

**NOTICE TO CREDITORS**

In the matter of Max R. Legate of the Settlement of South Porcupine, in the Province of Ontario and in the matter of the Bulk Sales Act.

Take Notice that Max R. Legate of the settlement of South Porcupine in the District of Cochrane and Province of Ontario, has made a sale of his stock-in-trade and trade fixtures to Gordon McKinley and Fred C. Farant, both of the said settlement of South Porcupine, and that I am appointed Trustee under the provisions of The Bulk Sales Act.

And Further Take Notice that creditors having claims against the Vendor, for which they are entitled to rank, must file proof of such claims with me on or before the 8th day of August 1927, as after that date I shall distribute the proceeds of the sale amongst the parties entitled thereto having regard to those claims of which I shall then have notice.

W. G. BOWLES, Trustee, South Porcupine, Ont. Dated at South Porcupine, Ontario, this 15th day of July, A.D. 1927.

**YOUNGSTERS HAVE MUCH FUN AT PLAYGROUNDS**

The Kiwanis Community playgrounds on the "cyanide" on the east side of the railroad track, and accessible by the road at the other side of the subway, are proving a great attraction for the youngsters these days. The Kiwanis have installed swings, slides and other agreeable equipment and the boys and girls certainly appear to appreciate and enjoy the accommodation. There is always a bunch of youngsters at the new playgrounds and they all seem to have much fun, for which they may thank the Kiwanis Club.

**DEATH OF MRS. J. S. JODOUIN. FORMERLY OF TIMMINS**

Mrs. J. S. Jodouin, of Connaught, died at St. Joseph's hospital, Sudbury, on Saturday, July 23rd. The funeral took place on Monday of last week at Sudbury, her old home town. She leaves to mourn her loss a bereaved husband and a little daughter, Helen, aged 6 years; also her father, and mother, brother and sister, all resident at Sudbury.

Mr. and Mrs. J. S. Jodouin lived at Timmins until about three months ago when they moved to Connaught, where Mr. Jodouin is on the staff of the D. O'Connor store. The late Mrs. Jodouin has hosts of friends in Timmins, being especially popular among the young people of the town, among whom she was widely known and well liked by all. Her death will be deeply regretted by wide circles of friends, and very sincere sympathy will be extended to the bereaved husband and family in their grief at this time.

**HEADING REVERSED ON TWO ARTICLES THIS ISSUE**

Elsewhere in this issue will be found two articles on the North Ontario Crusade to Toronto. One outlines the programme, and the other gives a reproduction of a timely editorial in the matter from The Broke Hustler. In making up the forms' the headings were inadvertently transposed. The re-printed editorial bears the heading designed for the article giving the programme, and the programme, and the programme article is credited to The Broke Hustler. As both articles appear, no particular harm is done, but the explanation may relieve the mind of any critical ones who may note the change of headings.

Miss Tena Lang, daughter of Mrs. Mac Lang, M.P.P., Haileybury, is the guest of her aunt, Mrs. E. M. Stenhouse.

**South Porcupine Getting Ready for the Motor Crusade**

**Committee Met on Friday Evening Last. Those Intending to Take in the Big Trip Should See About Certificates, Etc., at Once. Big Programme at Toronto. Other News from South Porcupine.**

South Porcupine, Aug. 2nd, 1927. Special to The Advance.

Mr. and Mrs. Thos. Wilson and Master Terry are spending a month's holidays with friends in Cobourg, Ontario.

Miss Dorothy Rapsey is holidaying at the beach at Golden City, being the guest of Mrs. M. Smith.

Provincial Officer Craik and Mrs. Craik have left for a motor trip through the South.

Miss Jesse Brilliant, of Cochrane, is the guest of Miss Minnie Levinson.

The Ezylyfe Club motored to Cochrane for over the week-end, several cars taking the party up. Miss Vera Dempsey returned with them.

Misses Vern Laforest and Pearl Kennedy spent the week-end with friends at Ironquios Falls.

Born—On Sunday, July 31st, to Mr. and Mrs. Dan, Strachan avenue,—a son. Congratulations.

Misses Eleanor and Thomasina Boyle are spending a week with their grandmother in Cobalt.

Mr. Stevens, of the Bank of Toronto staff, has returned from a holiday in Toronto.

Mrs. E. J. Rapsey arrived on Monday evening after an extended visit with her father at Mattawa and a motor trip through the States.

Mr. Chamberlain, of the Imperial Bank staff, is on duty again after holidaying in Southern Ontario.

