

MOUNTIE TRAVELS 1000 MILES ON SNOW SHOES

Constable Trulove Makes Another Long Trip for Prisoner and Witnesses in Far North

Constable Trulove, of the Royal Canadian Mounted Police, has more or less fame for the long trips he has to take under rather unusual conditions to secure prisoners and witnesses for cases that come to the attention of the law in the far north. Recently Constable Trulove had another of these long trips. He travelled about one thousand miles in the north to secure a prisoner and necessary witnesses in one case. Moreover, most of the thousand miles was made on snow shoes. The weather was not too warm either, at times, but the full trip was safely made, and prisoner and witnesses duly landed at Cochrane. Further, Constable Trulove not only got his man, but later he secured a conviction, the accused being sentenced at Kapuskasing some days ago to a term of three years at Kingston. The prisoner in the case was a Cree Indian named Jacob Mattonas, living near Pagwa, a trading post beyond the Albany River. The charge against the Indian was that of serious offences against his own daughters, young women of 22 and 25 years of age. The young women also had to be brought in as witnesses. Constable Trulove made the trip and carried through his duties with his usual efficiency and thoroughness. The journey took several weeks to make.

FINE SHOWING BY THE BRADING BREWERIES.

Holders of the no-par value Common Stock of the Brading Breweries, Ottawa, will receive a further dividend of fifty cents a share. This old-established company is again making additions to its plant at Ottawa, having in course of erection a new racking room, chilling building, ale storage and garage, and installing new brewing equipment. The company's history since 1865 has been one of steady progress.

The Sudbury Star last week explains it this way:—"Fewer drunken men are seen on the streets these days, and possibly this is because back in the days of the open saloon, when men spent their money on good whiskey instead of fine automobiles, it was comparatively safe for a drunken man to walk in the streets."

WATER PIPES FREEZE AND DO CONSIDERABLE DAMAGE

Three or Four Thousand Dollars Loss to Moisley & Ball Stock Through Accident Tuesday Morning

Between three and four thousand dollars' damage was done to the stock of Moisley & Ball's drug store on Tuesday morning through the bursting of some water pipes in the upper part of the building. The water poured down on the fine stocks in the store and also ran into the cellar where further stocks were damaged. Fine face powders, stationery, package goods and drugs and chemicals were badly injured by the water and ice. The discovery was made Tuesday morning before eight o'clock when Mr. Moisley went to the store to open it for the day's business. The water seemed to have been over everything in the store and it appeared as if all the stocks were ruined. Careful checking-up of the stock and the salvaging of everything not ruined showed that while matters were not as bad as they seemed the damage would still run to at least three thousand dollars and possibly would reach four thousand.

The bursting of the water pipes was caused by the blowing open of a window in the upstairs part of the building. The storm evidently blew this window in, allowing the intense cold outside to do its work on the water pipes. The pipes, with the below zero wind blowing on them, did not take long to freeze and burst, flooding the building upstairs and down. The water coming through from Dr. Joyal's office upstairs did the most serious damage to the Moisley & Ball stocks. The loss to Moisley & Ball is a heavy one, no insurance to protect against an accident of this kind being carried.

SOUTH PORCUPINE LADY WINNER OF \$125.00 LAMP

On Saturday night, December 31st., at 10.30 p.m., the drawing took place at Pommer's Jewelry Store to determine the winner of the \$125.00 cut glass lamp. Several people were on hand to witness the event, and much interest was shown. Mr. J. E. Grassett, manager of the Timmins branch of the Canadian Bank of Commerce, drew the lucky ticket out of the box. The holder of the number represented by the lucky ticket was Mrs. S. L. Simpson, of South Porcupine, who is accordingly the winner of the beautiful \$125.00 lamp given in the contest.

REMANDS IN IMPORTANT POLICE COURT CASES HERE

Liquor Charges Laid Over to Next Week. Adjudgment in Cases Under Juvenile Act.

At the police court this week remands of a week were granted in the cases against Mrs. Mary Peterson and Kusti Matson. Both were charged with illegally selling liquor, while Mrs. Peterson also faced a charge of keeping a disorderly house. The charges were preferred by the town police. Bail was granted the couple who will appear again next week to answer to the charges.

A girl of about 18 was accused of stealing a fur cap from a local store. The young lady said she wanted it to give it as a New Year's present to her brother at whose house she was living. The cap was recovered at the brother's house and because investigation pointed to the brother having knowledge of the matter he was charged with being accessory to the theft. Both the accused were allowed to go on suspended sentence, the cap being returned to its lawful owner.

