

Timmins Junior Hockey Club Getting Ready for Season

Colours Will be Black and Orange. Twenty-three Players Training for Season. All Home-Brew and Strictly Amateur. To Have Juvenile Hockey Under Junior Club Auspices

At a recent meeting of the Timmins Junior Hockey Club arrangements were carried along for the success of the season's sport. Mr. Ralph Parker, of the McIntyre Mine, is the president this year of the Timmins Junior Hockey Club, and Mr. P. A. Moiseley is the secretary-treasurer. The club is being conducted along right lines, and it is confidently expected that there will be a good season's sport. The membership tickets are selling well and there appears to be a lively interest, with the general public ready to back up the club in good fashion. The merchants and others have contributed about \$250.00 for the expenses of the season.

There are twenty-three players now practising for the Timmins Juniors. They are all home-brews, and none were brought here to play hockey. It is a case of the talent here being used. Mr. Jas. Scully will be coach for the season, so the boys can be assured that they will have good training and advice.

The colours of the Timmins Juniors this season will be black and orange. They will wear sweaters of solid black, with half-inch orange stripes

on the sleeves, an orange "T," and an orange number on the backs. The pants will be khaki, and the stockings, black, with a half-inch orange striping.

At the meeting last week plans were forwarded for having an exhibition game here with the Indian Hockey team of the Temagami Reserve on Monday evening, Dec. 26th. If this game materializes, further particulars will be given in The Advance.

Another matter dealt with was that of Juvenile hockey. The Juvenile hockey this season is to be sponsored by the N.O.H.A. through the Timmins Junior Hockey Club. For the organization of Juvenile hockey a meeting is called for this (Thursday) evening at the fire hall, Timmins, at 8 p.m. Reference is made to this meeting in another column of this issue. All interested in Juvenile hockey are specially requested to attend this meeting. The idea is to assure future hockey by interesting and training the young boys now. All organizations and individuals are asked to co-operate to assure the success this season of Juvenile hockey.

ROAD ROLLER TRIED, BUT WEATHER UNFAVOURABLE.

During the past week or two the town engineering department has been trying out the plan of running a heavy road roller over the roads to make the streets passable for automobile traffic. This plan has been tried in some towns with similar snowfall to Timmins. If the plan would work it would be much more economical than snow ploughing, as well as quicker and more convenient. The tractor pulls the big road roller and the operation of the scheme is easy enough. However, the weather has prevented it being possible to say whether the plan has worked or not. To give a proper test the rolling would have to be done in a more or less soft spell, and then it is necessary to have it cold and dry, for a proper try-out. The experience here, however, has been that a still softer spell followed the soft spell during which the most of the rolling was done. No doubt, though, there will be lots of opportunities to try the scheme out thoroughly before the winter is over. So far as it went, with the conditions prevailing, the tests could not be termed unsatisfactory, though the results have been by no means perfect. The road rolling is generally considered as better than anything else that has been tried, apart from a regular snow plough.

The St. Mary's Journal-Argus last week says that the stories of the big deer that was just missed have supplanted the fish yarns for the present.

MEETING THIS EVENING FOR JUVENILE HOCKEY

All Organizations Urged to Co-operate in Building Up Hockey Here. Meeting This (Thursday) Night in the Fire Hall

A meeting is called for this evening (Thursday), Dec. 1st, in the fire hall, at 8 p.m., in connection with juvenile hockey. Juvenile hockey this year is sponsored by the N.O.H.A. through the Timmins Junior Hockey Club. The plan is to have Juvenile hockey organized on a town-wide basis, and to interest all the young boys in the sport. It is felt that the one best way to build up the best kind of hockey for the future is to train up the younger boys. By such a plan there will be real home-brew hockey players here in the days to come, and in addition the interest in the game will be greatly extended along right lines. Still further the boys will enjoy a wholesome and healthy sport that will be good for them in every way and will inculcate the finest type of good sportsmanship. Because of all this, all organizations and individuals are earnestly urged to co-operate in this matter of Juvenile hockey. To get Juvenile hockey going well here will mean good sport for the boys now and of hockey for the town in the future. Accordingly, all interested,—and this should mean practically everybody,—should make an extra special note of the meeting this (Thursday) evening in the fire hall, Timmins, to get Juvenile hockey going well in the town of Timmins.

CORNISH CLUB DANCE PLEASING AND SUCCESSFUL

The Cornish Social Club dance held in the Hollinger Recreation hall on Saturday evening last was a decided success from all standpoints and a credit to those in charge of the arrangements. There was a large attendance and everybody present had a right good time, the music, refreshments and all other features being the best. There was a neat sum realized from the event, the proceeds being for the children's Christmas tree fund.

