ACTIVITY IN PIPESTONE BAY AREA OF RED LAKE

Considerable Work Planned by Different Interests for This Summer.

The present prospecting season will see much work of a substantial nature done in the Pipestone Bay section of the Red Lake field, according to the plans of several operators who are interested in that part of the field. Under the supervision of George Scott, the Graham group of 11 claims, which lie directly east of the well-known Scott property, will undergo earnest surface exploration. Supplies have been taken into the property and men have proceeded to the field. Camps are to be built on the property at once. Last year work brought to light several interesting veins and these will be further opened up and assays made so that plans may be made for additional exploration.

Directly west of the Scott property Pipestone Red Lake Mines, Ltd., will have a lot of work done on the large holdings of the company. Men and supplies will be put on the ground at once, it is understood. The group was formerly known as the Stevens-Dempster-West-Dean blocks, and consists of 1,600 acres in an area which is highly regarded. It is thought that the notable Scott mineralization will be located on the company's claims. Conditions are regarded as being very favourable for gold deposition, the rocks being granite-porphry and quartz-porphry intruding the Keewatin. It is intended to carry out a surface campaign, and, if advisable, to later undertake diamond drilling. Pipestone Red Lake Mines, Ltd., is capitalized at \$4,000,000, and the directors are: F. W. Scriven, president; R. R. Murdoch, vice-president; W. C. Davy, M.D.; Vaughan Glaser and W. J. P. Jenner.

For some time past considerable surface work has been under way on the Scott property, which is recognized as being the premier property of the Pipestone Bay area. Under the direction of Alex. Gillies, veteran prospector and one of the stakers of the famous Hollinger, a crew has been engaged in stripping the property as a preliminary to more intensive development during the coming months.

FIRST MASS CHANTED BY NEW NORTH LAND PRIEST

The Sudbury Star—Son of a family well known in the Valgagne district Rev. John Caulfield sang his first mass in the parish church in that northern centre on Monday last week. At the service, Rev. Father Martindale, Cobalt, preached the sermon to a large congregation, in which were members of the young priest's family and neighbours and friends. Father Caulfield was ordained by Bishop Rheame in Haileybury on the previous day, when Rev. Father O'Gorman, formerly of Cobalt, and now of Timmins, gave the instructions in both French and English. Father Caulfield, who was educated at St. Michael's College, Toronto, and the Grand Seminary, Montreal, has not yet been assigned to a parish, but will remain in this diocese. The family have been located at Valgagne since after the fire of 1916, when the name of the place was changed from Nushka in honour of the parish priest stationed there when fire swept the region and who perished with many of his flock.

Economy makes happy homes and nations. Install it deep—George Washington.

Timmins Organizes Junior Baseball Club for Season

Officers Elected and Team Away to Good Start. Will Enter the Temiskaming Junior Baseball Association. Plenty of Good Talent Here and Big Season Expected.

There was an open meeting of baseball fans in the fire hall on Thursday evening last and after a discussion and consideration of baseball in general, the Timmins Junior Baseball Club was duly organized for the season.

The following officers were elected: Honorary presidents—Mayor E. L. Longmore, Chas. E. Hall, J. W. Wray. Honorary vice-presidents—G. W. Ecclestone, I. K. Solomon. President—H. W. Hooker. Vice-president—L. K. Pierce. Secretary-treasurer—P. T. Moisléy. Manager—F. Aspect. Coach—Geo. Gray. Assistant coach—D. Murphy. Executive committee—J. Scully, W. D. McIntyre, A. Kendall, T. Hackett. The Timmins Junior Baseball team has entered the recently-formed Temiskaming Junior Baseball Association, reference to which is made in another column of this issue. The Timmins Junior Baseball team will play the Temiskaming Junior Baseball Association schedule for the season, as published in another column. This should mean a lot of good baseball for Timmins this year as the junior talent here is particularly

strong. With Timmins out of senior ball, junior baseball is a necessity to provide this town with baseball for the season. And the fans certainly want baseball here. Accordingly, it is up to all to give the heartiest support to the Timmins Junior Baseball team and to Temiskaming Junior Baseball Association so that the best of sport will be carried on.

The meeting Thursday evening had lots of enthusiasm and confidence that the Juniors will put up a good brand of ball this season. Many will be pleased to note the support being given the Juniors by some of the old-timers in the baseball game, as evidenced by the list of officers. To have Geo. Gray as coach, for instance, is something that other old-timers will recognize as a big thing for the boys. Geo. Gray knows baseball from a long and creditable experience in the game, and to have a good sport of his type in the game is a good start. For the success of junior baseball public support will be as necessary as harmony and goodwill among the players. It is expected that with these assured the Timmins Junior Baseball team will have a very successful season this year from the very start.

