Timmins and District Notes

Mr. J. R. Gordon, of Toronto is a visitor to town this week.

Mr. A. R. Globe, of Grimsby, is a visitor to the camp this week.

Mrs. Fred Bailey, of Kapuskasing, is visiting her parents, Mr. and Mrs. Geo. Vary.

Mr. and Mrs. Geo. S. Drew returned this week from a visit to Cannington and other points south.

Mr. and Mrs. Halverson and Miss Suter, of Kirkland Lake, were visitors to Timmins last week, coming here by auto over the Ferguson highway.

The next regular meeting of the town council is scheduled for Monday afternoon, Oct. 10th, beginning at 4 p.m.

A Toronto motorist who came up to Timmins last week by the Ferguson highway, when asked about the roads made the honest reply, "Well, the rains do not improve them much."

Mr. and Mrs. H. W. Darling are visiting in New York.

Mr. Jos. Bradette, M.P., of Cochrane, was a Timmins visitor this week.

Mr. and Mrs. F. E. Dillingworth, of Toronto, visited friends in the camp last week.

Mr. T. Sutherland, chief mining inspector for Ontario, was a visitor to the camp this week.

Miss Kathleen MacNabb left on Monday morning on a holiday trip to Ottawa, and other Eastern Ontario cities and towns.

Rev. Canon Simpson, of Calgary, Field Secretary of the General Board of Religious Education, will be the preacher at St. Matthew's church on Sunday morning, Oct. 9th, at 11 o'clock.

Madame Callum, Beautician, on and after Oct. 17th, will carry on her business in the rear of J. B. Thiboutot's barber shop, 46 1/2 Third Avenue. Private entrance for ladies, right next to Blahy's.

Mr. T. J. Doyle, representing the famous firm of Leishmans' noted for quality made-to-measure clothing, will again visit Timmins this week, being at Wm. Dalzell's on Saturday, Oct. 8th, with a full range of the latest and best in models and fabrics.

The annual meeting of the Caledonian Society of Timmins is scheduled for Friday evening of next week in the Hollinger Recreation hall. At this meeting the chief business is the election of officers for the ensuing year.

According to a despatch from Cobalt, Mrs. Joseph Erickson, mother of three children, died last week at her home at Bourkes after drinking Lysol. A doctor from Matheson was summoned but Mrs. Erickson, although living for some hours after taking the poison, failed to survive its effects.

It is understood that Mr. Walter Wilson, who was taken to the hospital some ten days ago or so, suffering from Paris green poisoning, is making the best of progress to recovery and will soon be completely recovered, being able to be up and around again now.

A cucumber measuring 21 1/2 inches in length was on exhibition at the New Liskeard fair, and very naturally it attracted very special attention. It was grown on the New Liskeard property of Mr. Sumbler, market gardener. This is quoted as another evidence of the possibilities of the North Land as a market garden.

One of the old-timers of the Healslip district passed away at Englehart some days ago from heart trouble, in the person of Wm. Fyfe. He was assessor and tax collector of the township of Evanturel for many years, and also secretary of the school board. He left no relatives in this country, all his near relations being in his native land of Scotland.

The article given first place in the current issue of The Canadian Lumberman is one entitled, "Northern Crusader Outlines Extent of Wooded Wealth of Vast Hinterland of Ontario." The article is a review of the address of Mr. Alex M. Dewar, of Iroquois Falls, at the banquet given the Northern Crusaders at the King Edward Hotel, Toronto.

Big crowds attended the showings here last week of the pictures of the Dempsey-Tunney fight. The pictures were generally considered as excellent, and many patted themselves on the back for being able to see the fight better and very much cheaper than if a trip had been taken to Chicago and a seat purchased at a high price. The early date at which the Goldfields theatre secured the pictures here was also a matter for complimentary reference.

Mr. and Mrs. Jas. Kent returned from Toronto on Tuesday evening after several weeks' visit to the south. Mr. and Mrs. Kent were among those taking part in the Crusade, Mr. Kent being one of the pioneers of this part of the North. Mr. Kent brought back with him some of the wonderful dahlias that took first prize at the Canadian National Exhibition this year. These beautiful flowers may be seen at his home on Elm street. He has also the dahlia bulbs for sale from this prize-winning stock.

