

Your favorite cereal

is made in Canada of Canadian wheat—and it's the whole wheat, nothing added, nothing taken away. The process by which **SHREDDED WHEAT** is made is the most perfect process ever devised for making the whole wheat digestible. For thirty-five years it has been the favorite in millions of homes. No other process can be compared with it. The flavory shreds are full of nutriment and their crispness encourages thorough chewing—that's what makes it a wonderful food for children. Our shredding and baking retain the rich mineral salts and the vitamins—also the bran which keeps the bowels healthy and active. Eat it dry toasted with butter, or as a hot porridge or simply pour hot milk over it.

ONTARIO VOTERS' LISTS REVISING COURTS HERE

Sittings of Revising Officer in This Riding for Coming Provincial Election.

His Honour Judge J. B. T. Caron is chairman of the election board for the District of South Cochrane in the approaching Provincial elections, and has announced the sittings to be held in this riding of the Revising Officer, under the Ontario Voters' List Act. As will be seen by the advertisement elsewhere in this issue notice is given that sitting of the Revising Officer for the purpose of hearing complaints or appeals with regard to the voters' lists to be used at the coming Provincial elections for this riding will be held at the times and places noted. In each case His Honour Judge Caron is the Revising Officer.

Judge Caron will be at the town hall, Timmins, on Tuesday, Nov. 16th, at 10 a.m., for the hearing of appeals for this municipality under the Ontario Voters' Lists Act. His clerk will be H. E. Montgomery.

At South Porcupine, Wednesday, November 17th, at 8.30 p.m., for the township of Tisdale. F. C. Evans, clerk, South Porcupine.

At Porcupine, on Thursday, November 11th, at 9.00 a.m., for the township of Whitney. J. M. Nicolson, clerk, Porcupine.

At the town hall, Matheson, on Wednesday, November 10th, at 1.30 p.m., for the town of Matheson. F. R. Ginn, clerk, Matheson, Ont.

At the town hall, Iroquois Falls, Tuesday, November 9th, at 1 p.m., for the town of Iroquois Falls. A. J. Hodgson, clerk, Iroquois Falls, Ont.

At the town hall, Ansonville, Friday, Nov. 12th, at 1 p.m., for the township of Calvert. Paul Dube, clerk, Ansonville.

At the town hall, Kirkland Lake, on Thursday, November 18th, at 2 p.m., for the township of Teck. Township Clerk, Kirkland Lake will be the clerk.

Those desiring to have names added to the list or taken from the list, may, at any time prior to the third day immediately preceding the sitting of the Revising Officer appeal in writing on the prescribed form, signed in duplicate by the complainant, and given to the clerk of the revising officer, or left for him at his address.

Those who desire a vote at the coming Provincial elections should see that their names are on the voters' lists. Do it now!

According to the annual report of the Sudbury District Jail it only costs 21½ cents per day for rations for the prisoners in that institution. It is questionable whether this is something to be proud of or not. The cost of rations at North Bay jail is said to be even less. Economy is very commendable but at the same time even prisoners are entitled to a square meal and a square deal, and the country can not afford to give them less.

NEW OFFICERS ELECTED FOR THE CURLING CLUB

Mr. J. Knox is President; Mr. I. Solomon, Vice-President; and Messrs Lang, Rinn and Marshall on the Board.

At a meeting of the directors of the Curling Club held last week, Mr. J. Knox was elected president; Mr. I. Solomon was elected vice-president; the three remaining gentlemen on the board of directors are Messrs W. R. Rinn, A. W. Lang and H. J. Marshall. Chas. G. Pirie was appointed secretary-treasurer in succession to Mr. S. R. McCoy, who was secretary during 1925-1926.

It is expected that the curling season for this term will start about the first of December, weather, of course, permitting. But for that matter, just as much, "of course," weather permitting it will start even earlier, for the curlers all feel that "you can't get too much of a good thing."

The present membership of the Timmins Curling Club is 155, this number being the limit of those that can be accommodated now.

KOSHER TURKEYS FOR CHARITY TURKEY STAG

Because of the generous support given by every class in the community to the Charity Turkey Stag Party, it is earnestly desired to accommodate everybody so far as possible and to even foresee and gratify any wishes even before they may be expressed. Accordingly last week Mr. A. Laprairie announced that this year it was arranged that there should be a number of Kosher turkeys for those of the Hebrew faith.

IT MIGHT BE A TOAST TO CANADA?

"This is the word that year by year. Every one of her sons must hear, And none that hears it dare forget. This they all with a joyful mind Bear through life like a torch in flame, And fling to the host behind—'Play up! Play up! And play the game!'"

—Sir Henry Newbolt.

A commercial traveler, visiting a large insurance office, boasted to the manager that he could pick out all the married men among the employees. Accordingly, he stationed himself at the door, as they returned from dinner, and mentioned all those he believed to be married. In almost every case he was right.

