

South Porcupine High School Entertains Timmins Pupils

Interesting Hockey Between South End Maple Leafs and Iroquois Falls High School. Pleasing Bridge and Euchre Event by Anglican W. A. Death of Mrs. Queenie Campbell Smith. Other South Porcupine News.

South Porcupine, Feb. 22nd, 1928. This week after an extended visit with his daughters, Mrs. E. J. Rapsey and Mrs. M. Besette. Mrs. J. E. Garrety has moved her family to Mrs. Leonard's house on Golden avenue. Mrs. Garrety has accepted a position in Schumacher.

Mr. Brydge, our express agent, is away on a holiday. Mr. Goodfellow, who has been relieving agent here before, is again looking after the affairs of the express company and also renewing acquaintances in town.

The Northern Canada Power, we hear, are moving their offices up-town and are to be located in the Strain block, in the premises occupied by E. Jamieson's barber shop. This barber shop we believe is to take over the old stand of the South End Pharmacy on Golden avenue.

It is with great regret to many of the old-timers here that the news of the tragic death of Mrs. Queenie Campbell Smith at Renfrew came. Mrs. Smith was a sister of Mrs. Wil Black and spent considerable time in South Porcupine while Mrs. Black was here, endeavoring herself to all by her sunny disposition. Her father's sudden death last October was a great shock to her nerves and she went out West to North Battleford last November, but taking ill out there, Mrs. Black went out for her and brought her to their home in Renfrew. She never recovered from the severe nervous collapse. She had been a telegrapher for eight years in the employ of the C.N.R. at Ottawa and many friends from there attended the funeral. Mr. Andrew Black of Argonaut was also present. Rev. W. C. Smalley, of Ottawa, spoke most highly of the fine Christian character of deceased. Mrs. Black's friends here sympathize with her most sincerely. In a fit of delirium, Mrs. Smith had eluded her nurse and got out of doors on one of the severest nights this month, the exposure to the cold being the immediate cause of death.

There was a party given at the home of Mr. and Mrs. John Fell, Sr., at the Dome Mines, on Monday evening, February 20th, in honour of their eldest son, Tom's birthday. Many of the young people were out from town and, as usual at this hospitable home, had a jolly time and a sumptuous feed.

The pupils of South Porcupine High School entertained the pupils of Timmins High School on Friday evening last. A large number of young guests were present accompanied by eight of their teachers. The South Porcupine pupils gave an interesting programme after which dancing was enjoyed. The piece de luxe of the programme was playlet "The Professor of Love," given by an entire cast of girls, the misses filling in the characters of professor, iceman, etc. Professor, Valerie Rapsey; daughter, Marian, Annabelle Taylor; son of Professor's college chum, Neil Dacy, Mary Ruth Seamon; iceman, Francis King; Irish maid, Helena Murray; housekeeper, Ruth Spencer. A brief synopsis of the Magic Ruby Operetta was given by Beatrice Dowzer, and songs from the play were given by Stella Smith, as the Chinese Ah Sin and Leda Cox as Patrick the Irish lad, also a duet by Stella and Leda accompanied by Valerie Rapsey.

Another attractive number was the Ukrainian folk dances given to mandolin accompaniment. Kathleen Gallagher gave a recitation, a cute childish fantasy of nightmares. Lunch was served for the teachers and their friends in the science room upstairs while a buffet lunch was served to the young guests in the assembly hall. The Iroquois Falls high school boys, who were up for a hockey game with the Maple Leafs, were also invited up after the game. In all about two hundred were entertained and the arrangements were all carefully looked after by the Social and Literary Club of the school.

Mrs. A. Craik visited her home in Cobalt this week and took in the Haileybury-Porcupine hockey game.

In the contest for the Pillsworth Memorial Cup the following curling games have been played during the week, February 14th.—Walton 12, Russell 7; Pearce 11, Shewan 8; Feb. 15th, Boyle 11, Kennedy 8; Walton 7, Britton 11; Feb. 16th, Brooks 13, Evans 4; 17th, Russell 9, Bucovetsky 10; Shewan 7, Smith 13; 18th, Pearce 13, Strain 14; 20th, Shewan 8, Strain 11; Pearce 14, Smith 7.

