PRESENTATION MADE ON TUESDAY TO MR. J. F. CURNOW

Mr. and Mrs. J. F. Curnow left to-day (Thursday) for Madron, Penzance, Cornwall, England, where they expect to take up residence. They will be much missed in Timmins where they have proved themselves the finest of citizens, and there will be general regret at their removal from this district where they have such wide circles of friends. Mr. Curnow has been a resident of Timmins since 1914 and has always been looked upon as one of the best of the town's pioneer residents. Mr. and Mrs. Curnow have been active in church and other circles, and their ready and kindly help will be much missed now. Mr. Curnow was a lover of true sport and took especial interest in football. Largely through the effort of Mr. Curnow and his son, the late Frank Curnow, the Cornish One-and-All Football Club was established on the firm foundation that has given it so much standing in town. The Cornish One-and-All Football Club after the football game on Tuesday evening took occasion to express the regard felt for Mr. Curnow by the Cornish people here, the football enthusiasts, and the people in general. Mr. Curnow was presented with a handsome carving set. Mr. Chas. Richards made the presentation, referring feelingly to the talented assistance given by Mr. Curnow to the P. D.F.L., to the Cornish Football Club, and to sport in general. Mr. Curnow, though taken by surprise, made appropriate reply, thanking all for their kindness and expressing his sincere good wishes.

Mr. and Mrs. Curnow sail this week from Montreal for Cornwall.

The Cochrane Northland Post last week referred to the opening of the Government Liquor store there as follows:—"The Government Liquor Control Store was opened yesterday afternoon for business. While quite a number of people made their purchases at no time was there an unseemly crowd, and the event passed off practically unnoticed."

NOTEWORTHY ACCORDION PLAYER VISITS TIMMINS

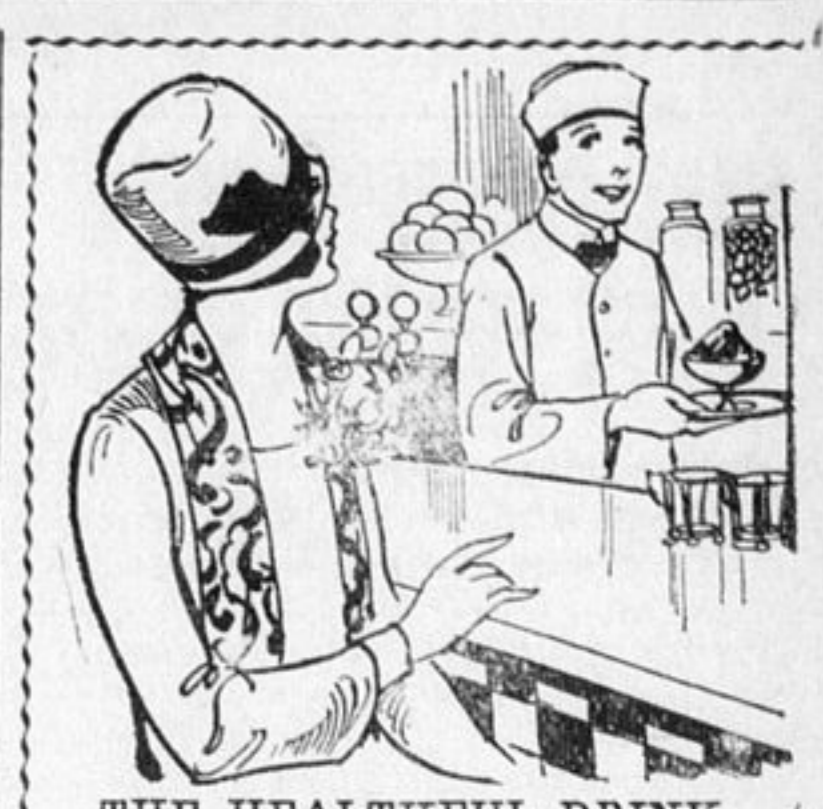

Mr. Victor Dorigo, of Detroit, is at present visiting Timmins and effort is being made to induce him to take up permanent residence here, it is understood. Mr. Dorigo is an accordion player of the most remarkable talent, and has greatly interested musicians who have heard him. "He can give organ and other effects on the accordion in the most gifted way," one of these musicians remarked after hearing Mr. Dorigo play at a social event here this week. The musician went on to remark that Mr. Dorigo's interpretation of classical and lighter music on the accordion was the most expressive and impressive that he had ever heard.
