## ATTRACTIVE COMEDY TO BE GIVEN HERE, FEB. 17

Excelsior Club of Schumacher, by Request, Repeating Event at Goldfields Theatre Next Thursday.

Some days ago the Excelsior Club of the United Church of Schumacher presented a comedy entitled "Profit and Loss," at Schumacher, and many present from Timmins for the occasion were so delighted with the event and with the talented way in which it was given by the Schumacher young people that efforts were at once made to have the event repeated here. As a result of these efforts the comedy will be given at the Goldfields Theatre, Timmins, on Thursday evening of next week, under the joint auspices of the Excelsior Club of Schumacher and the Y.P.S. of Schumacher. The comedy, "Profit and Loss," is a most amusing production, with wholesome fun and much pleasant wit and humour. It is given with very striking skill by the Schumacher cast, and all attending will be delighted with it. There should be a very large attendance next Thursday evening for this event at the Goldfields Theatre. It is well worth seeing, indeed, all accounts of it and of the excellent presentation by the Excelsior Club agreeing on the splendid entertainment provided.

## SUGGEST JUDGE CARON FOR SUDBURY DISTRICT

For the past eighteen months Judge Kehoe has not been able to carry on his duties as Judge of Sudbury District, owing to his health, and until recently the work has been in charge of Judge Hewson, of the Manitoulin. Judge Hewson, however, has resigned the additional work placed upon him, and Sudbury District has been without a Judge in the meantime. The result has been much inconvenience and dissatisfaction. For the next sixty days, however, the work of the Sudbury District will be carried on by Judge Hall and Judge Stone, of Sault Ste Marie. The Sudbury Bar Association last week called the attention of the Government to the matter, suggesting by resolution that His Honour Judge Kehoe be retired on full pay and that a new resident judge be appointed at Sudbury.

Already four names have been submitted to the federal authorities in respect to the appointment of a judge for the Sudbury district, according to The Sudbury Star. Two of these are Sudbury lawyers, Messrs G. E. Buehanan and J. A. S. Plouffe. One application has been submitted on behalf of L. V. O'Connor, of Lindsay, and the fourth for an Orillia lawyer, Mr. J. Mulehay. The transfer of Judge Caron, of Cochrane, to Sudbury, and the filling of the vacancy, has also been mooted, says The Star.

## POULTRY CONGRESS TO BIG EVENT FOR CANADA

Thirty Countries Decided to Send Delegates. Over 6000 People to Visit Ottawa

It is expected that thirty countries will send delegates to the World's Poultry Congress to be held at Ottawa this summer, and fully 6000 people will be at Ottawa for the occasion. In poultry circles all over the world (which includes Timmins) there is the greatest interest being shown in the event. Canada was fortunate in being chosen as the place for the 1927 World's Poultry Congress. The event will not only increase the general interest in poultry in Canada, but it will also increase the world's interest in this Dominion.

An enthusiastic executive meeting in connection with the World's Poultry Congress was held at the new office of the Congress in the Transportation Building, Ottawa, on Friday of last week.

The meeting was under the chairmanship of F. C. Elford, general director of the Congress, and those in attendance included E. S. Archibald, director of the Experimental Farms; H. S. Arkell, live stock commissioner; Mrs. Caldwell, vice-president of the Eastern Ontario Women's Institute; Controller H. McElroy, and the following chairmen of committees:

Robert J. C. Stead, publicity; J. O. Turcotte, exhibition; W. A. Brown, Canadian educational exhibit; F. C. Nunnick, national exhibits; J. Clarke Riley, commercial exhibits; J. Watson, customs; Dr. C. H. Weaver, inspection; Charles Smith, finance; Mrs. Rowatt, accommodation; W. H. McIntyre, automobile entertainment; W. A. Fraser, grounds; the Congress secretary, E. Rhoades; W. F. Garland, M.P., and C. M. Goddard.

The Congress director, F. C. Elford, outlined the work which had been done to date in connection with the Congress, stressing particularly the tremendous number of delegates who are expected to be present, indications at the moment pointing to something over 6,000 people; the importance of the Congress sessions from the standpoint of the 185 papers which are to be presented by some of the world's leading scientists; and the number of countries which had already signified their intention of being present. Thirty countries have already indicated that they will send representatives to the Congress, these including the following: Belgium, Brazil, Denmark, Dominican Republic, Egypt, Finland, Germany, Great Britain, Italy, Latvia, Poland, Spain, The Netherlands, the United States, U.S.S.R., India, Ecuador, Northern Ireland, Barbados, Colombia, Bermuda, Australia, South Africa, Portuguese East Africa, Peru, Persia, Argentina, Japan.

One of the most interesting discussions centred around the exhibits. J. O. Turcotte, the Canadian Exhibition Commissioner, outlined what he intended to do and further stated that the exhibition would be of the same standard as those put on by Canada at the large International Expositions which have been held in various parts of the world.

Reference was made to the many interesting exhibits which will be staged by foreign countries among these being the mud brick incubator oven of the Egyptians, the jungle fowl of India from which our domestic poultry originated, the African

fowl, Italian guinea fowl, and the famous paintings of domestic birds by the Italian artist Aldrovandi.

Controller McElroy was responsible for some very excellent suggestions in connection with the entertaining of the delegates, these including exhibitions of Canadian sport, singing by the Centenary choir, the illumination of the Parliament Buildings and a programme on the carillon.

The question of accommodation is being taken up with the women's organization in the city and a further suggestion was made that through the women's institutes in the country surrounding Ottawa it might be possible to entertain some of the delegates and give them an idea of country life in Canada.

"The Final Announcement and Programme of the Congress," a 64-page publication profusely illustrated and containing a foreword over the facsimile signature of the Prime Minister will be available for distribution in about ten days.

The Congress Secretary is in correspondence with countries all over the world and many individuals in Europe, the United States, etc., are writing for Congress information.

All accommodation for foreign delegates is being arranged through national committees, and allotting of hotel and other accommodation in Ottawa will be kept entirely in the hands of the Congress Executive.

## FAIRS BOARD POINTS OUT NEED OF MORE SETTLERS

At a meeting of the Northern Ontario Associated Fairs Board held in North Bay last week the need for more settlers in the North Land was emphasized. There was a general opinion among the delegates that the Dominion and Provincial Departments of Immigration should take cognizance of the need of Northern Ontario for more settlers. The prosperity of this area depended upon greater population in its rural sections, and it was felt by the meeting that the Dominion and Provincial Governments should take action to see that more settlers were brought here. A resolution on these lines was passed and will be forwarded to both Governments.

The Tuxis won the first game in the series from the Moose by a score of 3-1, two weeks ago. There is another Senior Juvenile Hockey match this evening, starting at seven o'clock. All interested in the development of good hockey in town, and in getting a regular home brew team which will in a year or so be able to carry Timmins colours to victory in Northern Ontario hockey should get out for these games. The boys playing in the Senior Juvenile Series are the lads who in a year or so will be wearing the blue and gold against the ancient rivals, Iroquois Falls, and representing Timmins in the N.O.H.A.
