**FURTHER INFORMATION RE  
 FORT HOPE DISCOVERY**

Visible Gold Showing in Vein, Two to  
 Nine Feet Wide, Traced for  
 Over Fifty Feet

A great many varying references  
 have been made to the discovery of  
 gold on the Albany river in the Fort  
 Hope area. A regular "rush" was  
 started first over the find, but this  
 "rush" failed to continue, many who  
 had started in to the scene of the  
 strike, turning back when a return-  
 ing airship gave out the information  
 or at least was credited with giving  
 the information that while there was

gold all right in the new area, it was  
 not present in commercial quantities.  
 On the other hand, there are some who  
 still maintain great faith and hope in  
 the Fort Hope find. This is the sort  
 of information given in a recent issue  
 of The Patricia Herald, published at  
 Sioux Lookout by that famous old-  
 timer, R. Alpine MacGregor. The  
 Patricia Herald publishes an exclu-  
 sive statement by Mr. Lorne B. Howey  
 in the matter.  
 The discovery at Fort Hope was  
 made, Mr. Howey, says, by William  
 Smith and himself, and has been traced  
 only about 50 Feet. Visible gold  
 was in evidence along the vein, which,  
 according to Howey, averaged two to  
 nine feet in width. The outcrop was  
 channel sampled, and the results were  
 from \$8.80 to \$95 over widths of from  
 30 inches to four feet.  
 Commercial ore showed over the  
 widths sampled, but at the present  
 time insufficient work has been done  
 to prove up its possibilities. In  
 Howey's opinion, however, they have  
 something of exceptional merit, com-  
 paring favourably with the first dis-  
 coveries in Northern Ontario gold  
 camps. If the deposit can be traced  
 for a distance of 300 feet or so the  
 discoverers will be well satisfied.  
 It is now intended to take a gang  
 into the property to proceed with ex-  
 ploration to prove or disprove the  
 commercial possibilities of the ore  
 body. Work will be done by the  
 Lorne B. Howey Syndicate, which is  
 composed of such well-known mining  
 men as Ed Horne property of Noranda  
 Mines, Ltd.; Robert Potter, of Pot-  
 ter-Doal; J. W. Morrison, a consulting  
 engineer of great ability; Hugh Mc-  
 Millan, of Canadian Lorrain; Fred J.  
 McLeod and L. Cohen.  
 Particular emphasis is laid by  
 Howey on the fact that no samples or  
 information were sent south by him  
 other than to his partners in the  
 organization which bears his name.  
 The prospector also points out that at  
 no time until the present statement  
 has he given any information to the  
 press relative to the Fort Hope dis-  
 covery.  
 To the prospector who is willing to  
 spend his time legitimately prospecting,  
 excellent opportunities are afford-  
 ed him in the Fort Hope country,  
 Howey thinks. The region is a vast  
 one, but there are outcrops of forma-  
 tion which is favourable to gold dis-  
 position—the porphyries, dia-bases,  
 narrow intrusions of granite, and the  
 greenstones.

**DISTRICT GOVERNOR OF  
 KIWANIS HERE ON MONDAY**

Interesting Address by Rev. J. D.  
 Parks on Summer School at Te-  
 magami Other Attractive  
 Items at Luncheon.

There was a large attendance at the  
 Kiwanis Club lunch at the Empire  
 Hotel on Monday of this week, and  
 the proceedings of the meeting were  
 of very special interest.  
 Mr. Cecil George, of Orillia, the  
 District Governor of Kiwanis, was  
 present for the occasion and made a  
 rousing address, urging the largest  
 possible attendance at the District  
 Convention at London, Ont., on Oct.  
 3rd and 4th, and a general following  
 out all the year round of the true  
 spirit of Kiwanis.

The speaker for the day was Rev.  
 J. D. Parks who spoke on the Summer  
 School at Temagami. Rev. Mr. Parks  
 was in charge of this summer course  
 this year and spoke interestingly and  
 informatively. About sixty young  
 people from all over the district at-  
 tended the Summer School at Tem-  
 agami this year, some of them coming  
 from as far west as Hearst. Rev. Mr.  
 Parks outlined the activities of the  
 summer school and showed how benefi-  
 cial it was to all attending.

There were several visitors at the  
 luncheon, these including:—Mr. Tud-  
 hope, of Orillia, who accompanied Mr.  
 George here; Messrs Walker and  
 Young, of North Bay; Mr. Eade, of  
 Schumacher; Mr. W. G. Smith, of  
 Timmins; and Mr. C. A. Byam, of  
 New Liskeard. Both Mr. Tudhope  
 and Mr. Byam gave brief but very in-  
 teresting addresses that were much  
 appreciated.  
 Another feature of the occasion was  
 the report of Mr. Robt. Dye on the  
 Northern Crusade to Toronto. Mr.  
 Dye was requested to make a report  
 on the Crusade, and responded with a  
 brief but comprehensive outline of the  
 big event at Toronto.

