FINALS FOR GOLF CLUB TROPHY WERE POSTPONED

The finals in the Golf Club Trophy emblematic of the championship of the Timmins Golf Club, were not played during the past week-end. The Northern Ontario Golf tournament interfered to a certain extent, and the uncertain weather the earlier part of the week made it better to postpone this event. The contenders for the championship of the Timmins Club this year are Messrs G. S. Lowe and Geo. Lake.

PECULIAR ACCIDENT TO TRAINMAN ON ROUYN LINE

John Burns, fireman on the C.N.R. branch to Rouyn met with an odd accident that came remarkably close to costing him his life. He was looking out of the cab window, leaning far out and looking back, when his head struck the spout of a water tower. The fireman was rendered unconscious and remained for a considerable time in that condition. He was hurried to the Rouyn hospital where he is now making good progress to recovery. At first it was feared that he might not recover. He apparently had a fracture at the base of the skull. However, he is doing well now and will soon be all right again.

HUNDREDS OF MOTOR CARS VISITING TEMAGAMI NOW

Great Line-up of Cars at New Garage at Temagami Every Day Recently. Great Increase in Traffic Over New Trunk Road

The new Ferguson highway is certainly proving a great means of publicity for the North Land. In the South nearly everybody is interested in the North, and the influx of tourists into the country is most marked. The increase in business at Temagami is an example of what the new trunk road is doing for the North. The number visiting Temagami for fishing, camping and other holiday purposes is many times this year what it has been in previous years. One man from Timmins who has just returned from an extended trip in the South told this week of the increased business at Temagami, famous for years as a summer resort. In other years access to Temagami was only by railroad. Since the opening of the Ferguson highway, the famous summer resort may be reached also by motor trip from North Bay. Accordingly, there is a great increase in the number of visitors. Not only from North Bay and other Northern centres, and from Toronto and other provincial centres, but also from the provinces and from the States scores of parties are motoring to Temagami each week. An enterprising resident at Temagami has erected a storage garage that will hold over 60 cars. This garage is full most of the time. On Saturday last not only was the garage, or shed, full to capacity, but the owner of the place had to park another forty cars in his yard, making over 100 cars in his care for the day. As the charge for storage is \$1.00 per day, the enterprising gentleman has not lost any money on the plan.

That the influx of tourists into the North will be of benefit to the country goes without saying. It might also be remarked that the interest aroused by the publicity given the Ferguson highway, even among those who have not used the road, is also very valuable and will prove of help in the work of developing the great North Land.

No other cigar in Canada makes the same universal appeal to every class and every age of man

WILSON'S BACHELOR

BLACKBIRDS CAUSE SOME DAMAGE AT GOLF LINKS

A large flock of blackbirds during Saturday night or early Sunday morning created some devastation on the local golf links. Sunday golfers were treated to the unusual sight of seeing the cup on one of the greens dug out on one side. The blackbirds, noticed in large numbers on the local links that morning, were responsible for this. Then again on the old green on number eight fairway large sections of grass were dug out very neatly all over one section of the old green. The same thieves of the air were responsible for this. Apparently the blackbirds pay as much attention to the "No Trespassing" signs as some of those who wander over the local links at will, without any apparent fear of being hit by a golfer who has just missed a four inch put, and who isn't in the best of humour when he stands up at the next tee for a drive.

Little Willie was going to a party. "Now Willie," his mother cautioned, "if you are offered a second piece of cake you must refuse, as it would not be polite to take two."

When the child returned, she asked if he had obeyed her instructions. "Oh, yes," he replied proudly. "When they offered it to me, I said, 'Take that damn stuff away,' just as father does."

The Weed Scourge

Is it fair to your neighbor if your weed-infested fields, fence rows and idle places are scattering weed seeds over his land?

Is it fair to yourself if your own weeds are scattering their seeds all over your land?

The weed scourge is costing Ontario \$5,000,000 a year. A share of this money should be in your pocket! Instead, this money is wasted. And the waste is increasing!

