

Timmins and District Notes

Among the motor cars reaching here this week from the South was one on Wednesday from far-away Florida. This car made the complete trip from the South by road, coming through the North by the Ferguson highway.

The H.S. Entrance examinations this year are being held on June 25th, 26th and 27th. Both Timmins and Schumacher are examination centres for these examinations and large numbers of pupils will write on these tests this year.

The death is reported recently of Mr. I. Lewis, formerly of the firm of Bernstein and Lewis, and later of the Northern Fruit Company, of Timmins. Mr. Lewis died in Montreal. A widow and family of small children survive.

Friends of Miss Doris Lloyd are extending congratulations to that talented young lady for the noteworthy standing won by her at the promotion examinations at the Timmins High School. Miss Lloyd won eight first honours and one second honour, out of nine subjects written upon, and took first place in her form at school.

Rev. Mr. Coumans, formerly of Cobalt and well-known and popular in Timmins, is a visitor to Timmins this week, renewing acquaintances here. Rev. Mr. Coumans gave an address in the Baptist church here last evening.

Mr. Ralph Taylor, of Cobalt, and W. A. Taylor, of New Liskeard, are visitors to town this week in connection with the Geo. Taylor Hardware Co., in which they are large shareholders.

The Lancashire Football Club are giving a dance in the Hollinger Recreation hall to-night (Thursday). Tommy Stephens' orchestra will provide the music for the occasion. The event is sure to be a pleasant one, and there should be a large attendance.

Timmins Citizens' Band is giving a farewell social to Mr. F. J. Wolno, leader of the band for the past seven years, who leaves this week for Montreal to take a position with a machinery supply house there. The social evening is to be held to-morrow (Friday) evening in the Hollinger hall, all members of the band and their ladies and a few guests being invited.

MAJOR HARRISON SHOWS EMOTION IN APPEAL CASE

Appeal Dismissed in Second Divisional Court in Connection With Triplex Affairs.

At Toronto last week the appeal of Major D. B. Harrison and his wife to the Second Divisional Court was dismissed without prejudice, however, to Major Harrison going before the Master on the point indicated, on payment of security and within 10 days.

Toronto newspapers found the appeal case sensational, and made much of its emotional side. One Toronto despatch gives the following report of the appeal:

Major Duncan B. Harrison and his wife, Ethel G. Harrison, are appealing to the Second Divisional Court of Osgoode Hall from the judgment of Justice Middleton dismissing their appeal and confirming the report of the Master. By judgment of Justice Smith in the action brought against Mr. and Mrs. Harrison by Triplex Gold Mines, Limited, and Charles B. Post, reference was made to the Master to take an accounting between the parties. The ground on which appeal is taken is that the Master should not have refused to allow Duncan B. Harrison a commission of 25 per cent upon the shares by plaintiff company sold by him and by his brokers or agents.

Major Harrison appeared in person to prosecute the appeal, his former solicitors having withdrawn from the case on Monday. The evidence taken in this litigation, which commenced five years ago, and was printed for appeal to the Supreme Court of Canada, is contained in a bulky volume several inches thick.

Taxed costs of the litigation to date amount to \$7,640.

Mr. Harrison said he was not represented by counsel as they withdrew on a difference of opinion with himself relative to methods to be employed in the appeal.

"The only lawyer I have been able to secure," added Mr. Harrison "is Arthur Berenstein, but he is in Kansas City as a Hoover delegate."

Justice Orde—Who is he?
Mr. Harrison—He is the dean of the bar of the State of Massachusetts. He presided at the meeting in Worcester and knows all about the case.

Chief Justice Latchford reviewed the litigation and pointed out to Mr. Harrison that all he could deal with was the complaints he had made regarding the Master's finding.

Mr. Harrison—The evidence given before the Master was perjury, and

the Master could not have arrived at the deductions and conclusions he did had it not been for the fact that the bulk of the evidence presented was positively a mass of misrepresentations and deliberate perjury, of which fact I have not only my bare word, but it can be supported by documentary evidence."

"Bear with me to this extent, please," said Major Harrison. "I am a pretty old man and my prospect of life is very short."

Proceeding, Mr. Harrison read the contract by which he was to receive 25 per cent on all treasury stock of Triplex Mines sold by him, his brokers or agents.

Chief Justice Latchford—"The Master found that you were entitled to 25 per cent. commission, but you did not prove that you sold such shares either by yourself or servants."

Mr. Harrison—"I have the evidence here."

With tears in his eyes and in an almost inaudible voice, deep in distress Mr. Harrison told the court that he had no counsel, that he was in great distress about his wife. His reputation was ruined, he said, between choking sobs. Everything had been sacrificed. It had cost him \$74,000 to defend the action. He had done everything a man could do. His wife and he made a joint will signed and executed in Toronto. He was understood to say they had bequeathed their fortune to the Hospital for Sick Children and a children's home on Bloor Street. But now their money was all gone.

"Bribery and corruption!" the major shouted. "If you will read these papers you will see it was never equalled in the Christian world."

"I had thirty witnesses, and 27 of them were approached, and 17 of them were bribed and corrupted, and I have seen the cheque paid one man for false testimony. I can prove it. I have set it forth in an affidavit and I stand ready to go to the institution at Kingston if you find me lying."

"There is Post, Smith and Cline, and several others are dead. This woman and Thomas—everyone perjured themselves."

"The priest in Timmins—they tried to bribe and corrupt him and they went to two of my counsel—"

Chief Justice Latchford—"Pardon me. I have not interrupted you as I should have because what you were talking about is not directed to the appeal before us. Please confine yourself to the matter of the appeal. If I may say so you are entirely on a wrong track."

At resumption in the afternoon Major Harrison expressed to the court his appreciation of its consideration, and asked if he had gathered correctly that he could go back to the Master under Justice Middleton's order. Chief Justice—"You can't extend the litigation unduly."

Here Mr. Harrison broke down. Bent over the bar of the court room, he cried and wailed that he had to take a train home to see his wife, and asked that he be given till next Tuesday or Wednesday to go back to the Master to prove sales.

The appeal was dismissed without prejudice to Major Harrison going before the Master as indicated, on payment of security and within 10 days.

DIED FROM INJURIES IN ACCIDENT UNDERGROUND.

Alvar Bark, who came to Canada about a year ago from Sweden, died while being taken from the Ostrom Gold Mines in Catharine township to Boston Creek for special medical help. A Finlander named Holm is in the hospital at Kirkland Lake. Holm is injured about the head and body and it is also feared that his eyesight may be affected. He will, however, recover, and may not suffer serious harm from the accident. The two men were engaged in drilling underground and drilled into a missed hole. Bark, who was only 23 years of age, died about six hours after the accident.

FIRST WOMAN TO CONQUER ATLANTIC OCEAN
While the whole world waited eagerly for news, Miss Amelia Earhart, Boston society girl, Wilmer Stultz, pilot, and Lou Gordon, mechanic, winged their way over the broad Atlantic Ocean from Newfoundland and landed safely near Llanelli, Wales. Flying the tri-motored hydro-monoplane "Friendship," these three intrepid fliers covered the 2,100-mile hop in 20 hours and 49 minutes. This is the first time in history that a woman has been successful in flying across the Atlantic. The above layout shows: top, left to right: Miss Earhart, Wilmer Stultz and Lou Gordon. Bottom left, is a picture of the plane leaving the water at Boston Harbour en route to Newfoundland, while on the right is another photograph of Boston's "Lady Lindy," who according to observers resembles Col. Lindbergh.
