Timmins and District Notes

There were 208 students registered at the Cobalt High School last week.
Mr. H. E. Montgomery was a week-end visitor to Haileybury, motoring down from here.
Dr. Murray Steele left on Sunday on a three weeks' holiday trip to Toronto and Ottawa.
The next regular meeting of the town council is scheduled for Monday, Sept. 26th, commencing at 4 p.m.
Mr. and Mrs. W. R. Rinn returned last week from their honeymoon and will take up residence at 74 Elm St., South.

Mr. G. W. Goodfellow was a week-end visitor to Timmins.
Mrs. H. P. Shantz, of Toronto, is a Timmins visitor this week.
Mrs. A. J. Shragge returned last week from a business trip to Ottawa, Toronto and New York.
Mrs. R. Cornthwaite returned last week from a three months' visit to Vancouver, B.C.
Mr. and Mrs. C. G. Kemsley have returned from a motor trip to the South.
Born—in Timmins, Ont., on Wednesday, Sept. 14th, 1927, to Dr. and Mr. Joyal, a son.
Mr. and Mrs. H. G. Laidlaw and Miss Dorothy returned last week from their motor trip to the South.
Mr. N. Shone will visit homes of pupils to give lessons on the piano. Would also like connections with dance orchestra. Apply care of Mrs. Wheeler, 81 Pine street south, Timmins.
Mr. and Mrs. Harry Rinn who have been residents of Timmins for the past six years left on Friday for a week's visit to Creemore, after which they will take up residence in Toronto.

Homer L. Gibson & Co. have announced that they will give a bean supper to all the contestants taking part in the Tri-city Relay Race on Oct. 22nd. The race is being conducted under the auspices of the Cobalt Y.M.C.A. and The Northern News.

A Matheson correspondent credits Hon. Wm. Finlayson with saying, in an address on board the S.S. Cayuga, that Matheson, was more largely represented in the Northern Ontario Crusade than any other town in the North Land.

Mr. J. E. Stewart, of the Stewart Co., was in Cochrane and Kapuskasing last week where he put on displays of the latest women's dresses, suits, coats, fur coats, etc., having a very successful display and good business in each of these important Northern centres.

The Northern News of Cobalt last week says: "Mr. and Mrs. W. Isnor, Mr. and Mrs. H. McQuarrie and daughter, Annie, Mr. and Mrs. A. Hattie, and Mr. and Mrs. C. Matson and sons, of Timmins, visited Mrs. E. H. Clemens on Sunday. The party motored to North Bay, accompanied by Mrs. Clemens, returning to Timmins on Tuesday."

There will be a meeting of the executive of the North Temiskaming Liberal-Conservative Association at the Empire Hotel, Timmins, on Saturday at 5:30 p.m., to deal with the matter of sending delegates to the National Convention to be held at Winnipeg. The executive includes the executives of North and South Cochrane, these comprising the officers elected for these district associations, and the president and secretary of each local association.

"Would you mind getting up for just a minute, miss?"
"Why?"
"I want to hang up this notice, 'Wet Paint.'"
—Exchange

tending the Tunney-Dempsey fight to take place this (Thursday) evening.

Walter Bates, tenor and concert artist—United Church, Timmins, Friday, Sept. 23rd, at 8:30 p.m. Don't miss it. Tickets, \$1.00.—38.

All interested in bowling should attend the meeting called at King's, upstairs, on Monday evening next at 8:30 p.m. for the annual meeting of the Timmins Bowling Club.

A treat in store. Don't miss it. Walter Bates, tenor and concert artist, in the United Church, Timmins, to-morrow (Friday, Sept. 23rd), at 8:30 p.m.

(Rev. J. D. Parks attended the meeting of Presbytery held at Kapuskasing last week. Miss Quick, Deaconess was also among the delegates in attendance at the sessions of the Presbytery.)

In referring to the paper by Geo. E. Cole presented at the technical session of the Empire Mining Congress at Winnipeg, Engineering and Mining Journal, of New York, says:—"The paper, 'The Development of Gold Mining in Canada,' gets between two covers a wonderfully complete resume of the gold mining industry of Canada."

Owing to the death this week of Master Harry McCulloch, the three-year-old nephew of the bride, the reception planned to follow the marriage of Miss Mary C. Maxwell and Mr. Albert Foy, has been cancelled. The wedding will be a quiet one with only the immediate friends and relatives present, on account of the recent bereavement.

MAN TAKES THE TERM IN COBALT LIQUOR CASE

In a police court last week-end at Cobalt, where husband and wife were jointly charged with selling it was brought out that the evidence was such that the magistrate was ready to register a conviction against either of the two. The matter of which should stand the blame was left in the hands of the Crown Attorney. Mr. Smiley, according to despatches from Cobalt, thought evidently that the husband should bear the brunt of the law. The result in any event was that the man, G. Carmichael, was sentenced to a term of three months in jail. So it may be said to be proved that "the woman pays," but the man goes to jail.

WOODEN DOLLARS FAR OUT MATCH MINING WEALTH

(By Dr. Clifton D. Howe.)
While gold nuggets may shine brighter than a chunk of spruce, the solemn fact is that the value of Canada's forest products produced in one year is greater than that of all the silver produced in Canada in the past twenty-five years.

The value of all gold mined in Canada in the past twenty-five years does not equal the value of Canada's forest products for the past two years.

The forest industries of the Dominion contribute over 40 million dollars annually to our national wealth, which is fifty per cent greater than the annual value of mine products over the last five-year period.

The value of sawn lumber in the past four years is equal to all the gold produced in Canada since Confederation. The pulp and paper industry has produced more wealth for the country in the past three years than have all the gold mines since the Dominion was established.

