

**RECORD OATS GROWN IN TOWNSHIP OF DYMOND**

There appears to be so much question, even among those who ought to know better, as to the agricultural development and possibilities of this North Land that the only way to overcome this doubt seems to be to keep on giving samples proving the striking fertility of the land here and the remarkable success attending farming operations in this country. The exhibits at the fall fairs at such centres as Liskeard, Matheson, Cochrane, Porcupine and Kapuskasing should place

the matter beyond any question, but after being duly impressed by such exhibits people will forget and turn around and talk thoughtlessly like some of the Southern newspapers. The fact that there are farms all through the North Land, within easy reach of a motor trip from every centre in this area, should make the matter plain enough for all to see, but the facts apparently need to be impressed by frequent examples quoted. The New Liskeard Speaker is constantly giving publicity to such concrete illustrations, and so doing a good work for the agricultural development of this North. Last week The Speaker had the following:

"Last week just before going to press we received word that Mr. Gordon Leverre, of Dymond Township, had threshed during the week, 163 bushels of oats from one acre of land. Of course he had a field of oats, and measured one acre for a test, keeping the grain on this acre separate from the other. Also, we are told on good authority, that the oats weighed 48 pounds to the measured bushel, whereas the standard is 34 pounds to the bushel. An explanation is needed here, otherwise someone might think we are exaggerating: The standard for grain was fixed under the old-time measure which was smaller than the measure now being used and called the Imperial measure. Under the old bushel measure the standard for wheat was 60 lbs. per bushel. When a farmer found that his wheat ran over the standard by one or two pounds he considered he had a good crop. The same grain measured by the Imperial measure would weigh 64 or 65 lbs. However, the oats grown by Mr. Leverre are the heaviest we have known to grow in Temiskaming or anywhere else, and go to show not only that we have had a very favourable season, but that we have the climate and the soil to grow the best quality of cereals either fine or coarse."

New Liskeard police summoned a Haileybury man for speeding in the Creamery Town on Sept. 6th. The Haileybury gentleman, who is one of the town councillors of the County Town, was able to make affidavit that on the date of the alleged offence at New Liskeard, he was actually driving his car in Toronto in the Crusade. On receipt of the affidavit, the police recognized that a mistake had been made and accordingly withdrew the case. The question, however, remains as to what would have happened in case the accused man had not been able to produce such conclusive proof, even though he protested that he had not been speeding and was not in New Liskeard on the date mentioned.

NORTHERN ASSOCIATION OF CURLING CLUBS PROPOSED

Question Taken up at Annual Meeting of New Liskeard Curlers, and Preliminary Steps Taken

At the annual meeting of the New Liskeard Curling Club the question of forming a Northern Ontario Curling Association was suggested. This is a question that will be of special interest to Timmins curlers, the enthusiasts here having on more than one occasion last year suggested such a plan. The New Liskeard Curling Club is taking the first steps to carry through the plan and it is likely that all the other clubs along the T. & N. O. will give hearty support and co-operation and the plan accordingly may be gotten under way this coming season. In the report of the annual meeting of the New Liskeard Curling Club, The New Liskeard Speaker says:

"Considerable discussion took place regarding the organizing of a Curling Association for the Clubs along the T. & N. O. Railway. It was pointed out that the interest in curling has developed to such an extent in the North that the association embracing the C. P. R. Clubs and T. & N. O. Clubs had become too large for the holding of a joint bonspiel. This was made quite evident at the bonspiel held at Haileybury last winter. In order to get the views of other Temiskaming and Cochrane District clubs the local Secretary was authorized to communicate with the northern clubs so that, if thought advisable, steps might be taken to jointly discuss the matter. We understand clubs have now been formed at Haileybury, Liskeard, Englehart, Kirkland Lake, Timmins, Schumacher, South Porcupine, Iroquois Falls, Cochrane and Kapuskasing. Cobalt is represented in the Haileybury Club and would doubtless enter a bonspiel as a Cobalt unit. The above list of clubs should make up a goodly number of rinks. Those who intend curling this winter and especially those desirous of joining the club as new members should notify some member of the executive at as early a date as possible."

