GENTRY'S CIRCUS DREW BIG CROWD ON TUESDAY

Crowd at Evening Performance the Largest Ever Gathered Here Under Canvas. Show Not as Good as Sparks Circus

Gentry's circus paid its first visit to Timmins on Tuesday of this week, and drew very large crowds. The crowd for the evening show was the largest ever gathered for any similar event at Timmins, being larger than the best ever drawn by Sparks' Circus. The latter is a better and bigger show then Gentry's. The Gentry Shows are much of the type of the Sparks Shows, but not so large nor so good. The parade held in the morning just after eleven was a disappointment to most people, the showing of animals and other features not being very large or imposing. The Gentry Show, however, has one good point in common with the Sparks Shows,—its employees are most orderly and quiet, and the show went out of town without the slightest approach to cause for any complaint as to conduct.

The showing of animals was not very impressive, and the sideshows had no particular original touch, except to the pocket. The elephants were good; there was a lot of good acrobatic work, a couple working together being especially capable; the clowns and their band amused all, while some of the wedding scenes were good. Possibly the best single feature was the lady slack wire performer whose work was certainly clever and attractive. Some of the horsemenship was good, ladies and men alike doing well in this. The trained dogs were a specially good feature. After the regular show there was the usual Wild West feature, together with a wrestling match, which latter was won by a man who was with the circus, but whose address was given as Ansonville.

The Gentry Shows were expected to call for a 50 cent admission fee. Instead of this, a dollar was charged. It is undertsood that the reason given for the change was that the town charged a larger fee than expected for the license. Only the usual $500 fee was required by the town and as the change in price meant several times the whole amount, the excuse is not an effective reason. However, the crowds turned out so the circus had no cause to worry. As the low admission fee was one of the conditions upon which the grounds were rented, they will have some explaining to do in case they ever come back again. In regard to extra charges, the making of change, and other features in contact with the public many had the opinion that this show "was not as good as Sparks Circus." However, the children enjoyed the event and are making no complaint, and as the circus is for the children especially, perhaps it will be as well to say that the event was a success.

It may be noted here that Sparks Circus is reported as likely to come here again in August, which would mean two circuses here in a year.

RAISIN BREAD SUPREME

When you buy a loaf of our raisin bread it is gone before you know it. The children will locate it and help themselves every time they experience that "gone" feeling. The adults, too, are always ready for a slice of it. To be on the safe side buy several loaves at a time. No chance of it getting stale. Make our bakery your sources of supply.
