**DEATH OF MRS. LOUGHRIN AT TORONTO LAST WEEK**

Mother of Mr. D. Loughrin, of Timmins, Passes Away After illness of Some Months.

The deepest sympathy of all will be extended to Mr. D. Loughrin, for many years on the Hollinger Mines office staff, in the death on Tuesday of last week of his mother, Mrs. J. Loughrin, of Toronto. In reference to the death of Mrs. Loughrin, The Ottawa Journal last week said:—  
"The death occurred at 2 Burnside Ave., Toronto, Tuesday evening, of Mrs. J. Loughrin, nee Brigid O'Gorman, widow of the late John Loughrin of Mattawa, former member of the Ontario Legislature for Nipissing.  
"Mrs. Loughrin had been seriously ill for many months. The funeral will leave Toronto to-day noon for Mattawa via Ottawa, the funeral mass and burial taking place in Mattawa Friday morning. Among the priests who are relatives of the deceased who will be present at the funeral are Rev. Joseph Gravel, P.P., Chiswick, a nephew and Rev. Dr. John R. O'Gorman, Timmins, Ont., and Rev. Dr.

John J. O'Gorman, Ottawa, cousins.  
Mrs. Loughrin was born in Renfrew 68 years ago, her parents being Mr. and Mrs. Simon O'Gorman. She married John Loughrin a merchant of Mattawa, who was for many years the Liberal member in the Provincial Legislature for Nipissing. Their home in Mattawa was known far and wide for true Christian hospitality. Upon the death of her husband in 1913 Mrs. Loughrin and family moved to Toronto.  
"She leaves to mourn her loss three daughters and two sons, Bernadette, Toronto; Marguerite (in religion Mother Maureen, of the Ladies of Loretta, Toronto); Kathleen, Toronto; Daney, Timmins, and Wilfred, Toronto.  
"Mrs. W. C. Cooper, of Ottawa, and Mrs. Arthur Gravel, of Renfrew, are sisters, and John O'Gorman, Renfrew; Simon O'Gorman, St. Louis and Joseph O'Gorman, Schreiber, are brothers. The deceased was a devout Roman Catholic."  
In referring to the death of Mrs. Loughrin, The Toronto Globe last Thursday said:—  
"Widely known in the North Country of Ontario for her interest in social and charitable works, Mrs. John Loughrin, widow of John Loughrin, who was M.P.P., for Nipissing district for some years, will be mourned by a large circle of friends. The late Mrs. Loughrin was in her sixty-ninth year. She was a member of Holy Rosary Roman Catholic Church. The funeral party will leave Toronto this afternoon at 1 o'clock for Mattawa, where on Friday morning a Requiem Mass will be sung at St. Anne's Catholic Church. Interment will be made at Mattawa Cemetery."

**GOOD PROGRESS BEING MADE ON THE EXTENSION**

Work on Line From Mileage 68 to Mileage 100. Survey to Connect with Smoky Falls.

According to reports from the north there is excellent progress being made on the building of the T. & N. O. extension north of Cochrane, from Mileage 68 to Mileage 100, which is the strip authorized to be built for the present. Mileage 100 is about half-way between Cochrane and Moose Factory. The extension now being built will serve a good strip of country, it is said, and if the plans to connect with Smoky Falls are carried through, the line should be a paying one almost from the start. Smoky Falls is the terminal of the Spruce Falls Pulp & Paper Co.'s logging road from Kapuskasing, and also the centre of power development activities. The line to Smoky Falls would pass through the coal fields along the Mattagami river and also touch the kaolin field in the area. There are also reports of oil possibilities in the region, so that altogether it promises to be a good territory that will be opened up on the way to Smoky Falls. Gypsum is also claimed to be present in commercial quantities in the territory referred to.  
While there is much talk of the coal, oil, kaolin, gypsum and other minerals in the area referred to, one other very useful deposit there has not received as much attention as would seem to be deserved. This is the generous deposit of gravel at certain points in the area. There are several gravel beds that are worthy of special note for their quality and size. It is understood that in the townships along the Mattagami reserved by the Government there are several large deposits of excellent gravel. The use of this gravel for ballast on the roadbed of the extension adds to the economy of construction and the excellence of the work.

**LOTS OF GASOLINE ALL THROUGH THE NORTH LAND**

Tourists Should Disregard Mean Stories Told Them Near the Gateway to the North.

Tourists coming up to different parts of the North Land should be warned against some of the mean fairy tales told them by interested parties as they enter this great North. Several motorists have complained that at North Bay and other points near the "gateway" to the North they were informed that no gasoline could be obtained in the North and so they had better take a supply with them. One car is said to have carried twenty gallons in addition to what the tank would hold. Imagine the feelings of that tourist when he passed gas station after gas station in this North. Towns like Haileybury, Cobalt, New Liskeard, Matheson, South Porcupine, Schumacher, Timmins, Iroquois Falls and Cochrane have about double as many gasoline places as towns of a similar size in the South. Smaller places too have their quota of tanks, and the tourist will even come upon gas stations right in the bush. For instance, at a farm house about half-way between Shillington and Monteith there is a gas station. Another one some miles from Matheson looms up in what appears to be the edge of a big bush. Further South the same holds good. No one need worry about taking any special supply of gasoline in this North Land. There is ample provision for supply of gasoline up in this country. To tell people otherwise is to deceive them and will do all concerned more harm than good.

**PAPER BY MR. GEO. COLE AT CONGRESS AT WINNIPEG**

Porcupine Mines Inspector Will Deal with "The Development of Gold Mining in Canada."

