The chairman, Mr. Austin E. Neame touched upon the proposed formation of a bugle band, suggested by Comrade A. J. T. Very complimentary remarks were made with regard to the catering at the Vimy banquet, and it was proposed by W. A. Devine, seconded by G. H. Byrom, that a letter of appreciation be sent to the Ladies' Aid of the United Church, Timmins to thank them for their splendid work on that occasion. Passed unanimously. The next monthly general meeting of the Timmins Post of the Canadian Legion will be held in the town hall, Timmins, on Friday, May 11th, at 8.00 p.m.

NEW LISKEARD MAN BREAKS LEG IN JUMP FROM TRAIN

The New Liskeard Speaker last week says:—

"Mr. Peter Ayotte who was in Timmins on a business trip, met with an accident which necessitated the amputating of his left leg above the knee. Mr. Ayotte jumped from a train, Tuesday, April 3, falling on this leg, resulting in a break. He was taken to the Timmins hospital where the operation took place. His sons, Morris and Hormigas went north upon receipt of the news and Morris is still with his father, who is doing as well as can be expected. Mr. Ayotte's friends sympathize with him in this serious disability.

FOOD AT HIGH PRICES IN FAR NORTH FIELDS

It is reported that prices for food in the Sandy and Favourable Lakes section are extremely high. It is stated that flour is worth \$30.00 a bag, sugar \$100.00 a hundredweight and tea \$2.50 the pound at the Hudson Bay Post nearest to the scene and the only source of supply. The discoveries of Ken Murray, made last fall have resulted in the staking of about 300 claims, upon some of which camps have already been erected. The new gold-silver district is about 400 miles north of Hudson, Ont., and is cheapest reached by plane.—Northern Miner.

DEATH OF PIONEER OF THE MONTEITH DISTRICT

The Art of Second-Day Serving

Why do women apologize for serving leftovers? I consider it rather an evidence of good management. Today's creamed potatoes placed in alternate layers with grated cheese in a baking dish, covered with crumbs and browned in the oven, will provide a delectable dish for tomorrow's luncheon. Mashed potatoes enveloped in a fluffy covering of equal quantities of Carnation Milk and heavy cream beaten together until stiff, into which is stirred grated cheese—and baked until the cheese is melted—makes a welcome change in the menu.

Cooking an extra quantity of peas, string beans or carrots for tomorrow's salad proves a great convenience. Rice, can be served first as a cereal, and later combined with cheese or made into croquettes.

To my way of thinking, however, there is nothing quite so delicious as the good old-fashioned rice pudding, cooked slowly for hours to bring out all the rich, creamy caramel flavor of the Carnation Milk in which it is baked. I'm giving the recipe for it, and I think you will agree that it is one of the most delightful recipes I've offered you.

The Smooth Richness of Carnation Dishes

It is indisputable that dishes made with Carnation Milk have a richness, a smooth creaminess, a fragile fineness of texture that even the best of bottled milk cannot equal. In the first place,

Carnation is nothing but the finest of pure, fresh, whole milk, of uniformly high quality. It is evaporated to double richness, so that every drop has a double helping of enriching cream. Then it is sterilized for safekeeping, making it absolutely dependable, no matter what the weather.

