UNFAVOURABLE WEATHER DID NOT STOP THE GOLFERS

Large Number Turned in Scores at Week-end. Lady Members Have Started Their Competitions

In spite of the unfavourable weather over the week-end a large number of members of the Timmins Golf Club turned in scores for the opening round of the Geo. Lake shield competition, emblematic of the open championship of the Timmins Golf Club.

During an eighteen hole match players were favoured with all kinds of weather with the exception of snow. Heavy rains, followed by wind and sunshine made real good golf impossible, and the number of good scores turned in is a tribute to the abilities of the members of the Club to play in all kinds of weather.

FIRST MOTOR CAR FROM NORTH BAY TO COBALT

Lindbergh is in the shade! All he did was to fly across the Atlantic. A great unknown, however, has made another record. This unknown has motored from North Bay to Cobalt over the North Land highway. The Haileyburian reports the event as follows:—

"It is reported this week that an adventurous motorist drove over the new trunk highway from North Bay to Cobalt last week-end. While his name could not be learned, it is stated that a car came through from North Bay, landed safely in Cobalt and proceeded north. One report said that Englehart was its destination. Local motorists claim that it is possible to drive over the whole route if the workmen on the road will allow a car to pass. Apparently the greater portion of the road has been graded and only graveling and leveling remains to be done. One Toronto paper, in its issue of Monday, stated that Hon. Wm. Finlayson had declared that the road would be open from North Bay to this part of the district of Temiskaming on July 1st and that the whole route through to Cochrane would be completed before September 1st."

(Mrs. S. H. Pirie is spending a few days visiting friends in Iroquois Falls.)

Four motor cars were wrecked and one stolen during a recent week-end in Sudbury.

Jos. Isherwood, contractor, Haileybury, has been awarded the contract for the erection of the new golf club house at Haileybury.

(Rev. Fr. Michael O'Gorman, of Edmonton, returned last week with Rev. Fr. J. O'Gorman from Cobalt and spent a few days in Timmins on his return trip to the West.)

(Mr. Geo. Jenkin left this week on an extended visit to his old home in England. He will return with Mrs. Jenkin and baby in the fall, again taking up his work here as teacher of music.)

(Mr. and Mrs. G. S. Drew are at present spending a holiday at Cannington, Ont. Mrs. Drew left on Sunday and will be away until September 1st. Mr. Drew will return in July.)

The Schumacher Choral Society are planning to give another of their sacred concerts in the Goldfields theatre on Sunday evening, June 26th, after the church services.

All interested in flowers and gardens should remember that the Timmins Horticultural Society is giving a free dahlia root to each new member of the society this year. Application may be made to Mr. A. R. Harkness, president, or to Mr. T. A. Skelly, secretary.

There will be a store at each of the following towns:—Cobalt, Haileybury, New Liskeard, Kirkland Lake, Timmins, Englehart, and Ronyn, where electrical fixtures and supplies will be sold.

Kirkland Lake has also invited a football team for the July 2nd event at Kirkland Lake.

EXPECT PLAYGROUNDS TO BE READY BY JULY 1st

Chairman of Committee so Reports to Kiwanis Club Meeting on Monday at Empire Hotel.

At the weekly luncheon of the Kiwanis Club on Monday one of the chief items of interest was the report of Mr. Vincent Woodbury, chairman of the committee in charge of the new community playgrounds. Mr. Woodbury said that it was confidently expected that the playgrounds would be ready for use by July 1st.

Mr. W. O. Langdon is the representative from the Kiwanis Club in connection with the July 1st demonstration in charge of the Canadian Legion, the songs and drills by the school children to be one special feature of the event. Mr. Vincent Woodbury and his committee are to attend the meeting of the Legion on Friday in connection with the proposal to formally open the playgrounds as part of the July 1st event.

Mr. W. Rinn was appointed a committee of one to arrange a foursome for the golf enthusiasts with the Scottish Football team to visit here on July 1st.

Vice-President C. Keddie reported relative to the Canadian Red Cross work and the province-wide campaign to support this good work. Mr. Keddie said that Dr. Routley would be here June 15th to hold a meeting in the interests of the Red Cross. Dr. Moore was appointed the Kiwanis Club representative to this meeting.

A plan for the securing of a large membership in the district for the Ontario Motor League was also considered and approved. Under this plan the idea is to secure members for the Ontario Motor League at the regular membership fee for that organization. Of this membership fee a material part will be retained by the Kiwanis Club under the arrangement. The Kiwanis intend to split this profit fifty-fifty with the local Victorian Order of Nurses.

Among the visitors to the Kiwanis Club on Monday were Mr. Hart, introduced by Kiwanian A. Laprairie, and Mr. Geo. C. Murphy, introduced by Kiwanian Arch. Gillies.

Mr. and Mrs. Haas have had long and successful experience in hotel management and expect to build up a good trade at the Kingston. JAMES McMILLAN MEETS SAME FATE AS DAUGHTER

Word from Cobalt this week tells about a father who met the same fate as his oldest child. This man was one of the two reported to be drowned in Long Point Lake, midway between Elk Lake and Gowganda. He is Mr. James McMillan, an old and well-known resident of Cobalt. He with a young Nova Scotian named Finlay McLean, lost their lives when an old canoe in which they went for a trip on the lake recently upset in a squall that apparently assailed the frail craft.

Reports from Elk Lake suggest that Messrs McMillan and McLean started out some days ago to visit a gentleman named Ed. Parker, a trapper, and when they did not return for some days no anxiety was felt, because the weather had not been favourable. Finally a search party started out and the canoe, upturned, was found floating in the lake. The report from Provincial Constable Kinnard leaves no room for doubt regarding their fate.

McMillan was a married man and he leaves a wife and three children. His elder daughter was drowned in Peterson Lake, near Cobalt four years ago. He was employed at the Keora Mines as watchman. McLean was single and was working at the Coleroy property. The bodies have not been recovered.