Don't forget that Wednesday, August 17th, is civic holiday in Tisdale township. This date was arranged at the request of the Schumacher Fire Department who contemplate putting on a big field day on that date.

Rev. F. Bain returned on Monday from the Summer School at Temagami and reports a wonderful time there. During his absence the services on Sunday were taken by the Rev. Fisher, a returned missionary who is stationed at Porquus Junction this summer and acting as supply minister for this part of the North. His talk on Sunday evening was very much enjoyed by old and young alike.

There was a meeting of the committee in charge of arrangements for the Northern Ontario Crusade from this district, held on Friday evening, July 29th. Although quite a considerable number have stated that they figured on going still cards have only been signed for three cars to date.

These cards entitle the occupants of the car each to a badge, which will give them free admission to all the entertainment being planned for the Crusaders from the North. As only 1500 of these badges have been issued for the whole North and some of the other towns are signing up much faster than here, there is a danger of disappointment to some if they delay sending in their request for same. These badges will entitle the wearer to take advantage of all the entertainment planned, as well as given free parking privileges at certain places, free admission to Exhibition and grand-stand, etc. Two full days' entertainment are being planned by the Provincial Government. The city of Toronto, the Exhibition directors, the Toronto Board of Trade and the Ontario Motor League are all helping to extend the glad hand by means of dinners, luncheons, moonlight excursions and visits to surrounding points of interest. They say it is to be the biggest time ever given by the city of Toronto to a party of visitors. Those going down earlier may enter their cars and join the parade as it comes to Toronto and be admitted to the various places with the others if badges are secured now.

Mr. Jas. Cattarello accompanied by his daughter, Miss Francesco, is visiting his sister in Cobalt. Miss Frances will remain for the rest of the month.

Mrs. Paradis and three children, who have been on an extended visit to her mother, Mrs. Garrety, returned to her home at Victoria Harbour, this week.

Mrs. Barry is in Toronto where Dr. Barry has successfully undergone an operation for which he went down to the city.

**FATHER FROM COCHRANE SEEKS YOUNG GIRL HERE**

A gentleman from Cochrane visited Timmins on Sunday in search of his daughter who is between sixteen and seventeen years of age. The father thought the girl had come to Timmins with a man and woman employed by the Gray's Shows now here. The police gave him all the assistance possible in his search for the girl, and in a short time discovered that a girl answering the description had stayed at a local hotel with a man and woman, the trio giving the hotel people to understand that the man and woman were husband and wife and the girl was a sister of the woman. Apparently, however, the girl saw her father or heard of him being in town, and she promptly disappeared. The man and woman were located, but denied having done anything more than show friendship to the girl. The Gray's Shows, however, expressed disapproval of harbouring girls that had left home, and told the police that the man and woman would be promptly discharged from the employ of the shows. In the meantime, the girl could not be located anywhere in Timmins, though a very careful search was made. Reports that she had gone to South Porcupine, Porquus Junction and other places were also investigated without result, as far as can be learned up to the present, the girl has not been found nor has she returned home. Her father said she was a good girl in nearly every way but had been seized with a foolish idea of travelling round. Search is being continued for the locating of the thoughtless young girl.

**PAT KENNEDY LEAVING THE NORTH THIS MONTH**

P. H. Kennedy leaves shortly to take a position in the electrical department of the Anglo-Canadian Company at Quebec. It was quite a surprise to all his friends to hear that he had decided to go considering he has been here since February 3rd, 1917, and was regarded as a fixture. When he came here he was no stranger to the north country, as he worked at Timmins and on prospecting trips covering a large part of Northern Ontario above the height of land.

Pat has been one of the most prominent men in town in labour circles. He has been president of the Central Trade Council since the organization and has served several terms as president of the Pulp and Sulphite Union and held many other important jobs, a gift of the Union men of the town. He has been chairman many years of the Labour Day Celebration.

In addition to this Mr. Kennedy has always taken a great interest in Board of Trade work, attending the meetings and frequently acted as a delegate to the out-of-town meetings of the Northern Ontario Associated Boards of Trade.

When he first came here he was on electrical construction work, in 1918 being made assistant winder and in May 1919 became winder which position he has held ever since.

Pat has always been active in sports and as a runner, hockey player and baseball player, he was well-known throughout the north country in the early days. Several times he has managed the Pulp and Sulphite baseball team and the town team and was on the job continually. He has also had a good deal to do with hockey and was relied on by the players to keep their skates in shape. He has also been connected with the firemen for a number of years, the last part of the time being assistant chief. It certainly is a jolt to see an old-timer leave. What people are wondering about now is how Pat is going to live in Quebec without a golf course at hand.

