South Porcupine Played Fine Hockey But Lost Out

Kitchener Team Gained Second Victory to Put Porcupine Team Out of the Running. South End Team Had Grilling Round of Games in South, but Made Fine Showing.

After a series of games in the South, without a fair chance to rest up between matches, and with one of the gruelling contests the previous night, South Porcupine again stacked up against the talented Kitchener hockey team on Saturday afternoon last. Kitchener coming into the contest comparatively fresh won Friday night's game, 3 to 2, and Saturday afternoon's match, 8 to 1, thus winning the round 11 to 3.

In Timmins there has been the liveliest interest in the matches. Running reports of the game have been received here over the private wires of A. E. Moysey & Co. and Homer L. Gibson & Co. During each game both these offices have been crowded with hockey fans delighted at the fine showing made by South Porcupine.

The following is the report of Saturday's game as received over Arthur E. Moysey & Co.'s private wire:

South Porcupine starts off with a rush and has several shots, three near ones in particular. That's three goals they should have had. Jemmett down, but checked by Schneider. The latter went back with Roth, but shot from far out and Thornton had no difficulty in clearing. Roth sent another but Thornton caught it in his hand. Jemmett passed back but Spence was blocked by Schneider. Spence rushed again and shot but Bernier caught it in his hand. Roth missed a beautiful pass out with none to beat. Cain upset Molson at the defence, giving him a bad shaking up. Murray sent Schneider sprawling fifteen feet on his face. Molson tried to get the right defence but did not get very far. Seagram down and

passed to Molson, but the latter missed by two feet on a weak shot, while Murray dumped Seagram who was coming up for a possible rebound.

Kitchener falling back on defensive to let Porcupine bring it in. Thornton saves two hot ones from Karges. Jemmett gets down, but Spence failed to come along and the pass went astray.

Jemmett and McHutecheon go down but Schneider chases Mac into the corner. Murray raced back, but no damage. McHutecheon beat the defence only to miss the goal by a whisker on what looked like a sure tally. Cain got a great hand from the crowd for a lone effort down centre, but shot into Bernier's pads.

Spence came close to scoring. Cain checked Schneider at centre, raced back alone and shot into Bernier's pads. Was given a great cheer. McHutecheon shot from right wing but the puck bounced. Karges went through to bat puck past Thornton for the first goal in the game. Molson looked offside, but apparently not.

Roth sent in nice one, but Thornton kicked it out. Gagnon made a nice try, but no one there to knock it in. Murray playing a nice game on the defence and bumping everything that wears a green shirt.

Kitchener—Bernier, goal; Schneider and Karges, defence; Seagram, centre; Molson and Roth, wings; W. Heller and O. Heller, subs.

South Porcupine—Thornton, goal; Cain and Murray, defence; Jemmett, centre; McHutecheon and Spence, wings; Gagnon and Saunders, subs. Referee—Stan Burgoyne.

Jemmett rushed down but could not get the shot away. Porcupine over anxious and losing chances. Murray missed fine chance for a score with the puck at his feet and he did not see it. Thornton saved another from Schneider.

Gagnon had nice shot on Bernier; the latter threw his stick but was given no penalty. Jemmett upsets W. Heller. Thornton saves one from Roth. Schneider passed to Seagram, but loses it. Bernier saves one from Jemmett and Spence. Porcupine goes down three abreast but cannot score. Roth and Karges rush together and Roth bats in another. Kitchener, 2; Porcupine 0.

Crowd numbers around 600. Molson rushes but Thornton clears. Murray knocks Roth off his stride. McHutecheon checked by Roth. Karges gets through but Thornton turned it aside. Murray hooks puck from Molson, but Murray blocked by Schneider. Thornton has difficult time in clearing one from Karges.

Seagram and Molson stage attack but Thornton clears both shots. Cain took Roth's feet from under him. Spence and McHutecheon rush, but nothing results. Thornton saves a hot one from Karges. Molson shot wide. Karges rushes and shoots dead on. Thornton knocked it forward into play and Molson nearly batted it in. Thornton has given us heart failure through passing puck forward instead of behind net. Thornton stopped a hot one from Molson with his chest. Murray threw W. Heller ten feet when he struck the defence.

Karges passed to W. Heller, to Roth, who shoots weak. At the other end Jemmett sent long one that Bernier caught with his hand.

McHutecheon nearly scored on the pass out. Crowd not pleased at close offside called. Roth and Seagram get past defence; Roth bats in puck for Kichemer's third. Spence is working like a beaver, but is unfortunate around the goal mouth. Schneider bodies Jemmett in the corner and gets a penalty. On the face-off Saunders nearly scored on the pass-out. Jemmett and Spence down together, but Karges checked Spence before he could make the pass. Spence down again, but play spoiled by offside of Gagnon. Seagram and Roth down but Cain and Murray stop them. Bernier has to make a save from the work of Spence and Gagnon. Saunders, Karges, Cain and Schneider figuring in play. Thornton has some shots to stop.

Serimmage round the Kitchener net. W. Heller come down and shoots, but Thornton shoves it out into play, and Molson has a crack at it, but Thornton saves it again.

