

Mr. Frank Horn Leaving the Dome to Join Brokerage Firm

Assistant Superintendent of Dome Mill Taking Important Position With A. E. Moysey & Co. Visitors to and From South Porcupine. Other Interesting News from Correspondent of The Advance at South Porcupine.

South Porcupine, Dec. 28th, 1927. Special to The Advance.

Miss V. Smith, and Mrs. Hutchinson, of Smooth Rock Falls, were the guests of Mrs. G. W. Raynor last week.

We regret to hear that Mr. Andrew, of the Dome Extension, intends moving his family to Timmins in the near future, having resigned from his position at the Dome and accepted one with the Waugh Drill Company. Mrs. Andrew has been for some time president of the Women's Auxiliary of the Anglican Church here; Miss Marjorie has always taken an active part in the work of the Sunday School; so in church circles as well as socially Mr. Andrew and his estimable family will be much missed.

A fine carnival is being planned for the skating rink on Thursday, December 29th. There will be a children's carnival in the afternoon.

Miss Alma Laforest is home from Toronto University to spend the holiday with her parents.

Miss Dorothy Clark, a fourth year student at Toronto University, is holidaying with her parents, Principal and Mrs. Clark in town.

Miss Willars, of New Liskeard, was a guest at the home of Mrs. J. Hanbery this week.

Miss Marion Harton, of Toronto, is holidaying at the home of her sister, Mrs. Hepburn, Connaught Hill. Little Isabel Hepburn returned with her after a visit to Toronto.

There was a very large attendance at midnight mass on Saturday night. The usual fine class of special music was given for the occasion.

Dr. W. McLaren left on Friday to spend Christmas in Ottawa.

Mr. Bill Andrews, of town, is holidaying at Ottawa.

Mr. Tonin Pompeo, leaves this week for his home in Italy.

Mr. Mick Costello, of Kirkland Lake, spent Christmas at the home of his brother, Mr. Jack Costello, here.

Mr. W. O'Grady is enjoying the festive season at the parental home in Killaloe.

The big event of New Year's Eve promises to be the fancy dress ball of the Cornish Welcome Club given in the I.O.O.F. Hall. Good prizes for costumes are being given. We understand that the real Cornish pasties are to be a feature of the lunch served. Doors will be open at 7.30 p.m. A good time is assured all. Frank Sullivan's orchestra are supplying the music.

Among the mines treating their employees most liberally at Christmas was the Furness, which though not yet on a producing basis, gave every married man a fine turkey and every single employee a liberal gift of smokes. President A. D. Clark requested that same be done before he returned to Toronto last week. The widow and children of a former employee were also remembered.

The concert given by the pupils of Golden City school on Tuesday a week ago was a wonderful success. The play, "Canadian Fairy Tales," was a most attractive number, showing careful training on the part of the teachers and real ability on the part of the pupils. Quite a large number from here went over to the Finn hall where it was held. Rev. F. Bain was among those helping on the programme. We are sorry that the detailed account of it which we received was too late for publication in last week's issue.

One of our old-time families is leaving the camp at the end of this month, when Mr. and Mrs. Frank

Horn and son Francis, leave for Toronto to take up residence there. Mr. Horn has resigned from the assistant superintendency of the Dome Mines mill to take an official position in the office of Arthur E. Moysey & Co., in Toronto. Mr. and Mrs. Horn have been very public-spirited citizens, giving their whole-hearted support to sports and other things for the public good, also taking an active interest in education. A number of stag parties, etc., are being arranged as farewells for this popular couple before their departure. Being in the camp for some sixteen years they were residents of South Porcupine for a number of years before going to live at the Dome and they and their genial companionship will be much missed in many circles.

SOUTH PORCUPINE WON AT THE FALLS IN HOCKEY

Score was 6 to 4. The Game was a Lively One, with Porcupine Showing-up Well.

(From The Broke Hustler)
Displaying better form than in the opening game here, the Falls were defeated here Friday by South Porcupine 6 goals to 4. The second goal was scored direct offside by Spence who has a penchant for doing this. Another goal was scored on hard luck when Sandrin got hit in the face by a puck in front of the net.

