TREASURER'S SALE OF LAND FOR TAXES

TOWNSHIP OF CALVERT

District of Cochrane, Province of Ontario

TO WIT:

By virtue of a warrant issued by the warden, Reeve of the Township of Calvert bearing date of the Tenth day of August, A.D. 1926, sale of lands in arrears for taxes in the Township of Calvert will be held in the Municipal Hall of Ansonville, Ont. at the hour of ten o'clock in the forenoon on the 22nd day of November, A.D. 1926, unless the taxes and costs are sooner paid. Notice is hereby given that the list of lands for sale for arrears of taxes is being published in the Ontario Gazette on the 14th day of August, 1926, and that copies of the said list may be had at my office.

Treasurer's Office,
This 14th day of August, A.D. 1926
PAUL DUBE,
Treasurer.

MICHIPICOTEN GOLD FIELD HAS PROMISING OUTLOOK

Writing from Lochalsh, a correspondent of The Toronto Mail and Empire last week said:—"Major-General H. B. Lindsay, a prominent British financier of London, England, visited the Michipicoten gold field recently, and expressed himself as deeply impressed with the outlook for that camp. General Lindsay regretted that pressing engagements in the West made his visit necessarily brief, but voiced the hope that on his return he would be able to cover the field thoroughly. He further stated his intention of making a thorough inspection of the Lochalsh-Goudreau field on behalf of himself and English associates, who are particularly interested in two or three properties in the immediate Lochalsh area, and this General Lindsay hopes to accomplish upon his return from the west coast next month."

ELECTRICAL SURVEY TO BE MADE OF THE DUPRAT

Duprat Mines Company has finally been able to sign up a contract to have an electrical survey made of its Rouyn properties. The Swedish scientific method of electrical prospecting is patented and closely controlled. Machines of this type cannot be purchased. As a consequence, there is a big waiting list of those who are anxious to have their properties explored by this method.

The closing of contracts to explore a property by this scientific method are only possible after a thorough examination of the property has been made. The signing of the Duprat contract is regarded locally as a pretty good indication that the electrical survey will disclose important deposits of ore.

It has been intimated unofficially this week that arrangements are about completed for filing an application to list Duprat on the Standard Stock and Mining Exchange, Toronto, as this is recognized as the primary market for shares of the more aggressive new mining concerns.

POLICE CHASING BAD GUN MEN IN THE NORTH

According to advices from Haileybury last week, Ville Marie police are hunting for two men who are alleged to have robbed a jewellery store at South Temiskaming and to have made their escape into the bush. It had been reported that the robbers had been sighted four miles south of Ville Marie and the chief and another man went in search of them in a motor boat. Sighting the men on the shore, the pursuers turned for the land, but their boat grounded on a sand bar. One of the men, J. A. Bilodeau, jumped into the water and started to wade ashore, but was met by the men, who covered him with rifles and backed him up against a tree and took away his revolver. Subsequently they disappeared into the bush and have not been yet located.

ASSOCIATED BOARDS TO MEET AT COCHRANE, NOV. 12

Many Important Questions to be Dealt with. Also, Election of Officers for the Year.

On Friday, Nov. 12th, the Northern Ontario Associated Boards of Trade will meet in regular session at Cochrane, and will be entertained by the Cochrane Board of Trade. The Associated Boards of Trade is an organization of all the boards of trade of this North Land banded together to secure improvement and advancement to interest to all the different parts of the North. Working together for common interests and purposes, the Associated Boards of Trade has been able to accomplish much for the North Land,—more than most people realize. During the past couple of years it has been active and effective and so deserves special support from all. Every town and village in the North Land should be well represented at Cochrane on Nov. 12th. Mr. Alec. M. Dewar, of Iroquois Falls, who has been the president for the past two years, has devoted a large amount of time and effort and talent to the Associated Boards, and largely through his efforts, backed up by the secretary and other officers, he has been able to accomplish much. There will be very general regret at the fact that Mr. Dewar has announced that on account of the press of business he will be unable to take the position another year. The meeting on Nov. 12th will be the annual meeting with the election of officers for the year, and there will be a general disposition to attempt to urge President Dewar to continue, as so much has been achieved for the good of the North under his regime.

In addition to the election of officers, it is expected that many questions of importance to the North Land will be before the session on Nov. 12th. Roads, fire protection and fire insurance, education, railway facilities and other matters will likely be to the fore with the probability of some new subjects as well as the old stand-bys—that mean so much to the North.

WRIT ISSUED AGAINST THE TOWNSHIP OF TECK

The Northern News last week says:—"A writ has been issued against the Township of Teck by Alexander G. Berry, Maud Berry and William Berry, the owners of Claim No. 1439, located at Mardock Creek in the Township of Teck, upon which the township are erecting one of the septic tanks for sewer disposal in the new waterworks system. The complainants, in their writ, claim trespass and damages without notice or compensation to them as owners of the property. The writ also claims an injunction restraining the township, or its agents, from entering the claims. Gerald D. O'Meara, Kirkland Lake, acting for the owners, issued the writ."

places with as little noise and trouble as possible. And this not only for the sake of those already seated but for the players' sake also. It must be a most disturbing experience to act to the accompaniment of seats being banged down and whole parties settling themselves into their places."

