Schumacher Visited by Bad Storm on Thursday Last Week

House Struck by Lightning. Power and Lights Off. But No Serious Damage Done. Many Motor Accidents in and Near Schumacher. Other Schumacher News.

Schumacher, Ont., Aug. 3rd, 1927. Special to The Advance.

On Wednesday of last week, the annual picnic of the Trinity United Church Sunday School was held at the head of the lake. Quite a large number of children, parents, and friends attended, and all report an excellent time.

Mrs. A. Boutet, of First avenue, returned on Thursday from a visit to her daughter in Quebec City.

The worst storm in years passed over town on Thursday of last week. The lightning was very vivid, and the thunder deafening, while rain fell in torrents. Many houses experienced a small flood, the rain beating in through window-frames and down chimneys. A couple of transformers at the corner of Second avenue and Pine street were put out of commission. Almost the whole residential section of town spent the night in darkness, except for the glimmer of candles. The home of Mr. Dunn was struck by lightning, but luckily no one was home.

Born—To Mr. and Mrs. Roy Heath, of Third avenue, on Thursday, July 28th,—a daughter.

Mrs. Harris, of Third avenue, returned on Thursday of last week, from Toronto, where she had gone to bring home her little daughter, Florence, who has been for the past two months undergoing treatment at the Hospital for Sick Children. The little girl is much better in health and all friends hope she will soon be quite well and strong again.

On Sunday the McIntyre baseball team met the South Porcupine team, defeating them by a score of 12-1. The McIntyres are still at the head of the league and expect to win the championship.

On Saturday the McIntyre football team met the Lake Shore team at Timmins. The McIntyre won by a score of 3-2. In the last game the Lake Shore team won by a score of 2-1. Thus the two teams are still tied. Ten minutes over-time was played but the score was not changed before it became too dark to play, and the game is to be played again on Saturday next. According to many spectators, this was the best football game ever played in the North Country, both teams showing splendid form and combination, but special credit is due to the McIntyre team. The first goal was scored by Bratby. The second from a penalty was scored by Hugh Moore and the third by Alf Cooper. In scoring this goal Alf Cooper was knocked against the goal-post, suffering a badly wrenched knee. Saturday's game promises to be very interesting and all lovers of a good football game should endeavour to see this one.

Mr. Jucksch, our local fire chief returned on Sunday from Hull, where he had been attending the Dominion Fire Chiefs' convention. He reports

a most enjoyable time spent by all. There were about 158 delegates attending, and all were entertained right royally. They were given the key to the city, visited the International Paper Mills and other big industries in the vicinity, also viewed all the points of interest in Ottawa.

On Monday the firemen had a call to the "White Lunch." The fire was not serious and in a few minutes was out.

Monday and Tuesday seem to have been unfortunate days for motors. On Monday a car driven by a Chinese gentleman, collided with Dalton's Schumacher bus. Luckily no one was hurt, but both the bus and the car were slightly damaged. Later in the evening another accident, which might have proved fatal, happened a little farther east, on the same road, at a point where excavation work for sewers and water is being done. A car was coming from South Porcupine, and one from Timmins. They met at point where half the road was up, also a dairy waggon was standing there. The driver from South Porcupine decided to risk going over the pile of logs, brush, earth, etc., at the road-side, rather than run head-on into the other car. The driver from Timmins also turned out and he hit the dairy waggon, spreading milk and broken bottles around for yards. The horse ran away, but was stopped somewhere near the Gold-ale. One car was badly damaged, but except for a shaking-up, and minor bruises, none of the people in the cars of Dalton's buses figured in an accident. This was near Connaught where the bus was going special trips when it turned over. The passengers were pretty badly shaken, but otherwise unhurt. Mr. Sky from the dry-goods store was not so fortunate. He suffered a broken arm which is giving him much pain. On Tuesday a very serious accident happened on the road between Timmins and Schumacher. The police car driven by Officer Cushing ran into a "governess-car" and pony. The pony was so badly injured it was later destroyed, and the driver of the pony is in the hospital, but it is understood that his injuries will not prove serious.

The Rev. Ivan Kennedy and family are away for a well-earned vacation. Mrs. Corriess's brother, who has been visiting with her for the past month, returned on Sunday to his home in Toronto.

Mrs. Eustace, of Second avenue, received the sad news on Monday of the death of her mother in the Old Country. She had undergone an operation for appendicitis, but suffered a relapse, and passed away from heart-failure. Her many friends will extend sympathy to Mrs. Eustace in her sad bereavement. Mrs. Eustace is leaving this (Thursday) morning for Montreal from which port she will sail for London.