RUMOUR THAT BELL PHONE CO. MAY ENTER THE NORTH

Representatives of Bell Telephone Co. Visited Timmins Recently. No Official Announcement.

There is a persistent rumour to the effect that the Bell Telephone Company is contemplating entering this part of the North Land, but there is no official pronouncement in the matter. Two representatives of the Bell Telephone Co. were in Timmins recently, but their presence here was explained by one official of the local companies by the suggestion that the Bell men were simply on a friendly visit. The rumours, however, persist, despite the lack of official confirmation of any kind. Street talk goes so far as to say that the Bell has an option on the old Queen's Cafe property, opposite the Porcupine Power & Telephone Co. offices, on the corner of Pine street and Second avenue. One man, not connected in any way with any of the telephone companies, but believing that he had inside information, said that all the Bell Telephone Co. was waiting for was to receive approval from the T. & N. O. in regard to a proposal to take over the railway company's telephone line. On the other hand it is said that the T. & N. O. would not sell their phone line under any circumstances, and that the Bell Telephone Co.'s plan is simply to buy out the Porcupine Telephone Co. and the Temiskaming Telephone Co. and take over the North Land business in that way. Until there is a definite announcement by the companies concerned there will be no definite knowledge of what is going on or if there is anything under way.

ST. MATTHEW'S LADIES' GUILD TEA AND SALE

The tea and sale on Wednesday of this week in the St. Matthew's church hall, under the auspices of the St. Matthew's Ladies' Guild, was a great success in every way. The attendance was large, and all were interested in the fine displays of goods and the attractive booths and novelties. Many found the event a great help in solving the Christmas gift problem. In point of attendance, receipts and satisfaction to those attending the event was completely successful.

Gun Held Against Him and His Money Taken Last Night

Hold-up in Hollinger Townsite About 8.45 Last Night. Mr. G. A. Gibson Has Uncomfortable Experience. Louis Arquette Held on Charge, After Telling Police That He Too was Held Up.

At about 8.45 last night Mr. G. A. Gibson, while on his way home to the Hollinger Townsite, had an uncomfortable experience. He was stopped by a man who thrust a gun against his stomach and told him he would drill a hole through him unless he handed over his money. The hold-up man took all that Mr. Gibson happened to be carrying, which was only about three dollars at the time. With the gun pressed against him, Mr. Gibson felt there was nothing to do but let the hold-up man have his way, but he took a very good look at his assailant and was able to give the police a detailed description of the man, not only as to his clothes but as to his general appearance. Better still, Mr. Gibson trailed the man, and was later joined in this by a friend, the two following the man for a considerable distance. Eventually a policeman happened to come along and he took up the question of capturing the offender. The man, however, used yards and short cuts, and was

APPEALS TO DISTRICT JUDGE ARE DISMISSED

Sentences by Magistrate Atkinson are Confirmed by Judge Caron at Cochrane on Monday.

The appeals made by F. Valois, of Timmins, and A. Ferrigan, of South Porcupine against the decisions of Magistrate Atkinson in cases where they were charged with being drunk in charge of a car were before His Honour Judge Caron on Monday. After hearing the cases, Judge Caron confirmed the decision of the magistrate in both cases. On June 22nd, the magistrate convicted F. Valois of being drunk in charge of a motor car. This sentence was confirmed by the Judge on Monday at Cochrane. A. Ferrigan, on a similar charge some months ago was given fifteen days by the magistrate. This sentence also was confirmed by the Judge. Both men were taken in charge to serve their sentences. Mr. Dean Kester was counsel for both the accused and Mr. A. V. Waters, M.P.P., of Cochrane, appeared for the Crown, in the absence of Crown Attorney Caldwell who had been called to Haileybury on account of the illness of his father. Deputy Chief W. W. Orr and Officer W. McCord were among the witnesses from Timmins in the case against F. Valois.

EXHIBITION HOCKEY BY TEMAGAMI INDIAN TEAM

Noted Hockey Club Expected to Play Timmins Juniors Here on Dec. 26th.

Arrangements are now under way to have the noted Indian Hockey team from the Temagami Reserve come to Timmins on Monday, Dec. 26th to play an exhibition game with the Timmins Juniors. The Temagami Indian Hockey team has gained quite a reputation as a speedy hockey aggregation, and as the Timmins Juniors are down to practice now and showing up well, this game, if it materializes, should be of especial interest and well worth watching. If the arrangements are completed satisfactorily, particulars as to the game will be duly announced in The Advance. The present plans are to have the Indian team play the Timmins Juniors here on Dec. 26th, and this date being generally observed this year as a holiday, would likely mean a specially large crowd. The Timmins Juniors this season promise to make a particularly good showing, having considerable talent and getting down to practice early in the season and with the determination to do their best.

