

Additional Street Lights Authorized to be Installed

Regular Meeting of Town Council Authorizes Check-up of Water Services. Disposal Plant to be Improved. Private Garages May be of Frame Outside Fire Limits. Other Town Council Business.

At the regular meeting of the town council on Monday afternoon, Acting Mayor G. S. Drew presided, and Councillors A. G. Carson, W. H. Pritchard, Dr. Joyal and Dr. Brennan were present.

A request from the Chinese Benevolent Society regarding the removal of bodies of Chinese people buried here prior to 1920 was granted. The Chinese Benevolent Society asked permission to take the bodies of Chinese people buried here to their native China for interment there. The Benevolent Society assumes all risks and costs of every kind in the matter. Toronto and other Canadian cities had granted similar permission to this society.

St. Mary's Hospital asked for a sidewalk on Fifth avenue from Pine street to Cedar street to connect with the new main entrance to the hospital. The suggestion was made that the hospital might put in the walk and save the extra cost for debentures, etc. The matter was referred to Dr. Joyal and the Board of Works to see what arrangement would be satisfactory.

Mr. John Gurnell asked the council for a reduction in the special frontage water rates on a lot in Rochester. The lot was 47 feet wide at the front, but only 18 at the back. It was really only half a lot but he was charged full frontage. It was explained that the frontage tax was charged only where there was no water service used. There were many triangular lots in town and any change in the frontage plan might lead to confusion. As soon as connection was made with town water this tax stopped. The matter was referred to the waterworks committee.

Accounts were passed, payrolls authorized paid and other routine business dealt with.

Acting-Mayor Drew said that it was felt that the by-law in regard to garages in residential sections was too stringent at present. After a little discussion a resolution was passed as follows:—"Private garages outside fire limits A and B may be of frame construction but the floor shall be of earth, concrete, cinders or crushed stone."

A request from the Board of Health relative to the purchase of 108 Balsam street, north, as an isolation hospital, was discussed, but the matter was laid over until the return of the Mayor.

The police committee was authorized to purchase snubbers for the police car.

The Fire and Light committee's recommendation for the installation of the following additional street lights was approved by council:—one 200 c.p. light on the north side of Fourth avenue and at the subway; one 100 c.p. light at the corner of Third avenue and Mountjoy street on north

side; one 100 c.p. light on the south side of Wilson avenue at the river; change old light from south side of Fourth avenue at Subway to east side of Tamarack street opposite the Masonic hall.

There was a general discussion of the condition of the disposal plant, and it was agreed that certain improvements were necessary. The town engineer had plans for the extensions and improvements required. Dr. Bell of the Provincial Board of Health and a Government engineer had inspected the disposal plant this week and pointed out its needs, which were met by the town engineer's plans. The matter was left over to next meeting.

Acting-Mayor Drew thought the painting of the pier at the subway a white shade might avoid possibility of accident, the whole surroundings being too gray now.

The question of annexing Moneta extension, Rochester extension, Bartleman townsite and Timmins Heights extension was discussed. It was felt that no particular advantage would be made by all these extensions, so it was decided to proceed only with the two that had been formally petitioned for, these two to be speeded up.

The matter of the proposed check-up of water service in town was referred to as likely to be of great value.

After discussion, it was moved by Dr. Brennan, seconded by Councillor Pritchard, and carried, "that a check-up be made of the town recommended by waterworks committee to inspect taps, plumbing and number of rooms, stables, if any, and that waterworks committee be authorized to appoint a suitable man."

MRS. ANNIE BESANT
President of the Theosophical Society, who will be 80 years of age in October, has no fears of leaving terra firma, and has just flown from London to Germany to deliver a lecture.

To Cook Bacon and Beans on Toronto Exhibition Grounds

Prospectors from Porcupine to Tent in Toronto. Will Travel From Here by the New Ferguson Highway in an Old Automobile. A Couple More Old-timers Wanted to Complete the Party.

