

LET GEORGE DO IT!

WHY send outside for that printing you need in the operation of your business? Let George do it. The Advance office is fully equipped to handle almost any class of printing and is completely staffed in all departments. Phone us and an experienced representative will wait upon you promptly with samples of paper, prices, etc., and if required practical suggestions for the well-being of your proposed work. Then if you so desire, a proof will be shown you for your approval before completion of the work. By this means you are sure of getting your printing the way you want it, and we'll see that you'll get it just when you want it.
