RESIDENT HERE SINCE 1918 LEFT FOR MICHIGAN

Mr. Thos. J. Mullen, of 116 Cedar street south, left this week for Flint, Michigan, where he intends to take up residence. It is understood that Mr. Mullen was left \$15,000.00 by the will of his late uncle who died in Michigan on July 15th, 1927, and his present visit to Michigan is partly in connection with this legacy. Mr. Mullen has been a resident of Timmins since 1918, and he has many friends here who will much regret his removal from town, while wishing his old-timer of the North every success in his new home.

BEBE DANIELS IN COLLEGE COMEDY CLASSIC THIS WEEK

Leave it to Bebe Daniels to burst forth with something new! Paramount's apt comedienne, so dainty and charming as ever, is here again—this time with a comedy that should win an honorary degree.

That's the reaction one gets from her latest production, "The Campus Flirt," which will be the special at the New Empire Theatre on Friday and Saturday of this week.

Bebe's story concerns itself with the activities of a college girl who "high hats" everyone failing to come up to her own ridiculous standard. The girl's subsequent treatment at the hands of her fellow students provides one with a laugh each second.

How she defeats Charlie Paddock, "world's fastest human," playing a featured role; how she refuses to "walk home" from a boat ride, and any of a hundred other situations, will keep you in hysterics. El Brendel's inimitable cavorting with Minnie, his pet mouse, is a comedy classic. James Hall, the third featured player, makes a creditable screen bow.

"The Campus Flirt," directed by Clarence Badger, sparkles with genuine campus atmosphere. Photographed at the University of California, its track meet scenes made members of the audience stand right up in their seats.

SUGGESTS CONSIDERATION OF LENGTH OF TOURNAMENT

Writing from Bestel, Ont., the mine office of the Castle-Trethewey Mine. Mr. Angus Campbell suggests a change in the length of the annual golf tournament for Northern Ontario.

"I certainly enjoyed my day's golf," he writes, "and I think everybody else did too. I had not played the course at Timmins for two years, and was much pleased with the improvements that have been made on it. The Timmins golfers gave us a mighty fine time, and the tournament arrangements were good. Timmins, was, I understand, rather disappointed with the small number who attended, only two being present from the two Sudbury clubs, five from North Bay, and five from Haileybury. Iroquois Falls and Timmins were well represented. The three days' length of tournament was, I think, responsible for the small outside attendance. Starting play on Thursday, which means leaving North Bay and Haileybury Wednesday, on Tuesday if one wished a practice day, meant about a week for golf, too much for busy North Country men. Friday and Saturday golf with a chance to return home on Sunday for business Monday is, think the limit. Timmins and Iroquois Falls will realize this if the tournament at North Bay next year is for the same days as this year, and I think that only a few will go down when the time comes. It was felt by some last year that the two days at Haileybury, with only 18 holes of qualifying play, was too short to be fair to the players. However, time presses in golf, as in all things. If three days is considered really necessary the few left for the final day's play could better stay over for Monday than could the majority be on hand for Thursday."

Many other golfers take an opposite view to Mr. Campbell, some favouring an even longer duration of the tournament. "A week's good golf is not too much," is one of their arguments. However, as Mr. Campbell suggests, the opinions of the various clubs in the matter will be of interest. "I would like to see some argument on the subject," he says.

FIRE BETWEEN BUILDINGS STARTED BY CIGARETTE

The Timmins fire brigade had a call to No. 3 Spruce street on Monday at 1.10 p.m., the call being given by telephone. The fire was between the Lallamie building and the adjoining property. There had been some old papers and waste thrown on the ground between the buildings, and apparently someone passing had thrown a cigarette stub on top of the papers. The result was a blaze, and an alarm. The firemen were on the scene on the double quick and a couple of shots from the big chemical tank soon made that fire a "hasbeen." There was no damage done.

JACK MUNRO BUYS GOLD CLAIMS AT VILLE MARIE.

A despatch this week from Haileybury says:—

"Jack Munro has brought the property near Ville Marie on which a discovery of gold was made during the present Summer. There are 200 acres involved in the deal, the purchase price of which is said to be \$150,000. The property is Lots 18 and 19, Range 4, township of Laverlochere, owned and occupied by Ambrose Bellehumeur, who made the discovery on his farm. Little publicity has been given the "find" prospectors and mining men generally not having much outward faith in the locality, although other discoveries had been made in the same district. Test pits to a depth of 30 feet have been sunk. According to Mr. Munro, the samples found show high gold values, and he states there is nothing in Ontario to touch the "find" except possibly the Croesus. Work will be started on the property without delay. A road is being constructed from the main highway, and exploration is to be undertaken at once. Negotiations are under way, on behalf of Montreal interests, for the adjoining Brisson property, the representatives of the metropolitan men having been just too late to bid for the Bellehumeur holdings. This week a further discovery of copper-gold was made in the Temiscamingue county area, according to reports reaching here from across the lake. This was made by Mr. Bellehumeur, and report has it that the "find" is of high values. Ground in the neighbourhood has been staked solid, and there is keen interest in developments, Ville Marie reports indicate."
