TIMMINS, ONTARIO, THURSDAY, APRIL 26TH, 1928

GRAVEL AND SAND—AND PLACER

If a man were actually to come along and swear that he killed Inspector Constable at Cochrane in October of 1926 would the authorities prosecute him for perjury? Or what have you?

Merchants in Timmins who recently lost money by cashing cheques that later were returned as worthless by the banks on which they were drawn, may be interested in the following sign reported as being displayed in a restaurant at Allentown, Pennsylvania:—“The bank serves no soup; we cash no cheques.”

Now is the time for auto drivers to accustom themselves to proper regard for the safety and comfort of others. If they start the season right, they will be able to more easily do right all through the year. At the present time, despite the bad conditions of the roads, there is a tendency on the part of a few to speed. Speeding and all other sorts of reckless driving should be religiously avoided now and through the season. The Ontario Safety League has issued a notice of warning to automobile owners and drivers. These notices have been inserted in the package containing the license plates for the year. No auto driver should overlook these notices. Read and heed them, for your own sake, as well as for the public's sake. On these notices it is pointed out that the number of fatal and lesser automobile accidents demands an imperative remedy. The best remedy, it is pointed out, is to remove the offending drivers from the highways. Continuing, the notices point out that any auto driver is liable to be arrested, without a warrant, and to lose his license to drive, for reckless or negligent driving, for racing, for failure to remain at the scene of the accident to render all possible assistance, or for operating a motor vehicle while intoxicated. It is also noted that a driver is liable to two years' imprisonment if in charge of an automobile, if by wanton or furious driving or racing or by other wilful misconduct, or by wilful neglect he causes any bodily harm to any person. Surely no driver wishes to kill or injure anyone, or even to lose his license. Accordingly, all drivers should drive carefully and with consideration for others so that their minds may be free from remorse in case an accident does occur.

According to a decision of the Supreme Court in regard to the meaning of a section of the British North America Act touching on eligibility for a seat in the Senate of Canada, a woman is not a "person," in the meaning of the act. This is wrong. Several times very earnest ladies have referred to Miss Agnes MacPhail as that MacPhail person! If a person is only a man, as the judges pretend to think, then the law relieves women from all possibility of prosecution for any of the items in the criminal code where "any person" is set out as liable for penalties, but not a word is said about women. And even the Supreme Court would not be supremely silly enough to go that far. The attempt of the Supreme Court judges to suggest that Sir John A. Macdonald and his confederates did not include women in their ideas of a "person" is particularly unjust. Those gallant gentlemen were very ready to admit that the ladies were all most personable. If the British North America Act can be construed, even by Supreme Court judges, to leave the impression that women are not persons, the act should be amended to be sensible in this age of the world. If the Government does not want women to sit in the Senate, the Cabinet should have courage enough to say so, and amend the act to read that only male persons, on their father's side, are eligible, and that all women who are females and the mothers and sisters of "persons" be debarred. If women were so deficient as the learned judgment would appear to suggest, the only proper place for them would be on the Supreme Court bench,—when they grow old.

There will be general regret in town at the announcement that Mr. C. R. Murdock, town engineer, has resigned, and is leaving shortly for Kapuskasing to be town engineer and townsite manager at that wonderful new town. All here will congratulate Kapuskasing on securing the services of an official like Mr. Murdock. He has given efficient, loyal and talented service to Timmins, and is one of the very finest types of citizen. In Timmins he earned many times his salary by his knowledge, experience, skill and loyalty to the town's interests. The council here is planning to have him complete the supervision of the disposal plant construction and other works before he takes up his new duties, and it would appear that if his services could be retained in an advisory capacity for the future this town would be advantaged by such a plan.

A gentleman who imagined he was sarcastic asked The Advance recently if there were to be more articles about the belt line idea of roads for this North. This gentleman is not really sarcastic, as he thinks, but simply shortsighted. The proposed belt line of roads would open up a wonderful new country, rich in timber, scenery, fish, game, minerals and other wealth and beauty. It would bind the important centres of the North Land more closely together. It would more than double the attraction of the North Land for tourists. Indeed, unless such a belt line of roads is built, this part of the North need not hope to have anything like its due share of the tourist trade that will come to see the great North. Men who travel five hundred miles on the one road do not care to turn around and make the same route again. Even if they do it once they are not likely to recommend it to others. Only a very small proportion of the tourists who came as far as Cobalt or New Liskeard last year followed the highway to Timmins, Cochrane and Iroquois Falls. The belt line of roads would hold out the attraction of new country to be viewed all through their tour of the North. The cost of such a belt line would be very small in comparison to the assured advantages.

WHEN SOUTH PORCUPINE WAS FLOODED IN 1913

The North Bay Nugget this week reproduces the following paragraph from The Nugget files of April 25th, 1913, which will be of interest, especially to South Porcupine people, who are this year again troubled by floods, for the first time in some years:—"No train service has been run in to Timmins since Monday on account of the high water in Porcupine lake and river. From all appearances the train service will not be resumed until tomorrow. The water is now at the highest point ever known in the district and does not show any signs of receding. In South Porcupine approximately 75 houses and places of business are partially under water."