When a mine is mined, it is mined. It gives out. It practically ceases as a wealth producer. But when a forest is properly cared for, it goes on forever. As a wealth producer, a forest is immortal. Only the ignorance of man can make it otherwise.

The answer to the shingle question

Canadian ASBESTOS

MADE of indestructible asbestos rock fibre, its permanence tested by the centuries in the rock beds of the earth—that's why Johns-Manville Flexstone Asbestos Shingles bring such unusual durability and fire-safety to your roof.

Rock fibre, asphalt and slate, that accounts for the greater durability of these sturdy shingles—and their cost is about the same as that of ordinary temporary roofings.

The beauty of Flexstone Shingles, the fire-safety and the longer life are three of the reasons why you should ask the dealers listed below for more complete information about this remarkable roofing of rock.

TIMMINS BOWLING CLUB TO MEET MONDAY EVENING

There will be a meeting of those interested in bowling held upstairs at King's on Monday evening next, Sept. 26th, at 8 p.m., for the purpose of electing officers for the Timmins Bowling Club and to talk over matters of interest to the game. Every bowler is invited to attend. Bowling last season provided much good sport, and this year there should be even more interest. All bowlers should make a point of being present for the meeting upstairs at King's on Monday evening next, Sept. 26th.

DORANDO HOTEL WILL CONTINUE AS USUAL

There has been a rumour to the effect that the Dorando Hotel had closed, or was about to close, but there is absolutely no truth in such a story and no basis for any such report. The Dorando Hotel is still in business and intends to continue to carry on business as usual at the old stand, 16 Second avenue, opposite the ball grounds, where it will give the same good service as heretofore to its many patrons.

LOUISE FAZENDA RESCUES FOUNDLING FROM FIRE

The special coming to the New Empire theatre on Friday and Saturday of this week, Sept. 23rd and 24th is the motion picture comedy and romance, "Simple Sis." The director of this picture, Herman Raymaker is said to have long ago made a decision that he would have no children or animals in any of his pictures, on account of the difficulty of direction, but he always ends by having both. In "Simple Sis" the exceptions to the old rule are little Billy Kent Schaeffer and his pups.

Romance, thrills laughter and pathos commingle in "Simple Sis." Warner Bros. delightfully human story of the love quest of a laundry girl. Louise Fazenda and Clyde Cook are the principals, and it goes without saying that these peerless mirthmakers extract the maximum of fun from each droll situation.

The part of "Simple Sis" is perfectly suited to Miss Fazenda's unique genius. It is the first romantic role she has had for many moons, but the love interest does not for a moment slacken the pace of the rollicking comedy. The picture has many real thrills, too, one of the high lights being the scene at the tenement fire in which Sis heroically rescues little Buddy, a foundling she has been mothering.

Clyde Cook is the timid but amorous truck-driver, who seems miraculously sent into the lonely life of Sis, in answer to her prayers for a husband. Others in the cast are Myrna Loy, William Demarest, Billy Kent Schaeffer and Cathleen Calhoun.

REPORT THAT ARGONAUT HAS MADE VERY RICH FIND

Reports were current in Timmins this week that the cutting of the downward extension of one of the veins on the Argonaut Mine had struck a particularly rich piece of ore at the 1250-foot. Not only was the ore of especial richness but the vein also had widened out. Men coming from the property brought out news of the strike, and it was the general opinion that the Argonaut had made something special in the way of a strike. There are reports of free gold and a mineralization of the ore that apparently means unusually high-grade ore. The find increases the good prospects of the property.

SUDBURY MAN WINS BIG MONEY ON ENGLISH RACE

Some time ago Henry Wills, of Sudbury, bought a ticket in the St. Leger Sweepstakes, an English turf classic. He paid \$2 for the ticket, and the other day he received notification that he had won about twelve hundred and fifty pounds sterling, which is equivalent to approximately \$6,250. The actual amount that will come to Mr. Wills will depend upon whether or not all tickets on the event were sold, but in any event Mr. Wills is sure of a very handsome return on his two-dollar investment. His profits will be some thousands of times greater than his investment. Alex Donnelly, of Creighton Mines, who sold the lucky ticket, is also in luck in the matter, as he will receive in the neighbourhood of \$500 for being the seller of the lucky ticket. Incidents like this explain why so many people are ready to take a chance on tickets of this sort, but the thousands who simply lose their two-dollar bills are always forgotten. However, the way most people in this country look at it is that while it is nothing very serious to lose a couple of dollars, it is certainly glorious to win six thousand plunks without great risk or undue work.

POINTS OUT FOLLY OF VEGETARIANISM

Vegetarianism is nothing more than a burlesque on dieties, says Dr. Frederic Damrau, writing in Hygeia for September. The person who makes the sweeping assertion that all animal foods are injurious is simply airing his lack of technical knowledge.

From the health point of view the arguments in favour of vegetarianism are as meaningless as a cigarette advertisement. Their promises come chiefly from the fertile field of medical fiction. The various arguments in favour of this fad are based on half truths or misunderstood theories.

The fact that meat sometimes contains dangerous parasites is no reason for not eating meat, as with careful food inspection and thorough cooking of meat, all danger from parasites is eliminated. While some primitive men live on an exclusive diet of vegetables, others apparently just as healthy live entirely on meat. Even civilized man can change to a meat diet exclusively without suffering in health, as was proved by the arctic explorer, Vilhjalmur Stefansson.

What mankind really needs is a well-rounded diet using the greatest possible variety of all foods. No single article of diet can be considered intrinsically beneficial or injurious. What the outraged human stomach would beg for, if consulted, would be the abolition of all food fads, surmises Dr. Damrau.
