RE-ELECTED PRESIDENT OF THE LANCASHIRE CLUB

Mr. S. Wheeler Voted to Head of Club Again at Interesting Annual Meeting Saturday.

There were about fifty members present at the Hollinger Hall on Saturday evening last for the annual meeting of the Lancashire Club.

Vice-President—Mr. T. Harper was the only nominee, and so was elected by acclamation, no ballot being necessary.

The meeting was opened at 8.15 by a brief address from the President Mr. S. Wheeler, who spoke of the excellent progress of the club during the past year.

The annual report of the Secretary showed a noteworthy improvement in the finances of the club and a generally successful year. The report was duly adopted. In commenting on the statement the President said that at the beginning of his term the committee had carefully considered ways and means to assure success. A certain sum of money had been aimed at and not only had this objective been achieved but he was happy to say it had been exceeded to the amount of about fifty dollars on the right side. He hoped the club would continue its good work and be even better in the coming year than in the past.

The election of officers resulted as follows:

President—Mr. S. Wheeler. There were three nominations for this office,—Messrs Utley, Wheeler and Stanley. Mr. Utley declined on account of business reasons. Mr. Wheeler wished to withdraw and give Mr. Stanley an acclamation, as he considered him a good man for the place. "I have no intention of run-

ning," said Mr. Wheeler. Mr. Stanley, however, objected to any acclamation. An acclamation did not show the feeling of the members, he thought, and he believed an election to be the better way. "I would rather have the feeling of the meeting by a vote," he said, and he urged Mr. Wheeler to stay. Eventually Mr. Wheeler was persuaded, and when the vote was finally counted, Mr. Wheeler was elected again to the presidency.

Secretary-Treasurer—Mrs. T. Richards. Mr. B. Ash withdrew in favour of Mrs. T. Richards as soon as he learned that she would keep up the good work. Her work was specially commended by all.

Ladies' Committee—Mrs. F. Jackson, Mrs. Toye, Mrs. Parnell and Miss Pugsley. By acclamation.

Men's Committee—Messrs B. Ash, T. Toye, F. Kitcher and H. Unsworth.

Mr. Foy suggested that the club take in associate members as there were many who would like to join but could not on account of not being Lancastrians. The discussion brought up the old topic of "invitations." It was decided not to have associate members, but a new plan was adopted in regard to invitations. Under this new plan one invitation is to be given to each member for use at each meeting. The matter was carried unanimously and the matter of its enforcement was left in the hands of the committee to deal with. Mr. A. Raven was prevailed upon to help out by taking on the job of doorman again.

Before the conclusion of the meeting, Nov. 6th, known as past-president Utley, that the next social even-

ing, Nov. 6th, known as past-presi-

dent's and vice-president's night, and

that these look after the programme. The remaining part of the evening was spent in dancing, the A. S. D. orchestra furnishing the latest musical hits.

NORTH BAY RAILWAY MEN DROWNED AT KIPAWA

Taking advantage of the opportunity offered by a lay-over in Kipawa to do some fishing in Kipawa lake, two North Bay men, Conductor W. P. Fleming, aged 41, 211 Fraser street, and Conductor Aime Trahan, aged 39, 29 Front street, both of the C.P.R., were the victims of a double drowning fatality on Wednesday afternoon of last week, when their canoe over-turned. Word of the disaster reached North Bay on Thursday and a later message brought the news that the body of Conductor Fleming had been recovered Thursday afternoon. At a late hour Friday search parties were still busy with dragging irons at Gold Pit Bay, where the tragedy occurred, but Conductor Trahan's body had not been recovered. The cause of the tragedy is a mystery as the men had not been seen from the time they left Kipawa.

GIVEN THREE-YEAR TERM FOR THEFT FROM MAILED

Percy Coffey, postal clerk, aged 32 years, was given three years in Kingston penitentiary by Magistrate S. Weegar on Monday's police court session at North Bay, when the accused through his counsel entered a plea of guilty to a charge of theft from His Majesty's mail while employed in the local post office. He elected to be tried summarily. Crown Attorney T. E. McKee informed the court that the theft probably involved hundreds of dollars obtained through the rifling of some 1,560 letters. Counsel for the accused, Harry Reynolds, stated that it was the first time that the accused had appeared in court. He also stated that Coffey served three years overseas during the Great War. In passing sentence, His Worship pointed out the gravity of the crime committed, but also stressed the apparent good character of the man previous to the apprehension for this offence. After imposing the three-year jail term, the magistrate told Coffey that with good behavior the sentence might be materially reduced.