A group of old-time Porcupine prospectors are going to take part in the Northern Ontario Crusade to Toronto and the Canadian National Exhibition. They are going down in an old but tried and trusty automobile, reminiscent of those fading days when the world thought the Porcupine was an animal bristling with quills, instead of a beautiful rich land bristling with gold. The old car is to be suitably and appropriately decorated with signs—and wonders. The old prospectors intend to take with them their usual camping equipment. On the way up and down to Toronto they will camp where they find convenient. They will cook their own meals by the way. They will live as they have lived for months before on the trail. When they reach Toronto they will tent on the Exhibition grounds. They will cook their bannocks and bacon and beans in the open, before the sight of all men. The millions attending the Toronto Fair this year will have a real opportunity to see what real prospectors look like, dress like, act like, and how they cook and live.

The cooking for the occasion will no doubt be done by Jos. Brisson, famous in camp and on the trail as a chef. The odor of frying bacon will mingle with the odor of sweet sanctity that always hangs around the city of Toronto. With Mr. Brisson will be those other old-time prospectors,

Messrs Tom Benbow and Bob Eddleston, who have broken trail in every camp of this North and pioneered in many other mining camps on this continent. Also in the party will be another noted old-timer of the Porcupine Dr. J. A. McInnis, who was among the first residents of old Golden City, and who was Mayor of Timmins more years than Tommy Church was chief magistrate of the city of Toronto. The party wish to get two or three other real old-time prospectors of the Porcupine to join the party. All particulars may be secured from Mr. Brisson or any of the others using the old car. Only old-timers need apply. It will be a wonderful trip. It will not be much more dangerous than a hike into Red Lake or Kamiskotia, and the chances for spending money won't be as great. Two or three of the old-time prospectors should hurry up and get into this new "rush" to prospect Toronto and the south. The old prospectors' old car should give valuable service in showing the people of the south the facts about prospectors and their lives, and suggesting also something of the work in development done in the North in the past, together with some indication of the possibilities of the future.

Mr. H. Patrick, Tamarack street, is in Toronto spending a few weeks the guest of her sister there.

DEATH OF MISS SELINA MOSES ON FRIDAY LAST

Popular Young Lady Passes Away After Illness of a Few Months. Large Attendance at Funeral on Monday.

The death of Miss Selina Moses on Friday afternoon last came as a decided shock to wide circles of friends in town, although she had been ill for some three months past and it was generally believed that recovery was impossible. Death was due to high blood pressure and other complications.

The late Selina Moses was widely known and held in highest regard by all as a young lady of bright talent, high character and agreeable disposition. She was the only child of Mr. and Mrs. Albert Moses, 44½ Third avenue, Timmins, and the bereaved parents and the other relatives and friends have the deepest sympathy of all in what is realized to be a great bereavement.

The late Selina Moses was born at North Bay twenty-three years ago. When but a young child her parents moved to Cobalt where the family remained for nearly ten years. In 1915 they came to Timmins where they have resided since. The late Selina Moses had a brilliant scholastic career at the public and high school in Timmins and later entered the law office of the late D. W. O'Sullivan, and was continued in the employ of the office when it was taken over by Mr. Dean Kester. She took an active and helpful part in church work, being a member of the St. Matthew's choir for many years, as well as taking useful part in the girls' societies of the church and in the Sunday School.

