COMMITTED FOR TRIAL ON CHARGE OF PERJURY

Charge of Arson Also Laid Against S. Goldstein. Accused Out on Bail.

This week a charge of arson was laid against S. Goldstein who conducted the exclusive shoe store in the Reed block. He was remanded for a week on this charge, bail being accepted in the amount of \$5,000.00. Last week he was arrested on a charge of perjury in connection with the evidence he gave at the Deputy Fire Marshal's enquiry into the fire at the Reed block. Goldstein's testimony on some points, especially as to his whereabouts between eight o'clock the night of the fire and two o'clock the following morning, was considered by the Deputy Fire Marshal as at variance with facts that he believed could be established, and so the charge of perjury was laid. Goldstein was allowed out on \$5,000.00 bail last week. When the case came up this week evidence was heard from Mrs. Richards, of the Timmins Flower Shop, Jack Cuthbertson, the Deputy Fire Marshal (Major Nealon), Miss K. McNabb and Fire Chief A. Borland. The evidence of most of these witnesses was to the effect that they had seen Goldstein at or near the scene of the fire between 12 and 1 o'clock. The evidence given by Goldstein at the inquiry was contrary to this. The Deputy Fire Marshal told of his investigation of the fire and his questioning of the accused. The Fire Chief reviewed the work of the brigade in handling the fire and the order in which the various lines of hose were laid. No evidence was put in for the defence. Messrs John M. Greer and S. C. Platus appeared for Goldstein, while Mr. S. A. Caldwell, Crown Attorney, was in attendance for the Crown. After hearing the evidence of the witnesses, Magistrate Atkinson committed Goldstein for trial before a judge.

On the charge of arson Goldstein was granted bail, and the case remanded for a week, bail being given on this charge by himself and others. The preliminary hearing on the arson charge will likely be taken up on Wednesday next.

ELECTRIC IRON CAUSE OF FIRE IN GOLDFIELDS BLOCK

No Serious Damage Done. Three Other Fire Alarms During the Past Week.

During the past week the fire brigade responded to four fire calls, none of which proved serious, but some of which had very interesting features. The most interesting was a call from the Goldfields Hotel block at 8.30 p.m. on Friday. Tenants in the upstairs part of the building smelled smoke and also saw a little smoke in the building. There was no other indication of fire anywhere in the building. Firemen were sent over to the building and after a careful search traced the smoke to the millinery store, The French Shoppe. On entering the store it was found that an electric iron had been left turned on and the table on which the iron was sitting was charred through, the live coils of hard wood from the table dropping into a basket of cloth clippings underneath and setting them smouldering. The result was considerable smoke but practically no fire. The fire was put beyond all chance of danger by the use of the chemical tank. The damage done was slight.

On June 23rd, at 2.30 p.m. there was a telephone call to the brigade for a fire in a shed at the rear of No. 8 Cedar street. The chemical tank put the fire out. The building has been ordered to be torn down, the order being made by the Fire Marshal's Dept.

On Friday the 24th at 11.35 p.m. smoke at the Radio Cafe also caused an alarm to be sent in. It was found that the fire was only in the furnace and the smoke was simply coming from that source.

On Monday afternoon there was a similar call to the Courtemanche block on Fourth avenue, next to The Advance office. There was smoke through the building, but investigation showed that the smoke originated with some burning papers in the furnace.

The dance will commence at 8 p.m. The Scottish team party will be guests for the occasion. A big orchestra will provide the music for the occasion. It is expected that the music will be something special, and a very pleasant event is assured. It is a community event and everybody is invited to attend and have a good time. This is the same strip of pavement used last year for the Moose dance that proved so successful and was so largely attended.

Eight Arrests in Connection With Alleged High-Grading

Extensive Activity in Theft of Ore Suggested. Man and Woman from Montreal Arrested at Porquiss with Gold in Possession. Woman Wore Belt with Gold in Pouches. Farmer Near Town Arrested in Round-up.

With the arrest of seven people this week—six men and a woman—the police believe that they have struck one of the most extensive schemes for traffic in high-grade gold yet unearthed in the North. Those arrested are: Mr. and Mrs. Abraham L. Simon, of Montreal; Walter P. Wilson, farmer living just outside Timmins; Wm. Denkow, Adam Klapouschak, Alec Barbas, John Pasichnyk and Mike Klimovich. With the exception of Pasichnyk, all are charged with being illegally in possession of gold. Klimovich is also charged with the sale of gold, and also having firearms illegally while being an alien. Pasichnyk faces two charges,—having a weapon for dangerous purposes, a form of "billie" being found in his possessions and having firearms while being an alien.