**CLAIMS ACQUIRED IN  
 THE TOWNSHIP OF STEEL**

Representing the National Explor-  
 ers, Limited, Toronto, Sam Sainsbury  
 has acquired 14 claims in Steel town-  
 ship, north of Lake Abitibi, and will  
 start work on them to determine their  
 possibilities. The intention is to shoot  
 into the gossan in exploratory man-  
 ner. A well-mineralized area will be  
 opened up, and it is expected copper  
 will be found, as the formation is sim-  
 ilar to that in Quebec. Steel town-  
 ship is on what geologists believe to  
 be the same break as the Abana and  
 Laval-Quebec, and the results at the  
 former and the fact that the latter is  
 about to start drilling tend to make  
 the Ontario side most interesting, pros-  
 pectors claim.

**CRUSADERS SPENT NIGHT  
 AT BARRIE ON WAY SOUTH**

The Barrie Examiner last week  
 says:—  
 "Barrie's hotels were filled to over-  
 flowing Monday night with motorists  
 from the North Country, many of the  
 motor crusade which invaded Toronto  
 Tuesday stopping here en route over  
 night. The "crusade," in fact, had  
 been passing through Barrie since the  
 previous Saturday and all day Sunday  
 but the main party spent Monday in  
 Orillia, where they were officially en-  
 tertained, coming on to Barrie and  
 points south that night. The organiza-  
 tion was in splendid hands and those  
 who could not be accommodated at the  
 hotels were referred to private homes,  
 where arrangements had previously  
 been made to meet just such an emer-  
 gency. The visitors and their cars  
 were easily distinguishable. They  
 wore badges and their cars bore signs,  
 both on the windshield and a streamer  
 across the back of the auto. The bulk  
 of the motorists seemed to come from  
 the gold camps of Timmins and Kirk-  
 land Lake, although there were quite a  
 number from Cochrane, the most nor-  
 therly point. Quite a few had to rail  
 their cars to the nearest point on the  
 Ferguson highway to make the 500-  
 mile trip to Toronto, which was reach-  
 ed at ten o'clock Tuesday morning.  
 The crusaders are returning home at  
 their leisure, many of them having al-  
 ready returned north. One and all  
 they report a "big time."

**POLICE CALLED TO ONTARIO  
 CUP GAME AT KIRKLAND**

When Oshawa played Kirkland  
 Lake at the latter place recently in  
 one of the games for the Ontario Cup,  
 there were some tall doings. Two  
 Oshawa men, one of them being the  
 captain of the team, had to be ordered  
 off the field, and it was necessary for  
 the police to be called to enforce the  
 rulings of the referee. In its report  
 of the match last week Kirkland  
 Lake's Northern News said:—  
 "The second half had a sensational  
 opening, Torrance receiving a pass  
 from Peterson, beat McGregor and  
 landed the ball in the net, Cadman  
 making no effort to get at it. Lake  
 Shore made headway and Parsons  
 broke through; he was fouled in the  
 dreaded area, and Referee Meath  
 awarded the inevitable spot kick. He  
 could do no other thing, Capt.  
 Hurst made straight at the referee and  
 struck him and so another player had  
 to go, but on this occasion the police  
 had to be called to remove the offend-  
 er; if he had got his "marching or-  
 ders" earlier in the game it would  
 have been a benefit to both teams.  
 Parsons took the kick but Smith saved.  
 He made amends five minutes  
 later by scoring a nice goal. The  
 visitors, now playing with nine men,  
 were tiring, and their downfall was  
 imminent, their game now was confined  
 to individual efforts, and they were  
 not very successful. Parsons, taking  
 advantage of a blunder in the Oshawa  
 defence, registered No. 3. The Shore  
 team were having it all their own way  
 and Rhodes, the doubtful starter, was  
 playing a strenuous game and to cap  
 his good work he registered his team's  
 fourth goal from a free kick. The  
 kick from forty yards out puzzled  
 Smith and he had to admit defeat.  
 There was no further scoring, the final  
 result being Lake Shore 4, Oshawa  
 1. Oshawa reckoned they had got a  
 raw deal but as far as the referee's  
 decisions went they cannot kick, it is  
 his position to keep order on the field,  
 and his wisest policy is to nip the ruf-  
 fled ones before they make the foot-  
 ball field a boxing booth. As for  
 Capt. Hurst, he was the worst offender  
 in the whole game. He showed a poor  
 example to the rest of the team, they  
 wouldn't miss him as a playing mem-  
 ber. On Sunday, however, after a  
 peaceful rest and ruffled tempers were  
 subdued most of the players and of-  
 ficials admitted they were well beaten.  
 The losing of a player so early in the  
 game went against them. The visitors  
 were well served by Brodie, McKellar  
 and Simpson. For Lake Shore Par-  
 sons and Welsby played the game of  
 their lives, but that is in no way de-  
 trimental to the other members, who  
 sprung a pleasant surprise in the way  
 they coped with the opposition. The  
 "gate" of \$135 is poor recompense,  
 and after the Oshawa team were given  
 their share, the remainder won't help  
 much in covering the heavy expenses  
 the locals have now to face in their  
 journey to Toronto, where they engage  
 the redoubtable Ulster team in the  
 next round."