LARGE NUMBER AUTOMOBILE ACCIDENTS IN DISTRICT

(Continued from page one)

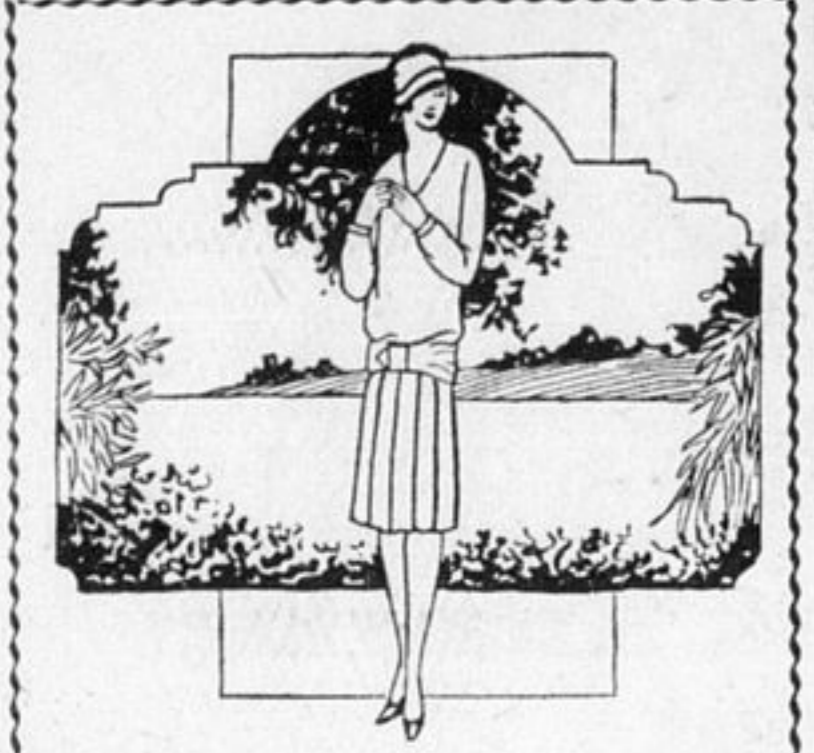

Mr. Wallace apparently averting a more serious crash. Mr. Duncan's car slid along the other car and crashed into the ditch. Fortunately, no one was hurt, though Mrs. Lacroix suffered from shock due to the accident. Constable Moore on his motorcycle was just behind Mr. Wallace's car and had a narrow escape from injury having to jump from his cycle to save himself. The cycle was slightly hurt. Two other town police were driving past about this time and stopped to investigate. Mr. Duncan was arrested on a charge of being intoxicated while in charge of a motor car, and is out on \$100.00 bail. The case will come up next week.

On Wednesday morning there was another accident on the Hollinger road. The Schumacher Bakery motor truck crashed into a telegraph pole, smashing the pole and the car. The cause of the accident is understood to have been that the car got out of control owing to defective steering gear. The knuckle on the steering gear had worn badly and dropped down, making it impossible to control the truck.

MAN WITH SLASHED NOSE HAS MADE GOOD RECOVERY

J. Robinson, the man who had a large part of his nose cut off by a man who apparently tried to hold him up after a poker game, is now out of the hospital, having made a good recovery. His nose was slashed by a knife and cut so badly that it was feared he would be disfigured for life. However, the skill of the surgeons here has remedied the injury and the man is now all better, and so cleverly was the surgical work done that the injury is not now noticeable at all. The man suspected of committing the crime of slashing Robinson with a knife is being carefully sought and will be brought to justice. He has been traced to several places but has apparently moved on in each case before he could be captured.

The attraction of the North Land highway to tourists is proved by the fact that on one evening last week no less than three cars with Ohio State license plates were parked before the hotel at Haileybury.

Georgette Makes a Unique Frock for Afternoon Wear

Georgette in fine tucks makes this jacket an unusual success. Banded in white silk, it is trimmed with lace, and, with the skirt in fine pleats, makes a delightful afternoon costume. The sheer material is given body by the tucks and the straight lines of the short coat save it from fussiness. A vest of the same silk as that which binds the coat shows above the three buttons of the jacket.

The collar is of silk and the small hat of lace to match the trimming on the coat. It would be particularly appropriate for the garden party or afternoon wedding.