The time has come for united action! The weed scourge should not be merely "fought"—it should be exterminated! Weeds can be exterminated, but only by determined and united action! The help of every man, woman, boy and girl is needed.

WARNING

Under the provisions of The Weed Control Act 1927, now in force, the destruction of noxious weeds is no longer optional. The destruction of noxious weeds is now compulsory.

Every occupant of land and every owner of unoccupied land is required to destroy all noxious weeds before their seeds ripen. Municipal councils are required to destroy all noxious weeds growing upon the highways. Let everyone co-operate to end the weed nuisance.

Championship Baseball at Timmins on August 24 & 25

Play Here for the Championship of Temiskaming Baseball League and the R. A. McInnis Trophy. Next Wednesday and Thursday between McIntyre and Silver Centre, Two Splendid Teams.

The finals of the Temiskaming Baseball League and for the R. A. McInnis trophy will be between McIntyre, of Schumacher, and the classy Silver Centre team. There will be home and home games. The first two games will be at Timmins athletic grounds on Wednesday and Thursday of next week, August 24th and 25th. The matches will commence at 4:30 p.m. sharp. They will undoubtedly be the best games of the season and every baseball fan should plan to be present. Be sure to be there for both games and ready to cheer the McIntyre to victory. The McIntyre team has played great ball this season and will very worthily represent the northern section of the league.

On Friday and Saturday last Silver Centre won from Lake Shore, the scores being 14 to 4 and 13 to 11 respectively. Silver Centre thus has only one more game to win, while Lake Shore would have to win three straight. As Silver Centre has very evidently the better team it would seem to be a foregone conclusion that they will be the winners of the southern and central groups and so the contenders for the league championship with McIntyre next week.

In discussing the Silver Centre team recently, The Haileyburian says:—"Silver Centre has a smart ball team, strong hitters and fair fielders in almost every position, and should give battle to all and sundry in defence of the trophy which they captured last year. In the box they have Earl Newkirk, pitching better ball than ever, Mullin, who has looked very good at times this season, Russ, Lemon and Frank Gregg, Haileybury boys, both with a nice assortment of hooks and smoke, and Harry Cowden, who cavorts at almost any position, can also toss in some fooblers. Behind the plate they have Brock Cross, a smart receiver, with plenty of pep and a great wing. Seth and Harry Cowden can also handle shoots back of the plate creditably. Archie Howes looks after the initial sack in good style and Stan, Lemon strengthens the second base position over last year. Harry Cowden, the mainspring of the team, is the regular short-stop and gobbles up hits and drives that are meant for hits, with nonchalance. Scott, the new third baseman, is a sweet fielder, and wields a wicked bludgeon. Scott adds needed strength to the hot corner. There are quite a number of candidates for outfield berths, among them being Seth Cowden, Eddie St. Cyr, Charlie Graham, Wilf, Lanthier, Russ, Lemon and Frank Gregg, so that this department will be looked after in the play-offs. McCann, Hulse, Nagle, and Garrison are others who can be called on for service if needed. There is no dearth of material in Silver Centre this season. They have really two good teams, so that, with any of the well known breaks in luck, they should repeat last season's performance of winning the title in the T.B.L."

McIntyre team, it may be said, will represent this northern group in effective way. They had a victory last year in an exhibition game, and are anxious for the finals to show that they can do their part this year all right. They are an equally smart team. Nottingham is the pitching ace and Valin is a good sub. Angrignon, who plays third base, can also twirl if called upon. Fitzjohn is the smartest receiver in the North. Gauthier and Rothwell at second and short will take care of their departments in the best of style. Parks holds down the initial sack in effective way. The field will be well taken care of by Chisholm, Valentine, Stevenson and Dickson.

The McIntyre team won the Mines League the two previous years, and this year entered the Temiskaming Baseball League, and coming out on top should bring the R. A. McInnis trophy to the North this year.

No. 165501 (jumping up in rage after the prison movie show):—"Dammit, a serial, and I'm to be hanged next week."