Sweet Young Thing—"Are you quite sure these seeds will grow into big strong trees?"

Shopkeeper—"Madam, I will guarantee them."

Sweet Young Thing—"Well, in that case I'll take a hammock as well."—London Opinion.

COCHRANE AGAIN URGES COMPLETION TO THE BAY

Question of Railway to James Bay to be Brought to Attention of Ontario Associated Boards of Trade

Cochrane is again earnestly urging the completion of the T.&N.O. railway to James Bay. At a recent meeting of the Cochrane Board of Trade the question was discussed at length. Eventually it was decided to take the matter up at the annual meeting of the Ontario Associated Boards of Trade and Chambers of Commerce at Toronto on November 18th and 19th. The resolution that will be submitted to the Ontario Associated Boards of Trade will be as follows:

"Whereas the T.&N.O. extension north of Cochrane has now reached mileage 68, and the portion of this extension which lies beyond Island Falls, between mileages 40 and 68 is, to all intents, purposeless until further extension is undertaken,

"Whereas the further extension from mileage 68 across to the Matagami river and along this river to the confluence with the Abitibi river and then on to tidewater on James Bay will serve important mining discoveries, now awaiting development until such time as transportation facilities are provided; and

"Whereas the survey for a practical route to tidewater has been completed and approved of for some time back, and everything is in full readiness to make an immediate start, when so authorized by the Government; and

"Whereas other projects and interests, now working towards reaching tidewater by rail, will, if permitted to take priority, detrimentally affect the present extension of the T.&N.O. north of Cochrane, so as to make this portion of the provincial railway practically useless:

"Therefore be it resolved, that in the interests and for the prosperity of the Province of Ontario as a whole, it is essential that the development of the mineral and other natural resources of the James Bay and Hudson Bay slope and the Bay itself, be made possible through immediate access being given in the completion of the T.&N.O. Railway to its logical and long determined terminus on James Bay, and that the Ontario Government be strongly urged to proceed with the outlined work at once."

NATIONAL CONSERVATIVE CONVENTION IN JUNE NEXT

Conservatives plan to choose the new permanent party leader and formulate a policy for the party at a Dominion wide convention to be held in June, 1927.

Party executives of eight provinces have replied to the circular from the Dominion President, John R. MacNeil, asking if it is the wish of the rank and file of the party to hold a Dominion convention and adopt a new policy, and in every case the reply is favourable to the holding of such a gathering.

The replies are all favourable to June of next year as being the best time, and either Winnipeg, Toronto or Montreal as the place of meeting.

Labour is not the child of necessity necessarily.

ALL CORNISHMEN ASKED TO ATTEND F.C. MEETING

Effort to Unite All Cornish Under the Motto "One and All" Extension of Cornish F.C. Approved.

The Advance has received a letter this week relative to the reasons underlying the recent organization of the Cornish Social Club, but this letter is withheld for the present, pending the outcome of negotiations now under way to write all facts under the true Cornish motto of "One and All." The Cornish Football Club is the established body, and has been a success from all standpoints. The majority of those interested in the organization of the Social Club were desirous simply of extending the social relations of the Cornish people here, and it is understood that they did not wish in any way to run in opposition to the Cornish One-and-All Football Club. Some of the officers of the new association are strong on this point of view, and are ready and anxious to co-operate with the Cornish One-and-All Football Club. Effort is now being made to have the two executives unite and work together for "One and All" in regular Cornish way, and avoid any repetition of the working at cross purposes that caused the dropping of the former association here. With the Cornish One-and-All Football Club well-established in popular regard, as well as financially strong, the way should be clear for a particularly strong union of forces, especially as the Football Club is anxious to extend the social features to suit the members and their friends. All should attend the annual meeting of the Cornish F.C. on Friday evening, Oct. 29th, and get in behind the combined Social Club and Football Club to make a great Cornish One-and-All Club here.

C.P.R. EMPLOYEES MEET DEATH WHILE ON TRIP

A party of C.P.R. employees left North Bay for Kippawa to continue dragging operations in an attempt to recover the body of Aime Trahan, of North Bay, who was the second victim of the double drowning fatality there last Wednesday. It is planned to secure the services of a diver in an effort to recover the body. The funeral of W. P. Fleming, whose body was recovered the day following the drowning was held from St. Mary's Roman Catholic Cathedral North Bay.

Tom—"I have found the meanest man at last."

John—"Who?" What did he do?"

Tom—"He's deaf, and has never told his barber."
