RELIEVING VICTORIAN ORDER NURSE AT TIMMINS

Miss McEachern arrived in town last week to take up the duties here of the Victorian Order Nurse, Miss Elliott, while the latter is on vacation. Miss Elliott will be on holiday for a month, and during that time the services of Miss McEachern, who is skilled and experienced in the work, will be available for all wishing the V. O. N. service.

THREE BICYCLES MADE INTO TWO APPARENTLY

Three bicycles being reported as lost or stolen, the police this week succeeded in recovering two, or rather parts of two, that represented parts of the three missing bicycles. The two wheels taken in charge were found in the apparent possession of boys who claimed to have found them in their backyards and thought they were not worth reporting. They thought them worth keeping, however, and in consequence of the investigations made by Acting Chief W. W. Orr, half a dozen boys will be in Juvenile Court to-day (Thursday) and asked to tell it to the judge. The two partial wheels appear to be a combination of several wheel parts. One of the wheels, recently as good as new, now is without a hind wheel, a chain and some other parts. The hind wheel's place is taken by what looks like the wheel off a small wagon or a velocipede. The tool kit is gone and other parts and appendages are missing. The other wheel recovered is more complete, but still seems to have been made up from more than the one bicycle. In short, it would appear that three wheels at least had been utilized to make one and a half bicycles.

FINALS FOR DICKSON CUP NEXT WEDNESDAY NIGHT

Hollinger Won 2-0 From the Thistles in the Semi-Finals Last Night

The finals for the Dickson Cup will be played next Wednesday evening, Sept. 14th, between the Hollingers and the Lanes. The kick-off will be at 5:30 o'clock, sharp. This is sure to be a good game, as both teams are out to win this coveted trophy and will play real football to secure the victory. During the season both the Hollingers and the Lanes have put up nice football, and whichever team wins will have to play for the honours.

The semi-finals of the Dickson Cup series were played last night (Wednesday), the contending teams being the Thistles and the Hollingers. The Hollingers won from the Thistles last night, the score being 2 to 0. The game was a good one, both teams playing up well and the match being well contested. The crowd was not large, but those present enjoyed the game and considered the match worth a much larger attendance. There should be a big crowd for the finals next Wednesday, to decide the possession of the Dickson Cup for the year.

NEXT BAND CONCERT TO BE ON SUNDAY EVENING

The next of the open-air band concerts will be held at the band stand, Spruce street, on Sunday evening, after the church services, weather permitting. A specially good programme has been prepared for the occasion.

IMPORTANCE OF EARLY FALL PLOUGHING HERE

Much Can Be Done in Previous Season in Preparing for Good Seed-Bed for Cereal Grains

Writing from Kapuskasing Experimental Farm Station, Mr. L. H. Hamlan, assistant superintendent, says:

It is indeed fortunate that so large a part of the work necessary in the preparation of a good seed-bed for cereal grains can be done the previous season. If this were not the case, it would be almost impossible for farmers in a new country such as Northern Ontario to get their seeding done sufficiently early to insure good maturity.

The first step necessary is naturally that of ploughing, and this operation should, whenever possible, be done in the late summer or early fall.

At the Dominion Experimental Station, Kapuskasing, Ontario, it has been found that land which has been ploughed early in the fall and given one or two discings, works much better in the spring and gives a finer and more friable seed-bed than does land which is ploughed very late in the fall or in the spring, particularly the latter. Weathering agents, such as wetting and drying, freezing and thawing, etc., appear to have a very beneficial effect on the physical condition of heavy clay soil. Then, again, if the fall ploughing is not commenced until quite late there is always greater danger of some being left over until spring.

Considering the many advantages of fall ploughing, it is imperative that the farmers take advantage of every opportunity during the late summer and autumn in order that this important feature of the work will be completed before the ground freezes and winter sets in.

DEVELOPING NEW WHEAT

Herman Trelle, the Canadian wheat king, is developing a wheat which will cause quite a stir in the grain-growing belts of both Canada and the United States. This new variety of wheat can be sown later and ripens eighteen days earlier than any present variety.

LANCASHIRE SOCIAL CLUB HAD GOOD OPENING NIGHT

The opening of the Lancashire Social Club for the season was held on Saturday evening in the Hollinger Recreation hall. There was a good crowd for the event and all had a very pleasant time. The refreshments, as usual, were of the very best, and the splendid music for the evening was furnished by Tommy Stephens and his orchestra.