It may also be of interest here to note that the following were the officers elected by the New Liskeard Curling Club for the ensuing year: Hon. Pres., P. R. Craven; president, Elgin Binkley; vice-president, A. E. Stephenson; secretary-treasurer, T. C. Grills. The meeting also decided that the fees for the ensuing year would be the same as last year, viz., \$10 for new players and \$15 for old players.

SIR WILFRID LAURIER IN 1912 OPENED COBALT "Y"

Fifteen years ago, on Sept. 18th, 1912, the Y.M.C.A. at Cobalt was formally opened by Sir Wilfrid Laurier, then leader of the Liberal Party in the Dominion, and for fifteen years Premier of Canada. During the fifteen years of its existence the Cobalt "Y" has given the town and district very helpful and advantageous service, and appears to be at the present time like Johnny Walker, "still going strong."

Next thing we expect to see is a sign reading, "Ye Olde Undertaking Shoppe."—Florence (Alabama) Herald.

RELIEVES RHEUMATISM

Mrs. R. Medd, Sr., after years of suffering found that Egyptian Liniment gave her speedy relief from rheumatism. The most common of man and beast depart under treatment with Egyptian Liniment, which is also the best household remedy known for Cuts, Scalds, Frost Bites, Chilblains, Neuralgia, etc.

Urge Returned Men to Join Timmins Branch of the Legion

Secretary Outlines the Good Work of the Legion and the Success Won So Far. Local Legion Now Well Established on Firm Foundation. To Have Drive for New Members in the Near Future.

The following letter from the secretary of the Timmins Post of the Canadian Legion is commended to the readers of The Advance, especially to those who are returned soldiers:

To the Editor of The Porcupine Advance,

Dear Sir:—Knowing that the columns of your widely-read paper are even open, in so far as space permits, to any organization that is for the good of the community, and Timmins and district in particular (and I conscientiously believe that the Timmins Branch of the Canadian Legion is a helpful organization), I would present to the public a few details as to the progress made by this Post, at the same time earnestly appealing for the hearty co-operation of all veterans in our efforts to not only firmly establish ourselves here, but to join our ever-growing Branch at once and so enable us to continue to do good on a larger scale.

Timmins Post No. 88 of the Canadian Legion, British Empire Service League, was inaugurated on February 3rd of this year, and now has a membership roll of over one hundred, and a glance at the names of the committees as they now stand should convince the ex-service men who are as yet "outside," that this post is here to stay, and to so increase as to be a real help to those who through no fault of their own are "up against it."

The Executive Committee comprises: Dr. S. R. Harrison, president; H. C. Garner, 1st vice-president; Austin E. Neame, 2nd vice-president; John Callum, J. Jenkyn, H. N. Stroud, G. G. Cameron, H. Miller, W. F. Morgan and W. A. Devine.

An especially strong Financial Committee consisting of J. E. Grassett, S. Calbeck, J. S. Sauve and J. Callum insure the financial stability of the Branch; and an energetic and enterprising Entertainment Committee, the members of which are W. F. Morgan, W. A. Devine, Dr. R. V. Weston, Dr. A. S. Porter and W. Pennington.

On the Local By-laws Committee are: W. O. Langdon and Frank Keehoe, who are experts indeed in other kinds of law besides by-laws. And last, but not least remains the members of the tentative Housing Committee, Messrs A. F. Kenning, M.P.P., Frank Francis, Dr. A. S. Porter, W. O. Langdon, George S. Drew, and Austin E. Neame.

The Charter Members, as inscribed on the artistic Charter Roll dated the 29th day of March, are Dr. S. R. Harrison, H. C. Garner, A. Neame, G. G. Cameron, J. Callum, Thos. Fellows, H. N. Stroud, H. W. Miller, J. Jenkyn, Wm. Pennington, Wm. F. Morgan, Dr. R. V. Weston, F. E. Armstrong, W. J. Lambkin and Walter H. Haywood.

Extracts from the constitution of the Canadian Legion of the British

Empire Service League, such as:—
1. To bring about the unity of all who have served in His Majesty's Navy, Army, Air Force or any Auxiliary Force.

2. To further among them the spirit of comradeship and mutual help, and the close and kindly ties of active service.

3. To preserve the records and memories of their services and to see that their services generally shall not be forgotten by the nation, and that due attention shall be paid to their welfare and that of their dependents.

