

Grand Concert by Pupils of South Porcupine School

To be Given at Early Date. Likely to Included Operetta, "The Magic Ruby." Collision of Cars Saturday Resulted in Considerable Damage to the Cars, but Fortunately No Serious Injury to Occupants. Other South Porcupine News.

South Porcupine, Oct. 20th, 1926. Special to The Advance. Ankerite Gold Mines. Rev. Mr. Alexander, of Monteith, took charge of the services in the Anglican church on Sunday and was listened to by a very appreciative congregation. Capt. Johns is quite ill at his home at the Dome Mines.

Mr. Brooks, of Sudbury, is visiting his son, Mr. Clifford Brooks, at the Dome. Mr. Herb. MacIntosh has sold his residence on Strachan Ave., to Mr. Cecil Kavanagh. This is the cosy home that was formerly built and owned by Mr. J. Rhodes. We hear that Mrs. R. Bowes is improving nicely after her operation at the Presbyterian Hospital.

Mr. W. Donoghue has again gone to Toronto for treatment by a specialist. Mr. W. Kellow has returned to his home at the Dome Extension after a two weeks' vacation in Toronto.

Master Reg. Butler, of the Dome fell at school and cut himself on a piece of rock. Blood-poisoning has developed and he is under the care of two doctors at the time of writing, and in a very serious condition.

On Saturday evening one of the local jitney drivers collided with a privately-owned car on Bruce avenue in front of Jas. Alexander's residence. Both cars are decidedly the worse for the mix-up, but luckily none of the occupants of either car were badly injured. One of the passengers of the jitney, who had just got into the car about three minutes before, got a rather unpleasant smash in the face that drove his tooth through his lip, but as he was in the front seat when the two cars met he thinks himself lucky, to be no worse.

Word was received at the Dome Extension this week that a young son had arrived at the home of Mr. and Mrs. R. Heard, now in England. Mr. Heard was formerly a stoop boss at the Dome Mines and their many friends here will be glad to congratulate them.

Master Jimmie Phillips, of the Dome Extension, is recovering nicely from his recent illness.

Mrs. A. Woods, Sr., is visiting friends in Timmins this week.

Mr. Stern, of Kapuskasing, was a visitor at the home of Mr. and Mrs. Sol Sky on his way to Toronto. Mr. Stern was formerly in charge of Sky Bros. store here.

Mrs. MacFarlane, of Renfrew, is a visitor at the home of Mr. R. Bowes. Miss Dorothy Woods, of New Liskeard, has been on a visit to her grand parents, Mr. and Mrs. A. Woods. Word has been received that Mrs. R. Mitchell is leaving England on Oct. 24th to return to her home at the Dome.

Mr. Sam Lloyd is the latest to install a radio at the Dome Extension. He is wondering how he can surpass the one installed by J. Porter.

Mrs. A. E. Chambers, of the Dome, in on a two months' vacation to Toronto. A number of friends from Schumacher planned a surprise party for Mr. and Mrs. Varker at the Dome Extension recently. A lively time was enjoyed by all.

Mrs. Sandy Hogg is enjoying a holiday trip.

The pupils of the Public School under the direction of Miss Burns, are preparing for another grand concert. We believe their operetta this time is entitled, "The Magic Ruby." Those who remember their success two years ago will be eager for the presentation of this play.

Mr. and Mrs. Harry Greweoc have moved into their new residence on Connaught Hill.

Mr. F. Neimen of this town, was taken into custody on a charge of high-grading last week. We understand that a search of his premises being made nothing was discovered by which to prove him guilty and it remains to be proven whether the compromising situation in which he was discovered was sinister in its purpose or purely accidental.

His many friends are glad to see Mr. Martin Harkness around again after his recent attack of pneumonia.

At the police court last week two speeders were fined; also two drunks paid the usual penalty; one local firm charged with illegally having liquor for sale, and a citizen charged with illegal possession of liquor both had their cases adjourned for one week.

Mr. Jos. Rutherford is in town from Red Lake.

