W. SHEWAN, President — L. McCLURE, Secretary.

RAISIN BREAD SUPREME

When you buy a loaf of our raisin bread it is gone before you know it. The children will locate it and help themselves every time they experience that "gone" feeling. The adults, too, are always ready for a slice of it. To be on the safe side buy several loaves at a time. No chance of it getting stale. Make our bakery your sources of supply.

TWO DEATHS RESULT FROM WRECK EAST OF COCHRANE

Mud Slide on Track Causes Derailment. Firemen Instantly Killed. Engineer Dies Later.

Last week two deaths resulted from a wreck on the Canadian National Railways, east of Cochrane. An eastbound freight train struck a mud slide about a mile east of LaSarre and five cars turned turtle. The fireman, Hector Martin, was buried beneath some of the cars and instantly killed. Warren Sweezie, the engineer, after the accident, was able to walk about 25 car-lengths, but then collapsed and was carried first to the van and later to the hospital at Cochrane where he died last Tuesday morning, The brakesman, Mr. Thurlow, was in the cab of the engine at the time, but was thrown free of the wreck and escaped with but a few minor bruises. In referring to the accident last week The Cochrane Northland Post says: "From what is known the train stopped at LaSarre to water the engine, and not having had time to gain speed on the upgrade after leaving the LaSarre yards, was moving at slow speed when the engine suddenly struck the hole in the track and turned completely over, followed by five of the cars. There was no reason to anticipate any track trouble on this particular spot, as there has never been any trouble here, and moreover about three hours before a train, westward bound, had passed in perfect safety. The wreck coming so sudden did not give the engine crew a chance to jump. Undoubtedly the continuous rains of the past fifteen days were the cause of the mud slide, as the whole country appears to be pretty well waterlogged. Both victims of the wreck were residents of Cochrane, each with a large circle of friends, and the accident therefore causes general sorrow in town. Engineer Sweezie was one of the early pioneers, having come here in the early days of construction, before even the inception of the town, and Fireman Martin who came here in 1909 with his parents in early boyhood, was brought up in town."

Mrs. W. J. Arundell and son, Will, of Timmins, are visiting the former's father, Mr. F. Elston, North Bay.

Results of the Upper School Examinations at Timmins

Miss Jennie Farley Makes Record Standing, Winning Five First-Class Honours and One Second-Class Honour and One Credit Standing. Standing of the Various Pupils Trying These Examinations Here This Year.

The following are the results of the Upper School examinations at Timmins High School this year:—

After each pupil's name is given the subjects written upon. Where a subject is followed by "C," it means that credit standing was secured. "I" after the subject means first-class honours were obtained; "II," second-class honours; and "III," third-class honours. When a number follows the subject it means that the subject was not passed, the number indicating the marks obtained.

Teacher: "What useful article do we get from the whale?"

Johnny: "Whalebone."

Teacher: "Right. Now, Tommy, what do we get from the seal?"

Tommy: "Sealing-wax."

SCHUMACHER LAD MAKES RESCUE FROM DROWNING

Courage and Cleverness of Geo Reid Saves Life of Lad Who Fell From Canoe

People in Schumacher speak in high terms of the courage, quickness and skill of Geo. Reid, a lad of about fifteen, who recently saved another boy from drowning in the lake. Mention is also made of the fact that this is the third time in his young life that Geo. Reid has saved the lives of others by his daring and quick action. The recent rescue followed a canoe accident. Len Briden and his little sister were out in a canoe, while Geo Reid and Francis Gilbert were in another canoe on the lake. In some way or another Len Briden fell from his canoe into the water. He could not swim, and for a minute or so things looked bad for him. But just as he noticed the accident Geo. Reid acted. He jumped in the water just as he was and being a very skilful and plucky swimmer, he had young Briden over to the Reid canoe and safe in that craft. Then young Reid went back to the Briden canoe and took the little girl back to land, while Francis Gilbert canoed Len Briden to the shore. Those who saw the incident, but were too far away to help were anxious, indeed, for a few minutes, believing that tragedy was inevitable. and all agree that it was the courage, the resource, the quickness and the good judgment of young Reid that saved life that day. Geo. Reid is looked upon as a regular little hero, of whom Schumacher may well be proud.

Sunday saw many cars from a distance in Timmins. Among those here, in addition to ones from Cochrane, Iroquois Falls, Matheson and intervening points, were three from Toronto, one from Pittsburgh, Pa., and one from Kirkland Lake.

TIME TO BUY FUR COATS

Our next season's models in fur coats of every description are now on display and we are busy showing out-customers what is to be worn by well dressed women who are particular regarding their furs. We shall be pleased to show you also if you will call. We make furs to order and we also renovate and remake fur garments for our patrons.