On Friday evening last a quickly arranged game of hockey was played between Iroquois Falls high school boys and the Maple Leafs. Henry Miller refereed the game. The boys lined up:—Iroquois Falls—goal, Walsh; defence, Hennessy and K. Little; centre, Kingston; wings, E. Porter and Sutton; subs., S. Porter, W. Little and Mansell. Maple Leafs—goal, MacDougall; defence, Taylor and Johns; centre, Catarello; wings, Doran and Michaelson; subs., Sampson. It was soon noticeable that the teams were this time much more evenly matched. The combination on each side was good. Kingston for the Falls was the first man to make a count. Soon after, Taylor made a spectacular rush from his own defence area, skilfully worked his way past their heavy defence and made the first tally for the Leafs. Sampson and Catarello did some good work but failed to make it count. Hennessy for the Falls took the puck from within their own blue line straight through to the Leafs net making the score 2-1 for the Falls at close of first period. In the second period there was no score. In the third, on a pass from Doran, Johns made the score even. MacDougall was drawn out of his goal too far and Kingston again put the Falls one up but, in his next chance at the puck Johns again evened the score and the final gong sounded with the two teams tied for the honours. The coach of the Falls team remarked on the great improvement the Leafs had made since their first encounter. He admitted that during the last part of the play the edge of the game was decidedly with the lighter lads. He said the High School team had had some difficulty in getting the rink for sufficient practice at Iroquois Falls. Catarello for the Leafs played an exceptionally good game. Spectators claim it was a better game to watch than the Sr. Club—Kapuskasings game.

One of the most pleasant events held in the High School hall was the bridge and euchre given under the auspices of the Women's Auxiliary of the Anglican Church on Monday evening. They wish to thank those helping to make it a success and the Frank Sullivan orchestra who gratuitously gave splendidly of their services. The prize-winners were:—bridge, ladies' first, Mrs. Michaud, a set of beautifully embroidered Madiera serviettes, ladies' 2nd, Mrs. O. Orr, a vanity case in the form of a rose; consolation, Mrs. Costain, a pencil; gent's first, in bridge, collar case, donated by W. D. Pearce, won by A. Bucovetsky; second, armchair smoking set, donated by Mr. Britton, won by H. Martin; consolation, "How to play Bridge," won by H. J. McDennell (Timmins). Through the misplacing of one ticket a misunderstanding arose over the winner of first honors in bridge, but R. Hoggarth of Timmins, who was one of the winners very quickly and courteously handed over his prize to the ladies to be used over again in whatever way they wished, which they very much appreciated. In euchre, ladies' first was won by Miss Quesnel, a beautifully embroidered towel; second, Miss Auger, a vanity set; consolation, Mrs. Lalonde; gent's, first, euchre, Mr. J. Belland, a hall set, donated by Mrs. Seamon; second, C. Dillon, a leather handkerchief set; consolation, Mr. O. Grady. The gent's door prize was won by P. Michaud, and ladies' door-prize by Mrs. Larkin (West Dome). A special prize of fancy pickles donated by United Provisions was won by John Brisson and the fancy powder set was won by P. Michaud. Altogether a very enjoyable evening was spent and Mrs. Humphreys, president of the Auxiliary, and her band of workers, feel very well satisfied with the results.

MARRIED ON HORSEBACK IN RAGING SNOWSTORM

One of the most unique weddings in the career of the Rev. J. W. Morrow, a pioneer and well-liked clergyman of the Prairies, was performed in a raging snowstorm. The bridegroom George W. Church, cowboy of Bar Nine Ranch, near Lethbridge, Alberta, and the bride, Miss Dorothy E. Ion, decided to get married in a hurry and the ceremony was performed in the wide open country while the wind howled and snow fell. Dorothy Ion is known as one of the most skilful and daring riders of the plains. Above is a picture of the happy couple mounted on horseback with the padre standing near.

DIAMOND DRILLING TO BE DONE AT THE PARMAC

Diamond drilling is expected to start very soon on the Parmac Porcupine Mine property, to the south of the Coniaurum and a claim away from the McIntyre. Tenders were recently called for in connection with the proposed diamond drilling and the contracts are now awarded. Parmac has not only the advantage of very promising location, but also is said to have an excellent geological structure with special probabilities of rich ore at depth.

GRAVELLING HIGHWAY RAMORE TO SWASTIKA

A correspondent at Bourke's last week sent the following:—Teams are at work on the Northern Development Branch's proposed programme of graveling the section of the Ferguson Highway between Ramore and Swastika in order to have it in first class condition for traffic during the coming summer. Approximately 15,000 yards of gravel in all will be placed on this section of the highway. There is some talk of putting the highway in such shape that all year round traffic between the mining camps of the North would be quite feasible.

General sympathy is extended to Mr. and Mrs. R. S. Brown in the death of their three-year-old son, Elmer. The sad event occurred on Monday, Feb. 13th, death being due to intestinal trouble.