Seagram and Saunders stage battle at centre ice. Saunders nearly takes Seagram's feet from under him. The puck lies right in front of Bernier and Spence, Gagnon and Saunders who were in front of the goal failed to bat it in. Schneider chased to penalty box for second time for bodying Spence in the corner.

Jemmett stops Karges but was flattened to the ice in doing it. Porcupine still plugging away. Seagram shot from centre ice and the crowd razed him for this. Karges dumped Cain and was chased. Schneider came down once more. Jemmett goes right through and Bernier makes wonderful save. Molson rushes down and round the defence. He came over to centre in front of the goal and fell over Thornton who was crouched down to make the save. In falling Molson manages to bat in the fourth for Kitchener. End of second period. Kitchener, 4; Porcupine, 0.

Before the crowd really settled in their seats Seagram goes down and drives another in from a few feet out. Then Seagram does it again, making twice in 22 seconds. It's all up with us now. Jemmett passes to Cain who raced down and got around Schneider only to have Bernier make a wonderful save. From the face-off Spence sent a hot one at Bernier. Seagram

and Roth showed some nice combination with Roth notching another for the Green Shirts. Porcupine appears to have gone to pieces. Porcupine braces up and plugs away. Spence and Cain stage a strong offensive and Karges has to go back and help Bernier. Karges and Molson come down, but Spence corners the latter. Game slows up, with much centre ice play. Spence breaks away and passes to Cain, but Karges hooks it away. Seagram showing great respect for Porcupine defence. Thornton saves one from Schneider and Farrell. Schneider benched for tripping. Porcupine presses hard. Cain hooked puck from Seagram, rushed back and passed to McHutecheon who was right in front of Bernier; latter kicked it out.

Schneider back on the ice. Murray sends Seagram on his face. He made quite a path on the ice. Gagnon nearly scored on a shot from the side. Bernier just kicked it out in time. Jemmett took swipe at the puck, but missed it right in front of the net. Murray tripped Farrell at the defence. Molson scored off-side goal, not counted. Gagnon down left wing but got tangled up with Schneider and failed to get puck away. Schneider roamed over on the other side of the rink and got dumped by Cain. Roth dumped by Gagnon and Farrell by Murray; no penalty. Seagram down and a scramble in front of Thornton but no harm done. Cain goes back with it but shoots wide and high.

End to end rushes now. Both Spence and Gagnon try to score but fail. Cain caught Schneider a dandy. Latter appears groggy now. Seagram penalized for holding Spence's stick. Porcupine makes desperate attempts to score. Murray hurt in a scrimmage and taken out of game. Gagnon penalized. Schneider chased into the corner when he went down alone. Jemmett made a nice shot but Bernier's pads were there. Karges took it back but Jemmett overhauled him and returned for a shot on Bernier. Spence was chased for cutting down W. Heller. Saunders went down and shot dead on, but Bernier saved.

Thornton came out of his "coop" to handle a shot from Seagram, but he should have stayed in the goal as Seagram raced around him to knock in Kitchener's eighth goal of the game, with one minute to go. In the dying moments of the game Jemmett and Gagnon both got shots at Bernier. There's just a few seconds to go now. Well, they gave them a great battle anyway. Gagnon bats puck. Spence came in fast for the rebound and batted it past Bernier and saved a whitewash.

Game over. On the game: Kitchener, 8; South Porcupine, 1. On the round: Kitchener, 11; South Porcupine, 3.

Reports from Noranda are to the effect that the Home Mine "blister copper" is running between \$100 and \$120 to the ton in gold. This means that the ore carries around \$9.00 per ton in gold.

STATEMENT OF PORCUPINE DOG RACE AND CARNIVAL

Receipts and Expenditures for Year as Summarized in the Auditor's Report.

The following is the auditor's report of the Porcupine Dog Race and Carnival for the year:—

Receipts:—Balance in bank as at Jan. 20th, 1928, \$282.50; from sale of tags, \$158.75; fifty per cent. net proceeds of carnival, \$113.17; T. Eaton Co., donation, \$10.00; A. E. Moysey & Co., donation, \$10.00; Homer L. Gibson & Co., donation, \$10.00; K. Simpson Co. Ltd., donation, \$5.00; Geo. W. Lee, donation, \$5.00; entry fees, see contra, \$100.00; total, \$694.42.

DIVERSIFICATION

The following selection of securities illustrates the advantages of well balanced diversification for an investment fund of \$5,000.00.

The list is equally divided as to types of business, including Federal Government, power and paper investment company, agriculture, real estate and public utility. 80% is represented by bonds and 20% by preferred stock.

Additional strength is given through diversification as to geographical location. The

Federal Government issue is an obligation of the entire Dominion, while the Public Utility and Industrial Companies listed operate in and draw revenue from 7 of the 9 provinces of Canada.

This conservative list pays a satisfactory interest return, while allowing reasonable opportunity for appreciation. The same diversification may be procured for larger or smaller investment accounts, through the purchase of various denominations available.
