

### Timmins and District Notes

Mr. J. W. Wray is on a business visit to Toronto.

Mr. T. H. Blodgett, of Janesville, Wisconsin, is visiting his sister, Mrs. V. H. Emery.

Born—In Timmins at Mrs. Goulet's hospital on June 8th to Mr. and Mrs. A. N. Shone—a daughter.

Mr. E. H. King, postmaster at Timmins, was called to St. Catharines this week owing to the illness of his father, Rev. Mr. King.

Mr. and Mrs. E. A. O'Callaghan left this week for Cornwall, Ont.

Mrs. Herb. McDonald left this morning (Thursday) on a trip to her old home in Ireland.

Mrs. A. Allen, Maple street north, returned last week from a visit to Montreal and other points east.

Mrs. W. A. Devine left this morning (Thursday) to visit her old home at Braithwaite, Cumberland, England.

Mrs. R. A. Stevens left on Wednesday of this week for a visit to the Old Country.

Mrs. W. Cossington left to-day on a visit to her old home at Wolverhampton, England.

Mr. and Mrs. J. McNaughton and family left this morning for a three-months' visit to Ireland and other European points.

Born—In Timmins, at Mrs. Goulet's hospital on June 9th, to Mr. and Mrs. H. N. Jackson, 75 Fourth ave.—a daughter.

Born—In Timmins, at Mrs. Goulet's hospital, on Tuesday, June 12th, to Mr. and Mrs. O. Villeneuve—a son.

The road from Timmins to the Junction is reported as very good now. Mr. Harry Duff, road superintendent for the North, drove down from Cochrane this week, and returned by the same route.

Mr. Campbell, a well-known mining man, who has been in the Porcupine for some time, is taking charge of the Dunkin property in the Clearwater Lake area. A plant is being taken into the property and extensive work will be carried on. There is considerable work being done in the Clearwater Lake section and the prospects there appear especially good.

Dr. S. R. Harrison and Dr. Kinsman returned on Sunday from a visit to the Mayo Institute at Rochester, Minn., where they studied the latest in medical and surgical research work. Drs. Harrison and Kinsman made the return trip by auto over the Ferguson highway finding the roads in the North not too bad, the worst trip being near Monteith. At the latter stretch of road the Government is making necessary repairs and teams are available to aid motorists over this bad strip.

### Dog By-Law to be Strictly Enforced Now by Tisdale

Township to Pick up All Dogs at Large. Tisdale Police Car Not Considered as Reliable After Lengthy Service. Other Matters Dealt With by Tisdale Township Council

South Porcupine, June 13th, 1928. Special to The Advance.

The Tisdale township council met in the council chambers on Monday night with the reeve and all councillors present.

There were a couple of charity appeals but one party, being a minor whose parents owned property, it was decided to see if they could not be made responsible for him.

There was a letter from the deputy minister re the fixing of certain roads on the 50-50 basis.

In court of revision two tax cases were cancelled, one being a widow with two young children, the other being the skating rink.

There is a meeting on Wednesday evening to strike the rate for taxes for this year.

Engineer Hendry was asked re tenders for lumber for sidewalks. Both tenders received so far were the same. He was instructed to phone

two or three other companies and get their quotations also, then go ahead. A notice is to be posted up at the post office asking for tenders for the building of the sidewalks in South Porcupine.

The dog by-law was mentioned and the chief of police asked to have it enforced to the letter. Hence after June 15th, anyone allowing their dog to run at large (whether tagged or not) is liable to a fine. There will be no warnings given this year, simply a summons to court. People have been notified of this law now sufficiently to comply with it and the chief of police wishes it emphasized that it will be enforced strictly. If your dog accompanies you or anyone else down street it must be on leash. Otherwise it must be kept confined to your own premises.

Questions were asked by the councillors re the raiding of places where there was too much drunkenness. In the opinion of some of them the permit system was being abused.

Re the contract for repairing the jail, the inspector has ordered new wiring throughout the building. Engineer Hendry asked re water service taps and was told they were to be discontinued and the clerk instructed to send letters to those being served by same that water there would no longer be available. Chief McInnis asked re suits for the police force, and was told to get samples and prices from different firms in the township and he and the clerk to pick out same.

The question of a car for use of the chief and South Porcupine police came up, it being a well-known fact that the present car is so far used up as to not be any longer dependable. In fact, when Chief McInnis was on his holidays, and this old car was being used by Schumacher police while their new car was being overhauled, it was stated that this car was not the safest to use, as it was becoming so badly worn. However, the purchase of a car for the South Porcupine end of the camp was strongly from Schumacher, and the matter was left in abeyance for the present.