Mrs. J. Ireland was in Haileybury on a business trip last week.

Mrs. A. Kineaid was quite ill this week but is recovering.

Mr. H. M. Wilson has returned from a business trip to Toronto, week but it recovering.

Born—At the Presbyterian Missionary Hospital on Friday, Oct. 8th, to Mr. and Mrs. Clark (Schumacher) a son. Congratulations.

OFFICERS ELECTED AT THE TEACHERS' INSTITUTE

The following were the officers elected at the recent annual convention of the Teachers' Institute of North Temiskaming and Cochrane District:—
Hon. President—Mr. L. A. Marlin, Cochrane
President—M. H. H. Carlyle, Cochrane
Vice-President—Miss G. D. Everett, Timmins
Secretary—Mr. A. E. Robinson, Cochrane
Treasurer—Mr. L. A. Marlin, Cochrane
Librarian—Miss M. Fligg, Timmins
Executive Committee—Mr. Bush, Schumacher; Miss Rooney, South Porcupine; Miss Roberts, Smooth Rock Falls.

PRACTICALLY ALL GROCERY STORES CLOSED WEDNESDAY

Although the by-law is not yet passed, the grocery and meat stores in Timmins this week showed they were in earnest in regard to the Wednesday half-holiday the year round. Early this week they had a conference and decided they would close voluntarily this week and next and then the by-law would be in force and effect from then on. As a consequence of this decision practically all the staffs of the grocery and meat stores had the advantage of the beautiful afternoon yesterday, and the inconvenience to the public was practically negligible. The public are accustomed still to the summer half-holiday and so find the continuance of the early closing of no particular annoyance. Certainly, the advantage to the stores and staffs is worth a lot. It is to be hoped that the other stores will follow the good example of the grocery and meat stores and inaugurate a general half-holiday each week the year round. The stores would find that they would do as much or more, business in the shorter hours; it would mean better service for the public because of the added zest and interest of the staffs of the stores; and the staffs would be benefited by a deserved reduction in hours. Probably the general public would be the most benefitted, for every betterment in conditions in one line of labour tends to set better standards all round and so improves conditions in every other line of employment.

T.&N.O. COMMISSION AND GUESTS TOUR THE NORTH

The North Land Post, of Cochrane last week says:—

"The T.&N.O. Commission arrived in Cochrane on their official tour of inspection on Wednesday afternoon and after taking the trip to mileage 42 stopped here overnight and left yesterday morning for Timmins.

"Besides Chairman Geo. W. Lee and Commissioners Col. J. I. McLaren and Col. L. T. Martin the other officials on board were Mr. W. H. Maund, Secretary-Treasurer of the Commission, and Mr. Harold Lamb.

"Accompanying the Commission were Mr. Herbert D. Burns, Assistant General Manager of the Bank of Nova Scotia in Toronto, his son Mr. Latham Burns, connected with the bond firm of R. A. Daly & Co., Toronto, and Mr. T. S. Atkinson, Manager of the Bank of Nova Scotia in North Bay, formerly Manager of the Bank of Ottawa in Cochrane.

"Mr. Burns has just completed a tour through the Western provinces, after making the tour through the Maritimes and Quebec province, so that with his present trip through Northern Ontario he has completed his tour through the Dominion. While he has travelled the Dominion repeatedly to get the larger outlook on general business this is the first time that he has visited the North and he is decidedly optimistic with regard to the outlook for progress and development here. His present trip has been a great eye-opener to him. He is enthusiastically supporting the project of "On to the Bay" and looks forward to an early resumption of the work on the extension of the T.&N.O.

"Mr. Atkinson, one of the early citizens of Cochrane, was astounded at the progress made in settlement north of Cochrane. This is his first visit here since he left shortly after the 1916 fire and the extent of the farming development in Glackmeyer and Clute simply amazed him. "The Commission is well satisfied with the year's business and expects to be able to hand the province a cool million at the end of this month, the close of the fiscal year, as this year's surplus.