Provincial Officer Geo. Delves had a charge of selling liquor against Robert St. Pierre. The latter did not answer to his name, and a bench warrant was issued for his arrest. St. Pierre had been in court before on the charge and had been allowed out on bail, the security being an automobile now claimed by another person.

A wage case was disposed of by the man who was charged with owing a girl fourteen days' pay being ordered to pay \$10.00 in settlement.

In the Juvenile Court the charges against Wm. Hough in connection with the two girls who recently left the C.A.S. shelter for a time, were started, but adjournment for a week was granted to allow opportunity for the production of proof of the age of one of the girls. The cases will be proceeded with next week. Mr. A. C. Brown appeared for Hough, and Mr. Dean Kester, honorary solicitor for the District C.A.S., was in charge of the case for the prosecution.

DELORO PROPERTY SAID TO BE SOLD FOR \$550,000

Property Owned by John Jones Understood to be Taken Over by Toronto Interests.

Reports in town this week are to the effect that the property owned by Mr. John Jones and on which he has done considerable actual mining work, has been taken over by strong financial interests in Toronto. It is understood that the Toronto men are paying approximately \$550,000.00 for the property.

The Jones property in Deloro has been under development for some time past, and reports of the richness of its ore have been very frequent. Spectacular ore has been shown from the property from time to time. There is a good mining equipment on the property and about fourteen men have been at work there recently. There is a shaft down some 65 feet. The ore has been rich enough to warrant the bagging of the high-grade and the bringing of it out to town for shipment to a mill. Under the new ownership it is understood that a mill will be erected shortly on the property so that the ore may be treated at the mine. There is said to be every indication of a considerable body of rich ore. Mr. Peter MacLaren, a well-known mining engineer who was in the Porcupine in the early days and has always kept up a connection here, is understood to have been engaged to make a full and detailed report on the property for the Toronto interests concerned. Mr. John Jones, the owner of the Deloro claims in question, has long been a well-known figure in this and other sections of the North Land. He has had many claims in the various mineral areas of this country, from this district right clean to James Bay and beyond. He was among the early prospectors into the Red Lake area and he also has done considerable prospecting in the James Bay area and at Belcher Islands, north of James Bay.

LADIES' NIGHT AT THE LANCS. CLUB SATURDAY

What promises to be the best night of the season and the activities of the Lancashire Social Club will be held on Saturday next in the Hollinger Recreation hall, when the ladies' committee of the club will have full charge of the evening's programme. The ladies' nights of the past have always been of a kind to remember, but this year the committee are going to try and go one better than their predecessors. Several novelties are being arranged and the evening is to be one big round of fun and enjoyment. The A.S.D. orchestra will be on hand to help with the dancing. Invitations can be obtained from any of the committee and members. The event will commence promptly at 8.30. The ladies will also serve refreshments. On Saturday, Jan. 14th, the Lancashire Social Club will hold an operatic dance with novelties and other features. Tommy Stephens' orchestra will supply the music for this event.

It's a poor rule that won't work both ways, and it's a poor clerk who won't be as ready to grant the boss' favours as to ask them from him.

IROQUOIS FALLS WINS FIRST JUNIOR MATCH

Timmins Juniors Lose to Speedy and Experienced Paper Town Team, 15 to 4.

The first match in the Junior N.O.H.A. schedule for this group was played at Iroquois Falls on Tuesday evening, Timmins Juniors meeting defeat to the tune of 15 to 4. The Iroquois Falls lads outclassed the local boys, being heavier and more experienced. The game was clean, Timmins having only four minor penalties, and Iroquois Falls five. The score at the end of the first period was 5 to 0 in favour of the Falls; 9 to 1, at the end of the second; and 15 to 4 at the end of the third. There was a good attendance at the game, though no fans from Timmins, on account of there being no special. The Falls people were well pleased with the brand of hockey put up by the Timmins team. The management of the latter team is also pleased, pointing out that it was a good showing to make against as strong a team as the Falls.

Timmins, according to the viewpoint of the management of the Juniors, has no reason to be ashamed of the play Tuesday night. It was the first time that any of the Timmins team had played on Iroquois Falls ice, and was the first game in Junior company. Practically all the Timmins boys last year were playing Juvenile. Laflamme had the ill-fortune to be hit in the face by the puck just as he stepped on the ice, and so was put out of the game for the evening. Krupka was off two or three times during the game, through injuries, but always came back strong. Hudson and Giallanardo held McIntyre and Kilby in good check. Most of the goals were scored on rebounds. Three of the goals for the Falls were actually scored off skates or sticks of Timmins players.

The following were the line-up:— Timmins—Boulley, goal; Krupka, right defence; Croteau, left defence; O'Connor, centre; Hudson, right wing; Giallanardo, left wing; Ostrosky and Laflamme, spares. Craig, sub-goalie.