The funeral took place on Monday afternoon to St. Matthew's church and interment was made in the Timmins cemetery. Rev. R. S. Cushing, rector of St. Matthew's church conducted the services and fittingly made reference to the high Christian character of the late Miss Moses and the notable part she played in church work and in life in the community. The funeral was very largely attended, over 50 motor cars being in the funeral march, and all classes attending the last sad rites to evidence their respect for the departed and their true sympathy with the bereaved relatives. Members of the Altar Girls' Society acted as pallbearers, and the Ladies of the Moose Lodge also attended in a body, the late Selina Moses being a member of the Order. The church was not large enough to accommodate all the many who came to pay their last respects. There was a profusion of very beautiful floral tokens from Timmins relatives and friends from distant points. Among the floral tributes were tokens from the following:—Ladies of the Moose, Mr. and Mrs. D. Essa, Mr. and Mrs. Mark and Sam Ansara, Mr. and Mrs. Nick Ellies, Frank Ellies, Mr. and Mrs. W. Ellies, Mr. and Mrs. Edna, Miss Habib, Mr. and Mrs. S. Habib, Mr. and Mrs. Dabous and family, Mr. and Mrs. S. David, L.O.O.M 1658, Mrs. Nick Ansara and family, Mr. and Mrs. A. Shaheen, Mr. and Mrs. A. Habib, Mr. and Mrs. Jos. Shamass, Mr. and Mrs. Mike Ansara, Mr. and Mrs. Assad, W. F. Dabous, Mr. and Mrs. J. Ellies, Mr. and Mrs. R. Abraham, Mr. and Mrs. Dean Kester, Mrs. Everett and Mary, Mr. and Mrs. Gibbons, Simms, Hooker & Drew, Mrs. Mullin, Mr. and Mrs. Booker, Mrs. D. Dagenais, Mr. S. Vine, Mrs. Simard, Harry Nichols, Mr. Arnott, Mr. and Mrs. Harry Rigby, R. B. Sopha, Norman and Winnifred Hudman, Mrs. Harrison and Doris, Mr. and Mrs. W. Forrester, Mr. and Mrs. J. F. Thomas, Florence Kendall, Stella Chenier, St. Matthew's W. A., Mrs. Tennyson, Timmins; Dabous Bros., Mr. and Mrs. N. S. Dabous, Mrs. W. Abraham, Mr. and Mrs. S. Bosada, Mr. and Mrs. A. Assaf, J. Zion, Mr. and Mrs. Ross, Mrs. Michael, Mr. and Mrs. Assad, Ansara, Cobalt; Mr. and Mrs. T. Bosada, Mr. and Mrs. Mike David, Mr. and Mrs. A. R. Chamandy, Cochrane; Chamandy Bros., A. Chamandy and Sons, Mr. and Mrs. Geo. Chamandy, Mrs. N. Jaboud, Toronto; Mr. and Mrs. Habib, A. Kalli & Sons, Mr. and Mrs. E. Shaheen, Kirkland Lake; Mr. and Mrs. A. N. Ferris, New Liskeard; Mr. and Mrs. Dabous, Haileybury; Mr. and Mrs. Shamass, Mr. and Mrs. Haddad, Parry Sound; Mr. and Mrs. Sahnay, Schumacher.

NEXT BAND CONCERT TO BE HELD SUNDAY EVENING

The next of the weekly band concerts by the Timmins Citizens' Band is scheduled to be held on Sunday evening, Aug. 28th, weather permitting. This will be the twelfth open air concert by the band this season. It will commence after the church services, and the programme as usual will be a good one of special interest to lovers of good music.

The last band concert was held on Thursday evening and despite rather cool weather it attracted a good crowd and the excellent music furnished by the band was much enjoyed. As usual there was a large turnout of ears.

McINTYRE WINS FIRST GAME IN THE BIG LEAGUE

Defeats Silver Centre 14 to 8 in Good Baseball in the Series for Championship of the North.

In the first game yesterday to settle the championship of the North and the possession of the R. A. McInnis trophy for the season, the McIntyre baseball team, of Schumacher, defeated the Silver Centre team, champions of the southern and central group, the score being 14 to 8. There was a big crowd present for the match, and all sorts of excitement enjoyed. The game was a good one, with heavy hitting featured by the visitors, and good field work by the McIntyres. The Silver Centre team made 8 runs 10 hits and 6 errors, while the McIntyre had 14 runs, 19 hits and 6 errors. The officials for the game were E. Binkley, of New Liskeard, and W. McIntyre, of Timmins, and they handled the game well. From the spectators' viewpoint, it was very interesting ball to watch and the crowd felt it had its full money's worth. The second game is to be played here again this (Thursday) afternoon, and the crowd is likely to be a big one.

The line-up of the two teams was as follows:—

Silver Centre—Cross, c.; S. Lemon, 2b.; S. Cowden, c.f.; H. Cowden, s.s.; Scott, 3b.; Howes, 1b.; St. Cyr, l.f.; R. Lemon, r.f.; Newkirk, p.

McIntyre—Chisholm, c.f.; Rothwell, s.s.; Fitzjohn, c.; Angrignon, 3b.; Gauthier, 2b.; Nottingham, p.; Valentine, l.f.; Valen, r.f.; Parks, 1b.

