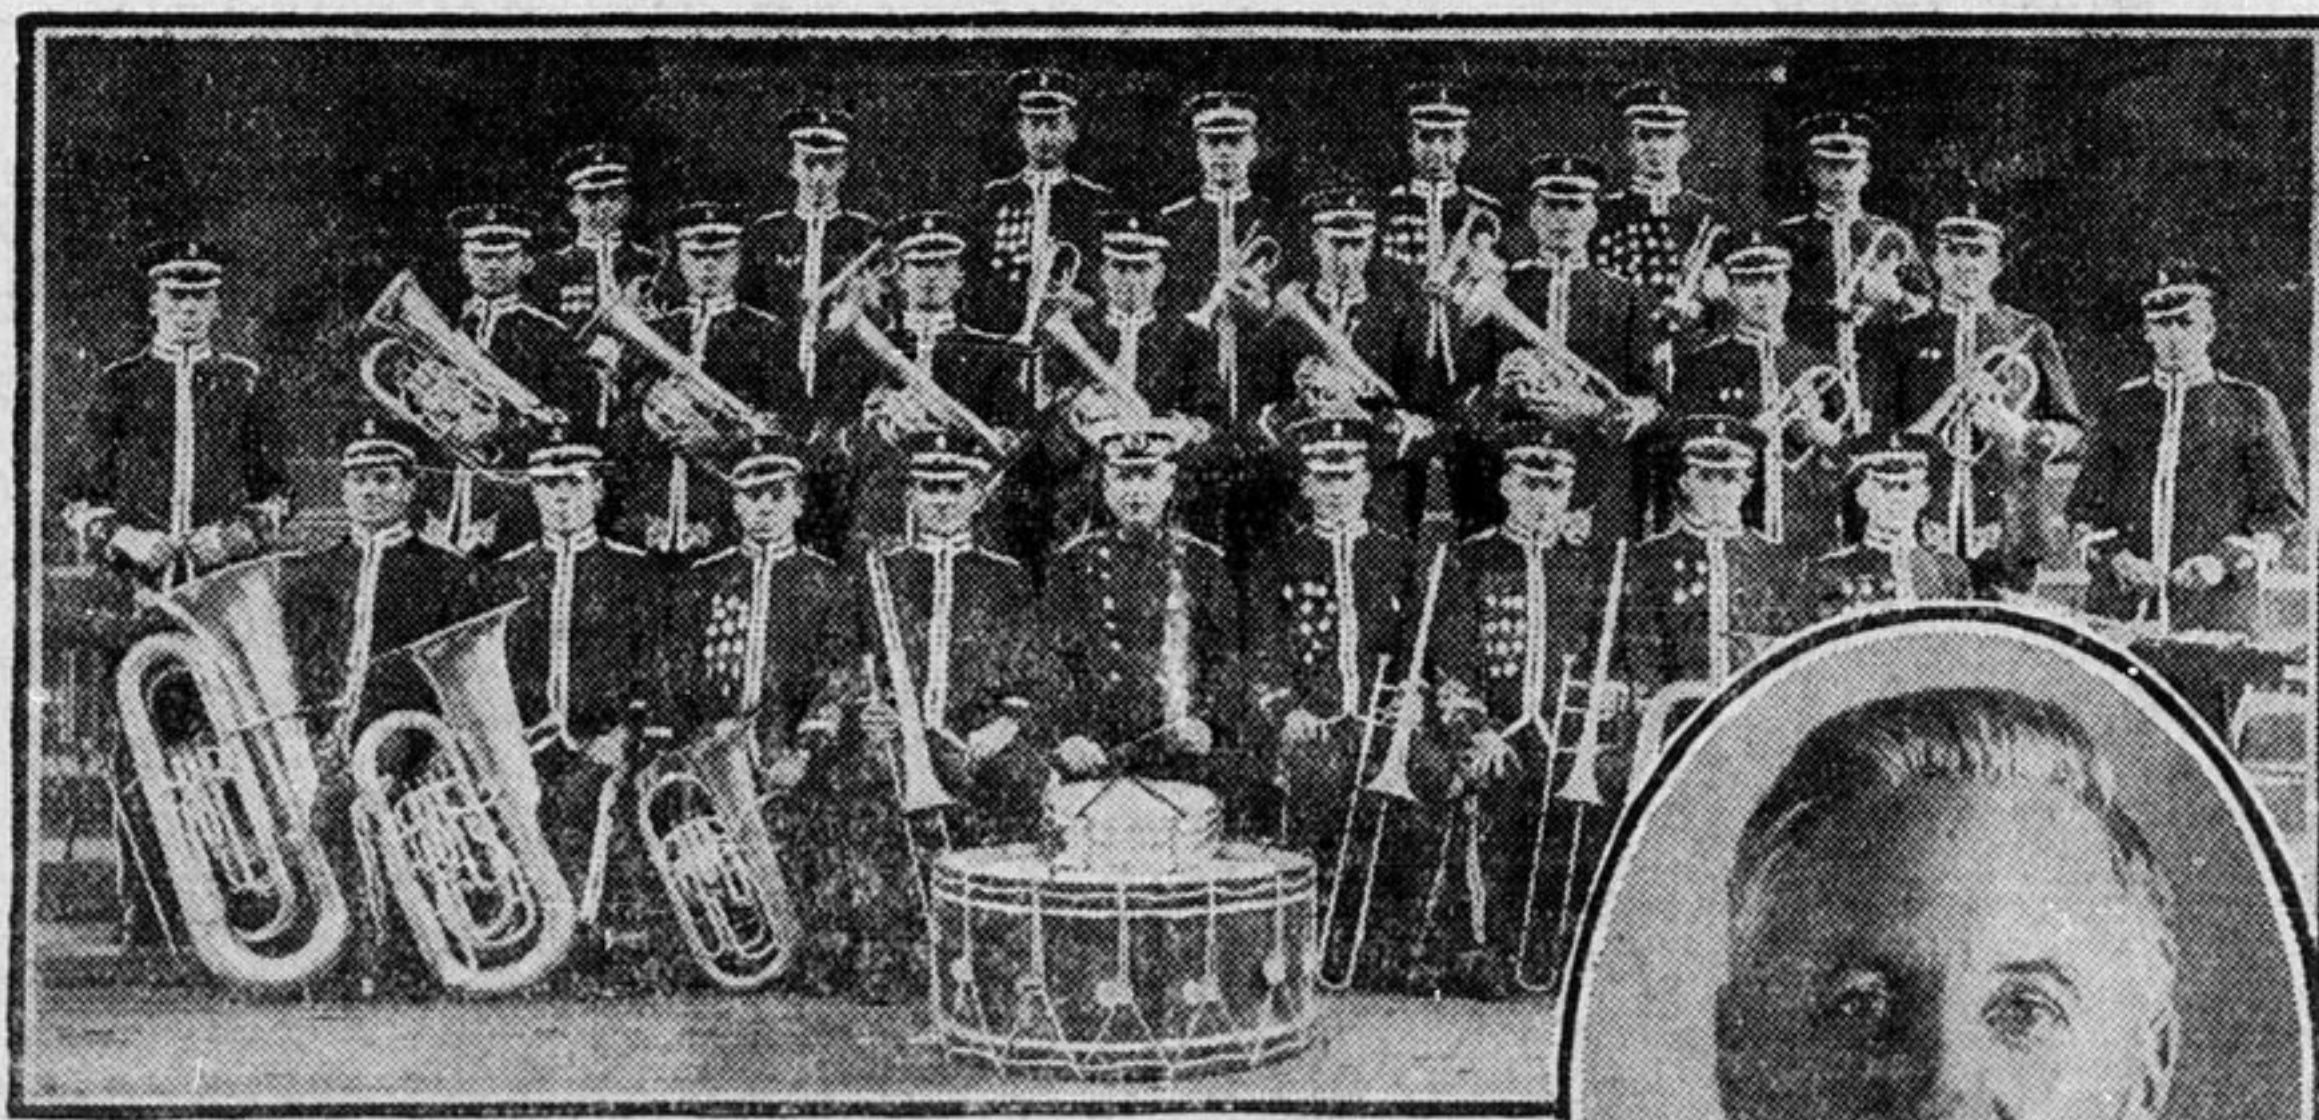

"From present indications it would appear as though close to \$100,000 quarterly will be required from the dividend assurance fund under the present scale of operations. At this rate, the fund would last about five years.

"In the meantime, some high hopes are entertained that the work through the three-compartment winze below the 2,000-ft. level will open the way to new sources of ore. Despite these high hopes, however, there is a feeling upon some of the larger shareholders that it might be a better policy to conserve cash resources in case of a more serious emergency developing. The dividend could be reduced to 25 cents quarterly and would still yield close to 10 per cent. annually on investments in the shares at current quotations. Under a policy of 25 cents quarterly the annual disbursements would amount to only \$953,000. This would be easily maintained and would give the company an opportunity to work off a large amount of low-grade ore which lies in the upper levels.

"Also, the fact cannot be lost sight of that, although Dome backed away from the Red Lake venture, the company is still aggressively engaged in the hunt for new property. Finding property which will develop into a mine, however, is easier said than done, but in a field with such opportunities as Northern Ontario and North-western Quebec have to offer, there is always present a good fighting chance that Dome may yet encounter a lucky turn in the wheel of fortune."

The only excuse for any job is the opportunity it offers to supply the needs of others.—Through The Meshes.

Australian National Band Visits Canada

For the first time in history, the people of Australia have sent out a representative band to Canada. Selected from every state in the Commonwealth of Australia, this group of 25 expert musicians will make a comprehensive tour of the Dominion under the name of "The Australian National Band," giving concerts at the principal cities along the way. They came to Canada directly from England, where they competed in the famous English Band Contest at Manchester. This completed a lengthy engagement in England. Previous to this the band spent six weeks in South Africa and in all, including engagements in Australia and New Zealand, the band has been on tour for the past ten months.

The Canadian tour opened September 25th at Quebec, where the musicians arrived over the Canadian Pacific steamship lines. The reception given to the band at the Ancient Capital was excellent. Complete arrangements for concerts across the Dominion had been made by Lieut. H. Gladstone Hill, director of publicity and manager of the Canadian tour. In Montreal the Australian Band was featured in the McGill University Reunion celebrations on October 4th, to which function the band had been invited as guests. In the afternoon of the same day the band played for the march past of the Ancient and Honorable Artillery Company of Boston, upon their visit to Montreal.

One of the most noticeable features of the band is its versatility, grand opera, church music, and jazz, all being rendered with equal success and skill. When they cross Canada on the Canadian Pacific lines and sail for Australia from Vancouver they will have circled the globe.
