
Every Town Wants Industries

Every industry, be it large or small, adds to the progress and prosperity of any community. Every such industry brings new capital to a town, and distributes this among the business men generally in the way of wages and salaries. Everybody benefits.

Among local industries there is none of greater importance in any community than that of the local home newspaper. Not only does it provide employment for a certain number of workmen, but it offers a service to the community which could be obtained in no other way.

In their own best interests, therefore, business men should use their local paper for purposes of advertising, and also for the procuring of their requirements in PRINTING. All business men need printed matter of various kinds from time to time. Remember your local printing office when in need of printed matter.