Iroquois Falls—Ker, goal; Hogg, right defence; Mahoney, left defence; Lever, centre; McIntyre, right wing; Kilby, left wing; Trotter and Saunders, spares. Sandrin, sub-goalie. Referee—Mr. D. Briden.

While stealing a ride on the C.N.R. near Capreol, Oskar Nerby, aged 27, a Norwegian, fell on the track and was cut to pieces by the locomotive. Four others with Nerby got off without mishap. It is thought that Nerby's hands becoming numbed caused him to let go at the wrong moment.

ELECTRICAL SURVEY HAS STARTED ON THE ACONDA

Some weeks ago The Advance referred to the diamond drilling campaign planned for the Kamiskotia property of the Aconda. It is expected that this campaign will be commenced about the fifteen or twentieth of this month. In the meantime, reports now are to the effect that an electrical survey of the property was started this week as a preliminary to the diamond drilling. It is understood that the idea is to plot out the boundaries of the ore bodies already indicated by surface work. Under this plan it is thought that the diamond drilling will prove more economical as well as more effective.

MAN ARRESTED MAY BE ONE WANTED FOR MURDER CASE.

A special despatch from Cochrane under date of January 3rd, appearing in The North Bay Nugget says:—"Provincial police are investigating the finger prints and other means of identity of a man arrested at Cochrane on Friday night and who is suspected of being J. H. Joannis, wanted by the police in connection with one of the unsolved mysteries of the north. Joannis, it is alleged, disappeared suddenly, following the murder of Petrus Vanghulewa, a Belgian gambler, who was found beaten to death in his shack at Smooth Rock Falls. The crime was committed in 1925 and in spite of the fact that a country-wide search was instituted no trace could be found of the missing man. Photographs and minute descriptions were sent to the various police stations of the country. When last heard of, Joannis was said to have been in Rouyn. Last Friday night a man was picked up who is said to resemble closely the wanted man. He was registered at the Empress Hotel under the name of Parraic. He was remanded on a nominal charge of vagrancy pending further investigation by the police."

POLISH CONCERT PLEASURES ALL NEW YEAR'S NIGHT

Excellent Event Given in Parish Hall. Polish and English Features. All Good.

A very pleasant musical evening was spent at the parish hall in the basement of the Church of the Nativity on New Year's Eve. The programme was varied enough to satisfy both the Polish and the English-speaking people attending.

The soloists for the occasion were: Mr. P. J. Maleski, Sylvia Korosky, Mrs. Mellen, Cecylia Rybka, Emilia Gabrylszyk, Marja Budziak. All acquitted themselves in a very creditable manner, and received enthusiastic encores.

Two separate comedy dramas were put on:—one by adults and one by the children. "Kaminiazr i Mlynarz," played by the adults, deserves special mention. A number of the actors in this showed talent very considerably beyond the amateur. The personnel of the play was as follows: Jasinski Powel, Frania Wiczlacz, Sylwia Kurowska, Stasia Potocka, Franciszek Steslik, Leon Krzton, Tomasz Synos. The children's play, "Panna Ciekawska," was also very well received by the audience. The personnel was as follows: Emilia Czeslaw, Bronislaw Gabryelezykowie, Antonina Angrestynowska.