On Saturday evening of this week there will be invitations as usual for the evening. The invitations may be secured from the secretary, Mrs. T. Richards, or from any of the committee.

Word from Cobalt suggests that the Silver Town at the moment is suffering from petty thieving of almost epidemic form. In one case a bankrupt stock was visited by the thieves and some goods taken. Two hardware stores were also entered, as well as the premises of a cartage company, where harness was stolen. Among the goods taken in the series of petty thefts at Cobalt were watches, axes, harness, and sundry other articles. The amount of merchandise stolen is not serious, but the annoyance of the petty thefts is about the same as in more material thefts. For some of the thefts boys are blamed, but others are thought to be the work of older miscreants.

A.S.D. CLUB RE-OPEN FOR THE SEASON'S PROGRAMME

Large Number of Members and Friends Have a Happy Time Last Night. Programme for Month Being Planned

The A. S. D. Club got away to a good start for the fall and winter season at the opening dance held last night in the Oddfellows' hall, here, when a very enjoyable evening was spent by a large crowd of the members of the club and attending visitors.

The usual programme of dances was held during the evening, with a couple of Paul Jones' and a lucky number dance as extras. These specials were all much enjoyed by the dancers present.

The A. S. D. Club will meet each Wednesday night from now until next spring, in the Oddfellows' hall. The next dance, next Wednesday night, will be an ordinary club dance. The executive committee of the club is meeting to-morrow evening to decide on a programme for the rest of the month of September; this will be announced to the members at the next regular meeting.

At the dance last night, Mr. A. W. Pickering, the president, welcomed the guests and members after the summer holiday season.

The best of music for the dancing was provided by the A. S. D. orchestra.

DEATH OF LITTLE DAUGHTER OF MR. AND MRS. PHILLIPS.

Deepest sympathy is extended to Mr. and Mrs. W. H. Phillips in the death on Tuesday of their little girl, aged 4 years and 8 months. The little girl had only been ill for a couple of weeks. Death was due to peritonitis. A bright, sweet little girl, the child will be greatly missed and the sympathy of all goes out to the bereaved parents. The funeral took place on Wednesday morning from the family home, 16 Commercial avenue, to the United Church, Timmins. Rev. Mr. Parks conducting the services. The profusion of beautiful floral tributes, many coming from South Porcupine, where Mr. and Mrs. Phillips formerly lived, gave evidence of the sympathy felt for those bereaved. After the church services the body was taken to Collingwood, Ont., for interment there.

HOUSE BURNS IN NORTH BAY AND NO ONE IS WAKENED

On Friday evening last on Front street, North Bay, where there are many houses, fire destroyed one dwelling, which fortunately happened to be empty at the time. No one noticed the fire, as it was one of the hours when North Bay sleeps. A constable coming along the street on his beat on Saturday morning found the house burned down and a nearby house also on the way to the same fate. The constable turned in a fire alarm and the firemen turned out and put the fire out before it destroyed the second dwelling. But the first house was actually burned to the ground without anyone apparently seeing it. Perhaps, everybody in North Bay went down with the Crusaders, or maybe they were just storing up sleep to take in the trip. In any event, it is a most remarkable matter that a fire should burn a house down and no one notice it, even at night.

Police court cases this week comprised chiefly a few drunks and a few for allowing cows to run at large.

Schoolmaster (to small essayist)—"How does it happen this essay on 'Our Dog' is word for word the same as your older brother's?" Small Essayist—"Please, sir, it's about the same dog."—Punch.

DANCE BY THE ST. DAVID'S WELSH SOCIETY ON SEPT. 16

Announcement is made of a dance to be held in the Hollinger Recreation hall, Timmins, on Friday evening of next week, Sept. 16th, commencing at 8:30. The event will be under the auspices of the St. David's Welsh Society. There will be good music and refreshments will be served during the evening. A pleasant evening is assured for all attending.

