\$600 Contest

You may win as much as \$100.00 or one of the twenty other cash prizes by making up a list of words from the twelve letters in NYAL CREOPHOS.

There is a Nyal Drug Store in your locality. It offers all the famous Nyal Preparations—NYAL CREOPHOS, the valuable tonic, builder and remedy for persistent coughs, among them.

Just ask the Nyal druggist for the Word Contest sheets, which explain everything. No necessity to buy. Get your entry in early by going to the

F. M. BURKE LIMITED Pine St., N. Timmins

South Porcupine Wins From McIntyres in Spcedy Hockey

Five Hundred or More Fans Delighted with Game on Monday Night. Women's Auxiliary of Anglican Church Elects Officers. Other South Porcupine News.

South Porcupine, Jan. 11th. Spcedy meeting afterwards for which Archdeacon Woodall will be in town.

Mrs. Geo. Hawkins leaves on the 18th for a six months' visit to her home in Liverpool, England. Mr. Hawkins will accompany her as far as St. John, N.B. from which port she will sail on the S.S. Marlock on Jan. 21st.

Messrs. Gus. and Geo. Keller have returned to the Ankerite from a visit to their home at Ottawa.

Born—On Tuesday, Jan. 11th, at the Dome Mines, to Mr. and Mrs. Douglas Leiterman—a son. Congratulations.

Mr. Doug. Wright has left the Dome to go to Red Lake where it is said he is to take charge of the Howey Red Lake.

On Thursday the election of officers for the ensuing year of the Women's Auxiliary of the Anglican Church took place. They are viz.—President, Mrs. Andrew, Dome Extension; Vice-President, Mrs. W. Johns, Dome Extension; Secretary-Treasurer, Mrs. E. G. Britton. On Thursday, Jan. 13th, there will be a Christening and a ves-

try meeting afterwards for which Archdeacon Woodall will be in town. Mrs. Bigelow, of Kapuskasing, who has been visiting her mother, Mrs. Cockburn, of Schumacher, was in town on Tuesday renewing acquaintances.

Born—At Campbell's Bay, Que., at the home of her parents, Mr. and Mrs. A. Pirie, a posthumous child to Mrs. Pirie, the late Robert Benet. This makes two children who are left, along with the young widow, to mourn the loss of the husband and father, who died last Spring after an operation in a Montreal hospital.

Mrs. F. Dowzer is quite ill at her home here. Miss Vera Dempsey is suffering from a severe attack of quinsy. Mr. T. Farrel is suffering from the 'flu.' Mrs. W. P. Olton of the Ankerite is recovering from a two weeks' illness.

Master Marshall Hamilton returned from a visit to his grandparents in Toronto on Saturday and is rejoicing that he can now get out and sell The Advance each week as he used to, as the specialists treatment has practi-

cally cured his eye. Mr. A. S. Fuller, of the Paymaster Mine, is out of town on a business trip.

Rev. F. J. Bain returned on Saturday. Mrs. Bain and the small son are doing very well in Toronto, and we hope to have them as citizens here before long.

On Thursday, Jan. 6th, at 1.30 a.m. at the Presbyterian Hospital release came to Mrs. Cox from the sufferings she has endured during the past few months from a tumor of the stomach. The remains were taken to Huntsville, her former home, on Friday, for interment there. She was sixty-five years of age and has resided here for two years, first residing up near D. Bertrand's place, afterwards with her daughter, Mrs. Heggart. Three other daughters survive:—Mrs. Watson, of Huntsville, Mrs. McTee, of Niagara Falls, and Mrs. Elliot, of Iroquois Falls. One son, William, resides in Huntsville. Mrs. Heggart and children accompanied the body as far as New Liskeard and will remain there with Mr. Heggart's mother until they take up their home in Kirkland Lake where Mr. Heggart is now employed. Much sympathy goes to Mrs. Heggart and family in their bereavement.

The Home and School Association will hold their regular monthly meeting at the public school on Wednesday, January 19th, at eight o'clock. It is being planned to make this a Health meeting when capable doctors, and possibly a nurse who understands clinic work, will tell what is being done in regard to health inspection in both Canada and the Old Country. A community sing-song is planned for the social half hour and there will also be other musical numbers. Will all members please remember this date and bring any interested friends with you?

It has been found necessary that Miss Hilda Smith be sent again to a sanitarium for her health.

Mr. Wallace returned to Iroquois Falls this week after assisting Mr. Kearney, who has just opened Moysey and Co.'s brokerage office here. Mr. Wallace is now to open an office for the company at the Falls.

We hear that Mr. Carlyle is leaving the Dome, having accepted a lucrative position in South Africa.

In the Police Court on Thursday, Jan. 6th, one Finlander, Emil Puska, was given eighteen months for wounding. It is claimed he cut seven in various manners the night of the trouble at the Finn boarding house. Tovia Hanip, another Finn, was charged with common assault in the same affair and was fined \$20 and costs. Remeli Koski's case was dismissed for lack of evidence. Another Finn in town was fined \$50 and costs for having liquor in his car. There were three plain unadorned drunks who paid the usual \$10 and costs.

What is classed as one of the best games of hockey ever played in this North Land was worked out on Monday night before a crowded arena, when our boys in black and yellow met the McIntyre Mines team in the Mines League series on Porcupine ice. McIntyre being the only team who had of late defeated the Porcupine Hockey team, some were doubtful about Monday's game and did not know where to place the odds but those who knew what Bingham, our goal-tender, can do, pinned their faith firmly to the Porcupine Hockey Club.

