## Pleasant Banquet Here to Associated Boards of Trade

Delegates to Quarterly Meeting Entertained by Timmins Board of Trade and Kiwanis Club. Enjoyable Event Featured by Helpful and Humorous Addresses.

The delegates at Timmins last week for the quarterly meeting of the Northern Ontario Associated Boards of Trade were entertained at dinner on Thursday evening last in the Empire hotel by the Timmins Board of Trade and the Kiwanis Club. About a hundred were present, including the visiting delegates and members of the local board of trade and the Kiwanis Club. A feature of the evening was the pleasing music provided by an orchestra including Messrs Norman Shone, David Payne, Hartwell DeMille and C. E. MacDonald.

Mr. C. G. Keddie, president of the Kiwanis Club, presided for the occasion and kept everything moving at the right place. Kiwanis Club songs were interspersed throughout the programme and the community singing was enjoyed by all. In introducing the speakers for the evening President Keddie made a brief address with the right balance of humour and helpful suggestion. His witty introduction of Mr. W. O. Langdon made a particular hit.

Mayor E. L. Longmore gave sincere welcome to the visiting delegates and briefly but effectively touched upon the value of a board of trade to a town. He referred to the board of trade as one of the most useful organizations that any town could have.

Mr. Geo. T. Smith, of Haileybury, made an ideal after-dinner speech, brief, witty, philosophical and helpful.

of trade was essential to the success and progress of any community, and he asked for the hearty support of all for the Timmins Board of Trade.

Mr. C. W. Wright, president of the Associated Boards of Trade, gave an eloquent and inspiring address that brought very decided approval. Being president of the Northern Ontario Associated Boards of Trade was a real job, he said, following the able and public-spirited men who had previously occupied that position and set such high standards of service. Quoting the definition given by a youngster for a "husband," Mr. Wright cleverly applied it to the functions of a board of trade. "A husband is a necessity," said the youngster, "and every self-respecting family should have one." A live board of trade was a necessity, said Mr. Wright, and every self-respecting town should have one. In inspiring way Mr. Wright outlined the uses of a board of trade, and showed clearly that all should join,—business men, professional men, farmers and others,—to work together for the advantage and progress of their town and district.

Mr. Geo. S. Matthews, vice-president of the Ontario Associated Boards of Trade, also made a particularly impressive address, lightened with the right proportion of wit, humour and story. Mr. Matthews, whose home is in Brantford, spoke briefly of his first visit to the North in 1922, his work as a member of the Northern Ontario Relief Committee, and his growing regard for the North and its people and his firm faith in the great future of the country. He

urged the Board of Trade to co-operate with the municipal authorities for the advance of the town and district, instancing what had been accomplished in his home city by this co-operation.

Dr. J. A. McInnis, after a few humorous introductory remarks, referred to the able leadership given in board of trade activities by Mr. W. O. Langdon, and urged that all should give the new president the fullest support. Dr. McInnis also expressed the general appreciation felt for the kindness of the Kiwanis Club in co-operating with the board of trade and assisting in every way possible. Dr. McInnis also referred to the interest in Northern Ontario shown by Mr. Geo. S. Matthews and others. The good efforts and interest of men like Mr. Matthews, he said, built up a better understanding between North and South and worked to the advantage of all Ontario.

Mr. C. J. Saunders, president of the North Bay Board of Trade, thanked the Timmins Board of Trade and the Kiwanis Club for the hospitality shown the visitors. He touched on the scope of the work of the Northern Ontario Associated Boards of Trade, and expressed the opinion that the active and intelligent interest and effort shown by the new boards like Kapuskasing and others was a particularly pleasing sign. As something for all to think over he mentioned the idea of a joint advertising campaign for all parts of the North to attract tourist trade here.

Mr. A. Belzile, of Kapuskasing, spoke briefly but appropriately of the work of boards of trade, and thanking the Timmins Board of Trade and the Kiwanis Club for the fine hospitality shown.

Previous mention had been made to the fine service given to the Northern Ontario Associated Boards of Trade by Mr. R. A. McInnis, formerly of Iroquois Falls. To this, G. A. Macdonald added a work of appreciation for the able support given the Associated Boards by another Iroquois Falls man, Mr. Alec M. Dewar, under whose presidency the Associated Boards had proven of great usefulness. Credit was also due to the Iroquois Falls and District Board of Trade as a whole for the unflinching and helpful interest the people at the Falls had always given to the Associated Boards.