They tell us of the blushing bride

Who to the altar goes,  
Down the centre of the church  
Between the friend-filled rows.

There's Billy, whom she motored with  
And Bob with whom she swam;  
There's Jack, she used to go with him,

And Steve, who called her lamb;  
There's Ted, the football man she owned,

And Don of tennis days;  
There's Herbert; yes, and blond Eugene,

Who had such winning ways;  
And there is Harry, high school beau  
With whom she used to mush.

No wonder she's a blushing bride;  
Ye gods, she ought to blush.

—The Brown Bulletin.

Cobalt Kiwanis Club has discontinued the weekly luncheon until September, on account of the number of members away on holidays.

**CONIAGUM PLANNING MILL AND ENLARGING OF SHAFT**

General Meeting This Week to Consider By-law for Borrowing \$800,000 for These Purposes

A special general meeting of the Coniagum Mines, Limited, is called for Friday of this week at St. Catharines, Ont. The notices of the meeting give the purpose to be the consideration, and if approved by the shareholders, the passing of a by-law to authorize the borrowing of the sum of \$800,000.00 from the Coniagum Mines, Limited, for the constructing of a mill on the company's property (formerly known as the Newray) and for the further development of the property. The plan is to re-pay the advances with interest at seven per cent. The by-law also provides for the issuing to the Coniagum Mines, Limited, of 80,000 shares of Coniagum's capital stock in consideration of the loan. In a letter to the shareholders of Coniagum Mines, Limited, the president, Col. R. W. Leonard, writes as follows in explanation of the meeting:—

"The Report to Shareholders presented at the annual meeting on April 6, 1927, mentioned the possibility of mill construction and deeper underground development at your property in the Porcupine District during the current year.

"The ore which has been indicated on and above the 1,500-ft. level is conservatively estimated to be in sufficient quantity and of suitable grade to enable your directors to come to a decision on these matters.

"At a meeting of your directors held on July 22, 1927, your board decided to proceed immediately with the construction of a mill of 500 tons daily capacity, and concurrently to deepen the main shaft to 2,050 feet, in order to develop at this horizon the ore bodies already indicated on the upper levels. The main shaft for this additional depth will be enlarged by one compartment, making four in all, in order to take care of still deeper development in the future without hampering in any way the operation of the mill.

"It is estimated by your engineers that the sum of \$800,000.00, in addition to the present money in the treasury (approximately \$100,000.00) will be required to carry out this programme before any return from mill operation can be anticipated.

"Having this in mind, the shareholders at the annual meeting of April 6, 1927, authorized an application to the Lieutenant-Governor of supplementary letters-patent increasing the share capital of your company from 1,000,000 to 1,200,000 shares of a par value of \$5.00 each.

"In order to carry out the construction and development programme outlined, with as little delay as possible, it was decided by the unanimous vote of your directors to request The Coniagum Mines, Limited, to loan this money to your company on favourable terms. The board of The Coniagum Mines, Limited, has agreed to this proposal, the monies advanced to bear interest at seven per cent, and The Coniagum Mines, Limited, to receive in consideration thereof, 80,000 shares of the new capital stock of the Coniagum Mines, Limited, fully paid up and non-assessable.

"These terms were unanimously approved by your board, subject to ratification by the shareholders."

Consideration is also to be given at the meeting to By-law No. 12, being a by-law to authorize the issue of 200,000 shares of Coniagum stock authorized by recent letters patent, to be issued at a discount of forty per cent.

**A CERTAIN CLUE**

"He dashed into the police station at midnight, explaining that his wife had been missing since eight o'clock that morning, and asked that search be made for her.

"Her description," said the sergeant. "Height?"

"I—I don't know!"

"Weight?"

"The husband shook his head vaguely."

"Colour of eyes?"

"Er—average, I expect."

"Do you know how she was dressed?"

"I expect she wore her coat and hat. She took the dog with her."

"What kind of a dog?"

"Brindle bull terrier, weight fourteen and one-half pounds, four dark blotches on his body, shading from grey to white. Round, blackish spot over the left eye, white stub tail, three white legs and right front leg brindled all but the toes. A small nick in the left ear, a silver link collar, with—"

"That'll do!" gasped the sergeant, "We'll find the dog!"  
—Exchange

It was at the scene of an automobile accident. An elderly lady in one of the first cars to be stopped by the debris of the smash-up, leaned from her car as a very much battered man, with a hastily arranged bandage around his ankle, hobbled by.

"Oh, my," she said, "did you hurt your ankle?"

"Naw," replied the man, "I lost both eyes. This bandage slipped down."