The Falls team seemed to have more success against their opponents than heretofore, which would indicate that they are improving right along. It is not because the South Porcupine players are any better than the Falls lads individually, it is just that they have that five-man defence system that is so hard to penetrate or play combination against.

In the first period it looked like a walk-away for South Porcupine. Saunders was left uncovered in front of the net and scored on a rebound for the first goal. Spence scored a mile off-side for the second goal which he caught as a rebound when playing inside home. Saunders scored again picking up a loose puck in front of the net. This goal was a lack of covering up by the defence. Jemmett made it 4 to 0 again getting a rebound for this goal. This was three rebounds and one loose puck, only one being a clear-out goal. Just before the first period ended McIntyre was in position to take a pass out from Hogg who carried the puck the length of the ice.

In the first part of the second period the Falls attacked furiously and had the visitors backed in to their own end of the rink for the first 10 minutes. McIntyre made the score 4 to 2 when he carried the puck down, split the defence nicely and netted the rubber. McIntyre again scored a few minutes later, taking a pass from Mahoney who carried the puck down.

It was shortly after this that Sandrin was hurt and the stopping of the game and accident seemed to disorganize the Falls attack. When Sandrin was hurt Jemmett scored making the tally 5 to 3. Saunders made it 6 to 3, when he was again left uncovered in front of the net and took a pass for the Miners last goal. Hogg scored the final goal for the Falls when he carried the puck down and the South Porcupine defence opened up for him.

All of the players played hard, consistent games and it would not be fair to select any individual stars. McIntyre's three goals put him in a prominent light and he carried the puck well. Mahoney rushed time and time and Hogg was a lot better in this respect than in the opening game. Kilby seemed unwilling to play fast hockey and was more inclined to mix things than play hockey. Lever played his usual hard skating game.

The three goals scored by Saunders made him conspicuous and while not a fast or flashy player, he has a happy faculty of guessing well and being in the right place at the right time. Fell was prominent with his many rushes while Jemmett and Cain played steady games.

When Sandrin was injured, Rip Powers played spectacular hockey, not a goal being scored on him.

Jimmy Scully, of Timmins, refereed and the teams lined up as follows:—

South Porcupine—Thornton, goal; Cain and Fell, defence; Jemmett, centre; Spence and Saunders, wings; Gagnon, Cook and McCutcheon, subs.

Falls—Sandrin, goal; Hogg and Mahoney, defence; Lever, centre; McIntyre and Kilby wings; Little, Trotter, Pender, Huggins and Walsh, subs.

YOUNGSTERS AT SHELTER HAD HAPPY CHRISTMAS

Christmas Tree Beautifully Decorated by Kiwanees. Many Presents for the Youngsters

The youngsters at the C.A.S. Shelter had a great Christmas. For some of them it was their first real Christmas, but for all it was a very happy time. Not only were the children the guests of the Lancashire Club, the Caledonians and the Cornish Social Club at the Christmas trees of these societies, but the Kiwanees gave the youngsters a Christmas tree of their own at the Shelter. This Christmas tree was beautifully decorated by the Kiwanees, and lit up by electric lights it presented a very charming appearance. The Kiwanees also gave each of the children a gift, while others were equally generous. Among those to whom the children at the Shelter are specially indebted, and to whom the C.A.S. extends sincere thanks for the kindly interest shown are:—Gamble-Robinson, Timmins, Limited, for apples; Timmins Charity Turkey Stag, for turkeys and chickens; Hollinger Stores, for monster Christmas stocking; Mrs. Chulak, for candy; Mr. H. Nicholls, (Sea Cadets), for candy; Mrs. Skavlem, for presents; Mrs. R. J. Ennis, for canned fruits, cake, etc.; C.G.I.T., for candies, nuts, oranges, etc., in handsome boxes; Mr. R. W. Robbins, gifts for the children; public school children, for box of games. The particular school sending the last-named is not known but the gift was a specially appreciated one. Several other parcels were received, the donors not leaving their names. They have the thanks of the children and the society, though formal thanks can not be made to them. Gifts for the children were also given by Mr. and Mrs. R. LeHeup, and by the president of the District C.A.S., and others.

THOMPSON-CADILLAC MINE REPORTS PROGRESS MADE.

