SATURDAY OF THIS WEEK WILL BE TAG DAY FOR S.A.

Annual Event to Aid Salvation Army Self-Denial Fund in Reaching Objective Here

Saturday of this week, May 28th, will be Tag Day in Timmins and district in aid of the annual Self-Denial Fund of the Salvation Army. Taggers will be busy during the day and all are asked to buy a tag thus helping the local Army corps to reach its objective in the Self-Denial Fund campaign.

The Salvation Army is giving noble service indeed to this country in its social and rescue work. It is the sort of good work that deserves the fullest support. To finance this useful work the Army has a yearly campaign—the Self-Denial Fund collection. Each corps of the Army is given an objective to reach. If any corps fails to reach its objective the burden must be borne by some other branch. The appeal is only once a year, and no corps likes to fail to answer to the full call. The Salvation Army does an immense amount of good. Money given at any time in any place for any Salvation Army purpose is money well invested. It is particularly well invested in the Self-Denial Fund.

MR. BOVAY EXTENDS HIS THANKS

"FRUIT-A-TIVES" ENTIRELY STOPPED DYSPEPSIA AND LIVER TROUBLE

MR. R. A. BOVAY.

After much suffering, Mr. Roy A. Bovay of Trenton, Ontario, turned to "Fruit-a-tives" for relief from digestive and liver troubles which were making his life a burden.

"I wish I could tell every sufferer in the world what 'Fruit-a-tives' have done for me," he writes—"For years I was much troubled by bad headaches, nervous dyspepsia and liver trouble. Then I commenced taking 'Fruit-a-tives'. Thanks to these wonderful tablets, I am once more entirely well."

If your nerves are upset, digestion poor, system generally out of kilter, you need the corrective help which "Fruit-a-tives" unflinchingly gives. There is no other medicine like "Fruit-a-tives" which is made from the intensified juices of fresh fruits combined with tonics. "Fruit-a-tives" brings health and happiness to people every day—why not to you? 25c and 50c a box, everywhere. Buy one, to-day.

HAILEYBURY MAN MEETS WITH UNUSUAL ACCIDENT

The Haileyburian last week says:—"Richard Warren, of Haileybury a section man on the Nipissing Central Railway, suffered a broken collar bone on Tuesday when he was struck by one of the railway's cars, at the corner of Blackwall Street and Ferguson Avenue. The accident happened in a rather peculiar manner. Warren was engaged with a number of other men in repairing the tracks along Ferguson Avenue and was at the corner, where there is a sharp curve, when the car was passing. He stepped to one side to allow the car to pass and after the front end had gone by, stepped back towards the track. The rear of the car, in making the curve, swung around and struck him. He was hurled to the ground. The injured man was taken to his home and Dr. Arnold was summoned. It was found that he had suffered no more serious injuries than the broken collar bone, although he was shaken up and bruised. He will probably be laid up for some time."

INQUIRY CONCLUDED ON POWER RATES QUESTION

The Haileyburian last week says:—"The investigation made into the rates charged for light and power in the towns of Cobalt, Haileybury, New Liskeard and Englehart was concluded last week-end by the Hydro engineer, D. T. Flannery, who returned to the city on Saturday night. His report will be submitted to the councils of the towns affected as soon as it is prepared. This, it is intimated, would take some time and it is not expected that it will be available for a month at least. In the meantime, no steps are being taken locally to deal with the proposed new franchise, the old arrangement being carried on as it has been for the past 10 year."

N. A. TIMMINS A LEADER IN CANADIAN MINING EFFORT

In an editorial article in The Northern Miner last week that mining paper says:—

"Since Mr. Noah Timmins sold control of Waite-Montgomery and Alderson-MacKay properties to Noranda, and became its largest shareholder, there are all sorts of rumours afloat as to what he will do next. Street gossip has it that he will merge his Hollinger, Noranda and Patricia district interests and bring them under one general supervision.

"Mr. Timmins has become one of the most influential mining men in America and he is an ardent Canadian anxious to build up mining in Canada. This is evidenced by his activity in Rouyn and Patricia, where he has taken some fairly long chances. It is no secret that Mr. Timmins has had in mind the establishing of a large permanent mining organization with Hollinger as the basis, and that he has had in mind being the general overseer of this while some of the best and most active minds in the industry look after the general management.

"Mr. Timmins' enterprise, his willingness to risk the hazards of working in new fields, combined with his staunchness and integrity, have made him a popular figure. Everybody, begrudging him to not a bit of his good fortune, is watching to see what he does next."