At the British Empire Mining and Metallurgical Congress to be held in Canada from Aug. 22nd to Sept. 28th, there will be special sessions at Montreal, Toronto, Winnipeg, Quebec, Sydney, Vancouver and Edmonton. At these sessions papers will be read by authorities on matters of interest to the members of the Congress.  
At the Winnipeg meeting on Sept. 3rd, Mr. Geo. E. Cole, Member of the Canadian Institute of Mining and Metallurgy, and Ontario Mining Inspector for the Porcupine area, will give a paper on "The Development of Gold Mining in Canada." Other papers at the Winnipeg session will include ones by Messrs W. A. Quince, C. J. N. Jourdan, Carl R. Davis, J. L. Willey and S. E. T. Ewing, of South Africa.  
Other papers to be given during the eight sessions referred to include:—  
"The Silver Mining Industry in Canada," by Mr. Arthur A. Cole, Cobalt;  
"Proposed Review of the Mineral Resources of the Empire," by Sir Thomas H. Holland, president of the Institution of Mining and Metallurgy; as well as twenty-five or thirty other papers on various phases of mining and metallurgy in different parts of the British Empire.  
The headquarters for the members of the Congress at Winnipeg will be at the C.P.R. Royal Alexandra Hotel. The chairman will be R. C. Wallace, Ph. D., Commissioner of Mines for the Province of Manitoba. Members and guests will be conveyed to the Provincial Parliament buildings where the Winnipeg meeting of the Congress will be opened at 10 a.m. by His Honour T. A. Burrows, Lieut. Governor of Manitoba, in an address of welcome. Then will follow the various papers, first of which will be that by Mr. Geo. E. Cole. After the papers, and business of the Congress, the members and guests will be conveyed to Assiniboine Park, where they will be tendered a luncheon by the City of Winnipeg, at which his Worship Mayor Webb will preside. At the conclusion of the luncheon there is an invitation to attend the races where the freedom of the paddocks is extended by the Jockey Club. Golf will also be available at several of the links. The ladies of the party have a cordial invitation from the Hudson Bay Co. to partake of afternoon tea at the company's new store on Portage avenue. Motor cars will be available to convey members and guests to their several destinations. In the evening a banquet will be given by the Congress to members and guests in the Royal Alexandra Hotel, to meet His Honour T. A. Burrows, the Lieut.-Governor of Manitoba; the Hon. John Bracken, Premier of Manitoba; and the official delegates and members from overseas. Mr. John L. Agnew, president of the Canadian Institution of Mining and Metallurgy, will preside and will be supported by a number of distinguished guests. On Sunday, Sept. 4th, there will be golf and other attractions, and members and guests will be the guests of the Hudson Bay Co. at Fort Garry at tea al fresco.

**CITY HAS NOTHING ON THE COUNTRY IN ANY MANNER.**

A reader of The Advance has handed in the following just to remind the world that the city has nothing on the country even in the matter of words. The clipping is from The Cannington Gleaner:—  
"A boy left the farm to get a job in the city. He wrote home to his brother who stuck to the farm telling him of the joys of city life. He said, "Thursday we autoed out to the Country Club where we golfed until dark then we motored to the beach for the week-end." The brother on the farm wrote back, "Yesterday we buggied to Cannington and baseballled all afternoon. Then we poked until morning. Today we horsed out to the corn-field and gee-hawed until sundown. Then we suppered and piped for awile and after that we stair-cased up to our room and bed-steaded until the elck fived."

**NOTED GIRLS' MANDOLIN ORCHESTRA TO VISIT HERE**

Announcement is made that the Ukrainian Girls' Mandolin Orchestra and Choir, of Winnipeg, including 20 skilled artists, will be at the Ukrainian Temple, Timmins, on Saturday, August 27th, and at the Finnish hall, Fourth avenue, Timmins, on Thursday evening, Sept. 1st. This mandolin orchestra is touring Canada and meeting with the most enthusiastic reception at all appearances, winning the highest approval on merit. The orchestra is a highly skilled one and the mandolin music is most attractive. One local gentleman who has heard this orchestra describes it as, "like the Croatian Orchestra, only larger." Those who heard the Croatian Orchestra will agree that there could be little higher praise. In any event there appears to be very general agreement that the Ukrainian Mandolin Orchestra is a musical organization of very high type and that all who attend the events will enjoy them to the limit.

**HAILEYBURY PORCUPINE TO GO TO TORONTO ZOO.**

The Haileyburian last week says:—  
"A live porcupine was caught by George Brooks in the woodshed of his home in the western part of town on Saturday evening last and will be sent to the zoo in Toronto, if that institution will accept the gift. It is a fine specimen and appears to be doing well in captivity so far. When Mr. Brooks came home on Saturday he found the animal had taken possession of the shed and the womenfolks had taken up their quarters in the motor car in the yard. They had kept the dog clear of the intruder and no harm had been done. He secured a large box and, with the assistance of Mr. Syd. Graham, who lives nearby, he got the animal penned up. Chief MacGirr was called into consultation and he was at last accounts trying to get into communication with the game warden to get his advice. With his permission, and the approval of the zoo authorities, the porcupine will be added to the collection there in the near future."

Ma Buzz went to the country, Hooray!

FLIT spray clears your home of flies and mosquitoes. It also kills bed bugs, roaches, ants, and their eggs. Fatal to insects but harmless to mankind. Will not stain. Get Flit today.