Reports and balance sheet of Thompson-Cadillac Mines Limited, with properties in Rouyn, Cadillac and Malartic townships, Quebec, have been prepared by the secretary. A lengthy progress report on mine operations is made by E. J. Thompson, managing director.

Early in 1927 work was resumed at the property in Cadillac. Sinking to a depth of 75 feet was done by steam A 1 drill compressor was then bought and sinking went to 100 feet. At 85 feet the vein dipped out of the shaft. In the meantime good discoveries were made on surface by cross trenching. Mr. Thompson recommends further work.

The balance sheet shows \$43,969 in cash and total assets of \$875,212. Current liabilities amount to \$915. There is therefore plenty of money to carry on.

Early in 1928 a new and larger mining plant will be installed and operations prosecuted with the expectation that production can be brought in.

LIQUOR STORE DID BIG BUSINESS LAST WEEK.

The Government liquor store at Timmins did an unusually large business last week. On Saturday there was a line-up in front of the store and extending at times into the road. Both the provincial and town police had representatives on the spot to see that order was kept and there was no confusion about people taking their turn. All day Saturday, however, the crowd was as quiet and orderly as it would be possible for any crowd to be. The crowd before the liquor store were simply on business bent and they acted in business way. It may be noted that the police used the same plan as would be used, and has been used, in case of crowds before any other business place. On several occasions for some special reason or other crowds have been lined up before business places or amusement houses, and provincial and town police have lent their services to the preventing of confusion or disorder. Saturday's crowd proved to be very easy to handle. When the store closed at six o'clock in the evening, there were about thirty still outside, but arrangements were made to serve these in their turn, and so there was no one turned away without being served. It is well to note also, that much of the crowd on Saturday and the other days last week were people from out of town. On one day a man in position to judge, estimated that fully 75 per cent. of the day's business was from people coming from neighbouring towns and from places along the branch to Porquus Junction. Mr. T. H. Torrance, manager of the local store, no doubt feeling that neither publicity nor advertising are necessary in this line of business, will not give out any facts or figures as to the amount of business done. "Any information along that line," he says "should come from the Government, if given out at all." However, outsiders have been figuring and estimating on the business done, and these statisticians consider that the \$10,000 mark must have been reached on Friday, with Saturday still better. They suggest that the week's sales would likely run around \$50,000,—which is not to be sneezed at. The general feeling will be that it is a lot better to see this business go to Government stores than to the blind pigs. The statisticians figure that less money was spent this year for liquor than in past years in this town and district. Those who do not claim that less liquor was used than in other years are certain that it cost less and was a lot better stuff.

FINES OF \$50 EACH AND COSTS FOR SLOT MACHINES

Second Offence Under Liquor Act Brings Three Months. Other Police Court Cases.

At police court this week there were eleven drunk fined \$10.00 and costs each. One of these could not pay, and so was taken to Haileybury to serve the alternative of thirty days. Another drunk was fined \$200.00 and costs, this being a second offence. As he could not raise the required \$200, he was required to translate the sentence into time,—3 months. All who have been convicted of being drunk under the new act should notice this provision regarding second offences. Next to not having a first conviction, it is certainly good policy to avoid a second offence under the present act.

A man was driving a dog team on the sidewalk the other day and when the team met a man on the walk the three dogs all tackled this man. Although the man was not bitten to any extent his clothes were torn by the dogs. The magistrate imposed a fine of \$2.00 and costs upon the owner of the dog team.

The charge of failing to provide for his family was faced by one man. The case was adjourned to next week.

Robert St. Pierre was charged with illegally keeping liquor for sale. This case also was remanded for a week. The accused is out on bail.

The charge of the theft of some liquor from a club bag was withdrawn, the accused having made restitution and paying the costs of the court. A similar case against another man was also withdrawn.

Two town merchants, Messrs S. Habib and Mike Ansara, were charged with illegally having a certain type of slot machine. The fine in each case was \$50.00 and costs. The slot machines did not appear to be very fair, the chances evidently being all against the customer.

Rene Volpini was sentenced to seven days at Haileybury on the charge of being drunk in a car.

The several charges against Wm. Hough, under the Children's Juvenile Delinquency Act., were remanded until next week. The police say that Hough induced a couple of girls from the C. A. S. Shelter to leave the custody of the Society.