**DR. GOODWIN GOING TO  
 THE GARDEN CITY PRESS**

There will be general regret among  
 prospectors and mining men and others  
 interested in the North in the  
 announcement made last week that  
 Dr. W. L. Goodwin will not again  
 carry on the Prospectors' Classes that  
 have been of such value and benefit in  
 this North. The Prospectors' Classes,  
 held at various centres in the North  
 Land, have proved of the greatest  
 value to prospectors and others, and  
 there is a general opinion that Dr.  
 Goodwin is an ideal man to conduct  
 them. His knowledge of geology,  
 minerals and mining and allied lines  
 is unquestioned, and in addition he  
 has a fund of patience and geniality,  
 with an entire absence of any undue  
 assertiveness or annoying assurance.  
 Prospectors and others had learned to  
 value his knowledge and opinions,  
 while at the same time they were  
 pleased at his invariable readiness  
 to receive their views. He worked with  
 them, rather than attempting to teach  
 them in any schoolmaster fashion, and  
 the result was the very best in the  
 way of benefit. The prospectors found  
 the classes of great advantage, and at  
 the same time they were pleasant as  
 well as profitable.  
 It is not known at present whether  
 the Government intends to continue  
 the Prospectors' Classes. If this is  
 not the intention, the prospectors lose  
 a useful help. If the classes are to be  
 carried on, the Government will have  
 a serious problem in selecting an ex-  
 pert who can attain the results  
 reached by Dr. Goodwin.  
 Personally, also, it may be said that  
 Dr. Goodwin has made hosts of  
 friends in this North Land, who will  
 regret that his active connection with  
 the country is not to be maintained  
 as in the past.  
 According to the information given  
 out last week, Dr. Goodwin is now  
 connected with the Garden City Press,  
 of Gardenvale, Quebec. This firm  
 publishes the Canadian Mining Manual  
 and other technical books and  
 periodicals. It is also understood that  
 Dr. Goodwin will conduct correspon-  
 dence courses for prospectors in con-  
 nection with his other work with the  
 Garden City Press.

**HAILEYBURY REGRETS THE  
 LEAVING OF MRS. CONDIE**

Commenting on the departure of  
 Mrs. T. Condie from Haileybury to  
 take the position of matron at the  
 Cochrane District Children's Aid  
 Shelter at Timmins, the Haileyburian  
 last week says:  
 "Mr. T. Condie, who has held the  
 position of matron of the Children's  
 Shelter since its opening in 1924, has  
 severed her connection with the in-  
 stitution here, and has gone to Timmins,  
 where she is taking a similar position  
 with the society of Cochrane District.  
 During this summer a new shelter has  
 been erected in Timmins and will be  
 ready for opening about September  
 15th. The services of the new matron  
 were required for the preparations  
 and fitting up of the new building for  
 a week or two previous to the opening.  
 Mrs. Condie's work at the Shelter  
 here has been satisfactory in every  
 way during the years she has had  
 charge of the many children who have  
 been cared for by the society in Tem-  
 iskaming. At the beginning of July  
 she was given leave for two months  
 for a rest, and it has been something  
 of a disappointment to the local  
 branch of the society that she has de-  
 cided to leave. The society in Coch-  
 rane is under the direction of R. Le-  
 Heup, who for many years was the in-  
 spector for Temiskaming and left  
 here last year to take charge in the  
 North. Mrs. Condie's successor in the  
 Haileybury Shelter has not been ap-  
 pointed so far."

Mr. Vincent Woodbury and family  
 returned last week from a motor trip  
 in the South, visiting Montreal, Port-  
 land, Maine, and other places. Mr.  
 Woodbury saw the airplane, "Old  
 Glory," start on the ocean journey  
 from which none saw it return.

**Think of what you can Save!**  
**QUALITY**  
 Even the best of  
 brewers can't make  
 better beer than you  
 can get from RITE-  
 GOOD - first quality  
 malt extract with hop  
 flavor.  
**ECONOMY**  
 Think of it - 50 pints  
 of good beer for  
 \$1.40!  
 That's what you  
 get from RITE-  
 GOOD!  
 You save about  
 70%  
**SATISFACTION**  
 And who wouldn't  
 be satisfied to get  
 as good beer as  
 there is brewed at  
 a cost of \$1.40 for  
 50 pints.  
**GUARANTEE**  
 You only have to fol-  
 low the directions to  
 get the kind of beer  
 you really like - we  
 guarantee the quality  
 of RITE-GOOD.  
 Why pay high prices for beer when  
 you can have just as good or  
 better if you  
**MAKE IT AT HOME**  
 at a cost of  
 11¢ A GLASS  
 It's easy - you can make it even in your own room.  
 No boiling, straining or muss. And no smell.  
 A 2½ lb. tin, costing \$1.40, makes 5 gallons. Full di-  
 rections with each tin.
