SENTENCE UPHELD ON WM. HUFF BY JUDGE CARON

Some months ago Wm. Huff was found guilty of contributing to the delinquency of an girl of fifteen and was sentenced to one year in jail. The evidence in the case went to show that Huff had two girls, wards of the Children's Aid Society, at his house where they were kept one night, later being sent to Schumacher and then to Ansonville. When the girls returned to the Shelter, the Children's Aid prosecuted Huff for contributing to the delinquency of the wards and the magistrate imposed the year's term in jail. Huff appealed from the sentence, the appeal coming before His Honour Judge Caron at Cochrane on Friday last. After reviewing the case Judge Caron upheld the decision of the magistrate and Huff was taken down last week to Haileybury to begin serving his term.

WELL-KNOWN RESIDENT OF NORTH LAND PASSES.

The funeral took place on Sunday last at Haileybury, of Mr. William John Post, for several years reeve of Buck township, and widely known in the North Land for the interest he took in municipal, mining and public matters generally. The late Mr. Post was serving his third term as reeve of Buck township. He was a man of much talent and public spirit and with rare courage and tenacity. He had waged many battles for the public interest and had won general esteem and regard. The large attendance at the funeral testified to the wide circles of friends he possessed among all classes in the Cobalt and Haileybury district. The councillors of the township of Buck attended the funeral in a body and there were also representatives present of many of the neighbouring municipalities.

The late Mr. Post passed away last week in Toronto after an operation. His death came as a shock to hosts of friends all through the North Land where he was very widely known. She was one of the three women arrested in connection with the complaint of John Kazariuk that he had been held up and robbed in a motor car.

On the charge of having diamonds from a diamond drill illegally in his possession, Valentine Ivanoff was committed for trial. The diamonds are said to have been stolen from the McIntyre Mine. Ivanoff is said to have thrown away a paper parcel containing these diamonds when he noted that Officer R. Allen was after him. Ivanoff's story to the police was that he had found the diamonds hidden in his house and was taking them to find out if they were worth anything. The diamonds are of the ordinary variety used in diamond drills and do not appear to be worth much, but as a matter of fact they are valued at around \$3,500.

NO RECKLESS DRIVING ON FERGUSON HIGHWAY

A correspondent at Cobalt writing in regard to the patrolling of the Ferguson highway this week says:—"The road patrol which is to be established along the Ferguson highway will start its activities as early as possible, and its members will have instructions to enforce strictly the provisions of the law governing reckless driving and intoxicated drivers, Inspector W. T. Moore, in charge of the provincial police for this district, told your correspondent to-day. This scheme, as worked out, may broaden in scope later.

In his inspectorate there will be three motor cycle men, and they will act under orders from district headquarters here. The men will be stationed at North Bay, Haileybury and Porquis Junction, and they will be officers specially picked and trained for their jobs. The sections to be covered will be from North Bay to Temagami with jurisdiction over the roads from North Bay to Sturgeon Falls and Mattawa; from Temagami to Kirkland Lake, with authority over the numerous roads north from New Liskeard, and extending to Elk Lake and the Quebec border, and from Kirkland Lake north to Iroquois Falls, Cochrane and Porcupine.

"The officers, Inspector Moore declared would be trained in first-aid work, and they will be able to assist in the event of accidents. They will give also what help they can to tourists and others who may have trouble with their machines, and they will keep a strict watch for offenders against the statute governing conduct on the highways. They will co-operate with the motoring public, the inspector declared, and they will deal promptly with any cases of drunken drivers or reckless autoists they may encounter. The members of the road patrol are to report regularly to headquarters and are to maintain a constant check on the traffic on the main roads of the north."