Leading Second Hand Store in Timmins

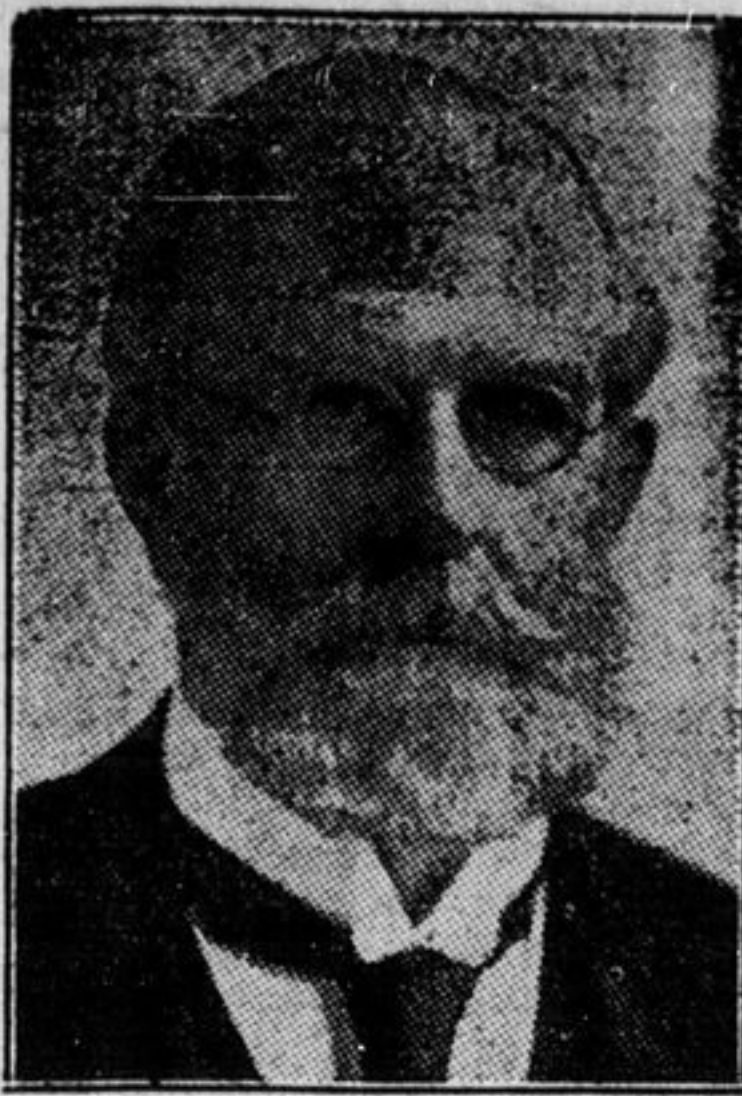

We carry the largest stock of house furniture. Don't buy or sell before you see me. Our terms are very reasonable. We deliver furniture outside of town.

TIMMINS AND KIRKLAND LAKE

WHY CONSIDER THE SECOND-HAND MAN?

When leaving town and selling off your household effects, why trouble with the second-hand man? He gives you just as little as you'll take—and no more. Bring your furniture, etc., to the Auction Mart where it will be promptly sold off at good prices—and immediate settlement follows the sale.

23 t.f.

SIR WILLIAM MULOCK

He is mentioned as the likely successor to the Hon. Henry Coekshutt as Lieutenant-Governor of Ontario.

PROMINENT FINANCIAL MEN MAY VISIT NORTH

The Northern News last week says:—"H. D. Burns, Toronto, assistant general manager of the Bank of Nova Scotia, paid a brief visit to the Cobalt camp this week during a trip he has been making through the north. Mr. Burns, who was accompanied by Mr. A. F. Brigham, of the Hollinger, was the guest of the T. & N.O. Commission. It is expected that, toward the end of the present month a party of prominent financial men, travelling in a special car, will make a tour through the district, and that in the company will be a number of the directors of the Bank of Commerce. The local office of this institution has no information on this point yet, it was stated to-day."

BISHOP SPEAKS WELL OF SCHOOL AT SIOUX LOOKOUT

The Bishop of Keewatin has recently expressed his pleasure in regard to the excellence of the new Indian residential school built by the Dominion Government for the education of the Indian children in the Diocese of Keewatin. The school is now practically complete, and is situated in the Lac Seul area near Sioux Lookout. The Bishop refers to the comfort and modern type of the buildings and the beauty of the location. Fourteen acres of land have already been cleared and the plan is to clear another thirty-six acres for the requirements of the school. The main building is four stories high and is an impressive looking structure. Rev. J. F. Marshall is the principal of the new school.

RUMMAGE SALE DREW BIG CROWDS LAST SATURDAY

The rummage sale, under the auspices of the Ladies of the new R.C. church of Timmins, drew unusually large attendance and was an all-round success. A neat sum was netted from the event, and everybody was well pleased. The ladies in charge are certainly to be commended and complimented on the big success achieved by this event. The sale was held in the store in the Gordon block, recently occupied by Rinn Bros., and soon to be the Golden Hub Ice Cream Parlour and Tea Room. The store was packed with a great variety of goods, but the stocks did not remain long. By noon the goods were greatly reduced and before evening practically everything was sold.

At 7.45 there was a crowd in front of the store waiting for the sale to open and by a few minutes after eight the crowd was blocking the sidewalk. The good attendance kept up practically all day, and the event was conceded to be one of the most successful of its kind ever held here.

The Northern News last week says:—"Miss Greta Dempsey returned Monday from a two weeks holiday spent with friends and relatives in Timmins and Cochrane."

WHETHER in the theatre or at home, bobbed hair is the most comfortable, captivating and convenient mode of hairdressing. Our "Bobbers" are experts, well-trained, and reliable. Great care is shown to each individual. Visit our shop.
