

SKINNY MEN RUN DOWN MEN NERVOUS MEN

Don't Miss This

You're behind the times if you don't know that Cod Liver Extract is one of the greatest flesh producers in the world.

Because it contains more vitalizing vitamins than any food you can get.

You'll be glad to know that McCoy's Cod Liver Extract Tablets come in sugar coated form now, so if you really want to put 10 to 20 pounds of solid, healthy flesh on your bones and feel well and strong and have a complexion that people will admire—ask your druggist for a box of McCoy's Cod Liver Extract Tablets.

Only 60 cents for 60 tablets and if you don't gain five pounds in 30 days our druggist will hand you back the money you paid for them.

It isn't anything unusual for a person to gain 10 pounds in 30 days, and for old people with feebleness over-coming them they work wonders.

ONTARIO'S MINING LANDS

An attractive field is offered to the prospector in Northern Ontario. Seventy per cent. of the entire north-land is underlain with pre-Cambrian rocks, in which occur the nickel mines of Sudbury, the silver deposits of Cobalt, South Lorrain and Gowganda, the gold of Porcupine and Kirkland Lake, copper on the north shore of Lake Huron, and iron in Michipicoten and other areas.

Ontario is now one of the leading sources of gold, being outranked only by the Transvaal and United States. In 1925 the production was valued at \$30,207,545 over 83 per cent. of the entire output of Canada. The nickel mines of Sudbury produce 90 per cent. of the world's requirements of that metal. The silver output in 1925 had a value of \$7,084,864. Dividends and bonuses paid by gold and silver mining companies to the end of 1924 amounted to \$140,289,729.

Assistance is rendered by the Government in the way of cutting trails, cleaning streams and building roads, in order to afford access to mining claims or areas, and where a district proves its ore deposits to be of sufficient value and extent to warrant the expenditure, it is provided with railway communication. The Temiskaming Testing Laboratories at Cobalt are equipped to sample ores, and provision has been made for the purchase of gold ore.

For lists of publications, geological maps and reports, copies of the mining laws, and other information apply to

THOS. W. GIBSON,
Deputy Minister of Mines
HONOURABLE CHAS. MCCREA,
Minister of Mines
Toronto Ontario.

Prize Winning Art Exhibit by South Porcupine Artist

Mr. A. David Scott Won Two Firsts and a Second Prize at the Canadian National Exhibition for Beautiful Works of Art. Showing of Work of Mr. Scott on Display This Week.

South Porcupine, Nov. 2, 1926. Special to The Advance.

There will be a meeting of the Hospital Auxiliary on Tuesday evening, Nov. 9th, at the public school.

Mr. Martin Hughes had the misfortune to fall on Monday evening and injured his arm quite painfully.

On Tuesday afternoon Mr. Max Legate put on exhibition in his window an art exhibit of some of the work done by A. David Scott. The three pieces which Mr. Scott entered at the Canadian National Exhibition, Toronto, had been returned, and now Mr. Scott finds that instead of two prizes, out of three entries he won three prizes, two first and a second.

One first was a presentation easel for an Admiral, carved in metal and ivory and embellished in enamel, with the naval coat-of-arms. The other first was for an Altar Cross, carved in metal and richly inlaid with enamel. It is 2 ft. 8 inches in height. On the lower panel is a representation of St. George of England, on the wing panels angels, on the top panel the inscription "I.H.S." and crown and the centre panel the lamb and flag symbolic of peace. This work took eleven months to do. The second prize was received for a panel 3 ft. 9 inches in length. It is a sculptured over metal in relief work and consists of two dancing figures, symbolic of merriment and joy. Besides these three exhibition pieces there are two statuettes, one "A Dreamer" the other "The Meditator," a panel in relief symbolic of death, one specimen sculptured portrait, one original copy of a medal cast in bronze. This medal was designed and executed for the 4th Battery, North Mid-

land-Brigade of Field Artillery, England. Two panels were also done for the same barracks, each panel being 8 feet long, one symbolic of action and the other symbolic of peace, both in relief work in bronze. Besides these Mr. Scott has filled a large number of other orders including a statue of the Madonna and Child after Michael Angelo, in marble 8 feet high, which now stands in Christ Church, Wolverhampton. This Mr. Scott considers his masterpiece to date. Mr. Scott was a student at the Wolverhampton School of Arts and Crafts, also at the Royal College of Arts, South Kensington, and has been a successful exhibitor in Paris, Belgium and London. The exhibits will be left in Mr. Legate's window for two weeks and is something for a small burg like South Porcupine to be very justly proud of, having carried off highest honours in some of the largest cities of the world.

All the older pupils of the Anglican Sunday School last week received the following invitations on gorgeously coloured and personally designed Hallowe'en cards. "On the 29th night, at the Pump House, alight, from the bus that leaves Dalton's at seven. You'll find there the Goblins and Witches in flight. So come, in a costume for revelling."

This Masquerade Party was one round of enjoyment. Messrs Geo. Banks and Vernon Andrews were the clever hosts and the decorations, etc. were all done by them personally. Mr. Banks, who is Superintendent of the Anglican Sunday School, also had a very happy Hallowe'en party for the younger members on Saturday afternoon at the church.