The game was fast, clean and strenuous throughout and very great satisfaction was expressed by the fans at the work of the referee, whose watchfulness got mostly everything. An unfortunate accident occurred during the preliminary work-out when the McIntyre goalie was struck on the mouth by the puck when shot by one of their own men and received a painful gash. During the game Gagnon and Gregg, of South Porcupine, both received slight but painful injuries. The first period ended in a tie 1-1, the second period was 4-1 for Porcupine. In the third McIntyre made another counter thus leaving the score 4-2. The McIntyre team appears to be somewhat heavier than our own boys and they used this advantage to effect in their checking. Porcupine had it over them in their combination work. Briden and Gagnon's playing both showed decided improvement and their work repeatedly called forth the approbation of the fans. Rusty Hughes is a husky player who appeared as fresh in the last few minutes as in the beginning. Spence was a continual source of worry to any McIntyre man who got the puck and it seemed evident that some were more willing to risk a man in the penalty-box than risk Spence getting near their goal for when the puck could not be taken from him, deliberate tripping appeared to be tried. Both teams began to show the effects of the strenuous play in the third period. Evans of the McIntyre, although worthy of the referee's watchful eye, played a particularly strong game. As for our own lads, well, we just can't express how proud we are of them, each and all, for the splendid form they are keeping in this season, and every one of the 500 (or more) fans must have shared this feeling, to some extent at least, no matter whether from Timmins, Schumacher or home, after the fine exhibition of hockey put up on Monday night. The goals scored by Porcupine were—Briden 1, Gregg 2, Spence 1. Referee—W. Burns, Timmins. Judge of play—J. Walker. Line-up—Goal, Bingham; defence, Palango and Hughes; centre, Briden; wings, Spence and Gregg; subs, Gagnon, Fell and Hamilton.

The Porcupine Hockey Club play in Timmins in a Mines League game on next Monday, 16th inst. The leadership is now a tie. Follow them out there and do your bit to see that this tie is broken the right way for them. On Friday night the Dome and Timmins Tuxis boys played hockey on Porcupine ice, resulting in a win 6-2 for Timmins. On Saturday morning Ansonville and South Porcupine Trail Rangers clashed, the score being 2-1 for the home team. Another club has been formed this week—the Porcupine Clubs—with Geo. Cole as coach, F. Farrant as manager.

At the Curling Rink the followers of the besom and stane are having a merry time. The schedule has been drawn up for the Gallagher Cup and some of the games played. A group were up from Iroquois Falls recently and had a friendly game in which the South Porcupine boys won.

A meeting of the Women's Hospital Auxiliary was held at the Hospital on Tuesday evening with the president, Mrs. Wright, in the chair. The minutes were read by the secretary, Mrs. Smith. It was decided to have a drive for members, Mrs. Wright offering a prize of a painting or hand-

painted china to the one getting the most members.

A birthday party is being planned for the Hospital on Feb. 17th, its first anniversary, and will probably take the form of a birthday shower of needs for the hospital and a tea served there.

Counting the new offices being established at Iroquois Falls, and South Porcupine, the A. E. Moysey Company will have a total of fifteen brokerage offices.

Lending a Hand to Mother Nature

Unfortunately Mother Nature made no provision for the growing army of Isaak Waltons in her scheme of things. Man supplements nature in restocking the trout streams of the Canadian Pacific Rockies, through the agency of the Department of Marine and Fisheries, which conducts artificial Cut-throat spawning and hatching operation in the Rockies each spring. Authorities have estimated that only about three percent of all Cut-throat trout, eggs naturally spawned, hatch. The reason given is the desire of fish spawning at other times to feed on the newly laid eggs with the result that the male Cut-throat, after driving off the enemies fertilizes the eggs too late, when they have absorbed so much water that they cannot absorb the fertilizing fluid. From 87 to 90 percent of eggs artificially spawned at Banff and Spray Lakes, hatch under artificial methods. This is how it is done: Towards the end of March just

before spawning time the trout are caught in nets, stripped, and returned to the streams, while the eggs from the female and fertilizing fluid from the male Cut-throat are mixed. In ten weeks the young fry is ready for its new home in the trout stream where it reaches the length of over eight inches in about four years. The annual spring harvest of Cut-throat eggs at Spray Lakes—each female giving from 800 to 1,800 eggs—is about three-quarters of a million. At present 524,824 Lake Leven trout eggs, 172,918 Lake Superior Salmon Trout, 515,906 Rainbow, and 5,600,000 Pickerel eggs are hatching in the Banff Hatchery. The

hatch for 1926 will also include one million Cut-throat eggs imported from Wisconsin and 250,000 from Spray Lakes, making a total of over eight and a half million eggs hatched in the Canadian Pacific Rockies to provide sport for anglers. The outstanding example of the good results accruing from this work begun in 1914, is the growing annual catch of Lake Superior Salmon Trout at Lake Minnewanka, about nine miles from the C.P.R. Banff Springs Hotel, while Spray Lakes, an easy riding trip from the Hotel is still the favorite Cut-throat fishing area in the Rockies, where fishing is as good as ever in spite of the growing number of anglers.