Mr. Geo. W. Lee, chairman of the T. & N. O. Commission, and Mrs. Lee, were receiving congratulations last week on the occasion of the twenty-third anniversary of their marriage.

Mr. and Mrs. Robert Sinclair of Timmins, Ontario, announce the engagement of their daughter, Eveline Isabelle Appleton, to Stanley George, son of Mr. and Mrs. Arthur Fowler, of Newcastle, England, formerly secretary of the Double Diamond Lumber Company, the marriage to take place in St. George's Church, St. Catharines, on Tuesday, November 8th, 1927.

The Cochrane Post last week says: "Work on the telephone line from Cochrane to Kapuskasing is being pushed rapidly from both ends. Wires are now on the ground both here and on the other end, so that the stringing can be done immediately. Not all the poles are erected yet, but there is a considerable stretch extending from Kapuskasing east as well as from Cochrane west."

**MUCH INTEREST IN RELAY
RACE ON OCTOBER 22**

Timmins High School Has Team Entered for Tri-City Race on Saturday, Oct. 22nd.

On account of the fact that the Timmins High School has entered a team in the Relay Race from New Liskeard to Cobalt on Saturday, Oct. 22nd, there is much local interest in the feature. The course and rules were published in The Advance some weeks ago. Any who wish further particulars may write to the secretary, Frederick P. Failes, care of The Northern News, Cobalt, Ont.

Mr. Jack Tressider, former member of a Canadian champion relay team, who was visiting his brother at Kirkland Lake, has also become much interested in the coming event, which is being run under the auspices of The Northern News, Cobalt in affiliation with Cobalt Y.M.C.A. Mr. Tressider has just returned to Toronto after an extended stay in the north. He registered pleasant surprise at the interest which is being shown in the forthcoming event.

During his visit to the north Mr. Tressider addressed various gatherings representing teams which are taking part in the race. These teams included Kirkland Lake, Swastika, Cobalt Holy Name Society, Cobalt Boy Scouts and Cobalt Y.M.C.A. Lack of time prevented him reaching towns farther north.

In all of his talks Mr. Tressider preached the lesson of clean living and sportsmanship. "It is the team that trains and the team that gets into condition and stays in condition that is going to win this race," he told the boys. "This idea of waiting to the last minute to get started won't do at all, and those who intend running had better get started now."

It has been thought advisable for each team to submit the names of eight boys with the original entry blank, instead of six for which space is provided. Of course only six of these boys will be permitted to run, and the two extra will allow for emergencies.

Girl Guides of Cobalt have come forward with an offer of assistance for the bean supper which Homer L. Gibson & Company are giving the night of the race, October 22, to the runners. These Cobalt Girl Guides have earned a reputation for themselves in assisting at affairs of this sort and will prove valuable on the night of the supper. The offer will probably be accepted.

Many pleasing comments are heard daily in connection with the trophies, which have arrived and are on display in the window of The Northern News, Cobalt. They include a shield for annual competition, silver cups for each runner on winning team, and silver medals for each runner on second team to finish.

**CHIEF OF POLICE WARNS
MOTORISTS AND OTHERS**

Elsewhere in this issue the chief of police gives timely warning in regard to the recent amendments to the Ontario Highway Traffic Act. Motorists and others concerned should take special notice of the warning and save themselves trouble and cost. The intention is to strictly enforce the law, and so all should familiarize themselves with the new provisions. The police department will be pleased to give any information desired in the matter.

