Rebekahs From Timmins Win Shield From South Porcupine

Annual Competition for Excellency of Degree Work. Many Matters of Interest Taken Up at Township Council Meeting at South Porcupine on Monday. Members of South Porcupine Chapter of the Eastern Star Guests of Iroquois Falls Chapter.

South Porcupine, Sept. 28th, 1927. Special to The Advance.

The "Ezlyfe Club" held its farewell party of the season at their cottage in Golden City on Saturday night. About thirty-five were present and everyone was happy. The great regret was that the weather was such that these pleasant gatherings by the lake could not be continued longer.

On Friday night, September 23rd, there was a large gathering of Rebekahs from both Timmins and South Porcupine in the High School here, the event being the annual competition for the shield presented for excellency in Degree Work. Last year South Porcupine won it from Timmins by one point. This year the tables were turned and Timmins excelled South Porcupine by three-fifths of a point. After the competition a delectable banquet was served in the dining room the tables being decorated with the colours of the Rebekah Lodge. There were quite a number present from the newly-formed Elvira Lodge, of Iroquois Falls who had motored up for the occasion. Mrs. Boone, president of the Grand Assembly, also Miss V. Pearce, the Assembly Secretary were present.

Mrs. H. Boyle has been out of town to Cochrane and various other Rebekah Lodges this week installing the officers for the present term, as she is District Deputy-President for this district.

On Thursday evening about twenty-two members of the Order of the Eastern Star motored to Iroquois Falls, the Chapter there having issued invitations to Cochrane, Kirkland Lake, Timmins and South Porcupine Chapters to join them in a social evening. Those who went report a wonderful time and unsurpassed hospitality on the part of the Iroquois Falls people.

The Council of Tisdale township met on Monday evening, September 26th, with the reeve and all the councillors present. After the reading of the minutes, correspondence was read from the New York Porcupine asking for the widening of their road; from Dr. George commending the splendid results of the milk tests taken from the dairies operating in Tisdale (these tests have proven highly satisfactory); the McIntyre Mine asked for an extra policeman for Schumacher. There was a letter from Dr. H. H. Moore re a patient sent to Gravenhurst and afterwards to the asylum for the Insane at Whitby. Then the Council went into Court of Revision and there was a regular grist of tax appeals. Some of these should really have been appealed on the ground of assessment, not that any of the as-

essments in question were too high, but some of the other assessments in the locality will necessarily have to be raised to put all on a basis of equality. Several asked for a reduction or cancellation of taxes but the opinion of the most of the council seemed to be that the possibility was that there was just as good reason why these taxes should be paid as of a number of others who were not asking leniency. There were some complainants about back taxes, the bailiff having already distrained some of their effects until payment should be made. If it looked as though an honest effort was being made to meet these taxes it was suggested that the bailiff's expenses be stopped to give the complainant a chance. The reeve remarked, however, that it was playing a very unfair game with those who invariably paid their taxes when such were due, to not take drastic measures with those who were repeatedly evading this obligation. No hardship was wished for anyone but for everyone that was left off without paying, extra hardship was pushed on those who do pay which as anyone can see is far from just. Hence the prompt payment of taxes is not only a duty a citizen owes his own self-respect but also to his neighbour who has to shoulder the extra weight if he does not pay. There has been too much evasion in the past as the financial reports show and the present council are certainly to be commended for the measures taken, for only by everybody shouldering his share will the rate be brought down. A number of taxes had to be cancelled owing to the new exemption on incomes brought in by the Provincial Government. This has already taken nearly \$500,000 of taxable income off the Tisdale tax-roll but the township is powerless in the matter. In all there were nine tax bills confirmed, seven reduced and seven cancelled.

It was decided to grade and fix up the road around the block up by the hospital also to put a light on Fortune's corner there. The road on Dome avenue is to be roeked, tenders to be received for same; the road to the station in Schumacher is to be fixed up. By ditching and carrying off the water by a pipe already laid and by forming a catch basin it is hoped to remedy the trouble caused by the water on some streets in Schumacher. There was some discussion re the disposal of garbage for S. S. No. 2. As yet no suitable place near at hand is available. It looks as though it was going to be necessary to dispose of it by truck or to build several miles of road to get to some place where it may be dumped. This is to be decided within the month. There is to be a light at the taxi stand near Catarello's. The strip of ground adjoining Cunningham's is to be offered for sale to the highest bidder. The school grounds takes up the rest of this which at one time belong to the town. The engineer reported the tractor as ready to be loaded on a flat car Wednesday, but the reeve stated he had a buyer for it here which would save the freight in shipping it to Toronto. We understand that this party purchased the tractor on Wednesday. He was got on long distance phone during the council meeting and the shipping of the tractor postponed till he saw it next day. The routine accounts and salaries were passed.

"WOLF'S CLOTHING" THE SPECIAL AT NEW EMPIRE

The special at the New Empire on Friday and Saturday of this week, Sept. 30th and Oct. 1st, is to be the very popular film, "Wolf's Clothing" a Warner Bros. picture, the most diverting pictures of the season. Founded upon Arthur Somers Roche's story, it tells a tale that recalls the spirit of O. Henry. For here New York is once more transformed into Bagdad-on-the-Subway, and once more adventure comes to commonplace people and turns them into types of true romance.

Like a character in the Arabian Nights, Barry Baline, a subway guard, is transported into scenes of great pomp and circumstance, and whirled through a night of mad excitement. The night is New Year's Eve and the place is New York. A gang of crooks are out to get \$500,000 in loot and Barry Baline finds himself out to get the crooks. Monte Blue is Barry and Barry is a role that suits Mr. Blue in every particular. A big husky, laughing roughneck, he plays with a rip-snorting zest that sweeps the adventure along into the realm of convincing probability.

Playing opposite him is Patsy Ruth Miller, as a society girl who wants to see life without a chaperon. She captures, instead, the affections of the subway guard. Other outstanding performances are given by John Miljan, Douglas Gerard, Lee Moran and Kala Pasha.

DUNDONALD MAN GIVEN THREE MONTHS SENTENCE

L. Berthier Found Guilty of Theft of Goods, but Receiving and Arson Charges Not Sustained

At Cochrane on Monday of this week, L. Berthier, of Dundonald township, was sentenced to three months in jail for the theft of goods from a house in Dundonald township. Charges of receiving stolen goods and arson were not sustained against him. Berthier has been in confinement for about two months awaiting his trial on the charges. His sentence of three months starts this week. Cases arose from the destruction of a residence in Dundonald township. Suspicious circumstances as to the origin of the fire led to enquiry by Provincial Constable Geo. Delves, and a search of Berthier's premises disclosed furniture and other articles believed to have been in the house that was burned. Witnesses were also found who said that they saw Berthier in the vicinity of the destroyed house around the time of the fire. The owner of the burned house identified goods found in Berthier's place as being articles that were in the house before it was burned.

Among those giving evidence for the prosecution on Monday was Provincial Officer Delves and Constable W. Perrault, of Timmins, these two officers making the arrest of Berthier when the enquiry into the thefts and fire had been investigated.