The question of "stop" signs and "silent policemen" was up again. It was deemed that it would not do to put "stop" signs at certain crossings unless parts of the highway could be made a through road. However, a silent policeman is to be placed at the Poplar street and First avenue intersection in Schumacher and signs with the proper speed limit are to be purchased for placing on the outskirts of Schumacher.

The routine wages and accounts were passed for payment.

**A DANCE**  
Will be Held  
Every Wednesday and Friday  
During the Summer  
In the Orange Hall  
Golden City.

**S. O. E. DANCE**  
Hollinger Recreation Hall

### SPECIAL FOR BEST DISPLAY OF FLOWERS IN TISDALE

Among the many specials for the Horticultural Society this year is a prize of \$10.00 kindly donated by Dr. Honey for the best display of flowers in Tisdale township.

### KIWANEES HAVE MADE FINE JOB OF SHELTER GROUNDS.

The grounds at the Children's Aid Shelter, corner of Hollinger avenue and Vimy road, are a distinct credit to the good work of the ladies of the Kiwanees. The grounds have been all levelled off, top soil put on, seeded to grass, and nicely fenced. In addition about a score of trees have been planted along the front and sides, and as the trees are of good size they already add considerably to the fine appearance of the grounds. The property is now one of the most attractive in town, thanks to the good work of the Kiwanees this year. For a time it appeared as if the fencing would have to be let go for a time on account of the extra expense entailed in the levelling, but the ladies went along, despite all difficulties, and made a wonderfully attractive plot out of the property. In a few months this will be one of the beauty spots of the town, when the grass comes up and the flowers are in bloom.

### MOVIES MAY BE ADDED TO RAILWAY SCHOOL CARS

Likely That Government Also May Increase the Number of Travelling Schools of the North.

The travelling railway school cars ("the schoolhouse on wheels") of the Ontario Department of Education may be equipped with motion picture machine and films according to present plans of the department. These school cars work along the railway lines in the western part of the North Land in the isolated sections. These cars with gifted teachers in charge, stop at points along the railway and students gather for educational purposes. After a stop of a couple of weeks the car moves on, and return later along the route, work for the students to do being left with them until the return visit. The plan, it will thus be seen, includes the correspondence school idea. Both the C. P. R. and the C. N. R. have supplied a car each for the purpose and given the fullest co-operation. It is expected that three new cars will be added, operating from Fort William to Superior Junction, from Fort William to Ignace, and on the old Canadian Northern line. Reports from the department show that the opposition first inclined to be shown to the railway cars has not only been overcome but there is now a general desire to have more of them. Indeed, the usefulness of these travelling schools has been extended to the adults, night classes being held and largely attended by adults, many of whom are learning to read and write.

In the isolated sections served by these railway car schools, keen interest has been shown in news of the outside world, and the addition of suitable motion picture films, it is very rightly believed, would add to the interest and prove of much educational value.

### ARRESTED ON CHARGE OF RECEIVING DIAMONDS.

One of the more important cases at police court this week was the charge against Valentine Ivanoff, who is accused of receiving stolen diamonds. The charge was laid by R. Allen. The diamonds alleged to be stolen are some of those used in diamond drills. At court this week, Ivanoff's case was remanded to next week.

For allowing his horses to stray at large on the street, one man paid \$4.00 and costs, a total of some ten dollars.

Three were each asked to contribute \$10 and costs for speeding. A case of "no lights on car" brought a fine of \$5.00 and costs.

A man and his sister were jointly charged with having liquor in possession, said liquor not having been bought on a permit. The case was remanded to next week.

One assault case was dismissed, while another was remanded to next week.

The excise case referred to last week as remanded was again set forward for a week.

Kenneth MacDonald was fined \$50, and costs on a drunk charge. The story told by eyewitnesses of the event was that he had hit an old man who was passing and otherwise disturbed the peace while in an intoxicated condition. Unless the fine is paid he will have thirty days to serve at Haileybury. As it does not seem probable that the fine will be paid now, he will likely travel south on Friday or Saturday this week.

Two men who got into a fight on street were each fined \$10.00 and costs.

In the Juvenile Court this week two boys were accused of stealing golf clubs or having stolen golf clubs in their possession. As those instrumental in laying the charges did not appear, the magistrate dismissed the cases against the two boys.