Mr. Jos. McDermott, of Cobalt, spent the week-end in town.

McIntyre Porcupine Mines, Limited

(No Personal Liability) DIVIDEND NO. 38

Notice is hereby given that a dividend of five per cent. (5%) on the issued Capital Stock of the Company will be paid on the 1st day of June, 1928, to shareholders of record at the close of business on May 1st, 1928.

By order of the Board, BALMER NELLY, Treasurer.

Dated at Toronto, April 19th, 1928

Mr. Fred Hall, Sr., and sons, of South Porcupine, have completed a successful season's trapping in the Hoyle district. They made their headquarters at Mr. Chas. Dawson's camp, and Mr. Dawson speaks very highly of them.

PARENTS PAY FINES FOR WRONG DONE BY YOUNGSTERS

At Juvenile court here this week two boys were charged with thefts from a local store. The boys had been in previous trouble of somewhat similar character, and it was decided to impose a fine of \$10.00 and costs each upon the parents, the idea no doubt being that this might speed up the parents to look after the lads more carefully than in the past.

INDEX FINGER CRUSHED IN THE GEARS OF MACHINE.

Mr. J. T. Cuthbertson, one of the old-time diamond drill experts of the Porcupine, is carrying his left arm in a sling due to an accident that happened recently. While working around one of the drills recently his hand was drawn into one of the gears, the index finger being torn off and the rest of his hand slightly injured. It was necessary to amputate the index finger, but the rest of the hand was not seriously hurt, and the injured hand is now well on the way to recovery.

GIFTED MUSICIAN LEAVES TO RESIDE IN HAILEYBURY

Mr. W. H. Kearney, for some years in charge of the Curtis Optical Co. business at Timmins, has left to take up residence in Haileybury. The departure of Mr. Kearney will be viewed here with general regret, especially in musical circles. Mr. Kearney is not only a talented pianist and a musician of marked ability but he has been specially generous with his services and ability and his interest in musical matters has been a distinct advantage to the town as well as making him hosts of friends here.

C. ARNOTT TAKES FIRST PLACE IN THE AVERAGES

With nothing to gain in the last match of the Porcupine Bowling League but to improve their averages, the boys went at it with a will, but Chas. Arnett was the only one to come through, beating McDougall by 117 pins, which gives him an average of 223 in the Porcupine League. The averages for the Porcupine League will be out as soon as possible. The final standing of the two teams is:—31 points for Schumacher, and 16 for Timmins.

Table with 4 columns: Name, Score 1, Score 2, Total. Rows include McDougall, Tomkinson, Dearden, Angelo, Reid, Lago, Heggart, McDonald, S. McMillan, M. McMillan, W. Tonkin, C. Arnett, and Totals for both teams.

It is understood that the Quebec Liquor Commission is making arrangements at present to open a liquor store in Rouyn. The necessary provision for opening a liquor store in Rouyn, which is a mining camp, was made a year or so ago, it is said. With a liquor store at Kirkland Lake, which is also a mining camp, the people of Rouyn and the Quebec authorities no doubt feel that it is not out of place to establish a Quebec liquor store in Rouyn, Quebec.

FIFTH ANNUAL BANQUET YOUNG PEOPLE'S SOCIETY

Young People of United Church Enjoy Very Delightful Evening at Event This Week.

The fifth annual banquet of the Young People's Society of the United Church, Timmins, was held on Tuesday evening in the church basement. The supper provided by the Ladies' Aid was a very pleasing one and greatly appreciated.

After the supper an unusually interesting programme of music and toasts was presented and much enjoyed. There was a good attendance of members of the Y.P.S., and their friends. Rev. J. D. Parks was toastmaster for the occasion, carrying that office with his usual wit and diplomacy.

The toast list was a pleasing one, the speeches proposing and responding to the several toasts all being very interesting and many witty and humorous touches being given. Community singing also featured the evening, the parodies on some of the members of the society meeting particular favour. The following was the list of toasts:—"The King," proposed by Mr. D. Twaddle, and responded to by the singing of the National Anthem; The Visitors, proposed by Miss W. James, responded to by Mr. W. Swain; The President, proposed by Mr. R. Dumbear, responded to by Mr. K. Donahue; The Ladies, proposed by Mr. M. Johnson, responded to by Miss M. Wilson; The Men, proposed by Miss Gladys Hughes, responded to by Mr. J. Horton.

A feature of the evening was the excellent music by the orchestra, Miss S. Payne, and Messrs D. and S. Payne and H. DeMille. Another instrumental number particularly appreciated was the violin solo by Master D. Horwitz. The piano solos by Miss Anne Scott and Mrs. J. W. Faithful were talented numbers that delighted all. Mr. G. A. Reid's vocal solo was a treat to all and was greatly appreciated. Monologues by Mr. J. Ralph added to the interest of the evening and were enjoyed by all. An outstanding number on the programme was the saxophone solo by Mr. H. DeMille. The event was concluded by the singing of the Y.P.S. favourite song, "Follow the Gleam."

Magistrate Tucker, of Cochrane, will preside at police court here again on Saturday of this week.