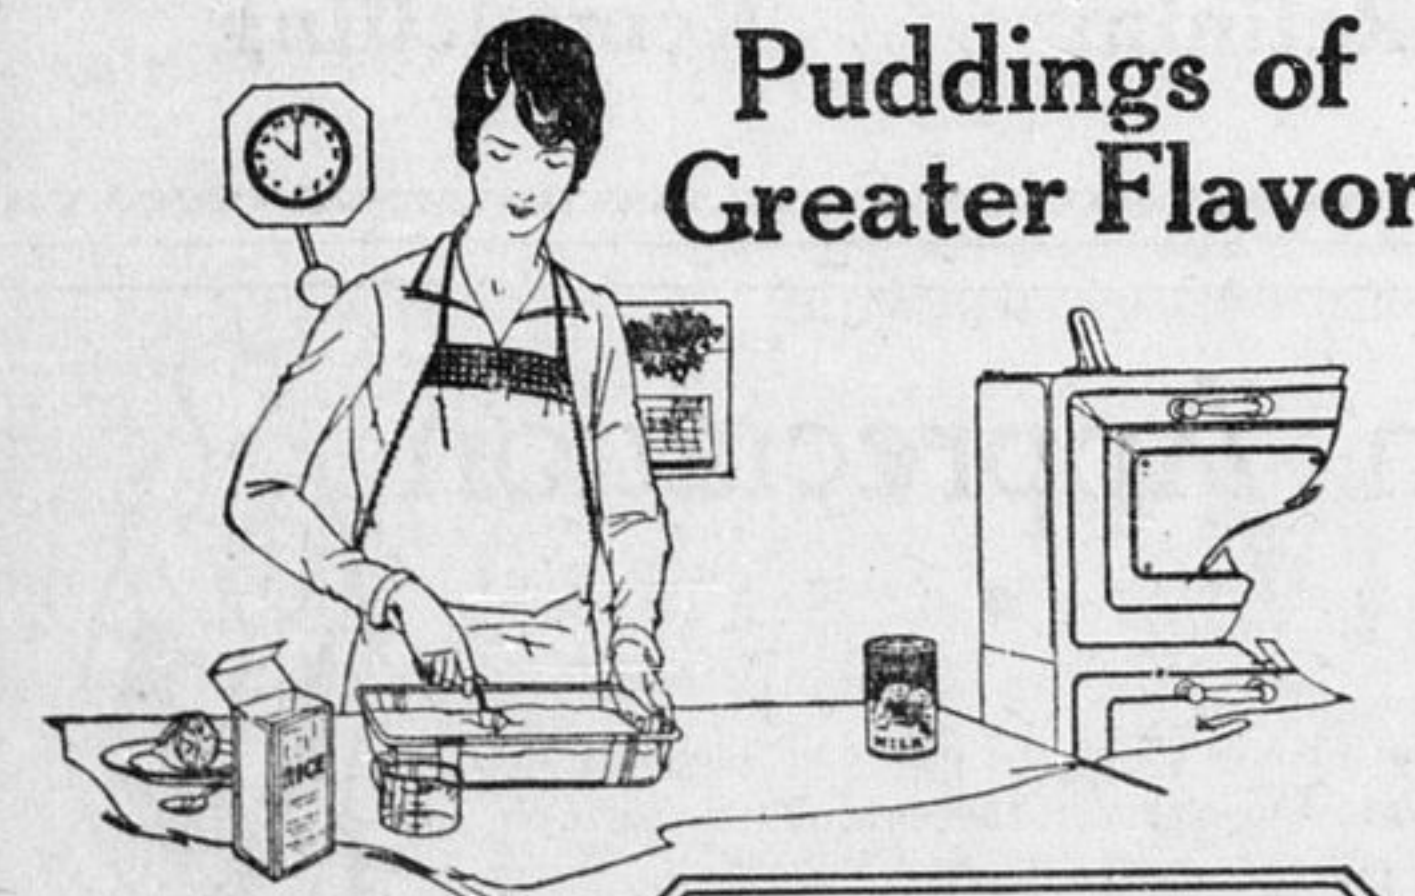

Carnation Milk has another vital quality. It is "homogenized"—the cream globules broken up into minute particles and distributed throughout every drop of milk, imparting to foods an unusual smoothness and fineness of texture.

Because of its double portion of cream, Carnation effects a big cooking economy, saving on butter or cream in nearly every dish in which it is used. And because it is always dependably good there is no waste.

Use Carnation Milk for all your cooking. You'll find it in new convenience and economy. "My Hundred Favorite Recipes"—the Carnation Cook Book—will give you many cooking suggestions. It is free. Address Carnation Milk Products Co., Limited, Aylmer, Ont.

Carnation Rice Pudding

2 cups Carnation Milk diluted with 2 cups water, grated rind of 1/4 lemon, 1/2 tsp. salt, 1/2 cup sugar, 1/2 cup rice. Combine washed rice with other ingredients; pour into buttered baking dish; place in pan of hot water; bake in 300° oven 3 hours, stirring several times during first hour to prevent settling.

Puddings of Greater Flavor

IF you've never made puddings with Carnation Milk, try one tomorrow. Its flavor and smoothness will be a revelation to you. And it will have extra food value, for Carnation is pure, whole milk evaporated to double richness. It is economical and convenient because it keeps and it saves on butter and cream.