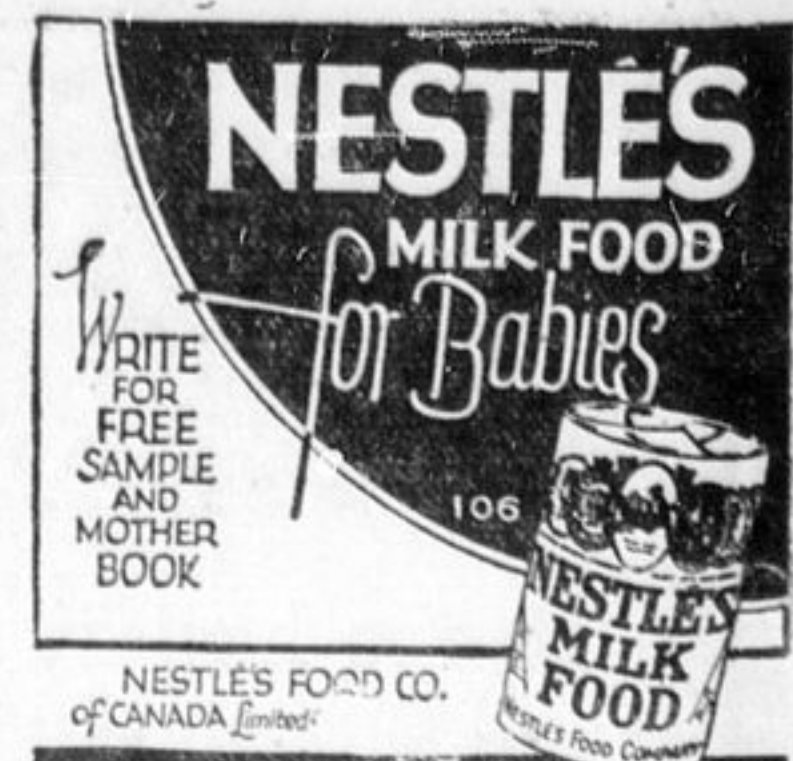

Under the new regulations, all horse-drawn vehicles must carry a light on the left side after dark—white in front and red behind. All motor vehicles equipped with four-wheel brakes must carry the requisite red triangle sign. The by-law regarding the through street on Third Avenue is to be enforced. Vehicles must not cross Third Avenue without coming to a full stop where the stop signs are installed. All motor vehicles must have the proper number and type of lights.

**GOING AFTER THE THIEVES
WHO STEAL MOTOR CARS**

A despatch from Cobalt this week says: "If this offence gets common I will have to raise the term" said Magistrate Atkinson in sentencing Norman Stayner, of Krugersdorf, to one year in jail when he had admitted the theft of a motor car from that

section of the district. Crown Attorney Smiley said it had been a hard job to trace the automobile and that the police had had to search the province. He thought that the opening of the highway might have proved an incentive to this form of crime. The magistrate then intimated that he would be forced to take sterner steps to deal with the offence, but said in this instance he would give Stayner the benefit of the minimum term.

Born—In Providence Hospital, on Tuesday, Oct. 4th, to Mr. and Mrs. E. A. Fleming,—a daughter, (Jean Elaine).

ST. DAVID'S WELSH SOCIETY

Will be Held in the
HOLLINGER RECREATION HALL
ON FRIDAY, OCTOBER 7th, 1927

NOTICE

Recent amendments to the Ontario Highway Traffic Act make it compulsory for horse-drawn vehicles to carry a light on the left side after dark—White in front and red behind.

Motor vehicles equipped with 4-wheel brakes must carry the red triangle sign.

Attention is called to stop signs on Third Avenue. Vehicles must not cross Third Avenue without coming to a full stop, where these signs are installed.

Motor vehicles will not be allowed to run without the proper complement of lights.

By Order
CHIEF OF POLICE

Announcement

"Diamonds Direct from the Manufacturer to the Consumer"

Y. Halperin, of Antwerp, is on a visit to his brother, L. Halperin, Jeweler of Timmins

Y. Halperin is in the Diamond Manufacturing business in Antwerp, and I have succeeded in getting diamonds direct from the manufacturer which enables me to sell at prices to save the consumer the middleman's profit

Diamonds of the best quality and of the finest cut are on display. I guarantee every diamond I sell. I also remodel old jewelry to new, at moderate prices.

Your Child's Eyesight

The days grow shorter. Study hours under lamp light are again here. How about your child's eyesight? Is it being injured by close study and long reading hours?

The growing age of children is more often the time when eyesight is quite often abused until permanent correction is never possible and the child later is forced to wear eyeglasses all through life. On the other hand, prompt attention to weakened eyesight in younger years, often results in complete overcoming of slight defects in vision and later, glasses can be put aside.

We specialize in examination of eyes and will tell you honestly whether glasses are needed or not. Protect the child against defective vision. Attend to the matter now as the new school opens.