Mr. G. L. Cameron, of Iroquois Falls, explained that Mr. Dewar was unable to attend this time on account of illness. There were three other representatives present for the Falls, however, and they were glad to help in any way for the advantage of the North. Mr. Cameron added his word of thanks to the Timmins Board of Trade and the Kiwanis Club for the kindness and hospitality shown.

Mr. C. R. Murdock called attention to the fact that one of the active and popular workers in the Timmins Board of Trade, president of the board in several past years,—Mr. T. F. King,—was at present very ill at his home here, and Mr. Murdock thought it would be fitting for the gathering to express its sympathy to Mr. King and the earnest wish of all for his early and complete recovery. The suggestion of Mr. Murdock was unanimously endorsed, and a message of greeting and good wishes for his early and complete recovery sent to Mr. King.

## SOUTH PORCUPINE SHOWS FAST HOCKEY AT SUDBURY

N.O.H.A. Champions Delight Nickel Town with Smooth Style and Classy Hockey

A friend of The Advance forwards the following clipping from The Sudbury Star of recent date in regard to the recent exhibition game of hockey played at Sudbury last week by the Porcupine Hockey team of South Porcupine:—

Breaking their expedition from the North Country to Toronto in search of provincial honors, with an exhibition game in Sudbury on Wednesday evening, South Porcupine's Senior N.O.H.A. champions defeated Errington Mine, Nickel Belt title holders, by the score of 4-1, and the largest hockey crowd of the season were favourably impressed with the classy performance that both teams gave. It was the fastest hockey that Sudbury has seen this year.

With an ability to break away together that was spectacular and a systematic combination attack, the Porcupiners operated like a well-oiled machine and set a pace that told on the Errington aggregation in the third period, registering three points and holding the Miners to nil. In Spence, Jemmett and McCutcheon, they had a sweet-looking forward line that has passing and stickhandling ability and cleverness. Spence at left wing is a specialist at stickhandling, while Jemmett, at centre, is as cute as they make them, and was not the least bit selfish in his assists to the wings. Altogether, they are a likely-looking aggregation to represent the North at Toronto, against intermediate O.H.A. class.

Both goalies were given plenty of opportunity to show their wares. Thornton, guarding the Porcupiners' citadel, made numerous brilliant saves in the first two periods, while Donlevy, for the Miners, had to be on his toes to prevent a much larger score. Jack Duncanson, the Errington's flashy left winger, pestered Thornton most of all, and nailed the lone tally for his team in the second period after

Kaukanen had carried the disc to the Porcupiners' defence. That goal to Mine, Nickel Belt title holders, tucked one puck into the Errington twine in the first period.

The Porcupine crew opened the throttle in the third period and brushed in three goals with comparative ease. Saunders tallied the first of these, McCutcheon the second and Jemmett the third to make the count 4-1. Errington after travelling at top speed for two periods, could not maintain the pace in the third, but at that they were extended.

In Gagne and Saunders, the champions have a useful pair of subs who fit into the attack immediately they are dropped onto the ice. Fell and Murray, on the defence, are a hefty pair, and the former broke away on a few clean-cut rushes. At all times the Porcupiners broke systematically and as soon as delivering their shots, skated quickly back to their positions at mid-ice and waited for the on-rushing Miners.

Duncanson was the most dangerous man on the Errington crew and in the second frame was robbed of a couple of goals by Thornton. Kenny executed the odd rush but was generally slowed up on reaching the Porcupine defence.

Errington—Goal, Donlevy; defence, Kenny and Sagima; centre Hargratt; wings, Kauhanen and Duncanson; subs, Pawson and Reinholdt.

South Porcupine—Goal, Thornton; defence, Fell and Murray; centre, Jemmett; wings, McCutcheon and Spence; subs, Gagne and Saunders. Referee—D. R. Mitchell, Sudbury.

Mrs. Mercier, who conducted the Dorando Hotel so successfully has taken over the Kingston Hotel. The Kingston has been thoroughly renovated and re-decorated and will be conducted as an up-to-date and comfortable hotel.