"How do you do it?" asked the manager.

"The married men wipe their feet on the mat; the single ones don't." —Western Christian Advocate.

I've allus noted great success Is mixed with troubles more or less, And it's the man who does the best That gets more kicks than all the rest.

—James Whitecomb Riley.

Bing: "I see that the Vancouver Province has a man on the staff who is going to try to live on onions alone."

Sting: "Well, any man who will try to live on onions ought to live alone."

Exchange.

TWO LINEMEN KILLED AT THE FALLS THIS WEEK

Double Tragedy Through Oil Switch Out of Order on Electric Light Line to Ansonville.

Two linemen of the Abitibi Power & Paper Co. electrical staff were killed this week on the line to Ansonville. The Broke Hustler gives the following account of the double tragedy:—

One of the most tragic happenings of recent years in Iroquois Falls was on Sunday night and Monday forenoon when Arthur Ouellette, lineman for Ansonville and Thomas F. Flowers, foreman lineman with the Abitibi Company, lost their lives.

On Sunday night there was some trouble on the electric light line between the mill and Ansonville. Mr. Ouellette was looking around for the trouble and went up the pole nearest the Wye where the Wye takes over the current and where they have a switch for that purpose.

On Monday morning early his body was discovered resting on the platform just below the switch.

A crowd gathered and a telephone call sent to the mill as there was no one there who could go up the pole. This was at 10.00 a.m. Elliott Little and George Gauthier went down, the coroner and doctor being there then. They removed the body and lowered it to the ground where the doctor's examination showed burns on the hands and distinct evidence of death by electric shock.

At 11.00 a.m. a gang of men under Mr. Flowers, the lineman foreman were sent to ascertain what was wrong. Mr. Flowers went up the pole himself to the platform. George Gignac and John Shorkey were standing below and heard him say, "Oh!" and he then fell backwards, hitting his head on the coal pile. Dr. Young was called and found the same burns on the hands and evidence of death from electric shock.

Immediately the current was cut off and Superintendent Thistlewaite and Elliott Little went out to test the line in every possible manner to ascertain the cause of the accident.

The pole on which the accident occurred is the last pole on the Company line to Ansonville. It is on this pole that Ansonville takes the current over and for that purpose they have installed an oil switch between the Co.'s wires and their own. This switch is hung in between two cross pieces by metal strips, one of the strips touching the metal brace on the lower crosspiece. Something in the oil switch burned out and made the whole switch alive which in turn made the brace on the lower cross piece alive. In order to get up to look at the switch the linemen grasp this iron brace while standing on a similar iron brace of the cross piece below. This iron brace in turn is grounded by a telephone wire which runs down the pole and connects up with the pumphouse, so that standing on this cross piece, a man touching the iron brace connected with the switch would get the full 2200 volts.

Mr. Ouellette was unmarried, but Mr. Flowers leaves a widow and one young girl. The sympathy of the whole community goes to both families in their extremely sad bereavement.

Mr. Flowers was one of the first to sign the Group Insurance plan so that from that source alone there is a payment of \$2,000 due in addition to his private insurance.

The New Liskeard Speaker last week says:—"The Speaker sent a box of Liskeard products to the National Railways, Ottawa to be placed on exhibition and has received the assurance that the exhibit, consisting of potatoes, onions and apples, is 'attracting considerable attention, and will result in good advertising.'"

ONTARIO'S MINING LANDS

An attractive field is offered to the prospector in Northern Ontario. Seventy per cent. of the entire north-land is underlain with pre-Cambrian rocks, in which occur the nickel mines of Sudbury, the silver deposits of Cobalt, South Lorrain and Gowanda, the gold of Porcupine and Kirkland Lake, copper on the north shore of Lake Huron, and iron in Michipicoten and other areas.

Ontario is now one of the leading sources of gold, being outranked only by the Transvaal and United States. In 1925 the production was valued at \$30,207,545 over 83 per cent. of the entire output of Canada. The nickel mines of Sudbury produce 96 per cent. of the world's requirements of that metal. The silver output in 1925 had a value of \$7,084,864. Dividends and bonuses paid by gold and silver mining companies to the end of 1924 amounted to \$140,289,729.

Assistance is rendered by the Government in the way of cutting trails, cleaning streams and building roads, in order to afford access to mining claims or areas, and where a district proves its ore deposits to be of sufficient value and extent to warrant the expenditure, it is provided with railway communication. The Temiskaming Testing Laboratories at Cobalt are equipped to sample ores, and provision has been made for the purchase of gold ore.

For lists of publications, geological maps and reports, copies of the mining laws, and other information apply to

THOS. W. GIBSON,
Deputy Minister of Mines
HONOURABLE CHAS. McCREA,
Minister of Mines
Toronto Ontario.
