HUMANE SOCIETY KEEPS WATCH AGAINST CRUELTY

The inspector for the Timmins Humane Society is keeping careful watch in the interests of the dumb animals. During the past week two horses, two cats and one dog were ordered destroyed because of their condition. Two other horses were ordered to be left in their stables until they were sufficiently recovered that they could be used without cruelty. Mr. J. McKinnon is the inspector for the Humane Society and while he is doing the work without charge to the society, he is watching the interests of the animals as far as at all possible.

Dated the 25th day of April, 1928.
I. McVOR,
Assistant-Treasurer.

FIRE DEPARTMENT SENT IN PLACE OF THE POLICE

Tuesday evening a rather amusing mistake occurred, when the fire brigade was sent to answer a call meant for the police. A young man in a spiffed condition entered the Goldale Cafe and raised considerable disturbance. His foul language was much resented by another young man in the cafe, the latter being disturbed while quietly having a luncheon in company with his wife. Protests against the language only resulted in worse talk and threats of fight. Then there was a fight, in which the intoxicated fellow received something of what was coming to him. The Chinaman, not wishing to have any fighting closer than China, telephoned the police station, saying there was a bad fight on. In the excitement, the Chinaman's pronunciation of "fight" sounded like "fire," and Constable Irwin passed the word on to the fire department, who were promptly on the scene. Constable Moore was on the street at the time and reached the cafe about as soon as the brigade. Neither police nor firemen could find the fire, but they saw nearly enough blood to put out a fire. In the meantime friends of the drunken man escorted him away. Enquiry brought out the fact that the call had been for the police department and not the fire brigade. The moral is: Do not use bad language in a public place.

TWO DAUGHTERS AND ONE SON RESIDE AT TIMMINS

William Charles McDougall, who has several relatives in the Porcupine district, passed away at North Bay on Saturday last. In speaking of the death and funeral of the late Mr. McDougall, The North Bay Nugget says:—

"The funeral of the late William Charles McDougall whose death occurred on Saturday, was held from the home of his daughter, Mrs. Thomas Rutledge, 56 McLeod street, on Monday afternoon at 2.30 o'clock, following funeral service at the house at which Rev. J. R. Sanderson, B.D., officiated. Interment was made in the Terrace Lawn cemetery. He was pre-deceased by his wife on April 10."

"William McDougall was born at sea, 63 years ago. As a boy, he lived with his parents near Toronto. When a young man he entered the Royal Northwest Mounted Police, serving for three years. Later he conducted a blacksmith shop at Orillia, but the Porcupine gold rush lured him north, and he for a time made his home at Cobalt. He then came to North Bay and was employed by the T. & N. O. as a pumper for 19 years, being pensioned by this railway, last year. He was married in North Bay, 13 years ago. He was a member of the Brotherhood of Maintenance of Way Employees, No. 2697, and of the Orange Lodge.

"Surviving are his sister, Mrs. J. McCormack, Toronto; five daughters, Mrs. T. Rutledge, North Bay; Mrs. D. A. Robertson, North Bay; Mrs. W. Smith, Timmins; Mrs. H. Harwood, Timmins; Mrs. W. Bass, Connaught, and Mrs. G. Pemberton, Cochrane, and one son, Mr. F. Cottrell, Timmins.

DEPARTMENT REPORTS RICH FINDS OF MINERALS

Rich mineral deposits in the Favourable and Sandy Lake areas and also at Fort Hope on the Albany river in Northern Ontario were officially reported found by the provincial department of mines Tuesday afternoon.

According to the reports gold, silver, lead and zinc in large quantities have been discovered and what is apparently a rich territory uncovered.

Considerable geological and prospecting investigations have been carried on which lead the department of mines to believe that the district is worthy of real exploration.

The areas in which the discoveries have been made are remote from transportation facilities and can only be reached by canoe and aeroplane in the summer, and by dog train in the winter.

In view of their comparatively inaccessible situation and the difficulties in transporting machinery and heavy supplies to the claims the minister of mines has deemed it advisable to extend the time for doing assessment work on mining claims staked in these regions.

To bring this about an order-in-council has been passed stating: "With regard to mining claims in these parts of the district of Patricia not included in the Red Lake mining division or the Kenora mining division which were, or may be, staked out previous to the 15th day of July 1928, all the time elapsing between the recording thereof and that date shall be excluded from the time within which work on, or for, such mining claims shall be computed, so that the period for performing the first year's work shall begin on the 15th of July 1928, but not so to affect the time for any subsequent work required by the act to be performed on such claims."

Mr. E. M. Allworth returned this week after a visit to the famous Fess factories at Toronto where the well-known Fess automatic oil heaters are made. Mr. Allworth, who is the agent for this district for these heaters, made a complete inspection of all the various operations of manufacture and is now in better position than ever to extol the virtues of this form of heater or to instal the heater and let it show its own advantages.

HORTICULTURAL SOCIETY ELECTS OFFICERS FOR YEAR

Annual Meeting on Thursday Evening Last. Special Prize Given in Children's Class.