TIMMINS ENTRY IN THE BIG SWIM IN GOOD SHAPE

Showing Up Well in Work-outs at Toronto. Thomas Clinton Expected to do Well at Marathon Swim on Aug. 31st

Word from Toronto this week suggests that Mr. Thomas Clinton, the Timmins young man who entered the Wrigley Marathon Swim at the Canadian National Exhibition at Toronto on Aug. 31st, is making good progress in training for the event. In a wire from Clinton's uncle, Mr. E. Lacroix, of the Windsor Hotel, Timmins, who is in Toronto watching his boy's practice for the big event, Mr. Lacroix says:—"My boy in first-class condition for the race. I hope water is rough for his good." This would suggest that Mr. Lacroix continues to hold every confidence in his nephew's skill and endurance after seeing him in comparison with other experts gathered for the big event. The lad, who is only eighteen years of age, has had much experience in swimming in the Maritime Provinces, and he is accustomed to rough water. One of his strong points is his power of endurance and his contentment in rough water. It is this no doubt that prompted his uncle to wish for rough water, as he is sure that under such condition his lad will make a particularly good showing. Clinton has a record of 13 miles in 5 hours and 13 minutes, which will stand a lot of beating. Those who have seen him in Toronto have been very favourably impressed.

The event which he is entering as the only representative from Timmins is the second Wrigley Marathon Swim, to be held under the auspices of the Canadian National Exhibition at Toronto on August 31st. It is an international sporting event of interest literally to millions of people. Already there is an immense list of entries, and the feature now promises to overshadow the rest of the exhibition in interest. Scores of people from this part of the North say that they are going to "see the Marathon Swim," instead of the usual phrase, "going to the exhibition." The success of Thomas Clinton, the Timmins entry will be followed with the greatest interest. The Advance will announce the result next week.

INTERESTING SOFTBALL GAME FOR THIS WEEK

The first game of the finals in the local softball league will be played on Friday evening, when the K. of C.'s and Holly Rees. try conclusions. This evening a team from Cobalt are playing a local team on the cyanide immediately after the hard ball game is over; this will be round about 6.15. Both these games should prove interesting to local devotees of softball, particularly the finals in the local league, when two teams of the calibre of the K. of C.'s and Holly Rees. meet in battle.

Much interest has been roused and large crowds gathered for the auction sales being held each evening this week for the disposal of the stock and fittings, etc., of the Northland Cigar Store in the Goldfields Hotel block on Pine street.

Mr. W. Macintosh left by car on Sunday for Hamilton, Ont., on a holiday trip.

First Toronto Car to Come by Road Through to Timmins

Arrived Here About Noon on Saturday. Made Trip from Swastika in Six Hours. Was a Star Six, and the Occupants Were Messrs C. Richardson, E. May and A. Hollinworth. Had a Happy and Pleasing Trip.

The first car from Toronto to reach Timmins by road was a Star six reaching here just after noon on Saturday last. The trip from Swastika was made in about six hours. The car carried Messrs C. Richardson, E. May and A. Hollinworth, all young men resident at Weston, Toronto. The car's number was 390-108. The car carried tents, supplies, etc., and the young men camped along the route of the Ferguson highway as they came along. "It was a fine trip—the finest possible," was the way one of them described the motor journey. "Wonderful scenery, and so much of interest all along the route," said a second member. "It makes a great vacation trip," said the third.

Messrs Richardson, May and Hollinworth left Toronto on Saturday August 13th, coming up as far as Temagami where they enjoyed canoe trips on the lake there for a few days. Then they came along the highway to about five miles from Swastika where they were halted by the unfinished road. They contentedly camped near Swastika, enjoying the delights of camping in the great outdoors of the North Land. On Saturday morning last they were the first of the cars waiting at Swastika, to be allowed to pass over the new road to Ramore and the North. They left Swastika at ten minutes past six in the morning, reaching Timmins without special effort just after the noon hour. They told The Advance on Saturday that the road was in excel-

lent shape. There were only two or three places that were at all difficult, and they were not serious places to motor through. They made the whole journey from Toronto without any mishap to the car. On reaching Timmins they ran the car into the Timmins garage for a look-over—not because there was any trouble, but just to show appreciation of the good work done by the automobile. The car was out of the garage again in short order and certified as in the best of health.