The round-up commenced with the arrest at Porquiss Junction of Mr. and Mrs. Abraham L. Simon, who were apparently on their way back to Montreal after a visit to Timmins. Several thousand dollars of gold ore in various stages of treatment is said to have been found in their possession.

The woman had a specially constructed vest or belt under her dress and when she was searched by woman engaged by the police for this purpose this vest was found to contain a quantity of high-grade.

Following the arrest of the two from Montreal a visit was paid to the farm of Walter P. Wilson, Mattagami river, near Timmins. Here, a careful search discovered a quantity of high-grade in various stages of treatment, together with some equipment that could be used for treating ore. Wilson was placed under arrest. The other arrests followed. Officer Allen, Chief MacLachlan, of Timmins, Chief C. Melnis, of Tisdale, and the town, township and provincial police took part in the work of rounding up the group now facing charges. Bail was set at \$10,000.00 each until Wednesday, when the various accused persons were given a remand to next week, bail in each case being set at \$5,000.00. At the time of writing all of them have not yet arranged bail.

There was a great array of eminent counsel for these cases yesterday. Crown Attorney S. A. Caldwell represented the Crown, and Messrs Gauthier, Brown, Langdon and Kehoe, of Timmins, and J. M. Greer, of Cochrane, represented the different defendants in the cases.

Between six and eight thousand dollars in gold ore is understood to have been taken in the raids. In Wilson's house there was a roll of \$2,000.00 in bills when search was made. Another man also had \$2,000 in cash in his possession, while another \$300.00 was uncovered in searching a room.

In referring to the case yesterday the Crown attorney said that \$128,000 worth of gold had been stolen from the Hollinger in recent times. Mr. Greer, however, objected to this statement saying it could only be a guess or estimate. However, the police claim that extensive operations in illegal traffic in high-grade have been in effect for some time past. The informations in the cases this week were laid by the General Manager of the Hollinger, Mr. A. F. Brigham, the gold in question being believed to have come from that mine. Some of those arrested were taken into custody when coming off shift at the mine.

Montreal was communicated with in the matter, and the police there made searches to see if high-grade could be located at certain suspected places in that city. So far as can be learned here up to the present time, the searches at Montreal have not been successful in unearthing any quantity of gold ore there.

Fencing of the Kiwanis Community playgrounds was commenced yesterday and will be completed before July 1st. A path is also being built from the subway for access to the playgrounds.

Successful Event by Cercle Canadian on Friday Last

Bean Supper Delightful Affair. Over 500 Present. Inspiring Addresses by Judge Caron, Mr. Jos. Bradette, M.P., and Four Youngsters. Observance of Day to be Annual Event.

The observance of the 24th of June by the Timmins Cercle Canadien proved a great success in every particular. The sale of ribbons was large and the girls at this were kindly received by all in general.

The baseball match between the Cercle Canadien team and the Hollinger team was rather one-sided but roused quite a bit of interest. The Hollinger team won by a big score, but everybody had lots of fun and good sport. The big event of the occasion was the bean supper in the parish hall, followed by a musical programme and inspiring address.

There were over 500 plates set for the supper and there were no empty places. The rain kept some away, but the attendance was remarkably large and the event enjoyed from beginning to end. There was a lavish array of the finest in good things to eat, many specially remarking on the fine cakes given for the occasion. The cakes, despite the number provided, were no more than enough. Fifteen gallons of ice cream went the same way. Seventy-five pounds of dry-beans were used in the preparing of the supper, and this proved not too much. The musical programme was a very attractive and pleasing one. It included solos by Mrs. Jos. Theriault

and Mr. J. B. Pare. Mrs. Theriault's gifted singing delighted all, while Mr. J. B. Pare's fine voice was heard to advantage and his singing was much appreciated. Piano selections by Mrs. Gauthier won general favour and applause on merit. The comedy given by members of the club made a big hit; it was well presented and much enjoyed.

Eloquent and inspiring addresses were given by Judge Caron and Mr. Jos. Bradette, M.P. These addresses were exceptionally helpful and much appreciated. The addresses by two boys and two girls were among the most appreciated items on the programme. Among the subjects dealt with by the youngsters were "Columbus," "Champlain," and "Maisonneuve." These addresses were all remarkably able and well delivered. The clever boys and girls giving these addresses were: Annette Perrault and Annette Millette and Roger Beaulne and Roger Laflamme.

The Cercle Canadien appreciates very much the kindly way in which all assisted to the success of the event, and the generous patronage given by the public. It is now intended to observe the day each year, the next event to be undertaken on even a larger scale.