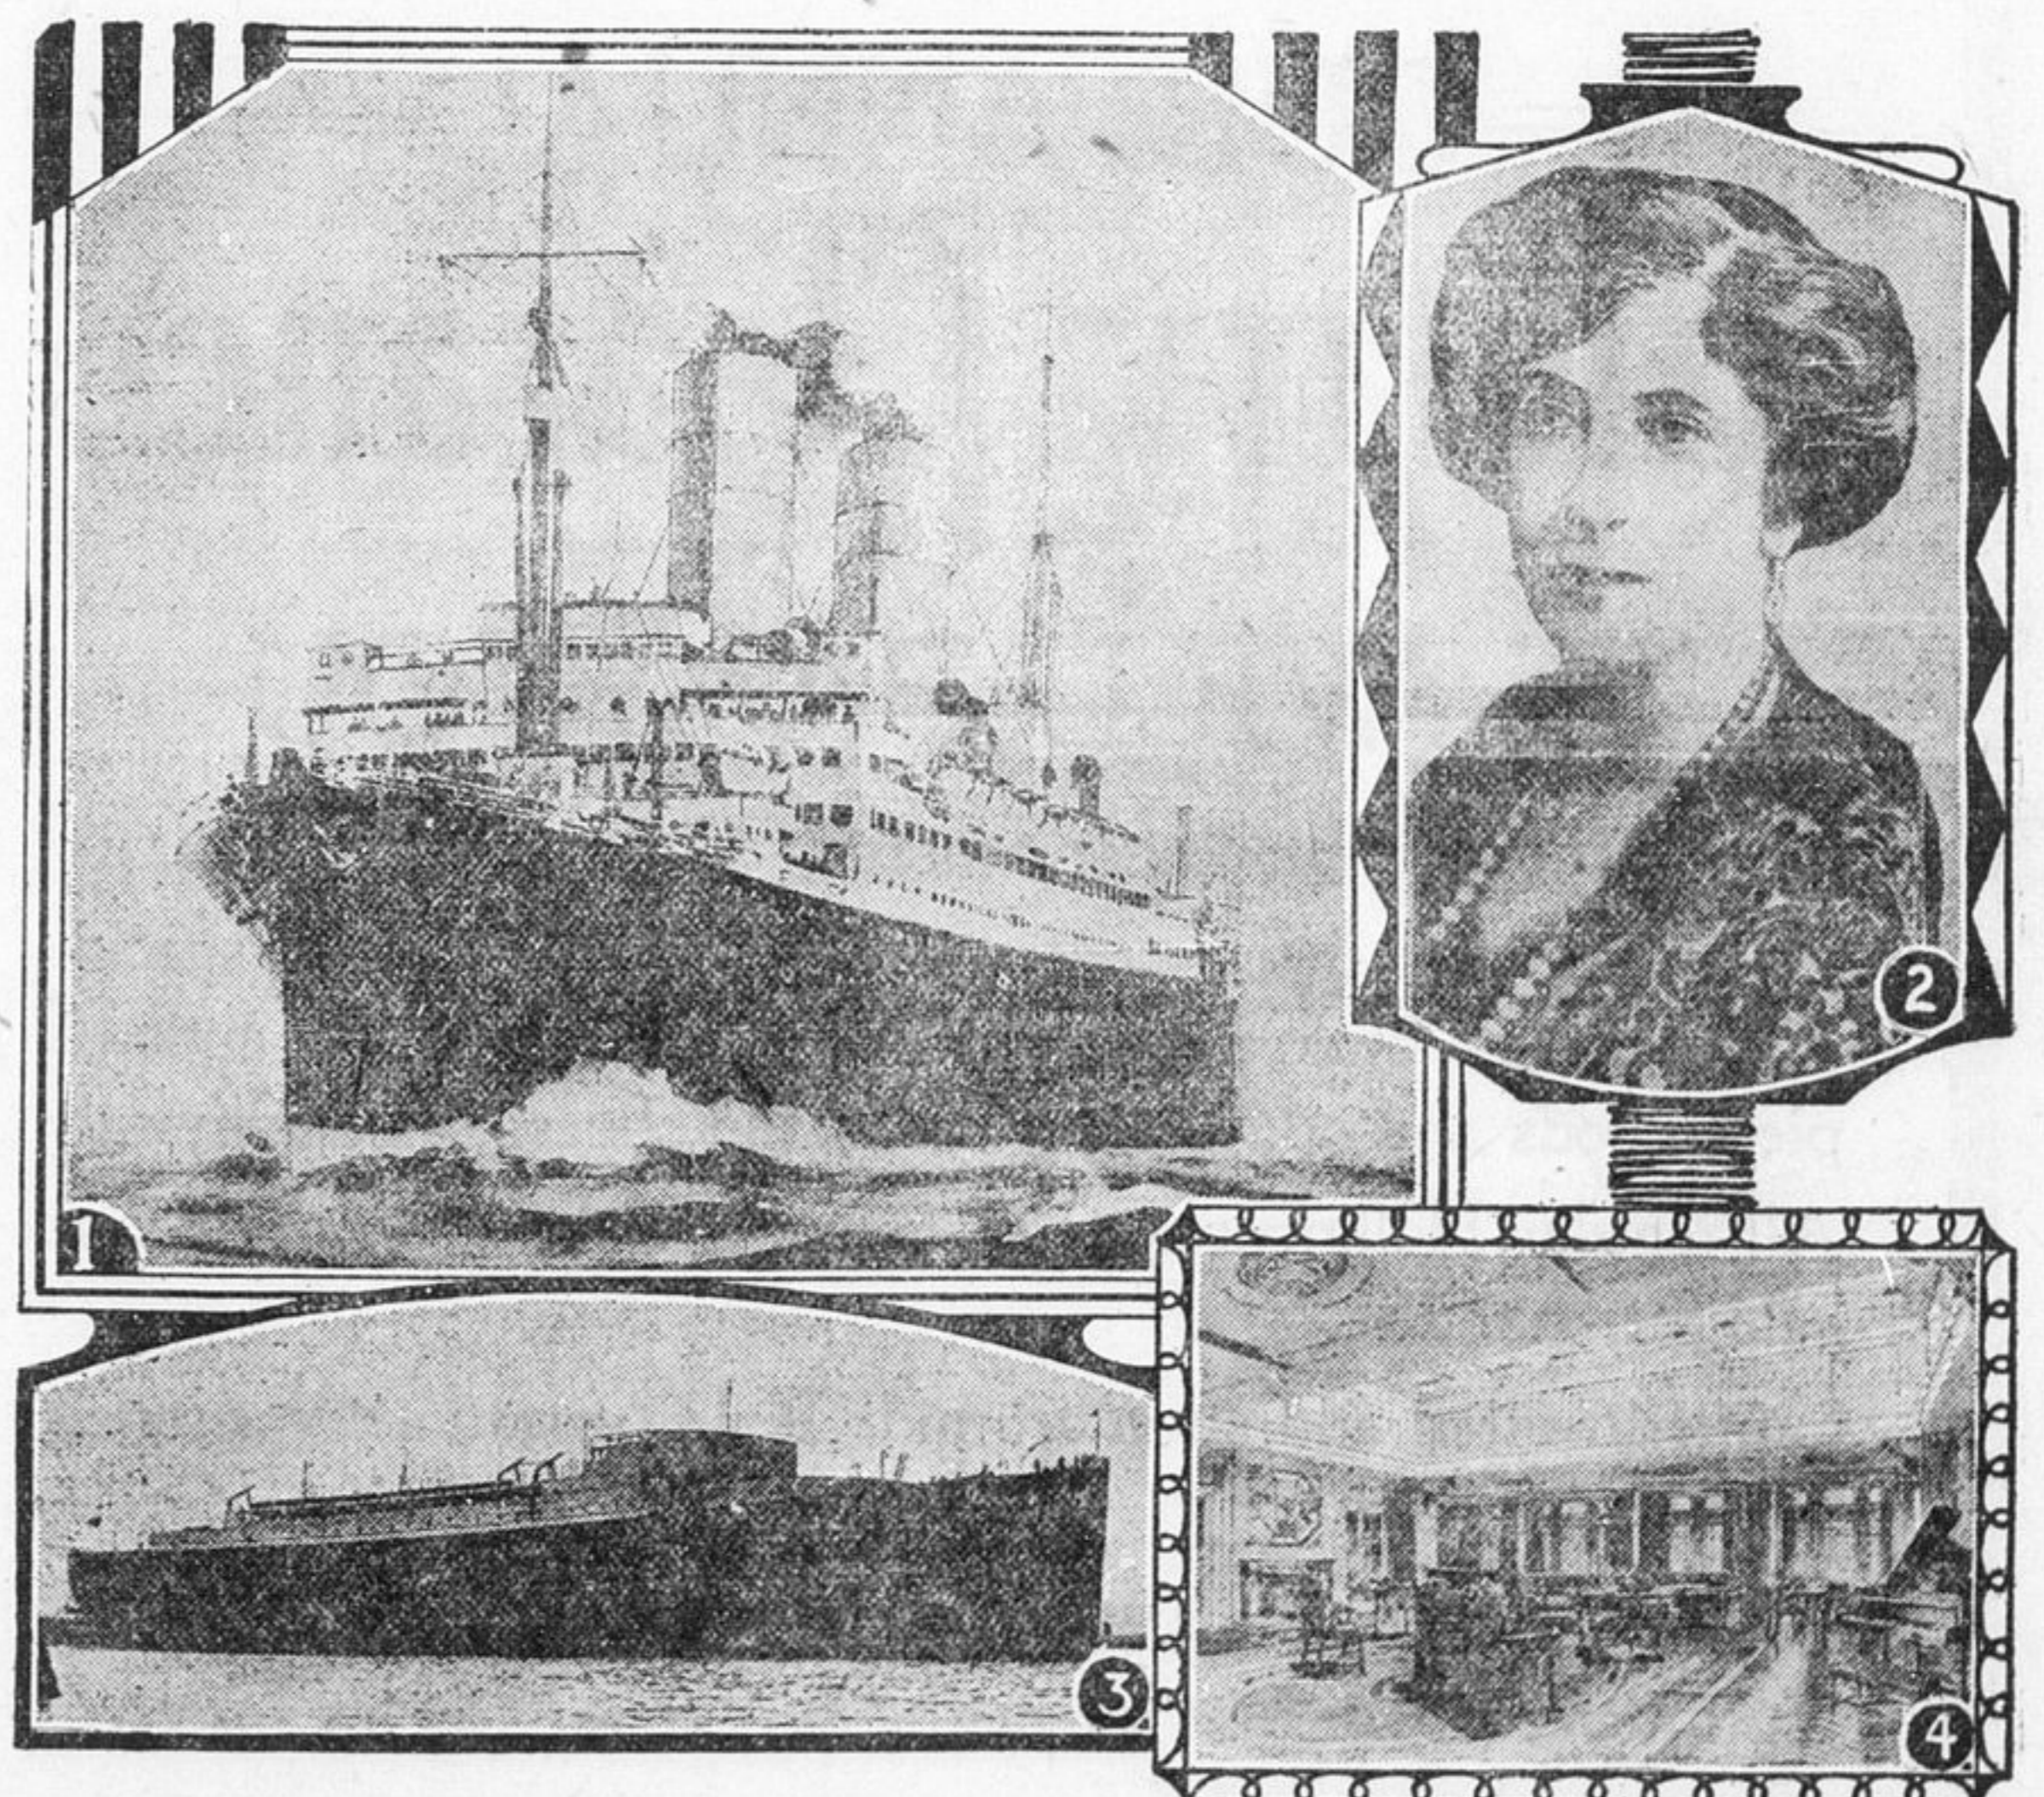

The balance of the programme consisted of recitations, dialogues, musical numbers, etc. These were ably taken part in by the following: Helena Potocka; Weronika Lucja Anasztazja Wojciechowski; Weronika Marja Parskie, Ezeslaw Steslik, Zosia Mellen, Urszula Nulewska, Wladyslaw Szalest; Basia Steslik; Stefan Gabryelezyk.

The various numbers were ably accompanied by Miss Kurowska and Mrs. MacDonald, the organist of the Church of the Nativity.

\$100.00 REWARD

A reward of \$100.00 will be paid by Mrs. Chulak for information that will lead to the arrest and conviction of the man who held her up and robbed her store last week and who struck her on the face this week in an attack made on her in the store.

Four New Liners for Canadian Pacific

1. Painting of new "Duchess of Atholl" by Norman Wilkinson. 2. Her Grace The Duchess of Atholl.

3. Vessel just after being launched on the Clyde. 4. Cabin lounge of the palatial "Duchess of Atholl."

Featuring the 1928 St. Lawrence sailing schedule of the Canadian Pacific Steamships is the incorporation of two of the four new 20,000 ton "Duchess" class liners now under construction for the Company in the Old Country. The development of the St. Lawrence route to England and the Continent has prompted the Canadian Pacific to augment their present trans-Atlantic passenger fleet to this extent.

The first of these four huge liners, the "Duchess of Atholl" was launched recently on the Clyde, Scotland, and christened by Her Grace the Duchess of Atholl, M.P. The ceremony was attended by a large gathering of Canadian Pacific and ship-building officials.