INSANE FARMER BLOWS UP SCHOOL AND FORTY-ONE DIE

The despatches last week told of a terrible tragedy at Bath, Michigan. Touched off by an apparently demented farmer, who fell victim to his own devices, two dynamite explosions at the Consolidated School at Bath, Mich., last week brought death to at least forty-one persons—thirty-three of them being pupils in the school. Most of them were tots ranging in age from 6 to 8 years. Forty others, injured, are in Lansing hospitals. The dead, in addition to the thirty-three pupils, whose bodies had been recovered were:—The farmer, Andrew Kehoe, who served as Treasurer of the school district; E. E. Huyek, the Principal; Miss Hazel Weatherbee, third-grade teacher; Glen Smith, Bath Postmaster; and Nelson McFarlan, a Bath resident. The last two were passing the building at the time of the explosion.

Search of the ruins was continued until darkness overtook the workers, after State police had estimated that from a dozen to fifteen bodies remained to be located.

The explosions at the school followed by only a short time a blast at the near-by farm home of Kehoe. The blast and subsequent fire demolished the Kehoe home and barn.

The entire north wing of the school, a three-story brick structure, was levelled by blasts, which caught all the pupils indoors over their books or engaged in recreation periods in their rooms.

Survivors of the disaster described the explosion as an "awful crash," followed an instant later by the crashing of the walls and the falling of the ceilings. Many of the pupils were crushed at their desks as the tons of bricks and beams crashed down.

Mrs. Geo. Howe visited her mother, Mrs. Mitchell, at Latchford, last week.

TWO OLD COBALT COMPANIES UP FOR SALE FOR TAXES

At the present time there are no less than twenty old-time Cobalt mining companies whose property is up for sale to meet back taxes to the township of Cobalt. Some of these companies were at one time flourishing and prosperous. Now, the sale of all or part of their property is contemplated to meet just a few hundred dollars in back taxation. In each case only enough of the property to meet the indebtedness will be sold. The companies listed included:—Alexander Silver Mines, Bonanza Cobalt Mines, Carlton Cobalt Mines, Cleveland, Cobalt Twin Silver, Davis Silver, Delaware Cobalt Mines, Giroux Lake C.S.M.&M., Giroux Lake Mines, Gifford Extension, Great Northern Silver, Interlaken, London & Gowanda Exploration Co., Nipissing Extension, Niagara Cobalt Mines, Niagara Cobalt Mines, Ophir, O'Connor, Silver Mountain and Toronto Cobalt Mines.

KIRKLAND LAKE OFFICIAL DENIES STORY OF MERGER

Notwithstanding the several denials by Kirkland Lake officials the rumor still persists that some deal is in progress between that company and Macassa.

Mr. J. B. Tyrrell, general manager of the former company again repeated last week that no negotiations were in progress with any company. "We are going to devote all of our energy to our own affairs, for some time to come at least," he said.

The president of Teek-Hughes has also stated that his company is not carrying on any negotiations with Macassa. It is understood that certain individual shareholders of Teek-Hughes have made an offer to the other company for a large block of stock, but that they have not been able to come to terms. It is said that there is a difference of about ten cents a share between them.

The next regular meeting of the town council will be held on Tuesday, June 13th, at 4 p.m.

a hole in one

GIVES one a rare thrill, just like making a killing on the stock market. But no sensible man depends upon such luck to win a golf match or make a fortune. It's the steady play that wins games; the steady accumulation that wins fortunes.

There is no better means to accumulate a financial independence than that provided by a Confederation Life Monthly Income Policy. A regular deposit at stated intervals guarantees a definite income later on in life, meantime insuring your life and providing for your own and your family's protection.

Write for descriptive booklet, "A Monthly Income for Life."

Women! Read These Interesting Testimonials

Tens of thousands of women do all their cooking on Perfection Oil Cook Stoves. Every owner is a pleased owner. Read what six women tell us:

- "My Perfection assists me greatly in having meals on time. No sulky coal stove to coax until time and patience have all flown away; but husband, son, brother, coming in all tired and hungry, find the meal all ready and the homemaker with the smile on her happy face that the peerless Perfection—'always stands in with the cook'—is sure to bring."
Mrs. E. S., Ambersburg, Ont.
- "My Perfection is economical in fuel and clean, requires small space in kitchen, no heat after using in warm weather, no chimney or pipes to repair and clean."
Mrs. A. E., Elora, Ont.
- "My husband likes the Perfection best of all, not having to start a wood fire or carry out ashes in the morning. I like it because of its accommodating quick usefulness."
Mrs. J. R., St. Mary's, Ont.
- "I like my Perfection oil stove because it is fumeless, smokeless, ashless and economical."
Mrs. W. L., Beamsville, Ont.
- "Dishes requiring a constant heat for any definite time can be cooked on my Perfection while I am using my time for other work. I am confident that when I have prepared any dish for the family that it will turn out as I anticipate."
Mrs. T. W., Gravenhurst, Ont.
- "Have found the Perfection oil stove very convenient in sickness, particularly when my little girl was dangerously sick and we required hot water constantly."
Mrs. A. V., Port Arthur, Ont.