The annual meeting of the Timmins Horticultural Society was held in the town hall on Thursday evening of last week, April 26th.

Many matters of interest came before the meeting. After the reports for the year had been received and found satisfactory, the election of officers took place for the ensuing year. The following were the officers elected:—

Honorary presidents—John Knox, D. E. Keeley, Mayor E. L. Longmore, C. G. Williams.

President—L. H. Pocock.
Vice-president—Mrs. V. H. Emery
Secretary-treasurer—T. A. Skelly.
Directors—Mrs. W. Dunn, Mrs. G. Irving, Mrs. F. Hamilton, Mrs. MacCadden, R. Elston, H. Hatton, A. R. Harkness, W. C. Ringsleben, J. Singleton, M. J. Tinkess.

Auditors—R. Elston and A. R. Harkness.
Mrs. F. Hamilton referred to the children's class and kindly offered a special prize for the best group of perennials grown by children under 16 years of age.

The society decided to include lots over 60 feet frontage for the annual garden competition, along with the 30 and 60 foot.

FIRST DISTRICT FOOTBALL LEAGUE GAME ON MAY 12

The first match in the Porcupine District Football League for this season is scheduled to be played at the Timmins grounds on Saturday of next week, May 12th. There is a meeting of the league to be held on Monday next to formally confirm the schedule for the season.

WORK IN PROGRESS AT THE DUPRAT IN KAMISKOTIA

The electrical survey in progress at the Duprat property at Kamiskotia is now completed, and other exploration and development work proceeded with. Mr. W. Ferguson, of Haileybury, a well-known old-timer of the North, is in charge and another well-known and popular old-timer at the Duprat is Mr. Chas. Elliott. The results from work done so far at the Duprat in Kamiskotia are very satisfactory.

Friends in town will be pleased to know that Mrs. S. H. Pirie, who has been very ill at the hospital here, is now well on the way to early recovery.

QUARTERLY MEETING OF LANCASTIRE SOCIAL CLUB

A quarterly meeting of the Lancashire Social Club will be held on Saturday next in the Hollinger Recreation hall at 8 p.m. sharp. There is some very important business to transact, so a large attendance is desired. One of the items to be discussed is in regard to a day's outing this summer. As it is intended to hold the regular social evening after the quarterly meeting on Saturday it is particularly requested that members on shift will be allowed to vote by proxy; these members can get the information on the questions to be voted upon from any of the committee.

BROUGHT FROM ROUYN ON CHARGE OF NON-SUPPORT.

At police court this week, with Justices of the Peace, H. E. Montgomery and F. C. Evans presiding, G. Fournier was charged with non-support of his family. The accused was brought back from Rouyn to stand trial here. On promise to look after his family in future, he was allowed to go.

A charge of obtaining money by false pretences against another local man was adjourned for a week. This man is charged by Bruno Carnovale with collecting rents without authority.

Four drunks paid the usual ten and costs, while two other drunk cases were remanded for a week.

Mrs. Mary Peterson and Victor Siverra were charged with illegally having liquor in a public place, the latter being Mrs. Peterson's house in Moneta, the place being a public place in the meaning of the act as a previous conviction had been registered. These two cases were remanded for a week.

Using a last year's license plate cost one motorist \$7.50. Another man paid a total of \$11.50 for speeding.

On a charge of cruelty to animals Henry Timms was assessed \$13.50. Complaints had been made that a team of gray horses were not properly treated.

Two men charged with assault were freed from liability in the matter when the charges were dismissed. Another was not so fortunate, an assault charge resulting in a tax on him of \$11.50.

Two men were charged with the theft of wood, the cases arising from the taking of wood from the river. The cases were remanded for a week.

A man charged with assault and doing harm was remanded. The accused is said to have annoyed a woman who is ill, with the result that the lady has been under the doctor's care.

J. JONES BUYS CROESUS PLANT AND EQUIPMENT

May Also Buy the Property. Otherwise Plant to be Brought to Deloro Township.

Mr. John Jones has purchased the complete plant, buildings and equipment of the famous Croesus Mine near Matheson, from Montreal interests. Mr. Jones is also negotiating for the purchase of the Croesus property itself, but if this deal does not go through, the complete Croesus mining equipment will be brought to the Jones and Porter Mine in Deloro township. This latter property is showing up well under extensive development now in progress. The shaft is down 120 feet, and the results of exploration work and development have been very gratifying. There are 39 men at work at the Jones and Porter Mine property at present, and work is being carried on with good results. The installation of further mining plant and equipment at the Deloro property is more than probable in the near future. If the Croesus plant is not brought in, it is likely that other equipment will be secured and taken to the property. The Croesus plant and equipment is valued at over \$200,000.00. It consists of a 100-ton ball mill, electric light plant, machine shop, lathes, drills, compressors, boilers, buildings, etc. It is a very extensive plant and equipment and would be generally considered as a very valuable addition to any property. The fact of its purchase with the idea of bringing it to Deloro indicates the faith and confidence held in the Jones and Porter Mine by those backing the property.

