A.S.D. CLUB ELECTS ITS OFFICERS FOR THE YEAR

Mr. A. W. Pickering the New President. All Officers Elected by Acclamation

The annual meeting and election of officers of the A.S.D. Club was held last night in the Oddfellows' Hall here. There was a good attendance of members, and the new committee is representative of the membership of the Club.

Immediately after lunch the meeting was called to order by president Chas. G. Pirie, and the minutes of the last annual meeting were read and adopted. The secretary-treasurer, Mr. A. W. Pickering, then presented the financial statement of the Club and this was also adopted as read. The By-laws and Constitution of the A.S.D. Club were then read. Before calling for nominations Mr. Pirie expressed his appreciation to both the members of the executive and club for the splendid co-operation always shown. The election of officers then took place. The officers were all elected by acclamation, a ballot being necessary for the members of the executive committee.

The following are the officers of the A.S.D. Club for the coming year:—President—A. W. Pickering. Vice-President—J. M. Belanger. Secretary-Treasurer—F. Lehan. Past President—Chas. G. Pirie. Executive Committee: Misses Nellie Studor, Velma McCandie, Dorothy Porter, Ruby Hawkins, Messrs J. Cran, F. E. Cooper, J. Jacobs, H. V. McCurdy.

A vote of thanks was extended the past president of the club.

Mr. Pickering, the new president in a few words asked the co-operation of every member of the Club, stating that one officer could not do everything, and that the only way the Club could be a success was that every member co-operate with the committee in charge to the best of their ability. Mr. J. M. Belanger, the new vice-president, spoke along similar lines, adding to the great astonishment of all that he was in the Whiskerino contest.

The dance programme for the evening consisted of the usual dances, and a very pleasurable time was had by all attending. The best of music was provided by the A.S.D. orchestra. Miss Nellie Studor looked after the arranging of lunch in her usual capable manner.

The new executive will meet shortly to draw up a schedule of meetings for the remainder of November; in the meantime the meeting next Wednesday will be a regular night.

At present a new cable is being put in to Schumacher. The poles on Spruce street are all being changed. Twelve street lights the same as those at the corner of Pine and Third have been ordered. VICTORIAN ORDER NURSE TAKING UP DUTIES HERE

Miss Elliot Arrives Here This Week to Take up V.O.N. Work Here

Miss Elliot, an experienced and talented nurse, coming here with the highest recommendations, arrived this week in Timmins to take up the work of Victorian Order Nurse here. Miss Elliot will take up the work at once. In other towns the Victorian Order of Nurses has given the most valuable services to the communities served, and there is no doubt that the V.O.N. nurse here will also prove a very valuable acquisition to the town. The V.O.N. nurse will have her office for the present in the Clinic, Fourth avenue, next to The Advance office. She will be available for those wishing nursing services. The principle upon which the V.O.N. works is that those able to pay for the services at regular rates do so; those who can pay part of the regular fees are expected to contribute to this extent; and those who can not pay at all will be assisted in any case.

There will be a number of names before the convention, but no doubt the choice of the convention will get the heartiest support of all. Each local branch of the party, registered with the district association before Nov. 1st, is entitled to one delegate for every 25 votes, or fraction thereof up to and including 200 names, and to one delegate for each 50 or fraction thereof over 200. TIMMINS CONSERVATIVES STRONG ENDORSE KENNING

Meeting Tuesday Evening Decides to Back A. F. Kenning as Candidate for Riding.

A largely attended meeting of the Conservatives of Timmins was held in the New Empire Theatre on Tuesday evening, with Mr. H. Hucklebone in the chair. A resolution was put before the meeting that the Conservative Association of the Town of Timmins decide upon one man to support for the convention at Matheson next Tuesday to select a candidate for this riding for the Provincial elections. Two names were placed before the meeting—those of Mr. A. C. White, of Hoyle, and Mr. A. F. Kenning, of Timmins. After the two had addressed the meeting, a vote was taken, 167 of those present favouring Mr. Kenning and 17 being for Mr. White. It was decided to centre all support from the town of Timmins upon electing Mr. Kenning at the convention Tuesday. Mr. White has a large following in other parts of the riding and will, it is understood, allow his name to go before the convention. The decision, of course, rests with the convention, and the decision Tuesday evening here was for the guidance of delegates from Timmins, and to learn the feeling of the Conservatives in this town in the matter. Mr. Kenning is well known all through the North and will receive considerable support from all over the riding. Mr. R. Potter, of Matheson, is another understood to be strongly in the running, so far as the convention is concerned. It is practically a certainty that the candidate selected by the convention will be given the heartiest support of all.

JUVENILE NIGHT AT THE BAND CONCERT SUNDAY

Programme for Event in the Goldfields Theatre Sunday Evening. After the Church Services, Should Please All.