Those who had the pleasure of meeting these young men were pleased that Messrs Richardson, May and Hollinworth had the honour of being the first to make the first complete auto trip by road from Toronto to Timmins. They were so quiet and cheerful and evidenced so nice a spirit that all were pleased to see them win distinction. They spoke well of the Ferguson highway, of the country, the scenery, the people, the holiday, the car, the trip,—everything. They had special praise for the camping places fitted up by the Government along the highway, especially the accommodation for parking and camping and the stone fireplaces for cooking. Everything was all right with them, as it should be with young men, healthy and happy on a holiday. Before starting on their return journey to Toronto they made a little tour of the town and were much impressed with finding here a young, modern and ambitious city at the end of their 516-mile trip to the North.

MRS. P. C. MALTAIS GIVEN SURPRISE PARTY LAST WEEK.

On Wednesday, Aug. 17th, the friends of Mrs. P. C. Maltais gave her a surprise party at her home on Third avenue. About fifty people were present. Mrs. Maltais was presented with a beautiful walnut tea-wagon. Lunch was served during the evening, and there was dancing and games, the evening being much enjoyed by all, and the pleasant evening being carried on until the early hours of the morning.

MR. JOHN KING
President of the British Newspaper Society, who with a party of other pressmen from the Old Country, is making a tour of Canada.

BOYS AND GIRLS PLEASSED WITH THE SUMMER CAMPS

Good Attendance from District at Boys' Camp Last Week, and Still Larger at Girls' Camp This Week.

The camps held each summer for the boys and girls of the district continue to be helpful and popular. This year's camps at Squaw Island, Night Hawk Lake, are proving even more successful and enjoyable than previous events. There were five young men from Timmins at the boys' camp last week and all speak enthusiastically of the helpful, wholesome, healthy outing. The Advance correspondents at South Porcupine and Schumacher both refer to the camps at Squaw Island this year and what they say about the events is fully endorsed by the Timmins boys and girls attending. This week the girls are camping at Squaw Island and are having a delightful time, in charge of Miss Quick, Deaconess of the United Church for this district. Rev. Mr. Bain, of South Porcupine, and others are giving generous assistance in assuring a happy, healthy and pleasant time for the girls attending. At the girls' camp this week all the communities of the district,—Timmins, Schumacher, South Porcupine, Dome, etc., are well represented.

Mr. H. Jackson, of Cobalt, is a visitor to Timmins.

Biggest Day Yet Planned for Iroquois Falls on Labour Day

Sept. 5th, to be Big Day of Sports, Athletics, etc. Special Attractions. Timmins and Iroquois Falls Bands in Attendance All Day. Famous Pulp, Sulphite and Paper Mill Workers' Dance in the Evening.

Iroquois Falls has always specialized in big days on Labour Day each year, and the events have always attracted big crowds from this district. This year the Iroquois Falls Labour Day event promises to be bigger and better than ever. It will be on Monday, Sept. 5th.

The Timmins Citizens' Band and the Iroquois Falls Band will furnish music for the day.

Among the special features announced so far are the following:—

Softball game, Timmins vs. Iroquois Falls.

Big baseball game.

Fiddlers and dancers contest, open to the world. One fiddler to one dancer. First prize, \$50.00; second prize, \$30.00; third prize, \$20.00.

Field and track events, \$250.00 in prizes—100 yds., open; 100 yds., Pulp and Sulphite; 100 yds., Paper Makers; 220 yds., open; tug-of-war; open to all towns on the North; single ladies' race; married ladies' race; running high jump, open; running broad jump, open; quarter mile, open; 880 yds., re-

lay race, Union; 880 yds., relay race, open; pole vault, open.

Events for children.

Find the Mystery Man and win a good prize. Ask the question, "Are you the Mystery Man?"

There is a lucky tag, with a good prize for that number.

Scramble by children for \$10.00 in pennies.

A \$5.00 gold piece will be given to the twenty-third man shaking hands with the official hand-shaker.

Refreshment booths on the athletic grounds all day. Meals at the hotel and cookery at reasonable prices. Lunch counter at the Devonshire.

In the evening the annual ball of the Pulp, Sulphite and Paper Mill Workers will be held in the town hall.

Iroquois Falls is well worth a visit on Labour Day for its beauty alone, its lawns and gardens and general attractiveness being now noted. With the big day's programme planned there should be a record crowd from all over the district.