WILL SERVE A YEAR FOR FORGERY AND FRAUD CASE.

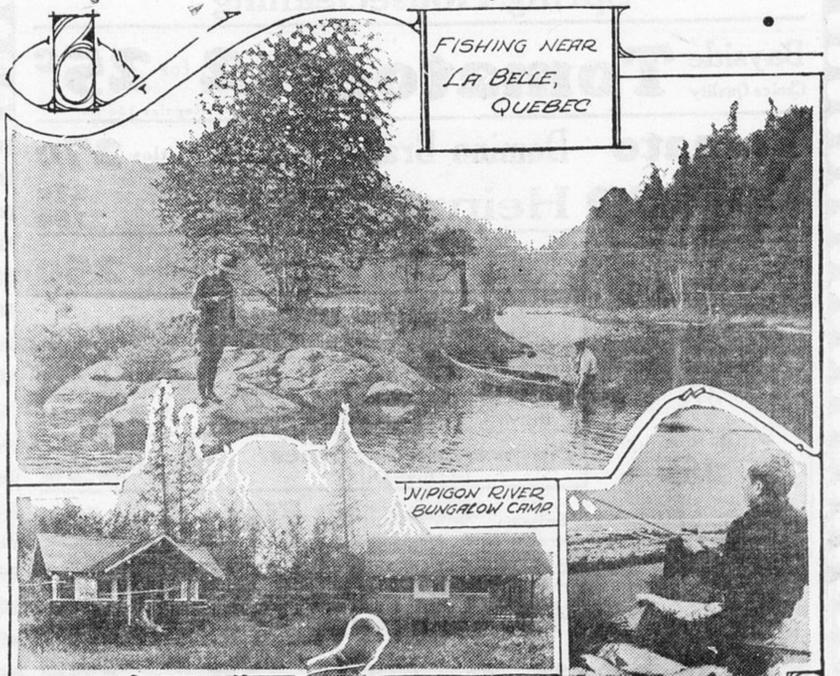

Magistrate Tucker, of Cochrane, presided at the police court here on Saturday. The young man, Malcolm McLellan, accused of defrauding local merchants by means of worthless cheques, was charged with forgery and fraud. He pleaded guilty and was given a year on each charge, the sentences to run concurrently.

Jas. Vallier, who faced a forgery charge, also in connection with an improper cheque, was allowed to go on suspended sentence. He had spent several weeks in jail already, the case having been remanded several times.

On a charge of peddling without the required license, J. Pletsch was fined \$10.00 and costs or 21 days. He paid the fine.

Miss Florence Pirie, of Lorrain Valley, Ont., is visiting at the home of Mr. and Mrs. S. H. Pirie.

Trout and Salmon Await Anglers' Flies

With winter snows dispersing rapidly and ice dissolving into lakes and streams; with the rising of sap and budding of trees, memories of anglers awaken picturing streams where one would wish to fish, days

"When even the deep blue heavens look glad, And gladness breathes from the blossoming ground."

The waters of Nova Scotia, New Brunswick, Quebec and Ontario have all their devoted followers waiting for the ice to disappear. These anglers are always eager to try new fishing grounds, and they will have new waters this year, according to Wm. Barber Haynes, writing in "Outdoor Life and Recreation." The latest bid for the favor of the sportsman is the opening of part of that famous salmon river, the Restigouche, to any sportsman who can pay a sum for a day's fishing. Heretofore, it has been impossible for anybody to fish the Restigouche unless he rented fishing water for a term of several years. Now the province has made it possible for men in ordinary circumstances to put up money enough for the realization of anglers' dreams—a week's fishing for the salmon of the Restigouche in New Brunswick.

The season for salmon in New Brunswick is from May 24—September 30. In the Restigouche River and its tributaries, such fishing is permissible from April 1 to August 15 only; the limit is 30 per week. The salmon season in Nova Scotia is from February 1 to August 31.

Quebec's trout streams are many and widespread, and are easily reached making them deservedly popular both with Canadian and American fishermen. Satisfying sport is to be had in the streams in the Lake Edward district north of Quebec City. The Province of Quebec has a wealth of attractions for the sportsman. No portion of

REALIZATION OF WINTER DREAMS

The North American continent is more richly endowed with fish and game. The innumerable rivers, streams, lakes and great stretches of forest offer an almost bewildering selection to the man planning a hunting, fishing or canoeing trip. The trout season in Quebec province is from May 1 to September 30 for speckled trout, and from December 2 to October 14 for the lake trout.

Ontario's most celebrated trout country embraces rivers and streams north of Lake Superior whose names many anglers are already familiar with. In this section special bungalow camps are at your service, operated by the Canadian Pacific Railway, they afford every advantage of an outdoor life just slightly lightening the hardships especially for those who wish to have greater comforts than a tent and camp outfit affords. The season here opens May 1. Distant fields are always green, and distant streams appear more green, while pools grow darker as imagination pictures fishing days in spring.