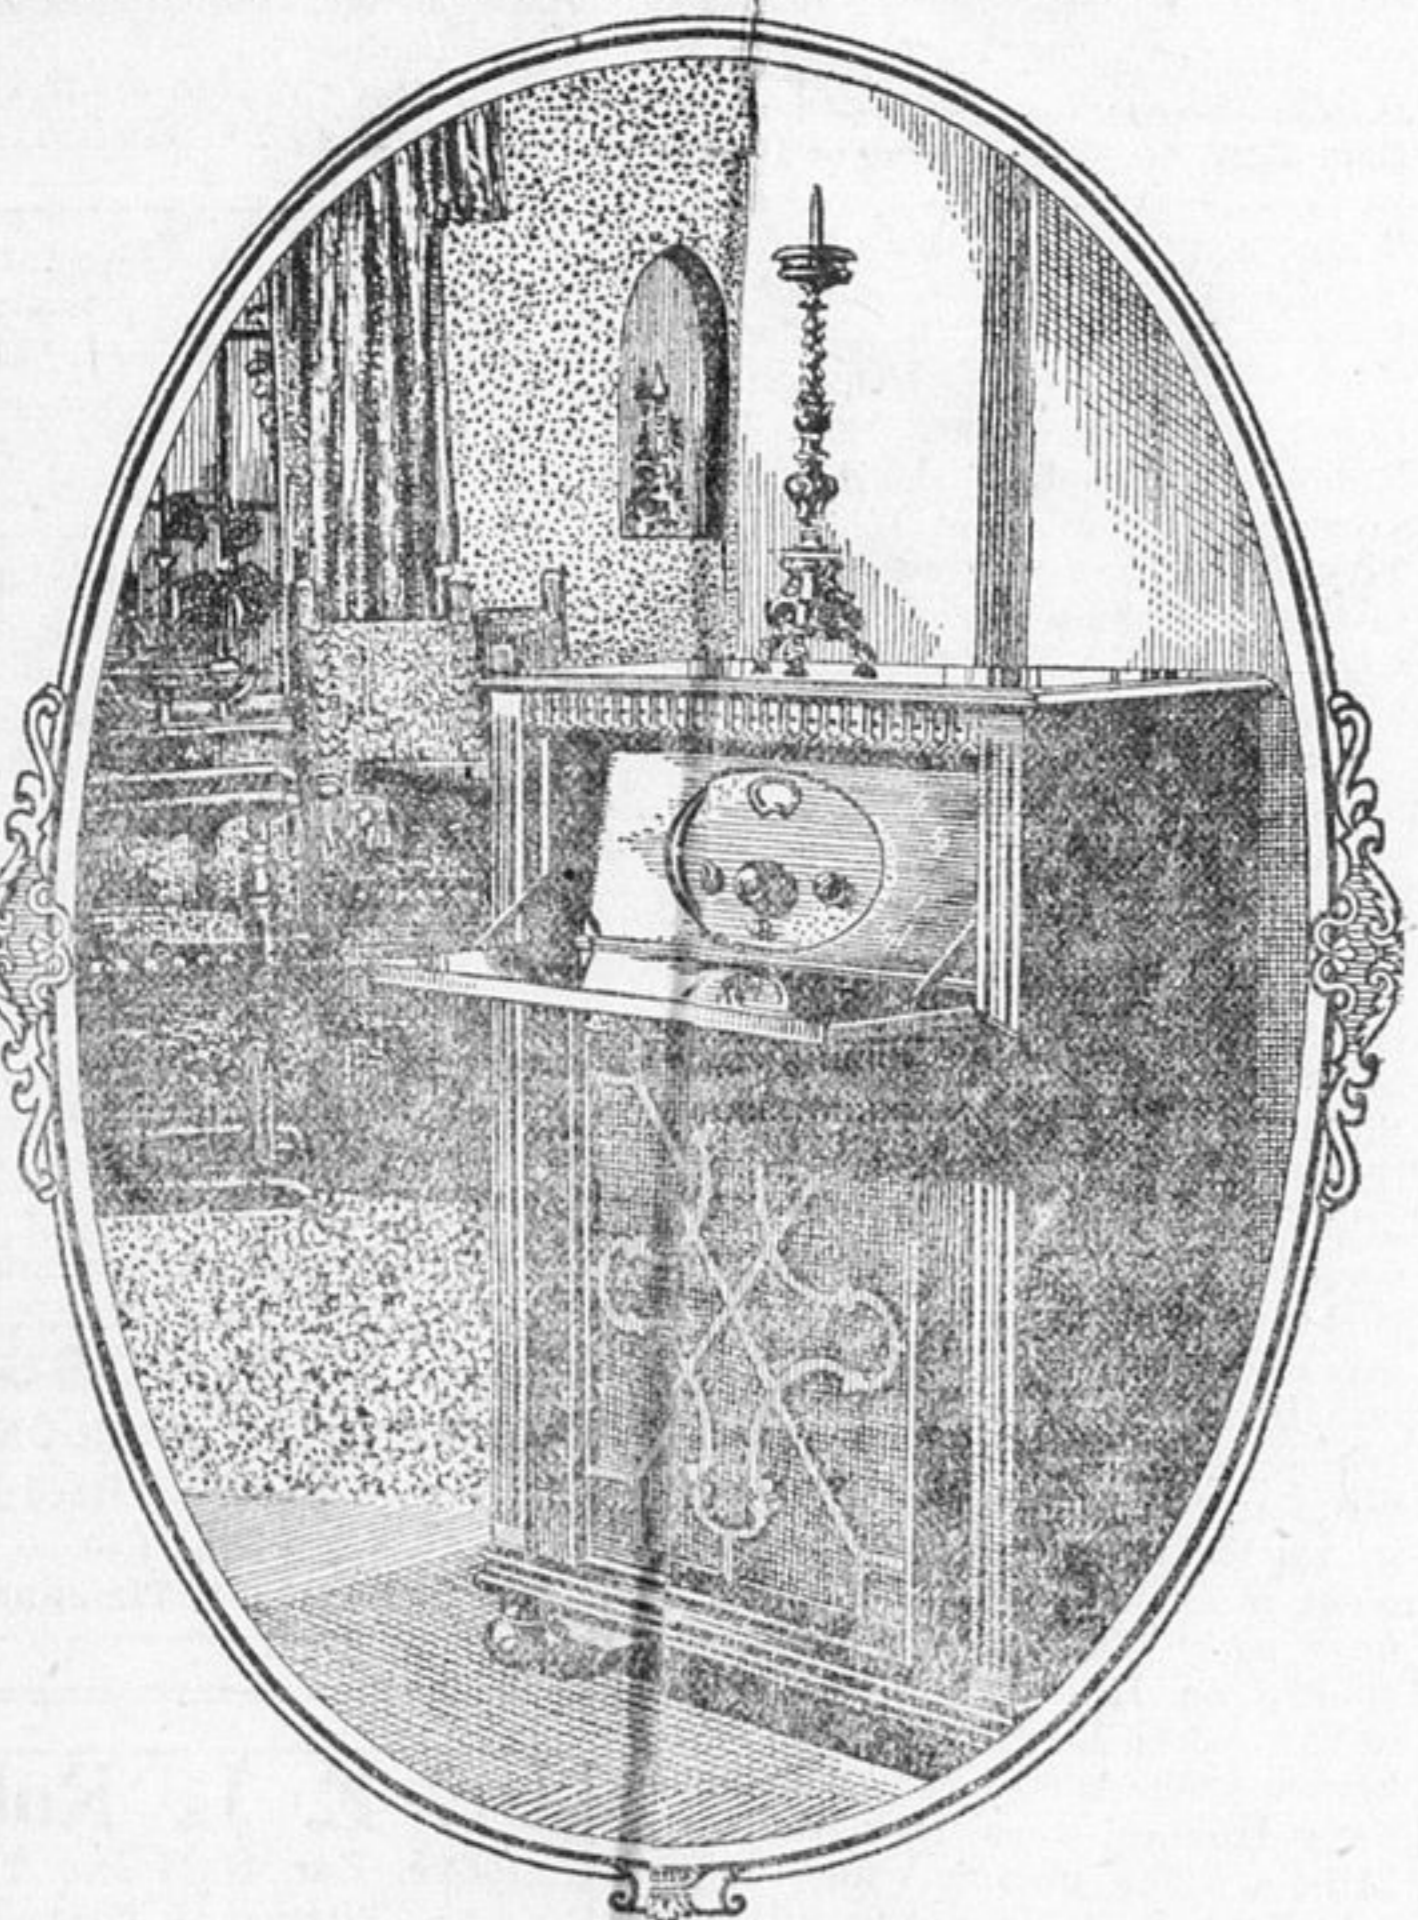

Her Grace in receiving a silver model of a steering wheel and bookcase as a souvenir of the occasion stated that she knew something of the joy with which the huge order from the Canadian Pacific had been

received on the Clyde. The Canadian Pacific she said had entered the Atlantic service only in 1923 and had already spent \$100,000,000 in British shipbuilding yards. No person, she added, could visit Canada and not be impressed with the tremendous activities of the Canadian Pacific and what that Company has meant in building up the Dominion.

With the launching of this vessel, ships registering a total of 72,000 tons have been launched for the Canadian Pacific during the months of October and November. This is regarded as a record for a private company. The four new liners will be each of 20,000 tons gross register. In addition to this passenger-liner the total tonnage for the two months is made up by five express cargo steamers of the "Beaver" class, and the "Princess Elaine" new 2,000-ton coastal steamer for the Pacific Coast service of the Company.

The vessels of the "Duchess" class, which will include the Duchesses of Atholl, Bedford, Richmond and Beaufort, will represent four of the finest passenger ships afloat. They will be the largest to navigate the St. Lawrence as far as Montreal on regular runs, the general measurements being: length 599 feet; breadth, 75 feet with a load draft of 27 feet. The "Duchess of Atholl," as well as her sister ships will be luxuriously appointed throughout. Oak, walnut, mahogany, white and red birch teak, sycamore and Macassar ebony are some of the fine woods being used in the interior finishings. The ships will be cabin class liners and will have accommodation for about 1600 passengers each.

The "Duchess of Bedford," sister ship of the "Duchess of Atholl," is scheduled to be launched in January and the remaining two in the spring of 1929. The new vessels will have a speed of 17 1/2 to 19 1/2 knots at sea.

This New 1928 Symphony Console (Model 200A)

is the ideal radio for your home

You do not know—you cannot know—today's possibilities in electric radio until you have heard this superb new Rogers Symphony Console.

The receiving unit is the same as the famous Rogers "220" (the standard model by which all electric sets are judged) combined with the Roge Symphony Speaker in a beautiful genuine Walnut Cabinet.

Let us place this new 18 Symphony Console in your home for test and demonstration. If it does not perform to YOUR satisfaction you may be it returned FREE of all cost.

Price, complete, \$420—a terms to suit your convenience.