4. To perpetuate the memory and deeds of the Fallen and of those who die in the future; to promote and care for memorials to their valor and sacrifice; to provide suitable burial; and to keep an annual memorial day.

5. To see to the maintenance and comfort of those who require special treatment, of the disabled, sick, aged, and needy; and to promote the welfare of the women, children and others, their dependents.

6. To educate public opinion regarding national duties to the dead, the disabled, and others who have served, and their dependents.

7. To foster loyalty among the public and education in the principles of patriotism, duty and unstinted public service.

8. To support suitable undertakings for the training, employment and settlement of ex-service men and women, and the education of their children.

9. To defend their statutory, acquired and legitimate rights, and those of their dependents; and in so doing to offer the Legion's co-operation to those officially charged with the responsibility of administering such rights by Federal or other Governments in Canada.

10. To pass on to their families and descendants the traditions for which they stand.

The above extracts will surely support our claim to be a "good" organization and should convince all returned men in this district of the desirability to join us at the earliest possible moment.

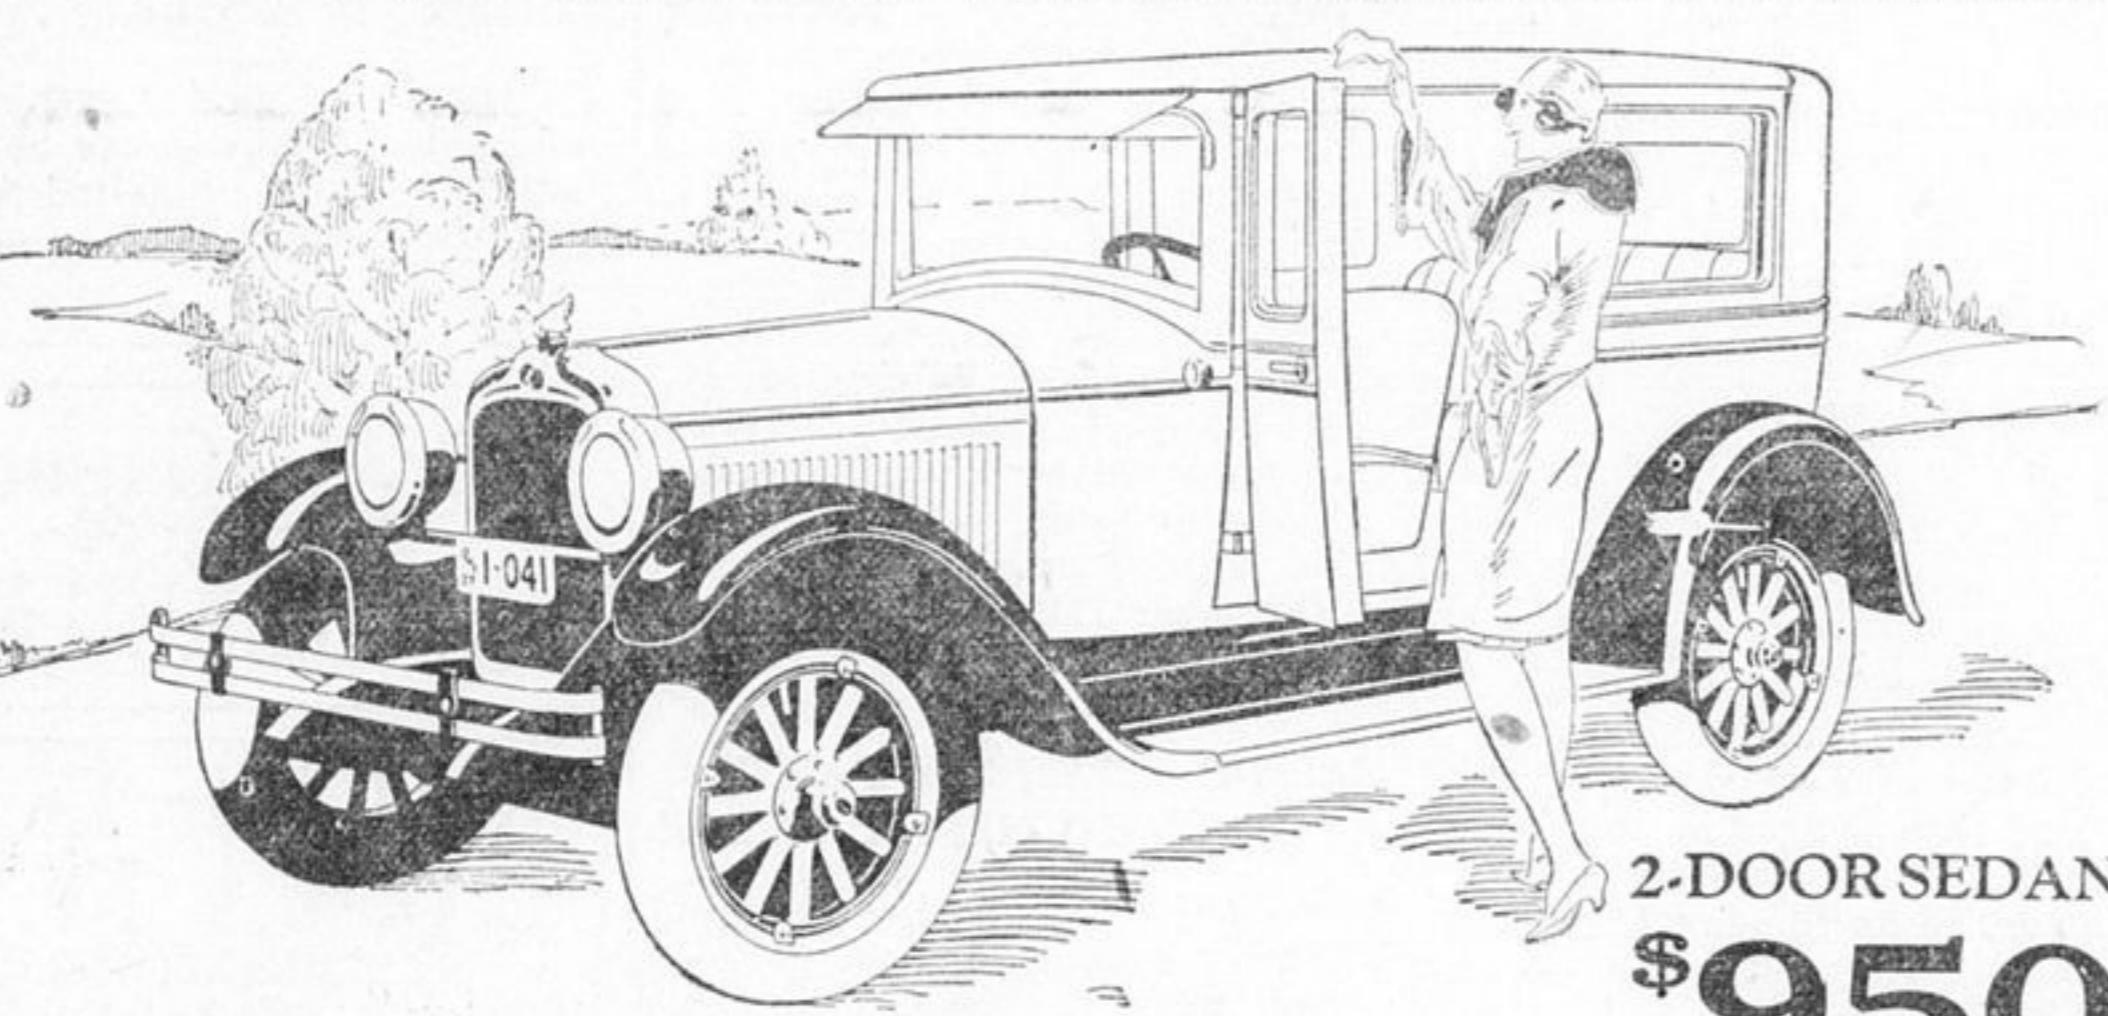

We are no longer, nor have we ever been, concerned in the argument of "who won the War." What we are concerned with is to remedy the ravages of the War in so far as it lies in our power, and it is with this object in view that we propose to organize shortly a drive for members—and yet more members—in the near future.

I am, dear Sir,
Yours very truly,
T. FELLOWS,
Secretary-treasurer, Timmins Post,
No. 88 Canadian Legion, B.E.S.L.