ENJOYABLE HALLOWE'EN BY CORNISH FOOTBALL CLUB

"One of the Happiest Social Events Ever Held Here" is the Popular Verdict

The Hallowe'en Masquerade Dance and Social Evening held in the Hollinger Recreation Hall on Saturday evening last under the auspices of the Cornish One-and-All Football Club was one of the most agreeable evenings of its kind ever held in Timmins, according to the popular verdict of those attending. There were 150 present and all had a splendid time. The costumes were noteworthy for variety, novelty and attractiveness. It was a showing of costumes that must have given the judges much trouble in picking the winners. Music of the best kind was furnished by the A.S.D. orchestra. The refreshments were up to the now-famous Cornish standard. The winners of the prizes for fancy costumes were: Ladies—1st, Mrs. W. Forrester, as "Bo-Peep"; 2nd, Miss Selina Moses, as "Hallowe'en"; 3rd, Mrs. Barrett, as "The Card Game." Mr. Dick Mills, in clown costume, won the first prize for comic masquerade. In the men's fancy dress Mr. E. R. Street won the second prize, the name of the first not being obtainable.

A feature of the evening was the presentation to Messrs Hartley Drew, Syd. Brewer and Geo. West, who are leaving for the Old Country. President Richards, in making the presentation, spoke of the appreciation felt by all for these good Cornishmen, and the good wishes that would follow them overseas.

ENGLISH CHURCH RECTOR CONSERVATIVE CANDIDATE

Rev. A. C. Calder, rector of Holy Trinity Anglican church, is the Conservative candidate in West Kent riding for the present Provincial election. He is one of a noble line of four clergymen who will be Conservative candidates in the Province in this election. When interviewed some days ago in regard to the Ferguson Temperance policy, Rev. Mr. Calder made his views very plain in this matter.

"I am convinced that the Ontario Temperance Act is not a good law," said Mr. Calder. "I have studied it, and I have observed closely the result of its workings, and I am conscientiously convinced that a system of Government control of liquor as outlined by the present Premier of Ontario, Hon. Howard Ferguson, would be a better system to adopt in this Province."

From statistics furnished by Governor J. W. Bourke, of the Nipissing District jail at North Bay, ninety per cent. of those who were prisoners for the year ending Sept. 30th, 1926, were held for breach of the O.T.A. and kindred legislation. The cost of feeding the prisoners is given as 15 3/4c. per man, per day.

CONCERT SUNDAY BY ST. JOHN AMBULANCE BRIGADE

Attractive Programme Promised in the Goldfields Theatre Sunday Evening, Nov. 14th, After Church Services

A grand concert is to be held in the Goldfields Theatre after the church services on Sunday evening, Nov. 14. The event is under the auspices of the St. John Ambulance Brigade, Timmins branch, and any funds received from the collection will be devoted to the securing of bandages, splints, stretchers, etc., for use in the work of rendering first aid in case of accidents or sudden illness. The St. John Ambulance Brigade is an organization for training men in the medical and surgical knowledge necessary to give first aid in event of accident or illness. The work is of the greatest value to any community and deserves the very heartiest support of all.

For the programme on Nov. 14th, a splendid list of attractive numbers is being arranged and all attending are sure to find the musical and literary numbers very enjoyable. The programme will be a good one, and the cause is the very best, so a very large attendance should be present at the Goldfields on the evening of Nov. 14th, after the church services. District Superintendent, G. Debnay, of Toronto, will be the chairman for the occasion.

JITNEY DRIVER MURDERED AT SUDBURY ON SUNDAY

The lifeless body of Guissipi Justi, aged 39, a Sudbury taxi driver, was found lying by the side of the Garson Road, about 12 miles from Sudbury, on Sunday morning about 9 o'clock. The head and abdomen were pierced with bullets. His car was found near the Sacred Heart College in Sudbury, where it had apparently been abandoned. Justi left on Saturday night about 6 o'clock with one passenger for Garson. He told his 15-year-old son to wait at the stand until his return in an hour or so. The police are inclined to think robbery was the motive of the crime, as Justi was said to have \$300.00 in cash on his person Saturday night, and when discovered there was nothing in the pockets of the dead man but a bunch of keys. Justi is survived by a widow and six children. The police have no clues.

SOW RICE BY AEROPLANE

In an effort to increase the number of ducks and muskrats in the northern area of the province of Manitoba by providing extra sustenance, the Provincial Department of Agriculture has sent north sacks of wild rice to be sown by aeroplane over the vast duck marsh known as Moose Lake and Cedar Lake. This vast marsh, 20 miles wide by 90 miles long, is the largest duck marsh on the continent, and also constitutes the largest muskrat harborage.

WHY you should buy home-made candy

Owing to the keenness of business competition, candy-makers with the exception of a few of the more reliable firms are forced to cut down on quality in order to compete successfully with other manufacturers in the same business, and to cover their heavy manufacturing overhead.

But with us it is different. Our candy-making overhead is practically nothing. No hired salesmen, no express charges, no railway fares, no hired candy-makers from outside points. We make everything ourselves therefore we are in a position to give you the best in quality, and at the same time leave sufficient profit for ourselves. We guarantee all our home-made candies to be made from pure cane sugar and flavoured with only the best fruit oils obtainable and free from any fats or substitutes. So buy home-made candies and be healthy.

Our prices are very reasonable considering the high quality of our candies