Hunting Army to Invade North Woods

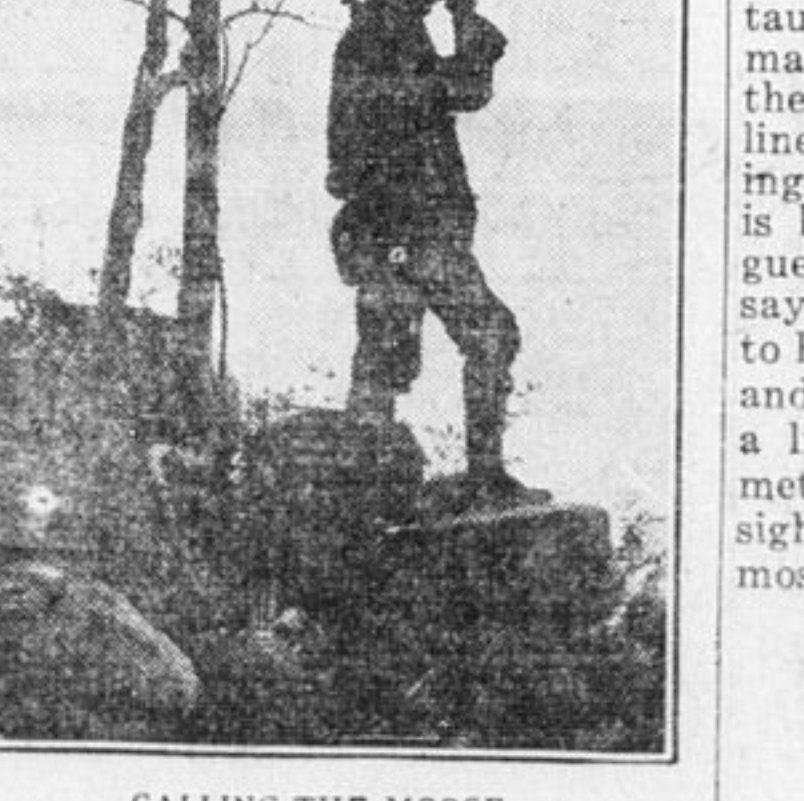

THE SHOOTING STARS

The enormous increase in the sport of deer hunting has resulted not in the vanishing of the deer but in the increase of deer. This is not as mysterious as it sounds. The more men penetrate the wilds the fewer wolves remain. The driving out of wolves has been the greatest factor in the increase of deer. But there is another factor almost as important as the wolves. The invasion of the backwoods by an army of enlightened sportsmen has demanded a much stricter and more sporting regard for game laws than was the custom some years ago. Destroyers of deer whether human or animal, have to deal with a strong and more or less organized public opinion.

Good Hunting News Reassuring news has been coming in daily to the offices of the general tourist department of the Canadian Pacific Railway Company from operators of camps, guides outfitters and others who report that all signs point to an unusually promising hunting season for the current year.

Mike Bates sends down word from his camps at Metagama, Ontario, that if the hunters don't get their deer and moose this season they'll have nothing to blame but their poor shooting. He says that moose are very plentiful and expects it to be a great year in every way.

From Schreiber Ontario where John Handel, outfitter has been operating the reports are just as reassuring. Handel reports that the game has increased in the Superior Game Re-

CALLING THE MOOSE

serve, south of the C. P. R. line and the surplus has crossed to the north of the tracks offering good hunting. He says that caribou are roaming the woods in increased numbers, and as the C. P. R. line is the north boundary of the game preserve hunters don't have to go very far for their quarry. The news from Sheehan's camp at Lake Penage south west of Sudbury is also music to the hunters ears. Deer here are reported to be very plentiful and sport should be excellent.

Reports turned in by guides of the Ogilvie Bros Camps on the Tobique River, N.B. are to the effect that deer, though very plentiful last season, show signs of much greater increase. The same word comes from A. D. Thomas, at South Milford in the Kedgemakooke district.

Lining Sights. Should you follow the deer with your sights or set your sights ahead of the deer and let him come on them?

Well, the army training which men got overseas taught them to consider the second system the better. Lewis gunners firing on moving targets were taught to throw a burst ahead of the mark, to see where it struck, and then let the target move onto the line of fire. Trying to follow a jumping deer in all its excited movement is harder, probably, than trying to guess a spot that the deer will pass—say an opening in the brush on which to have time to lay your sights sharp and true. For casual shooters to get a little practice with their rifles a method of letting the deer run on sights already set is regarded as the most successful.