LANCASHIRE SOCIAL CLUB HOLD PLEASANT EVENING

The Lanchashire Social Club closed its season on Saturday last with one of the best dances of the season. There was a big crowd on hand and all enjoyed the evening. The "Mystery Man" remained a mystery to the end of the number, his name not being written on any of the pads provided for the purpose. To give another chance for his naming, a ladies' preference dance was given, but the M.C. not announcing which particular dance was to be used to corner the "Mystery Man," the ladies selected the wrong number. Then when the right dance was called there were no less than three ladies claiming a dance with the gentleman who later turned out to be the "Mystery Man." He refused two, but the third was accepted because she was the one who had picked him in the wrong dance and had asked for this particular dance. The refusal of the "Mystery Man" to accept the first lady who asked him for the preference dance caused some question, but this was amicably settled by this lady and the winning lady tossing a coin to decide. The final winner was the lady with whom the "Mystery Man" had danced in the both dances, so luck seemed to settle the matter in the same way as the M.C. had done. The prize a lady's night gown and its presentation added to the amusement of the evening. Mr. Stephens was requested to name the piece of music being played at the time, and it turned out to be "The Nighty Blues."

The club wishes to thank the visitors for their company, and it is hoped to give them just as good or a better time when the club re-opens.

The members who were unable to get to the club on Saturday evening for any reason, and who desire to go on the trip, will please hand their names to the secretary or any committee member before Tuesday, June 19th, as there is a meeting of the committee

FORMER TIMMINS COUPLE WEDDED IN EGANVILLE

Marriage of Mr. Chas. J. Roberts and Miss Catherine F. Lambertus on June 5th

Hosts of friends in Timmins will be interested in the following wedding notice in the last issue of The Eganville Leader. The groom, Mr. Chas. J. Roberts, was for some years with the Geo. Taylor Hardware Co. in Timmins, and was prominent in many circles here. The bride, formerly Miss Lambertus, was on the teaching staff of the Holy Family Separate School here. Their many friends here will extend to the young couple the best of good wishes.

The Eganville Leader last week says:—

"The marriage was solemnized in St. James' church here on Tuesday morning of Miss Catherine F. Lambertus, daughter of Dr. J. A. and the late Mrs. Lambertus, and one of Eganville's amiable and accomplished young ladies, and Mr. Charles J. Roberts, son of Mr. John and the late Mrs. Roberts of Haverill, Mass. At the appointed hour the bride was escorted to the nuptial altar by her father. She looked winsome and charming in a dress of white chiffon taffeta bouffant trimmed with white velvet and lilies of the valley, white hat of mohair and velvet and trimmed with white velvet violets; she carried an arm bouquet of sweetheart roses and lilies. The bridesmaid was Miss Frances McPhail, of Ottawa, who looked quite daintily in orchid georgette, basque effect, and hat of orchid Milan; she carried a bouquet of roses. The groom was supported by Mr. John Lambertus, brother to the bride. Rev. E. A. French, P.P., officiated at the ceremony and celebrated the nuptial mass. A bright musical service was rendered with Miss C. O'Brien presiding at the organ. At the offertory an Ave Marie was sung with beautiful effect by Mr. James Foy, a cousin of the bride.

"A reception was held at the bride's home and dinner served to a company of guests comprising only immediate relatives. The banquet room decorations were roses and summer flowers.

"The groom's gift to the bride was a substantial cheque; to the bridesmaid he presented a silver purse and rosary and to the groomsmen a platinum stickpin. The bride's gift to the groom was a sterling silver cigarette case with monogram.

"The young couple entrained at two o'clock at the C.N.R. depot for the honeymoon to be spent in Montreal, Quebec and eastern cities. A party of friends accompanied them to the station and their departure was marked by the usual happy incidents. The bride travelled in a beige ensemble and hat of blue handpainted felt. "Mr. and Mrs. Roberts will reside in Montreal. The Leader joins with their many friends in extending sincere congratulations and good wishes."

The candidates for the provincial by-election in North Renfrew, to be held on June 30th, will be E. A. Dunlop, Conservative, and Paul Martin, Liberal. Mr. Dunlop is one of the best-known business men of the Ottawa Valley and was formerly member for the riding. Mr. Martin is a recent graduate of Osgoode Hall, and a young man. Others nominated by the Liberal Convention withdrew their names, one claiming that it would be wisest to allow Mr. Dunlop an acclamation under the circumstances.

NATIONAL EXHIBITION'S FIFTIETH BIRTHDAY

As the Canadian National Exhibition is celebrating its fiftieth birthday this year, a comparison of the first Exhibition as it was in 1879 with that of 1928, is interesting. In 1879 there were 52 acres of ground space, 23 wooden buildings, 110,000 square feet of floor space, one mile of earth roads, the attendance was 10,000 and the receipts of \$26,900. To-day we find 350 acres of beautiful park land, nearly 100 modern permanent buildings, over 2,000,000 square feet of floor space, 8½ miles of paved roads, the attendance of 2,000,000 is anticipated and the admission fees alone will amount to approximately \$400,000.

QUEEN'S UNIVERSITY TO HELP FURTHER IN MINING

Despatches from Kingston say that the students in the school of mining and science at Queen's University are so numerous that additional accommodations are required. It is proposed to erect another stone building to conform with the others on the Union street side of the grounds to house the chemistry and mining departments and to put in the heavy machinery required for the concentration of the mineral ores of the province as well as lighter machinery for analytical work. The workshops now are spread around in unsuitable quarters. The new buildings, to cost in the neighborhood of \$175,000, will likely be placed on one side of the roadway from Union street and preferably on the grounds now occupied by cement tennis courts. It is to aid in the construction costs that Premier Ferguson has agreed to grant \$50,000.

That evening for final arrangements. The time and place to meet for the trip will appear in these columns on June 28th.