There should be a large attendance at the band concert Sunday evening, Nov. 7th, in the Goldfields Theatre, after the church services. It will be Juvenile Night and there will be a number of attractive selections, vocal and instrumental, by youthful artists of talent in the town and district. Among the young people of Timmins and neighborhood there is a surprising amount of musical talent, well developed by competent instructors, and a Juvenile Night programme consequently is practically certain to be one of special excellence. Leading young artists of the camp will provide the general programme for the evening, and judging from the last Juvenile Night, and other similar programmes, the Sunday evening concert should delight all. In addition to the selections by the young people, there will be a number of selections by the Timmins Citizens' Band. The Band is particularly interested in developing musical talent among the young people and will give special thought and care to making their own part of Sunday's programme worthy of the occasion.

LADIES' BASKETBALL HALLOWE'EN MASQUERADE

The Halloween Masquerade Dance given in the Hollinger hall on Friday evening last by the Ladies' Hollinger Recreation Basketball Team was an outstanding success and a very pleasing and enjoyable event. There was a large attendance, with many very clever costumes and designs. The hall was appropriately and artistically decked for the occasion and everything about the pleasant evening was a credit to all concerned.

Councillor Longmore Shows Inaccuracies of the Report

Criticizes the So-Called Provincial Auditors' Report. Clerk Names Mayor as Stopping Tax Collection. Another Lively Session of Town Council. Councillor Drew Asks for Information from Assessor.

The regular meeting of the town council on Thursday evening was much enjoyed by the crowd gathered for this amusement feature. The crowd frequently registered its disapproval of the stand of the "new" councillors and its approval of Councillors Longmore, Drew and Bacon.

One of the features of the evening was Councillor Longmore's effective attack upon the so-called Provincial auditors' report. He characterized the spending of \$4520.00 for this report as unjustified, and the report itself, he said, was most inaccurate and misleading due to either incompetence or bias. He pointed out that the references to the amounts due the public and high school and the amounts said

to be owing by the separate school were misleading. The school boards asked for certain appropriations, and these appropriations were paid to them as they required them. He showed that while the report claimed that there were no statements of materials on hand in the works department, such statements were kept and were on file and available to the auditors. He quoted the report as claiming that there was nothing to show what was covered by the debenture rate, while elsewhere in the report it was apparent that the auditors had the information at their disposal. The tax notices set all the rates out quite plainly. He pointed out that the auditors had put debentures in the local improvement debenture rate that were not local improvement debentures at all. "If there are all these mistakes in the one department what value is the report?" asked Councillor Longmore.

Councillor Longmore also insisted that the clerk name the member of council who had interfered with the collection of taxes. Eventually the clerk named Mayor Dickson as the man. The clerk said that his statement had been that members of council in the past had had too many friends apparently. By this, he meant past months and not past years or councils, he said.

The Mayor and other members of council defended the audit and everything. The Mayor again lamented that there was co-operation lacking.

Councillor Bacon was appointed as the representative from Timmins to meet Hon. Forbes Godfrey, Minister of Health, at North Bay.

On motion of Councillors Longmore and Bacon, the waterworks by-law was amended as follows:—Rate for schools to be \$7.50 per room per quarter; that where meters are installed at the request of a water consumer a rental shall be paid at the rate of 25¢ per month, and that the following rates shall apply when meters are in use:—average daily consumption up to 1,000 gallons per day, 25 cents per 1,000 gallons; over 1,000 and up to 2,000, 20 cents; over 2,000, 15 cents. That same discount be allowed on above rates as upon house services. Rates to take effect Jan. 1st, 1927.

Here is an interesting resolution passed after a very lively discussion: Moved by Councillor G. S. Drew and seconded by Dr. Joyall that the Assessment Commissioner be instructed to prepare and deliver to the clerk not later than October 30th, a sworn statement and five copies of same for members of the Court of Revision, showing any changes made in the amounts of individual assessments after said assessments were originally made by him, stating reasons for any such changes in each case. Provisional that this is within the power of council to make this request.

The above motion was carried. (The Advance understands, however, that the list was not prepared as requested.)

The by-law for voting on the Power franchise was duly passed after discussion. The people will vote on the question on November 22nd.

Authority was given for paying the High School Board \$5,000.00 on account.

On motion Mr. G. N. Ross was authorized to make an audit extending over the full year of 1926.

Accounts were passed, estimates approved, rebates made and other routine business dealt with.

BY-LAW TO DIVIDE TOWN INTO SUB-DIVISIONS

Special Meeting Last Night; Also Makes Grant to Mayor for Services.

A special meeting of the town council was held on Wednesday evening.

On motion of Councillors Joyal and Eplett, the necessary readings were given to a by-law to sub-divide the town into polling sub-divisions.

On motion of Councillors Joyal and Longmore, it was decided, "that part grant of \$500.00 be made to Mayor Dickson for services to town during 1926."

Changes were made in the Traffic by-law to comply with the requirements of the Highways Department.

The next regular meeting of the town council is scheduled for Thursday evening, Nov. 11th.

The only thing to remember is that the first entries have any preferences there may be. But more than seven barbers can be accommodated with the bunches of whiskers being grown for the Whiskerino.
