Baths at all hours while the shop is open. Shower or Tub, Hot or Cold, as you wish.

I came to Timmins seven years ago poor. And to-day I am walking with a cane because I am crippled up after having a paralytic stroke, which left me with a weak leg, but I am still in the Singer Sewing Machines and Willis Pianos business, and ready to treat all courteously as usual, under the same name.

To Change Power Line So As Not To Cut Across the Town

Broadway to be Closed and Power Line to Run Along Mountjoy and Second Avenue. Police Pay Raised to Former Figure. A Brief and Quiet Meeting of the Town Council.

The regular meeting of the town council on Thursday last was a comparatively brief and quiet session, the business being transacted in businesslike way. The Mayor presided and all the councillors were present.

It was decided to accept the offer of the Northern Canada Power Co. to move its transmission line from its present diagonal cut through the centre of the town to a more desirable course along Mountjoy street and second avenue. The present cut through a central part of the town will thus be removed. The resolution covering this matter was as follows:—

Moved by Councillor Geo. S. Drew and seconded by A. P. Brennan, D. D.S., that the offer of Northern Canada Power Limited to transfer and release to the corporation of the town of Timmins all their rights to the Company's right-of-way known as Broadway avenue, extending from the Broadway avenue, extending from the Mountjoy line being the original town boundary between Elm and Mountjoy streets, to the east side of Pine street, upon condition that the Company be granted a permanent right-of-way to carry their Sandy Falls transmission line from the Hollinger Townsite south along the west side of Mountjoy street to Second avenue, and east along Second avenue to the east side of Pine street, and upon the further condition that the Town make application to close Broadway avenue from the original Mountjoy boundary as aforesaid, to the easterly limits of the lands owned by the Power Co., on the north and south sides of the right-of-way in the block between Pine and Spruce streets, and consent to the title of the surface rights of the right-of-way opposite the said lands being transferred to the Company, be accepted. It being understood that the new power line to be erected on Mountjoy street and Second avenue be constructed with all proper safeguards as prescribed by the Provincial regulations and to the satisfaction of the Corporation or its engineer. And be it further resolved that the Mayor and Clerk be authorized to execute the necessary agreement between the Corporation and the Company upon the same being approved by the Fire and Light Committee and that Mr. G. Gauthier, solicitor, be instructed to forthwith make application for the closing of Broadway avenue and the disposition of the lands according to statute and to the satisfaction of the Fire and Light Committee promptly after the matter is closed with the Company.—Carried.

Moved by Councillors Eplett and

Drew, that Chief Pascoe be given order for new fur hats and winter boots, same to be distributed wherever he deems necessary.—Carried. These fur hats and winter boots are for the police force, of course, and not for general distribution, as might be thought from the wording of the resolution.

Another resolution in regard to the police was carried as follows:—

On motion of Councillors Eplett and Drew the police on duty on election day, Sept. 14th, 1926, as requested by the Chief, be given double pay for said day.

There was still another resolution relative to the police. It also was carried as follows:—

Moved by Councillor Brennan and Drew, that the pay of the police officers be raised to \$150.00 per month, same to be effective from Oct. 1st, 1926.

The new council, affecting openly to be concerned with economy, made the mistake early in their term of office of reducing the salary of the police officers from \$150.00 to \$140.00 per month. It is not "cheap" men, however, that are needed on the police force, and so there will be approval of the council's move to put the salaries back where they were. Any time the new council reverts to the plans and practices of the former councils they do all right, while practically every time they have made a change they usually have had to remedy the situation created by later going back to the plan that more experienced and able councils have established.

The matter of the poll tax collected here improperly and the return of the same to adjust the matter still has its suggestions and memories. In witness whereof read the following resolution passed at the council meeting Thursday evening:—

On motion of Councillors Joyal and Longmore, the amount of \$200.00 was passed for payment to take care of further rebates of poll tax.

The usual list of accounts, payrolls, etc., and other routine matters were duly passed, as well as a number of rebates for water rates where the water had not been used.

A tea and sale of home cooking will be held in the basement of the United Church, Timmins, on Saturday of this week, Nov. 20th, under the auspices of the Felix Club. These young ladies have proven in the past that they know how to conduct successful events of this kind and the tea and sale on Saturday should have the fullest support.

ANNUAL MEETING OF THE PORCUPINE CHILDREN'S AID

To be Held in the Central Public School, Timmins, on Wednesday Evening, Dec. 8th.

The annual meeting of the Porcupine branch of the Cochrane District Children's Aid Society will be held in the Central Public School, Timmins, on Wednesday evening, Dec. 8th, at 7.30 p.m. sharp.

One of the chief items of business and a very important one for the success of the work during the coming year, will be the election of officers for the next year. The officers in the past years have devoted much time and effort to the work and carried it on to noteworthy success. The nature of the good work done is such that publicity can not be given to individual cases, but it can be said without fear of any contradiction by those who know what has been accomplished, that the work of the C.A.S. here has been of the highest usefulness and value. The purpose of the Society is to see that every child has a fair chance for education, health, good environment and all the better things of life.

A large attendance of all interested in the welfare of children is desired at the meeting in the Central Public School, Timmins, on Wednesday evening, Dec. 8th, at 7.30.