Born—At Mrs. Goulet's Hospital, Timmins, Ont., on Sunday, Oct. 17th, 1926 to Mr. and Mrs. H. A. Ogilvie, a daughter (Elizabeth Geraldine).

MAN TRIED TO CHOP HIS OWN HEAD WITH AN AXE

Joe Markovitch in Hospital Under Guard After Odd Experience With Himself.

On Tuesday morning at about half-past ten the police had a call to the corner of Sixth avenue and Maple street, where a man was reported as having killed himself by chopping his own head with an axe. Hurrying to the scene the police found Joe Markovitch, a big and heavy-built foreigner lying in a woodshed, with blood spattered all around him. He had an axe in his hand and with this he was hitting himself on the head. When the police arrived the big fellow was weak from loss of blood that he had passed the stage where he could do himself much harm, but still he was doing the best he could,—chopping at his head with feeble strokes with the axe. Officer Pearce and Mr. R. Allen quickly disarmed Markovitch and took him at once to the Providence Hospital to have his wounds dressed. He had several cuts on his head, one particularly bad one on the top of his head requiring several stitches to close the wound. One of his eyes was also badly binged up, apparently from a glancing blow from the blunt side of the head of the axe. He had come close to knocking the eye out altogether. There were also a couple of little slices taken from the side of his head. There were five men standing around when the police arrived, but all of them had apparently been afraid to interfere with the self-chopper, the big fellow with the axe no doubt looking like an uncomfortable man to bother. The man will recover from the injuries received, but is still in the hospital under guard. He will be charged with attempting to commit suicide, this charge being laid against him on Tuesday when he was taken in charge. It is said that the man has been drinking lately and also that for some two or three weeks past he has been acting peculiarly. A man who will lie on his back and chop at his own head with an axe must have a queer sense of humour at the least.

STOCK-REDUCING SALE AT N. ANSARA'S STORE

The Stock-Reducing Sale at N. Ansara's store, which commenced on Saturday last, is meeting with much success, large numbers being attracted by the striking values offered. Owing to the recent death of Mr. N. Ansara, it has been found necessary to materially reduce the big stocks of general dry goods on hand, and the firm has taken the right way to do this in making sweeping reductions in prices and advertising the bargains offered.

Poultry fanciers in this North Land will be interested to know that "The Final Announcement and Programme" of the World's Poultry Congress to be held at Ottawa, Canada, July 27 to August 4, 1927, will be available for distribution on or about December 1st next. Copies may be obtained from National Congress Committees, British Consulates, Canadian Trade Commissioners, or from the Secretary, World's Poultry Congress, Ottawa, Canada.

No More Piles

Pile sufferers can only get quick, safe and lasting relief by removing the cause—bad blood circulation in the lower bowel. Cutting and salves can't do this—an internal remedy must be used. Dr. Leonhardt's Hem-Roid, a harmless tablet, succeeds because it relieves this blood congestion and strengthens the affected parts. Hem-Roid has a wonderful record for quick, safe and lasting relief to Pile sufferers. It will do the same for you or money back. Moisesly & Ball and druggists anywhere sell Hem-Roid with this guarantee.

Quick Relief for Rheumatics

If you suffer from torturing rheumatic pains, swollen, twisted joints, and suffer intensely because your system is full of that dangerous poison that makes thousands helpless and kills thousands years before their time, then you need Rheuma, and need it now. Start taking it to-day. Rheuma acts at once on kidneys, liver, stomach and blood, and you can sincerely exclaim: "Good riddance to bad rubbish." Many people, the most skeptical of skeptics right in this city and in the country hereabouts, bless the day when Moisesly & Ball and other druggists offered Rheuma to the afflicted at a small price and guaranteed money refunded if not satisfied. If you have rheumatism get a bottle of Rheuma to-day.

NEW PULP AND PAPER MILL
Vancouver, British Columbia.—Negotiations are reported under way for a pulp and paper mill, costing \$30,000,000, at Prince George, close to the junction of the Fraser and Nechako rivers. The locating of this mill in the interior of the province is something of a new departure; previous mills being located along the coast.