GREAT DANGER IN MIXING SKI-ING AND MOTOR CARS

The police call attention to the grave danger occasioned on several recent occasions by people on skis holding on to the backs of motor cars and travelling along in this fashion. Several things may happen in such a case to injure the person on skis or to cause danger to others. Both those following this plan, those ski-ing and the motor car drivers who permit the dangerous practice, are liable under the law, and unless the dangerous game is stopped there will likely be an example made of some of those trying this foolhardy game.

Mountjoy Conservatives Do Not Like Provincial Land Tax

Pass Resolution to Have Local Member Take Up the Question. Association Elects Officers for Year. Expresses Appreciation for Government's Assistance to Educational Facilities for Children in Sparsely-Settled Areas.

The Mountjoy Township Conservative Association met at 131 Wilson avenue on Saturday evening last. There was a good attendance and the meeting was of great interest.

One of the items of business was the passing of a vote of thanks to the Ontario Government for the interest and prompt effort shown in establishing Correspondence Courses for the children in sparsely-settled areas where there were no schools available and where it was not practical to establish or maintain schools. In many such areas of this North Land, the children had to go without the necessary education, or the parents had to abandon their farms for town life. The action of the Government in establishing the Correspondence Courses was of great value in extending to all the benefits of education. The Correspondence Courses are working well, and the Government, and especially Hon. G. Howard Ferguson, Premier and Minister of Education, were highly commended for the keen interest and effective effort shown in this matter.

The matter of the Provincial Land Tax was a matter that did not win the same approval from the gathering of Mountjoy Conservatives. The meeting felt that this was a burdensome and undesirable tax on the set-

tlers of townships like Mountjoy where under the best of conditions life was necessarily a struggle. The settlers had to pay school taxes but were without the advantages of any organization. After a discussion on the matter, a resolution was passed instructing the secretary to write and ask the local member Mr. A. F. Kenning to interview the Government and find out why the Provincial Land Tax was imposed on the struggling settlers in unorganized townships paying school taxes.

The meeting being the annual session, the election of officers for the Mountjoy Liberal-Conservative Association took place as follows:

President—H. A. Ogilvie
First vice-president—L. Major.
Second vice-president—C. L. Raymond.
Third vice-president—N. Coupal.
Secretary-treas.—G. A. Sheridan.

Mr. F. M. Wallingford was nominated for president again but withdrew on account of lack of time to look after the duties of the office. The meeting expressed its very sincere appreciation of the good services given by Mr. Wallingford in the past year and in previous times, and a hearty vote of thanks was passed to him in this connection.

FRENCH MINISTER HONOURED
M. Paul Painleve, French Minister of War, who has received an honorary degree of Doctor of Science at Cambridge University, England.

MAN SHOT BY OFFICER MAKING GOOD RECOVERY

James Brown Said to be Anxious for Speedy Trial on Charges Against Him. Admits Car Not His

James Brown, the man arrested last week on the charge of the theft of a motor car, and who smashed Officer Orr in the face with a bottle and attempted to make his escape, is making excellent recovery from the bullet wound that the officer put in his heel to stop his escape. The bullet went through the outer shell of bone in the ankle lodging in the inner part of the bone. The bullet was extracted last week, and Brown, though still at the hospital, is able to hobble around. He is making excellent progress and will be fully recovered from the effects of the wound in a short time.

Brown will face a charge of theft of a motor car and another charge of assaulting a police officer. To the police Brown has admitted that the car in question was taken unlawfully from a street in Toronto, the manufacturer's numbers defaced and the markers changed. Brown is said to express anxiety for an early trial "to get it over." He will likely be recovered sufficiently for a hearing next week. His wife who created some disturbance at the time of his arrest and who was taken in charge by the police, being fined ten dollars and costs last week on a charge of drunkenness, was unable to pay the fine and took the equivalent term at Haileybury going down last week.

The programme will include vocal and instrumental numbers of merit, as well as several special selections by the Timmins Citizens' Band. Mr. Austin Neame, vice-president of the Canadian Legion, will occupy the chair for the evening. All attending will enjoy the programme throughout.

BROUGHT TO HOSPITAL IN SERIOUS CONDITION

Some days ago a man was brought to the general hospital here from a lumbering camp in the district. The man, who is a native of Jugo-Slavia, is in very serious condition and his recovery is scarcely possible. He is suffering from typhoid fever and pneumonia,—a very serious combination of ailments. The unfortunate man took sick in the bush, and it was twelve days before it was possible to bring him to town for treatment.

Among the new clubs in the Cobalt district is the Lis-Co-Hai Club. This is not a South Seas organization, but simply a young people's club for dancing and sociability, the name coming from the first few letter of each of the three connected towns, Liskeard, Cobalt and Haileybury.