A man in the Mattagami section was charged under the Wives' Maintenance Act with failing to provide for his family. His defence included charges of improper conduct against the wife. One man in court at the time was named as one of those contributing to the family trouble, but denied the suggestion. The magistrate ordered the accused to pay \$20, per week for the maintenance of the wife and family.

Two lads were up in Juvenile Court yesterday being charged with being implicated in the theft of cigars, candies and tickets for the Dumbells, etc. Some of those purchasing the tickets for the Dumbells paid only 25 cents for tickets that were designed to sell at \$2.20. The magistrate blamed these buyers for not being suspicious when boys offered \$2.20 worth of ticket for a fraction of the normal cost. The two boys admitted entering Mr. Gordon H. Gauthier's office and taking away some articles.—The lads maintained that they did not use force to get in the office, but that the door was already open. The magistrate ordered the two young lads to report each week to Mr. R. LeHeup, the district superintendent and inspector for the C. A. S. Restitution was made for the tickets taken away. Only those who paid ridiculous prices such as 15c. or 25c. each lost anything by the offence and these people did not receive much sympathy from the magistrate, as it appeared that their suspicions should be aroused when \$2 tickets were offered as low as 25 cents each. Mr. Gauthier did not ask for any sentence on the boys, saying that it was Christmas time and so he would overlook the theft so far as his property was concerned.

Sudbury Star:—The man who saves money nowadays isn't a miser; he's a wizard.

Notice to Contractors

Sealed tenders, endorsed "Bridge over Blanche River, Ferguson Highway, Township of Teck," will be received by the undersigned, up till noon on Tuesday, the 17th day of January, 1928, for the removal of the existing bridge and the erection of a reinforced Concrete Bridge over the Blanche River on the Ferguson Highway in the Township of Teck, in the District of South Cochrane, Province of Ontario.

Plans, specifications and forms of tender, may be obtained at the office of the undersigned or at the District Engineer's office at Swastika.

A marked cheque for \$500.00 must accompany each tender.

The lowest or any tender not necessarily accepted.

C. H. FULLERTON, Deputy Minister, Department of Northern Development.

Parliament Buildings, Toronto, Ontario.

Everybody Welcome

And Lo!
Another Year
Has Passed!

A smiling healthy youngster enters and a tottering old man leaves. Such is the allegorical description of the passage of 1927 and the welcome of 1928.

But we, who give service to the community, proceed along a different path of time. At the threshold of another year we say farewell to 1927 and eagerly welcome 1928. And with all the enthusiasm, with all the gladsome anticipation of a new adventure, but tempered with the experience of past years, we advance toward that goal of Good Will that transcends the passing of time.

This organization extends to you, for this year and the years to come, an overflowing measure of happiness.

OFFICERS OF THE RAMORE GOLD MINES, LIMITED.

At present there is considerable interest in the Barnet township gold finds near Ramore. One of the new companies formed to explore and develop Barnet township claims is the Ramore Gold Mines, Limited. The property includes eight claims in Barnet, near the Brett-Trethewey claims. The president of the company is Frederick A. N. Powell, Toronto, formerly president of the Lee-Powell Co., Ltd. Frederick A. Gaby, of Toronto, chief engineer of the Hydro-Electric Power Commission of Ontario, is vice-president. Frank L. Trethewey, of Toronto, vice-president of the Brett-Trethewey Mines, is secretary-treasurer, and the two other directors are Frank E. Davison, a director of the Kirkland Township Gold Mines, and A. A. Walker, formerly with the Massey-Harris Co., Ltd., both of Toronto. E. T. Corkill, M.E., who will be in charge of operations, in his report on the property, says:—The dominant rocks in the area in which claims are located are keewatin lavas, consisting largely of basalt. These basalts are cut by numerous dykes of feldspar, porphyry and syenite, having an approximate east and west strike. Other dykes of the same material also strike north and south. All these dykes are very persistent in character, and are up to 25 feet in width. These dykes show considerable shearing, accompanied by quartz deposition and carrying sulphides. Samples taken from some of these mineralized portions carry high gold values. This property has a number of favourable features, the most important being that the basalts have been extensively cut by intrusive rocks which are sheared and mineralized.
